## New Mexico Statutes 1978 Annotated 2022

This volume updates New Mexico Statutes Annotated, 1978 Compilation (NMSA 1978), through the legislation enacted at the Third Special Session of the 55th Legislature (2022 (3rd S.S.)). All permanent, general laws have been compiled. Other laws, such as applicability and severability clauses, have been noted in the annotations in the NMSA 1978 and published in the official Session Laws. Appropriations and bond authorizations, which are not compiled in the NMSA 1978, are also published in the official Session Laws.

The effect of amendments to the NMSA 1978 are given in brief form in a note following the amended section. The effective date of amendments and new laws compiled in the NMSA 1978 appears in a note following each section. For a listing of the placement of each section of the 2022 Session Laws, see the Tables of Disposition of Laws on *NMOneSource.com*.

Laws enacted without a specific effective date, or without an emergency clause, take effect pursuant to N.M. Const., Article IV, § 23 ninety (90) days after adjournment of the legislature. The effective date of the 2022 laws that took effect pursuant to Article IV, § 23 is May 18, 2022.

Legislation that was compiled, but had not taken effect at the time that the 2022 laws were printed, appears in italics to call attention to its postponed effectiveness. The effective date of these sections with postponed effective dates may be found in parentheses in the section headings. Sections that have been repealed by the legislature with an effective date after October, 2022 are published with the repeal dates in the heading at the beginning of the sections.

## 16-2-11. Acquisition of lands for park and recreational purposes; criteria.

A. The state is authorized to acquire lands or interests in lands for state park or state recreational purposes by gift, donation, devise or purchase. Acquired lands or interests in lands shall be held for the use of the state to develop, maintain and operate them as state parks or state recreational areas. In acquiring real property or any interest in real property, the power of eminent domain shall not be used. The criteria for acquisition and development shall be those specified in Subsections B through G of this section.

B. Sites that may be designated as state parks or state recreational areas shall be only those:

- (1) having a diversity of resources, including areas of scientific, aesthetic, geologic, natural or historic value;
- (2) providing recreational opportunities significant enough to assure patronage from a region or preferably from the state as a whole; and
- (3) conforming to the state comprehensive outdoor recreation plan.

C. Lands designated for acquisition or development as state parks or state recreational areas shall be those that:

- (1) are adjacent to existing parks or recreational areas and are necessary for successful park or recreational area protection and development;
- (2) help meet recreation and open space demands of metropolitan area residents by emphasizing park or recreational areas within easy access of population centers;
- (3) preserve the most significant examples of New Mexico natural scenic landscape; or
- (4) meet the pressure on primary vacation regions not adequately supplied with public recreation opportunities.

D. Lands that are acquired or developed as state parks or state recreational areas shall be managed and developed according to the following objectives:

- (1) outdoor recreation shall be recognized as the dominant or primary resources management objective;
- (2) physical development shall promote the outdoor recreation objective through the use of proper design, materials and construction to enhance and promote the use and enjoyment of the recreational resources in the area;
- (3) within economical limits, state parks or state recreational facilities shall be landscaped and developed to achieve an environment that is aesthetically pleasing, ecologically functional and complementary to the native environment;
- (4) use periods for parks or recreational facilities shall be extended by providing a variety of facilities that will attract visitors during all seasons of the year; and
- (5) all significant historic structures contained in state parks or state recreational areas shall be, within economical limits, reconstructed, restored or stabilized to provide for continued user benefit.

E. Factors to be taken into consideration when lands are considered for acquisition or development as state parks or state recreational areas are:

- (1) the character of the land resources, such as soil, vegetation, topography and water, that affects the suitability of the lands for development as parks or recreational areas;
- (2) facilities development to meet the average and slightly higher than average demands rather than the peak demands of summer and the holiday weekends;
- (3) development priority based upon demonstrated use and demand, balance and distribution of existing facilities and the availability of lands suitable for development; and
- (4) resources protection shall also be considered a priority if the resources need urgent attention, but the priority shall be determined by the relative value of the resources involved.

F. The cost of lands to be proposed for acquisition or development as state parks or state recreational areas should be reasonable, with consideration given to the recreational value of the land on which the state park or state recreational area is to be located. No property shall be purchased that involves commitments, privileges or conditions to any private interest, except that property may be purchased that has restrictions limiting its use to that of a state park or state recreational area.

G. All lands considered for acquisition or development as new state parks or state recreational areas shall undergo a feasibility study prior to acquisition or development. Feasibility studies shall include:

- (1) a determination that the proposed area meets the criteria set forth in this section;
- (2) an estimate of the total development cost, including land acquisition, planning and construction and recommendations for methods of financing the development costs;
- (3) an estimate of the annual costs for operation and maintenance;
- (4) an estimate of demand and a projection of visitor use for the proposed area; and
- (5) an analysis of the proposed area as it relates to plans or development by other governmental agencies or the private sector in adjacent areas.

H. The state is authorized, upon the execution of a written agreement between the director of the state parks division of the energy, minerals and natural resources department and the department, service or agency of the United States having jurisdiction of lands of the United States, to develop, protect, maintain and operate in accordance with the agreement federally owned lands as state parks or state recreational areas, but the state may not acquire the fee title to or a permanent right in the lands pursuant to such an agreement.

I. The designation of sites as suitable for state parks or recreational areas, the designation of certain lands for acquisition or development, the consideration of lands for acquisition or studying the feasibility of acquisition or development of lands shall not create a right of action on the part of any person to force action by the state parks division of the energy, minerals and natural resources department or the state.

J. Any acquisition of land or any interest in land for a new state park or recreational area shall be approved by the legislature prior to the execution of a written agreement binding the state to expenditure of funds for acquisition or development of state parks or recreational areas. Lands that are adjacent or contiguous to existing state parks or recreational areas or are necessary for successful park or recreational area protection and development and will become part of the park or recreational area may be acquired without legislative approval if the state parks division consults with local government entities on the acquisition and if the state board of finance approves the acquisition and funds for the acquisition are available to the state parks division of the energy, minerals and natural resources department or the land is donated to the division.

K. Only lands or interests in lands acquired or retained in accordance with the provisions of this section and operated pursuant to the authority of the state parks division of the energy, minerals and natural resources department may use the designation of "state park" or "state recreational area".

**Compiler's notes.** — Laws 2009, ch. 168, § 1 provided that the proceeds from the disposal of the surplus property in McKinley county owned by the state parks division of the energy, minerals and natural resources department are appropriated to the state parks division of the energy, minerals and natural resources department for expenditure in fiscal years 2009 through 2019 for the purpose of matching federal funds or making improvements or purchasing adjacent lands at state parks or at other parks authorized or to be authorized for acquisition by the legislature. Any unexpended or unencumbered balance remaining at the end of fiscal year 2019 shall revert to the general fund.

Laws 2009, ch. 168, § 1 provided that the appropriation in Laws 2009, ch. 168, § 1 is contingent upon legislative ratification and approval, during the first session of the forty-ninth legislature, of the disposal of the surplus McKinley county property. House Joint Resolution 7 (Laws 2009), which was approved during the first session of the forty-ninth legislature and signed on March 20, 2009, authorized the state parks division of the energy, minerals and natural resources department's disposal of the surplus McKinley county property.

Laws 1999, ch. 59, § 1, effective June 18, 1999, provided that the commissioner of public lands may negotiate, on behalf of the state trust beneficiaries, for the acquisition of the Eagle Nest lake, dam and the surrounding land;

and upon completion of successful negotiations, certify to the secretary of finance and administration that the negotiations have been successful, that the trade is in the best interests of the state trust beneficiaries, and that the appraised value of the land is equal to or lower than the appraised value of the acquired property; further provides that in negotiating the acquisition, the commissioner may agree to trade state land in the same area or vicinity for the lake, dam, and surrounding area; and further provides that if the negotiations and acquisitions pursuant to this section are successful, the commissioner of public lands shall lease the Eagle Nest lake, dam and surrounding area to the state parks division of the energy, minerals and natural resources department, on terms that are in the best interests of the state trust beneficiaries, for use as a state park and fishing area.

Laws 1999, ch. 191, §§ 1 to 3 authorized the negotiation by the state game commission for the acquisition of Eagle Nest dam and reservoir and provide for the repeal of the act on February 1, 2000.

**The 2005 amendment**, effective June 17, 2005, deleted the provision in Subsection G which provided that ongoing projects that have received an appropriation as of the effective date of this section are exempted from the requirements of this section and provided in Subsection J that lands that are adjacent to or contiguous to an existing state park or recreational area or that are necessary to protect or develop the park or recreational area may be acquired without legislative approval if the state board of finance approves the acquisition and funds for the acquisition are available.

**The 1997 amendment**, effective July 1, 1999, made minor stylistic changes throughout the section; rewrote Subsection A; rewrote Paragraph E(4); deleted the second sentence in the introductory paragraph of Subsection G relating to a specific appropriation to fund the feasibility study; substituted "land" for "real property" in Subsection J; and added Subsection K.

A. As used in Chapter 16, Article 2 NMSA 1978, "penalty assessment misdemeanor" means a violation of any rule of the state parks division of the energy, minerals and natural resources department promulgated pursuant to Chapter 16, Article 2 NMSA 1978.

B. The term "penalty assessment misdemeanor" does not include a violation that has caused or contributed to the cause of an accident resulting in injury or death to a person or disappearance of a person, nor does it include a violation of Section 16-2-32 NMSA 1978.

C. Whenever a person is arrested for violation of a penalty assessment misdemeanor, the arresting officer shall advise the person of the option either to accept the penalty assessment and pay it to the court or to appear in court. The arresting officer, using a uniform non-traffic citation, shall complete the information section, prepare the penalty assessment and prepare a notice to appear in court specifying the time and place to appear. The arresting officer shall have the person sign the citation as a promise either to pay the penalty assessment as prescribed or to appear in court as specified, give a copy of the citation to the person and release the person from custody. An officer shall not accept custody of payment of any penalty assessment.

D. The arresting officer may issue a warning notice, but shall fill in the information section of the citation and give a copy to the arrested person after requiring a signature on the warning notice as an acknowledgment of receipt. No warning notice issued under this section shall be used as evidence of conviction for purposes of Subsection L of this section.

E. In order to secure release, the arrested person must give a written promise to appear in court or to pay the penalty assessment prescribed or to acknowledge receipt of a warning notice.

F. The magistrate court or metropolitan court in the county where the alleged violation occurred has jurisdiction for any case arising from a penalty assessment misdemeanor issued for violation of a rule of the state parks division promulgated pursuant to Chapter 16, Article 2 NMSA 1978.

G. A penalty assessment citation issued by a law enforcement officer shall be submitted to the appropriate magistrate or metropolitan court within three business days of issuance. If the citation is not submitted within three business days, it may be dismissed with prejudice.

H. It is a misdemeanor for any person to violate a written promise to pay the penalty assessment or to appear in court given to an officer upon issuance of a citation regardless of the disposition of the charge for which the citation was issued.

I. A citation with a written promise to appear in court or to pay the penalty assessment is a summons. If a person fails to appear or to pay the penalty assessment by the appearance date, a warrant for failure to appear may be issued.

J. A written promise to appear in court may be complied with by appearance of counsel.

K. When an alleged violator of a penalty assessment misdemeanor elects to appear in court rather than to pay the penalty assessment to the court, no fine imposed upon later conviction shall exceed the penalty assessment established for the particular penalty assessment misdemeanor.

L. The penalty assessment for a first violation of any rule of the state parks division promulgated to Chapter 16, Article 2 NMSA 1978 is thirty dollars (\$30.00). This penalty assessment is in addition to any magistrate or metropolitan court costs as provided in Subsection B of Section 35-6-4 NMSA 1978. As used in the State Trails System Act:

A. "local government" means any county, municipality or other political subdivision of the state and includes rural communities and unincorporated towns or villages in the state; and

B. "secretary" means the secretary of energy, minerals and natural resources.

**History:** 1953 Comp., § 4-9A-2, enacted by Laws 1973, ch. 372, § 2; 1977, ch. 254, § 32; 1987, ch. 234, § 27.

The 1987 amendment, effective July 1, 1987, deleted former Subsections A and B, which defined "division" and "director," respectively; redesignated former Subsection C as present Subsection A; and added Subsection B.

### 16-3-3. Purpose.

The purpose of the State Trails System Act is to provide public access to, and the enjoyment and appreciation of, the New Mexico outdoors in order to conserve, develop and use the natural resources of the state for purposes of health and recreation. It is the intent and purpose of the State Trails System Act to encourage horseback riding, hiking, bicycling and other recreational activities.

**History:** 1953 Comp., § 4-9A-3, enacted by Laws 1973, ch. 372, § 3.

### 16-3-4. State trails system created; types of trails; planning.

A. There is created a "state trails system" composed of:

(1) "state scenic trails" which are extended trails so located as to provide maximum potential for the appreciation of natural areas and for the conservation and enjoyment of the significant scenic, historic, natural, ecological, geological or cultural qualities of the areas through which such trails pass;

(2) "state recreation trails" which are trails designed to provide a variety of outdoor recreational uses in or reasonably accessible to urban areas and, where appropriate, shall connect parks, scenic areas, historical points and neighboring communities;

(3) "state historical trails" which are trails designed to identify and interpret routes which were significant in the prehistoric settlement or historical development of the state; and

(4) "special use trails" which are trails that may provide uses also provided by scenic, recreation and historical trails but which shall not be limited to such uses. The secretary may designate special use trails in such locations as he deems appropriate and may limit the use of such trails to such special users as he determines. In designating special use trails, the secretary shall give due regard to the interests of users who have needs of a special nature which are not fulfilled by other trail types comprising the state trails system.

B. State trails shall be supplemented by support facilities deemed necessary and feasible by the secretary. These facilities shall comply with health and environment department [department of environment] standards and regulations.

C. In the planning and designation of trails, the secretary shall give due regard to the interests of federal or state agencies, counties, municipalities, private landowners and interested individuals and recreational and conservation organizations. The secretary shall give full consideration to the inclusion of trails from all categories within the system.

D. The secretary shall prescribe the uses and limits of each type of trail.

E. Separate trails may be established for motorized vehicles but shall not be trails designated for horseback riding, hiking or bicycling.

F. Before making a final designation of any trail, the secretary shall:

(1) hold a public hearing after proper notice within the affected county and area; and

(2) as a result of the hearing, adopt a finding approving or disapproving the trail based upon evidence as to the adverse effects that the trail has on the holders of any interest in the lands in the proximity of the trail.

**History:** 1953 Comp., § 4-9A-4, enacted by Laws 1973, ch. 372, § 4; 1977, ch. 254, § 33; 1987, ch. 234, § 28.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law. Laws 1991, ch. 25, § 16 repealed former 9-7-4 NMSA 1978, relating to the health and environment department and enacted a new 9-7-4 NMSA 1978, which created the

department of health. Laws 1991, ch. 25, § 4 created the department of environment.

The 1987 amendment, effective July 1, 1987, substituted "secretary" for "division" in Subsections A(4), B, C, D, and F; in Subsection B, in the second sentence substituted "health and environment department" for "environmental improvement agency"; and made minor changes in language throughout the section.

### **16-3-5. Secretary to supervise planning, construction, operation and maintenance of trails system; powers and duties.**

**A. The secretary shall:**

(2) plan, establish, acquire, purchase, develop, construct, enlarge, improve, maintain, equip, operate, protect and police the state trails system;

(3) acquire by lease, deed or contract rights-of-way or easements for trails across private, municipal, county, state or federal lands. In selecting the rights-of-way, every consideration shall be given to minimizing the adverse effects upon the adjacent landowner or user. Acquisition shall be, wherever possible, in the form of an easement obtained by gift, exchange or purchase with donated funds. When such devices fail, the secretary may authorize the expenditure of state appropriations for acquisition in fee. Any agreement for acquisition of rights in land shall be for terms of not less than twenty-five years whenever possible; and

(4) coordinate trail development by assisting counties, municipalities and other political subdivisions in the formation of their trail plans. In carrying out this responsibility, the secretary shall review records of easements and other interests in lands which are available for use as trails, including public lands, utility easements, flood plains, railroad rights-of-way, arroyos, other rights-of-way and surplus public proprietary lands as may be adaptable for such use, and shall ensure that uniform construction standards, compatible with allowed usage, are made available to local governments.

B. The secretary may abandon any portion or all of a trail or easement acquired for trail purposes which is no longer needed for such purposes, or he may transfer any trail or easement to a local government having jurisdiction over the area in which the trail or easement is located for so long as the local government agrees to maintain and operate the trail.

C. The secretary shall notify the owner of the land through which any trail or easement passes prior to entering into any agreement with a local government for the operation of a trail and shall secure the consent of the landowner prior to the transfer of any trail or easement to a local government.

D. The secretary shall review all formal declarations of railroad right-of-way abandonments by the interstate commerce commission for possible inclusion into the state trails system.

E. Within the boundaries of a right-of-way, the secretary may acquire on behalf of the state lands in fee title, any interest in lands in the form of scenic or other easements or any interest in lands under cooperative or other agreement. Acquisition of land or of any interest in land may be by gift, purchase, exchange or by the assumption of obligations. Acquisition may be through the use of funds obtained by donation, federal grants, proceeds of the sale of bonds, legislative appropriation or otherwise. In acquiring real property or any interest therein, the power of eminent domain shall not be used.

F. The secretary shall prepare and publish trail plans and standards and make them available to participating local governments and interested members of the public upon request. The secretary shall also prepare a state trails map and shall make copies available to members of the public upon request.

G. The secretary shall prepare and publish a comprehensive intermediate and long-range state trails plan on a continuing basis in accordance with the state comprehensive outdoor recreation plan. Included in these plans shall be an inventory of existing trails and potential trail routes on all lands within the state. Such plans may include general routes or corridors within which specific trails or segments of trails may be considered for inclusion in the state trails system.

H. The secretary shall annually submit a written report on recreational, scenic, historical and special use trails to the governor by December 31. Copies of the annual reports shall be furnished to participating local governments and shall be made available to interested members of the public upon request.

**History:** 1953 Comp., § 4-9A-6, enacted by Laws 1973, ch. 372, § 6; 1977, ch. 254, § 35; 1987, ch. 234, § 29.

**The 1987 amendment**, effective July 1, 1987, substituted "secretary" for "division" throughout the section;

in Subsection A(3), deleted from the end of the second sentence "and his operations"; and made minor language changes throughout the section.

### 16-3-6. Trails on federal lands; coordination with national trails system.

A. The secretary may establish and designate state recreational, scenic, historical and special use trails on lands under the jurisdiction of a federal agency when, in the opinion of the federal agency and the secretary, such lands may be so developed under the provisions of federal law and the provisions of Section 16-3-4 NMSA 1978.

B. Nothing in the State Trails System Act shall preclude a component of the state trails system from being a part of the national trails system. The secretary shall coordinate the state trails system with the national trails system and is directed to encourage and assist any federal studies for inclusion of New Mexico trails in the national trails system. The secretary may enter into written cooperative agreements for joint federal-state administration of any New Mexico component of the national trails system, provided such agreements for administration of land uses are not less restrictive than those set forth in the State Trails System Act.

**History:** 1953 Comp., § 4-9A-7, enacted by Laws 1973, ch. 372, § 7; 1977, ch. 254, § 36; 1987, ch. 234, § 30.

**The 1987 amendment,** effective July 1, 1987, substituted "secretary" for "division" throughout the section, "16-3-4 NMSA 1978" for "4-9A-4 NMSA 1953" at the end of Subsection A and "the State Trails System Act" for "this article" at the beginning of the first sentence in Subsection B.

#### ANNOTATIONS

**Instruction but not classroom school is required.**

— The statute does not require the "school" to be of the classroom type; the "school" of experience can ensure qualified reserve conservation officers as well as a classroom. If the persons in question have actual instruction

as employees of the department in the subject areas of procedures and techniques of wildlife management, law enforcement, public relations and other subjects deemed desirable by the department, those persons have attended "school" in those subjects, an on-the-job training school conducted by the department. Mere employment by the department without instruction in each of those areas will not satisfy the statutory requirements. 1959-60 Op. Att'y Gen. No. 60-214.

### 17-1-9. Powers and duties of reserve conservation officers.

A. Under the supervision of the department of game and fish and subject to such restrictions as may be provided by the state game commission, reserve conservation officers shall have authority to enforce laws and valid regulations of the state game commission relating to game and fish and perform such duties with respect to wildlife management and conservation education as may be assigned to them from time to time by the department of game and fish. When on duty, reserve conservation officers shall be covered by the Workmen's [Workers'] Compensation Act [52-1-1 NMSA 1978]. Reserve conservation officers shall have only the rights of private citizens in the enforcement of laws other than those relating to game and fish.

B. For the purpose of calculating the amount of reserve conservation officer's disability or death benefits pursuant to the Workmen's [Workers'] Compensation Act, the officer's average weekly wages shall be deemed to be the base wage of a wildlife management officer II as classified by the personnel board.

### 17-1-10. [Issuance of reserve conservation officer commissions; revocation.]

Reserve conservation officer commissions shall be issued annually to such persons meeting the qualifications prescribed in Section 2 [17-1-8 NMSA 1978], as may be deemed necessary or desirable by the director of the department of game and fish. Such commissions may be revoked at any time by said director at his discretion [discretion].

### 17-1-11. Conservation officers; official duties; insurance.

Conservation officers shall, in emergency situations, be considered on duty and within the scope of their employment for purposes of employee benefits, when they follow specific instructions from a duly qualified full-time peace officer and in aid of such peace officer in the carrying out of his duties. The state game commission shall expand current insurance coverage to provide protection in such situations.

**History:** 1953 Comp., § 53-1-5.6, enacted by Laws 1977, ch. 280, § 5.

## 17-1-12. Repealed.

**Repeals.** — Laws 1978, ch. 132, § 6, repealed 53-1-6 1953 Comp. (17-1-12 NMSA 1978), relating to bond of game and fish director, effective March 6, 1978.

## 17-1-13. [Seal of director.]

**History:** Laws 1912, ch. 85, § 46; Code 1915, § 2469; C.S. 1929, § 57-254; 1941 Comp., § 43-107; 1953 Comp., § 53-1-7.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law. Laws 1955, ch. 59, § 2 transferred the duties of the state game warden. See 17-1-6 NMSA 1978.

## 17-1-14. General powers and duties of state game commission; game protection fund; liability suspense account.

A. The state game commission shall have general control over the collection and disbursement of all money collected or received under the state laws for the protection and propagation of game and fish, which money shall be paid over to the state treasurer to the credit of the game protection fund, unless otherwise provided by law, and the fund, including all earned income, shall not be transferred to another fund. Prior to depositing money into the game protection fund, the department of game and fish shall ensure that an amount adequate to cover the cost of refunds allowed by the provisions of Chapter 17 NMSA 1978 is held in a liability suspense account. All refunds shall be made from the liability suspense account. Money not needed to cover the cost of refunds shall be deposited in the game protection fund at the end of each month. Chapter 17 NMSA 1978 shall be guaranty to the person who pays for hunting and fishing licenses and permits that the money in that fund shall not be used for any purpose other than as provided in Chapter 17 NMSA 1978.

B. The state game commission shall have authority to:

(1) establish and, through the director of the department of game and fish, to operate fish hatcheries for the purpose of stocking public waters of the state and to furnish fish fry and fingerlings to stock private waters, receipts from such sources to go into the game protection fund;

(2) declare closed seasons in any specified locality and on any species of game or fish threatened with undue depletion from any cause;

(3) establish game refuges for the purpose of providing safe sanctuaries in which game may breed and replenish adjacent hunting ranges, it being the purpose of this provision to establish small refuges rather than large preserves or to close large areas to hunting;

(4) purchase lands for game refuges where suitable public lands do not exist, to purchase lands for fish hatcheries and to purchase lands to be maintained perpetually as public hunting grounds, particularly lands suitable for waterfowl hunting, all such lands to be paid for from the game protection fund;

(5) receive by gift or bequest, in the name and on behalf of the state, lands suitable for game refuges, hunting grounds, fish hatcheries or for any other purpose necessary to carry out the provisions of Chapter 17 NMSA 1978;

(6) apply for and accept any state, federal or private funds, grants or donations from any source for game and fish programs and projects;

(7) designate certain areas as rest grounds for migratory birds, in which hunting shall be forbidden at all times or at such times as the state game commission shall provide, it being the purpose of this provision not to interfere unduly with the hunting of waterfowl but to provide havens in which they can rest and feed without molestation;

(8) close any public stream or lake or portion thereof to fishing when such action is necessary to protect a recently stocked water, to protect spawning waters or to prevent undue depletion of the fish;

(9) propagate, capture, purchase, transport or sell any species of game or fish needed for restocking any lands or streams of the state;

(10) after reasonable notice and hearing, suspend or revoke any license or permit issued pursuant to the provisions of Chapter 17 NMSA 1978 and withhold license privileges from any person procuring a license through misrepresentation, violating any provisions of Chapter 17 NMSA 1978 or hunting without a proper license;

(11) adopt rules establishing procedures that provide reasonable notice and a hearing before the state game commission for the suspension, revocation or withholding of license privileges for a definite period of time for a person charged with violating the provisions of Chapter 17 NMSA 1978, subject to such judicial review as may be provided by law;

(12) conduct studies of programs for the management of endangered and nongame species of wildlife;

(13) establish licenses, permits and certificates not otherwise provided for in Section 17-3-13 NMSA 1978 and charge and collect just and reasonable fees for them; provided the fees shall not exceed the costs of administration associated with the licenses, permits or certificates;

(14) permit, regulate or prohibit the commercial taking or capturing of native, free-ranging amphibians or reptiles not specifically protected by law, except for rattlesnake roundups, collection of fish bait and lizard races;

(15) adopt rules to control, eradicate or prevent the spread of a contagious disease, pest or parasite, including chronic wasting disease, to or among game animals. The rules shall include provisions for:

(a) notification to the department of game and fish of the diagnosis or suspected presence of a contagious disease;

(b) examination by the state veterinarian or the state veterinarian's designee of suspected infected game animals;

(c) quarantine, treatment or destruction of an infected game animal;

(d) disinfection and isolation of a licensed private park where an infected game animal has been; and

(e) indemnification and destruction of a protected game animal;

(16) as necessary, designate areas of the state in which bear-proof garbage containers are required on public and private lands to reduce potential human-bear interactions;

(17) pursuant to appropriation by the legislature, expend money from the game protection fund and the habitat management fund for the improvement, maintenance, development and operation of property for fish and wildlife habitat management; and

(18) adopt rules to recruit, train and accept the services of volunteers for education and outreach activities, hunter and angler services and wildlife conservation activities administered by the department of game and fish; provided that a volunteer:

(a) shall comply with all policies and procedures of the director of the department of game and fish; and

(b) shall not be deemed to be a state employee and shall not be subject to the provisions of law relating to state employment, including those relating to hours of work, rates of compensation, leave, unemployment compensation and state employee benefits.

C. The director of the department of game and fish shall exercise all the powers and duties conferred upon the state game and fish warden by all previous statutes now in force not in conflict with Chapter 17 NMSA 1978.

D. The state game commission shall have authority to prohibit all hunting in periods of extreme forest fire danger, at such times and places as may be necessary to reduce the danger of destructive forest fires.

E. The hunting, pursuing, capturing, killing or wounding of any game animals, birds or fish in or upon any game refuge, rest ground or closed water or closed area or during any closed season established or proclaimed by the state game commission in accordance with the authority conferred in Chapter 17 NMSA 1978 constitutes a misdemeanor and shall be punishable as prescribed in Chapter 17 NMSA 1978.

## ANNOTATIONS

**Allocation of licenses based on residency, impermissible discrimination.** — The allocation of licenses for bighorn, oryx and ibex by the state game commission on the basis of residency discriminates impermissibly

against nonresidents under the federal constitution. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

**Fee structure, although discriminatory, is not offensive.** — The present fee structure in 17-3-13 NMSA 1978, which discriminates against nonresidents, is not offensive to either the privileges and immunities clause, U.S. Const., art. IV, § 2, or the U.S. Const., amend. XIV. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

**Money in the game protection fund may be used only for the purposes provided in the game and fish laws.** 1975 Op. Att'y Gen. No. 75-38.

**Game and fish department funds may not be legally spent for out-of-state travel** by state game and fish department personnel for purposes of advertising New Mexico's game and fish resources. 1957-58 Op. Att'y Gen. No. 58-216.

**There are no provisions for reimbursement of license fees in any circumstances;** therefore, persons who have purchased a second license illegally are not entitled to reimbursement for the second license. 1975 Op. Att'y Gen. No. 75-38.

**Interest credited to game protection fund, not general fund.** — Any interest earned on the investment of money in the game protection fund must be credited to that fund, not the state general fund. 1982 Op. Att'y Gen. No. 82-01.

**Use of fire suppression fund appropriated to game and fish department.** — A fire suppression fund appropriated to the department of game and fish was not to actually be transferred to the forest conservation commission (now abolished). The department of game and fish was simply authorized to contract with the forest conservation commission to perform fire suppression activities reasonably necessary for the protection of game and fish. The formula to be utilized in providing and paying for such services was a contractual matter between these two agencies. 1961-62 Op. Att'y Gen. No. 61-54.

**"Public waters" are all unappropriated waters from natural streams.** — The term "public waters" as used in this section is synonymous with the definition of public waters given by the New Mexico supreme court in the case of *State ex rel. State Game Comm'n v. Red River Valley Co.*, 1945-NMSC-034, 51 N.M. 207, 182 P.2d 421 where the court stated: "All of our unappropriated waters from every natural stream, perennial or torrential, within the state of New Mexico, Article 16, Section 2, New Mexico Constitution, are public waters. These waters belong to the public until beneficially appropriated. And since the right to fish in public waters, by the test of any rule, is universally recognized, it cannot be said that the right to fish and to use the unappropriated public waters in question is less secure in the public because we determine their character as public by immemorial custom, and Spanish or Mexican law which we have adopted and follow in this respect." 1959-60 Op. Att'y Gen. No. 59-57.

**Public waters may be stocked.** — The waters of our streams, whether perennial or torrential in nature, are public waters such as may be stocked by the fish and game commission. 1961-62 Op. Att'y Gen. No. 61-38.

**Municipal reservoirs and waters on Indian and military reservations where fishing fee is charged may not be stocked.** — It is not legally proper for the department of game and fish to consider as public waters within the meaning of this section municipal reservoirs and waters on Indian and military reservations where public fishing is permitted, but only on condition of payment of a fee(s) in addition to possession of a valid fishing license. 1957-58 Op. Att'y Gen. No. 57-319.

Indian and military reservations are not instrumentalities of the state of New Mexico, and the lands adjacent

thereto are not subject to state control as are the lands of the municipalities. This is true even though the waters running through such property are "public waters" as declared in *State ex rel. State Game Comm'n v. Red River Valley Co.*, 1945-NMSC-034, 51 N.M. 207, 182 P.2d 421. In such instance, the general public would be trespassing upon land not open to the free access of the public. 1959-60 Op. Att'y Gen. No. 59-57.

**Small municipal charge for use of lake does not prevent stocking.** — A small charge by a municipality sufficient to cover sanitation and maintenance expense for recreational purposes does not change the character of a lake from that of "public waters," and it may be stocked by the state game commission at state expense. 1959-60 Op. Att'y Gen. No. 59-57.

**Private waters may be stocked.** — If stocking in private, lawfully posted water would not be to such an extent as to deprive the citizenry of a source of public recreation, it may be done. 1957-58 Op. Att'y Gen. No. 57-246.

**Private waters may be stocked only with fry and fingerlings and for consideration.** — By use of the terms "fry" and "fingerlings," the legislature thereby excluded the stocking of any fish larger than fry or fingerlings in private waters. Hence, the authorization to stock fish in private waters is limited to fry or fingerlings, and then for a consideration. 1957-58 Op. Att'y Gen. No. 57-246.

**Section lists purposes for which waters may be closed to fishing.** — The three purposes for which a public stream or lake or portion thereof may be closed to fishing are set forth in Subsection G (now Subsection B(8)) of this section. These purposes are when it is necessary to protect recently stocked water, to protect spawning waters

or to prevent undue depletion of fish. 1957-58 Op. Att'y Gen. No. 58-119.

**Purpose for which waters may be closed are exclusive.** — The state game commission is not authorized under this section to close any public stream or lake or portion thereof to fishing, when such action is not for the purpose of protecting a recently stocked water or to protect spawning waters, or to prevent undue depletion of the fish in such waters. 1957-58 Op. Att'y Gen. No. 58-119.

**Fishing in Elephant Butte Lake.** — The commission is authorized to issue permits to fish in Elephant Butte Lake. 1921-22 Op. Att'y Gen. No. 60.

**Disposition of land for federal fish hatchery.** — The state game commission has no authority to dispose of land owned by it to United States for a fish hatchery. 1931-32 Op. Att'y Gen. No. 59 (issued prior to enactment of 17-4-3 NMSA 1978).

**Dictates of experience and local regulations govern handling of explosives.** — The department of game and fish in transporting and storing explosives about the state and through cities and towns must adopt precautionary measures following the dictates of good judgment, based on experience in handling explosives, and local regulations. 1957-58 Op. Att'y Gen. No. 57-42.

The cost of preparing, advertising and selling the bonds, including any necessary expense for financial and legal services, shall be paid out of the proceeds. Purchasers of the bonds are not responsible in any way for the application of the proceeds.

Such payments to the game and fish bond retirement fund shall be effective for all bonds issued under the Game and Fish Bond Act up to the maximum limitation on the amount of bonds provided in that act.

B. Money in the game and fish bond retirement fund is first pledged for the payment of principal and interest on all state game commission bonds which have been issued and are outstanding prior to June 17, 1983. Money in the game and fish bond retirement fund is further pledged for the payment of principal and interest on all state game commission bonds issued as of June 17, 1983. The issuance and sale of bonds under the Game and Fish Bond Act constitutes an irrevocable contract between the state game commission and the owner of any bond, and so long as any bond remains outstanding the fees pledged for payment shall not be reduced.

C. Bonds issued under the Game and Fish Bond Act are payable solely from the game and fish bond retirement fund, and they are not general obligations of the state.

D. The state game commission shall continue to place in the game and fish bond retirement fund the sum of one dollar (\$1.00) from each of the licenses enumerated in Subsection A of this section, even after the fund is sufficient to pay the principal and interest of the outstanding bonds and after all bonds issued have been retired.

C. Money in the game and fish capital outlay fund may be expended by the department of game and fish to provide for fish hatcheries and rearing facilities, game and fish habitat acquisition, development and improvements and other similar capital projects.

D. Projects to be funded pursuant to Subsection C of this section shall be approved by the state game commission and the state board of finance prior to any money being encumbered for the project.

E. At any time that the game and fish bond retirement fund is insufficient to pay the principal and interest on all bonds which have been issued and are outstanding, the unencumbered balance in the game and fish capital outlay fund shall be transferred to the game and fish bond retirement fund.

The proceeds of refunding bonds shall be applied to retirement of the bonds to be retired or refunded, or placed in escrow to be applied to payment of the bonds upon presentation for payment by the holders. Refunding bonds shall be issued under all applicable conditions prescribed in the Game and Fish Bond Act for issuance of the original bonds.

#### ANNOTATIONS

**Constitutionality.** — Laws 1931, ch. 117, is a proper exercise of police power of state and is not an unconstitutional delegation of legislative power, except as to § 3(a), compiled as 17-2-1A NMSA 1978, authorizing the commission to define game birds, animals and fish. *State ex rel. Sofeco v. Heffernan*, 1936-NMSC-069, 41 N.M. 219, 67 P.2d 240.

**Commission may make it unlawful to apply for elk licenses in succeeding years.** — A state game commission regulation providing in part that it shall be unlawful for anyone to apply for a public elk license for a "P" area, or a general bull elk license, if he held a similar elk license the previous year, is within the commission's broad power to "... make such rules and regulations ... as it may deem necessary to carry out all the provisions and purposes of this act," and there is no constitutional objection to the imposition of the burden of ascertaining whether an application had been made the previous year on the public. 1975 Op. ## PART 1

## GENERAL PROVISIONS

### 17-2-1. Commission powers.

The state game commission, in addition to the powers now vested in it and not as a limitation of those powers, is expressly authorized and empowered by regulation adopted and promulgated in the manner provided in Chapter 17 NMSA 1978 to:

- A. define game birds, game animals and game fish;
- B. establish open and closed seasons for the killing or taking of all kinds of game animals, game birds and game fish and to change such open seasons from year to year and to fix different seasons for different parts of the state;
- C. establish bag limits covering all kinds of game animals, game birds and game fish and the numbers thereof which may be killed or taken by any one person during any one day or during any one open season;
- D. authorize or prohibit the killing or taking of any game animals, game birds or game fish of any kind or sex;
- E. prescribe the manner, methods and devices that may be used in hunting, taking or killing game animals, game birds and game fish;
- F. prescribe rules to prohibit any vehicle or vehicles used in transporting persons engaged in hunting, taking or killing game animals, game birds and game fish from leaving established roadways;
- G. prescribe rules that embody the principles of fair chase, which rules may include prohibitions on the use of certain technologies for hunting or fishing and specific wildlife location data that is collected by the department of game and fish or its contractors; and
- H. appoint one or more advisory committees to furnish advice, evaluations and recommendations for wildlife management projects utilizing revenue derived from the sale of public land management stamps. The advisory committees shall be created pursuant to the procedures of Section 9-1-9 NMSA 1978, provided that the restrictions on the life of advisory committees contained in Subsection F of that section shall not apply.

**History:** Laws 1931, ch. 117, § 3; 1941 Comp., § 43-201; 1953 Comp., § 53-2-1; Laws 1983, ch. 224, § 1; 2005, ch. 332, § 1; 2019, ch. 99, § 1.

**The 2019 amendment,** effective June 14, 2019, authorized the state game commission to prescribe rules that embody the principles of fair chase; and added a new Subsection G and redesignated former Subsection G as Subsection H.

**The 2005 amendment,** effective June 17, 2005, adds Subsection G to provide that the commission is authorized

to appoint advisory committees for wildlife management projects using revenue derived from the sale of public land management stamps, that the advisory committees shall be created pursuant to Section 9-1-9 NMSA 1978, and that the restrictions on the life of committees in Section 9-1-9F NMSA 1978 shall not be applicable.

### ANNOTATIONS

**Indian reservations.** — Where an Indian tribe working with the federal government exercises its authority to develop and manage the reservation's resources for the benefit of its members and the exercise of concurrent

jurisdiction by the state would nullify the tribe's authority to regulate the use of its resources by tribal members and non-members, and would interfere with the comprehensive tribal regulatory scheme and threaten congress' commitment to tribal self-sufficiency and economic development, and in the absence of state interests which would justify assertion of concurrent authority, the application of the state's hunting and fishing laws to the reservation are preempted. *Mescalero Apache Tribe v. State of New Mexico*, 677 Fed.2d 55 (10th Cir. 1982), *aff'd*, 462 U.S. 324, 103 S.Ct. 2378, 76 L. Ed. 2d 611 (1983).

**Return of game or proceeds after wrongful confiscation.** — Where the department of game and fish confiscated an elk from a person charged with a hunting misdemeanor, and the magistrate court dismissed the case because the game officer failed to identify the defendant at the hearing as the person charged, the department was not required to return the elk, or the proceeds from the sale of the elk, to that person. 1988 Op. Att'y Gen. No. 88-43.

**Commission's authority to fix open season on game animals is constitutional.** — Authority given to the state game commission to promulgate rules and regulations is not an unconstitutional delegation of legislative power; the rule fixing an open season on hunting bear is validated by the statute defining bears as game animals. *State ex rel. Sofeico v. Heffernan*, 1936-NMSC-069, 41 N.M. 219, 67 P.2d 240.

**Power to define game animals is unconstitutional.** — Laws 1931, ch. 117, is a proper exercise of the police

power of the state. It is not an unconstitutional delegation of legislative power, except as to Subdivision A of this section. *State ex rel. Sofeico v. Heffernan*, 1936-NMSC-069, 41 N.M. 219, 67 P.2d 240.

**Authority over wild horses.** — Although the Wildlife Conservation Act defines the term "wildlife" as any nondomestic animal, wild horses on the White Sands Missile Range do not fall within the classification. Because the authority of the State Game Commission is limited by statute, the Game Commission lacks jurisdiction over these wild horses. 1994 Op. Att'y Gen. No. 94-06.

**Commission cannot exempt landowners and lessees from hunting license requirement.** — State game commission cannot exempt owners and lessees of nonurban lands residing thereon and members of their families from buying a license to hunt rabbits. 1935-36 Op. Att'y Gen. No. 120.

## 17-2-2. Game to be protected.

The game animals and quadrupeds, game birds and fowl, and game fish as herein defined shall be protected and hunting, taking, capturing, killing or possession, or attempt to hunt, take, capture or kill of any or all species named herein shall be regulated by the state game commission under the authority of Chapter 117 of the 1931 Session Laws of the state of New Mexico.

#### ANNOTATIONS

**Wild elk.** — Defendant could be convicted only under the game and fish laws, and not under Section 30-18-6

NMSA 1978, for transporting heads of free-roaming, wild elk, since wild elk were among protected species of family Cervidae. *State v Parson*, 2005-NMCA-083, 137 N.M. 773, 115 P.3d 236.

**Authority over wild horses.** — Although the Wildlife Conservation Act defines the term "wildlife" as any nondomestic animal, wild horses on the White Sands Missile Range do not fall within the classification. Because the authority of the State Game Commission is limited by statute, the Game Commission lacks jurisdiction over these wild horses. 1994 Op. Att'y Gen. No. 94-06.

## 17-2-4. Repealed.

**Repeals.** — Laws 2001, ch. 66, § 3 repealed 17-2-4 NMSA 1978, as enacted by Laws 1937, ch. 217, § 1, regarding the classification of bullfrogs as a protected species, effective June 15, 2001. For provisions of former section, see the 2000 NMSA 1978 on *NMOneSource.com*. For present comparable provisions, see 17-2-4.2 NMSA 1978.

### 17-2-4.1. Jaguar to be protected.

In the event the jaguar is de-listed as a federal endangered species, the department of game and fish shall prohibit the taking, possession and sale of jaguars or parts thereof.

**History:** 1978 Comp., § 17-2-4.1, enacted by Laws 1999, ch. 31, § 1.

### 17-2-4.2. Amphibians and reptiles; protected; permits; unlawful taking; misdemeanor; penalties.

A. All species, except for those collected in rattlesnake roundups, for fish bait or for lizard races, of native, free-ranging amphibians and reptiles are hereby classified as protected nongame animals for commercial taking purposes. The commercial taking or capturing of native, free-ranging amphibians and reptiles is prohibited except by a permit issued by the state game commission.

B. The state game commission shall adopt rules necessary to administer Paragraph (14) of Subsection A of Section 17-1-14 NMSA 1978 and this section to assure that viable populations of native, free-ranging amphibians and reptiles are maintained in the state.

C. If the state game commission determines that it will offer permits to take or capture native, free-ranging amphibians or reptiles, the commission shall adopt a rule listing protected native, free-ranging amphibians and reptiles that may be taken or captured after taking into consideration any criteria that can be shown to have an effect from commercial takings on the viability of the species population in the state.

D. Unlawful taking of a native, free-ranging amphibian or reptile consists of intentionally taking or capturing, for commercial purposes, a regulated native, free-ranging amphibian or reptile without a valid permit from the state game commission.

E. Amphibians and reptiles may be removed, captured or destroyed without a permit, by any person, in emergency situations involving an immediate threat to human life or private property.

F. Whoever commits unlawful taking of a native, free-ranging amphibian or reptile is guilty of a misdemeanor and shall be fined not less than fifty dollars (\$50.00) per occurrence and not more than one thousand dollars (\$1,000) per occurrence or be imprisoned for not more than one year or both.

G. As referred to in this section, "taking" means the act of seizing amphibians or reptiles for a commercial purpose.

**History:** 1978 Comp., § 17-2-4.1, enacted by Laws 2001, ch. 66, § 2.

**Compiler's notes.** — This section was originally enacted as 17-2-4.1 NMSA 1978, but was redesignated as

17-2-4.2 because Laws 1999, ch. 31, § 1, previously enacted a 17-2-4.1.

### 17-2-5. Adoption of regulations; effective date.

Any written regulation of the state game commission adopted by an affirmative vote of a majority of the members of the state game commission, signed by the chairman and attested by the secretary of the commission, filed in the office of the director of the department of game and fish, and filed in accordance with Section 4-10-13 New Mexico Statutes Annotated, 1953 Compilation, is duly adopted and promulgated and effective immediately. A copy of any regulation certified by the director of the department of game and fish to be a true copy of an adopted regulation is prima facie evidence in any court in this state of the adoption and promulgation of the regulation.

**History:** Laws 1931, ch. 117, § 4; 1941 Comp., § 43-205; 1953 Comp., § 53-2-5; Laws 1961, ch. 106, § 1.

**Cross references.** — For hearings on objections to rules and regulations, see 17-1-27 NMSA 1978.

**Compiler's notes.** — Section 4-10-13, 1953 Comp., cited in this section was repealed by Laws 1967, ch. 275, § 13. See Chapter 14, Article 4 NMSA 1978.

#### ANNOTATIONS

**Authority to promulgate orders is constitutional.**

— Authority given to the game commission to promulgate

orders is not an unconstitutional delegation of legislative power. *State ex rel. Sofeico v. Heffernan*, 1936-NMSC-069, 41 N.M. 219, 67 P.2d 240.

**Proper promulgation of rules presumed.** — In habeas corpus proceeding to discharge one convicted of violating regulations of state game commission, the court assumes that the regulations have been properly promulgated. *State ex rel. Sofeico v. Heffernan*, 1936-NMSC-069, 41 N.M. 219, 67 P.2d 240.

### 17-2-6. Game and fish management areas; closed lakes or streams; notice.

All game and fish management areas, rest grounds and closed lakes or streams or closed portions of lakes or streams shall be conspicuously posted with posters setting forth their purpose and the penalties for violating the rules and regulations applicable to them. This posting is legal notice against the violation of applicable laws, rules or regulations.

**History:** Laws 1921, ch. 35, § 8; C.S. 1929, § 57-108; 1941 Comp., § 43-206; 1953 Comp., § 53-2-6; Laws 1961, ch. 106, § 2.

- (1) hunt, take, capture, kill or attempt to take, capture or kill, at any time or in any manner, any game animal, game bird or game fish in the state; or
- (2) possess, offer for sale, sell, offer to purchase or purchase in the state all or any part of any game animal, game bird or game fish.

B. Notwithstanding any other law, the owner of domestic livestock in this state or his regular employee may hunt, take, capture or kill any cougar or bear which has killed domestic livestock. The owner of livestock or his regular employee who takes action under this provision will report this action to the department of game and fish, who will verify the necessity of the action taken.

C. Violation of this section is a misdemeanor and shall be punished as provided in Section 17-2-10 NMSA 1978.

D. The provisions of this section shall not be deemed to prohibit the possession of game animals, birds or fish taken legally in any other jurisdiction.

**History:** Laws 1931, ch. 117, § 8; 1941 Comp., § 43-207; 1953 Comp., § 53-2-7; Laws 1971, ch. 75, § 2; 1979, ch. 340, § 1.

#### ANNOTATIONS

**Plain view exception to search warrant requirement.** — Plain view exception did not apply to warrantless search of defendant's home for violation of game and fish laws under Section 17-2-7 NMSA 1978, because incriminating nature of hunting trophies would not have been immediately apparent to any lawfully positioned officer. *State v. Moran*, 2008-NMCA-160, 145 N.M. 297, 197 P.3d 1079.

**Indian reservations.** — Where an Indian tribe working with the federal government exercises its authority to develop and manage the reservation's resources for the benefit of its members and the exercise of concurrent jurisdiction by the state would nullify the tribe's authority to regulate the use of its resources by tribal members and

non-members, and would interfere with the comprehensive tribal regulatory scheme and threaten congress' commitment to tribal self-sufficiency and economic development, and in the absence of state interests which would justify assertion of concurrent authority, the application of the state's hunting and fishing laws to the reservation are preempted. *Mescalero Apache Tribe v. State of New Mexico*, 677 Fed. 55 (10th Cir. 1982), *aff'd*, 462 U.S. 324, 103 S.Ct. 2378, 76 L. Ed. 2d 611 (1983).

**Evidence of unlawful possession held sufficient.** — Where evidence showed defendant had no permit to possess elk meat, refrigerator in the home of defendant contained three packages of elk meat and defendants had discussed the tracking and killing of the elk before witnesses, evidence supported conviction for unlawful possession of elk meat. *State v. Booher*, 1967-NMCA-004, 78 N.M. 76, 428 P.2d 478.

**Cruelty to animals provisions inapplicable to wild animals.** — Section 30-18-1 NMSA 1978 applies only to cruelty to domesticated animals and wild animals previously reduced to captivity, and under the "general-specific"

rule of statutory construction, treatment of wild animals is presumed to be governed by the comprehensive hunting and fishing laws contained in this chapter. *State v. Cleve*, 1999-NMSC-017, 127 N.M. 240, 980 P.2d 23.

**Possession of game obtained with tribal license on Indian reservation.** — Absent justification, the state may not discriminatorily prohibit possession of game lawfully obtained from an Indian reservation while permitting possession of game elsewhere and the state may not prohibit the possession of game legally obtained from an Indian reservation with a proper tribal license. *Mescalero Apache Tribe v. State of N.M.*, 630 F.2d 724 (1980).

**Return of game or proceeds after wrongful confiscation.** — Where the department of game and fish confiscated an elk from a person charged with a hunting misdemeanor, and the magistrate court dismissed the case

because the game officer failed to identify the defendant at the hearing as the person charged, the department was not required to return the elk, or the proceeds from the sale of the elk, to that person. 1988 Op. Att'y Gen. No. 88-43.

### 17-2-7.1. Interference prohibited; criminal penalties; civil penalties; revocation of license, certificate or permit.

A. It is unlawful for a person to commit interference with another person who is lawfully hunting, trapping or fishing in an area where hunting, trapping or fishing is permitted by a custodian of public property or an owner or lessee of private property.

B. A person who commits a:

(1) first offense of interference is guilty of a petty misdemeanor and shall be sentenced pursuant to the provisions of Section 31-19-1 NMSA 1978; and

(2) second or subsequent offense of interference is guilty of a misdemeanor and shall be sentenced pursuant to the provisions of Section 31-19-1 NMSA 1978.

C. When a person who commits interference possesses a license, certificate or permit issued to him by the state game commission, the license, certificate or permit shall be subject to revocation by the commission pursuant to the provisions of Sections 17-1-14 and 17-3-34 NMSA 1978.

D. As used in this section, "interference" means:

(1) intentionally placing oneself in a location where a human presence may affect the behavior of a game animal, bird or fish or the feasibility of killing or taking a game animal, bird or fish with the intent of interfering with or harassing another person who is lawfully hunting, trapping or fishing;

(2) intentionally creating a visual, aural, olfactory or physical stimulus for the purpose of affecting the behavior of a game animal, bird or fish with the intent of interfering with or harassing another person who is lawfully hunting, trapping or fishing; or

(3) intentionally affecting the condition or altering the placement of personal property used for the purpose of killing or taking a game animal, bird or fish.

E. Nothing in this section shall be construed to include a farmer or rancher in pursuit of his normal farm or ranch operation or law enforcement officer in pursuit of his official duties.

### 17-2-7.2. Landowner taking; conditions; department responsibilities.

A. A landowner or lessee, or employee of either, may take or kill an animal on private land, in which they have an ownership or leasehold interest, including game animals and other quadrupeds, game birds and fowl, that presents an immediate threat to human life or an immediate threat of damage to property, including crops; provided, however, that the taking or killing is reported to the department of game and fish within twenty-four hours and before the removal of the carcass of the animal killed, in accordance with regulations adopted by the commission.

B. A landowner or lessee, or employee of either, may take or kill animals on private land, in which they have an ownership or leasehold interest, including game animals and other quadrupeds, game birds and fowl, that present a threat to human life or damage to property, including crops, according to regulations adopted by the commission. The regulations shall:

(1) provide a method for filing a complaint to the department by the landowner or lessee, or employee of either of them, of the existence of a depredation problem;

(2) provide for various departmental interventions, depending upon the type of animal and depredation;

(3) require the department to offer at least three different interventions, if practical;

(4) require the department to respond to the initial and any subsequent complaints within ten days with an intervention response to the complaint, and to carry out the intervention, if agreed upon between the department and the landowner, within five days of that agreement;

(5) permit the landowner or lessee to reject for good cause the interventions offered by the department;

(6) require a landowner or lessee to demonstrate that the property depredation is greater in value than the value of any wildlife-related income or fee collected by the landowner or lessee for permission to take or kill an animal of the same species, on the private property or portion of the private property identified in the complaint as the location where the depredation occurred; and

(7) permit the landowner, lessee or employee, when interventions by the department have not been successful and after one year from the date of the filing of the initial complaint, to kill or take an animal believed responsible for property depredation.

C. For purposes of this section:

(1) "commission" means the state game commission;

(2) "department" means the department of game and fish; and

(3) "intervention" means a solution proposed by the department to eliminate the depredation.

**History:** Laws 1997, ch. 224, § 3.

#### ANNOTATIONS

##### **Relation to cruelty to animal prohibitions.**

— Even if the legislature had intended to protect wild animals in Section 30-18-1 NMSA 1978, the legislature,

having dealt with the subject of the hunting of game animals more particularly in the game and fish laws, intended to create an exception from the cruelty-to-animals statute for hunting and fishing activity contemplated by game and fish laws. *State v. Cleve*, 1999-NMSC-017, 127 N.M. 240, 980 P.2d 23.

## **17-2-8. Unlawful taking of big game and waste of game.**

(1) who hunts or fishes and takes any game mammal designated in Paragraphs (2), (3) or (4) of Subsection A of Section 17-2-3 NMSA 1978, any game bird or any game fish to fail to transport the edible portions of the meat obtained to the person's home for human consumption or to provide for the human consumption thereof under any commission regulations pertaining to exportation, transportation and donation of game;

(2) who wounds or may have wounded any game mammal designated in Paragraphs (2), (3) or (4) of Subsection A of Section 17-2-3 NMSA 1978 to fail to go to the place where the mammal sustained or may have sustained the wound and make a reasonable attempt to track the mammal and reduce it to possession; or

(3) to take or kill a bighorn sheep, ibex, oryx, Barbary sheep, elk, deer or pronghorn antelope outside of the legal season or without a valid license, which taking or killing results in waste of the animal. Waste of the animal consists of removing from the animal only the head, antlers or horns or abandoning any of the four quarters, backstraps or tenderloins of the carcass. A violation of the provisions of this paragraph is intended to be separate from and cumulative to any other violation of Chapter 17 NMSA 1978.

B. Violation of Paragraph (3) of Subsection A of this section is a fourth degree felony pursuant to Section 31-18-15 NMSA 1978, and violation of Paragraph (1) or (2) of Subsection A of this section is a misdemeanor pursuant to Section 17-2-10 NMSA 1978.

**History:** 1953 Comp., § 53-2-7.1, enacted by Laws 1977, ch. 70, § 1; 2017, ch. 38, § 1.

The 2017 amendment, effective June 16, 2017, made it a fourth degree felony to wastefully take or kill certain big game, defined "waste of the animal", and made it a misdemeanor to hunt or fish certain game animals and fail to provide for its consumption or to wound a game

mammal and fail to make a reasonable attempt to track the mammal; in the catchline, added "Unlawful taking of big game"; designated the previously undesignated introductory clause as Subsection A and redesignated former Subsections A and B as Paragraphs A(1) and A(2), respectively; and added a new Subsection B.

## 17-2-9. Jurisdiction of magistrate court.

The magistrate court has jurisdiction in all cases arising under Chapter 17 NMSA 1978 and regulations promulgated by the state game commission. **History:** Laws 1931, ch. 117, § 9; 1941 Comp., § 43-208; 1953 Comp., § 53-2-8; Laws 1963, ch. 213, § 1; 1971, ch. 184, § 1.

**Jurisdiction does not extend to revocation of licenses.** — The revocation of a hunting or fishing license is not within the jurisdiction of a justice of the peace (now magistrate) but such power rests exclusively with the director of the department of game and fish of this state, as an administrative matter. 1965 Op. Att'y Gen. No. 65-79.

All game and fish seized under the game laws shall without unnecessary delay be sold by the officer making such seizure, or by the state warden [director of the department of game and fish], except when such sale is impracticable or likely to incur expenses exceeding the proceeds, in which case the same shall be donated to some charitable institution or needy person not concerned in the unlawful killing, or possession thereof. Att'y Gen. No. 88-43.

## 17-2-22. Sale of evidence in cases of appeal.

A. For the purpose of avoiding waste, game or fish confiscated and held as evidence in any prosecution for violation of the game laws, if fit for human consumption, shall be sold by the

conservation officer or other officer having jurisdiction in the prosecution as soon as possible after the filing of any appeal from the decision of the court to any higher court.

B. The evidence shall be sold for the highest cash price offered and the proceeds of the sale forwarded to the main office of the department of game and fish at Santa Fe to be deposited in the game protection fund. A copy of the receipt of sale shall be delivered to the court and shall be attached to the papers forwarded to the higher court on appeal.

C. If the higher court finds the defendant to be not guilty of the charge he shall be reimbursed within ten days after such decision by the department of game and fish for the full amount of the proceeds from the sale of evidence.

**History:** 1953 Comp., § 53-2-24.1, enacted by Laws 1963, ch. 216, § 1.

### **17-2-24. [Officer's right to use animal or vehicle transporting seized game or fish; public conveyances excepted.]**

Where game or fish while being transported is seized under this chapter, the officer making such seizure shall have authority upon payment of reasonable compensation therefor, to also take possession of and use any animals and vehicles used in such transportation for the purpose of conveying the game or fish seized to a convenient railroad station or place of safekeeping or sale, and also for conveying any person arrested for the unlawful possession of such game or fish to a place of hearing or trial, and no liability shall attach to such officer by reason thereof, but this section shall not apply to any animal or vehicle while being used as a public conveyance for passengers or mails, or any railroad car.

Nothing in this chapter shall make a common carrier liable for transportation of game and fish when same is in the possession of a passenger, but such fact shall not exempt the same from seizure if unlawfully taken, killed, held in possession or transported.

**History:** Laws 1912, ch. 85, § 37; Code 1915, § 2460; C.S. 1929, § 57-245; 1941 Comp., § 43-229; 1953 Comp., § 53-2-27.

## 17-2-26. Civil liability.

A. The director of the department of game and fish, or any other officer charged with enforcement of the laws relating to game and fish if so directed by the director, may bring a civil action in the name of the state against any person unlawfully wounding or killing, or unlawfully in possession of, any game quadruped, bird or fish, or part thereof and recover judgment for the following minimum sums as damages for the taking, killing or injuring:

for each elk	\$ 500.00
for each deer	250.00
for each antelope	250.00
for each mountain sheep	1,000.00
for each Barbary sheep	250.00
for each black bear	500.00
for each cougar	500.00
for each bison	600.00
for each ibex	1,000.00
for each oryx	1,000.00
for each javelina	100.00
for each beaver	65.00
for each bird	20.00
for each fish	5.00
for each endangered species	500.00
for each raptor	200.00
for each turkey	150.00
for each jaguar	2,000.00.

B. Notwithstanding the provisions of Subsection A of this section, the state game commission shall establish damages recoverable by civil judgment on a game animal, bird or fish designated to be a trophy animal by commission rule.

C. Damages recovered pursuant to this section are intended to compensate the state for the loss of unique public resources and shall not be limited or reduced by the extent of fines assessed pursuant to any criminal statute. The department of game and fish shall not award or issue a license, permit or certificate to a debtor owing damages pursuant to this section until the judgment has been paid in full to the department.

D. No verdict or judgment recovered by the state in an action shall be for less than the sum fixed in this section. The action for damages may be joined with an action for possession, and recovery may be had for the possession as well as the damages.

E. The pendency or determination of an action for damages or payment of a judgment, or the pendency or determination of a criminal prosecution for the same taking, wounding, killing or possession, is not a bar to the other, nor does either affect the right of seizure under any other provision of the laws relating to game and fish.

F. The provisions of this section shall not be interpreted to prevent, constrain or penalize a Native American for engaging in activities for religious purposes, as provided in Section 17-2-14 or 17-2-41 NMSA 1978.

G. The provisions of this section shall not apply to a landowner or lessee, or employee of either, who kills an animal, on private land in which the person has an ownership or leasehold interest, that is threatening human life or damaging or destroying property, including crops; provided, however, that the killing is reported to the department of game and fish within twenty-four hours and before the removal of the carcass of the animal killed; and provided further that all actions authorized in this subsection are carried out according to rules of the department.

#### ANNOTATIONS

**Civil and criminal prosecution.** — A district attorney has the authority and duty to prosecute civil as well as criminal cases in which the state is a party and which arise in his or her district under the game and fish laws. Double jeopardy prohibitions do not inhibit the district

attorney from bringing a civil action for damages pursuant to Section 17-2-26 NMSA 1978 against a person previously convicted and sentenced for a criminal offense arising out of the same conduct in violation of the game and fish laws, because the damages authorized by Section 17-2-26 NMSA 1978 are remedial rather than punitive and serve to compensate the state for the loss of unique public resources. 2008 Op. Att'y Gen. No. 08-04.

**Sums of money listed constitute minimum amount of money in a civil liability suit.** 1968 Op. Att'y Gen. No. 68-07.

**Officer bringing action may ask for sum within jurisdiction of magistrate.** — If, in the exercise of his discretion, the officer bringing the suit on behalf of the state should determine that the suit should ask for no more than the statutory jurisdictional maximum amount, then the suit may be heard by a justice of the peace (now magistrate). 1968 Op. ### 17-2-27. [District attorneys to prosecute and defend actions under fish and game laws.]

It shall be the duty of each of the district attorneys in this state to prosecute and defend for the state in all courts of the county or counties in their respective districts, all causes, criminal and civil, arising under the provisions of this chapter, in which the state may be a party or interested or concerned.

### 17-2-28. [Indians hunting off reservations; hunting on reservations; application of laws.]

The provisions of this chapter shall apply to all Indians off the reservation within this state, or coming into this state from adjoining states, and to all persons hunting on any Indian reservation within this state; provided, however, that no Indian shall be required to have a license to hunt or fish within the limits of the reservation where said Indian resides.

**In absence of treaty Indian outside Indian country is subject to state laws.** — As a general rule, if there is no treaty or agreement between the United States and the Indian tribe recognizing or granting rights to Indians to hunt

occurs on an Indian reservation. 1973 Op. Att'y Gen. No. 73-18; 1953-54 Op. Att'y Gen. No. 6041.

**Jurisdiction in Indian country.** — Section 2 of N.M. Const., art. XXI, provides that until the title of Indians shall have been extinguished, the lands shall be under the absolute jurisdiction and control of the congress of the United States, but this clearly does not deprive the state of jurisdiction over offenses committed by a non-Indian against a non-Indian in Indian country, nor does it prevent the enforcement of the game laws against non-Indians in the Indian country. 1953-54 Op. Att'y Gen. No. 6041.

**State has jurisdiction of hides, etc., taken on Indian reservation only if taken by non-Indian.** — So far as possession of hides, skins, pelts, heads and game animals, birds or fish, or parts thereof, taken by a non-Indian on an Indian reservation, the state would have jurisdiction the same as though taken anywhere else in the state;

but in the case of such items taken by an Indian on an Indian reservation and transported elsewhere, the state would have absolutely no jurisdiction whatsoever. 1953-54 Op. Att'y Gen. No. 6041.

**Absence of criminal intent element does not violate due process.** — Given the public interest concerned and the difficulties involved in the protection of big game animals and livestock, together with the apparent general public attitude, it appears that the legislature intended to eliminate the element of criminal intent in hunting by means of artificial light so that it is the doing on the act alone which is prohibited, and this does not violate due process. *State v. Barber*, 1978-NMCA-059, 91 N.M. 764, 581 P.2d 27.

### 17-2-32. Diseased rabbits; hunting and trapping.

The department of game and fish may restrict hunting and trapping of rabbits in any area when notified by the department of public health [department of health] that rabbits in the area are infected with bubonic plague. Any restriction under this section shall be terminated when the department of public health [department of health] notifies the department of game and fish that danger, of public health significance, no longer exists in the area with respect to these diseased rabbits.

## 17-2-38. Definitions.

As used in the Wildlife Conservation Act [17-2-37 NMSA 1978]:

- A. "commission" means the state game commission;
- B. "director" means the director of the department of game and fish;
- C. "ecosystem" means a system of living organisms and their environment;
- D. "endangered species" means any species of fish or wildlife whose prospects of survival or recruitment within the state are in jeopardy due to any of the following factors:
  - (1) the present or threatened destruction, modification or curtailment of its habitat;
  - (2) overutilization for scientific, commercial or sporting purposes;
  - (3) the effect of disease or predation;
  - (4) other natural or man-made factors affecting its prospects of survival or recruitment within the state; or
  - (5) any combination of the foregoing factors.

The term may also include any species of fish or wildlife appearing on the United States list of endangered native and foreign fish and wildlife as set forth in Section 4 of the Endangered Species Act of 1973 as endangered species, provided that the commission adopts those lists in whole or in part. The term shall not include any species covered by the provisions of 16 U.S.C. 1331 through 1340 (1971) and shall not include any species of the class insecta determined by the director to constitute a pest whose protection under the Wildlife Conservation Act would present an overwhelming and overriding risk to man;

E. "investigation" means a process pursuant to Subsections B through L of Section 17-2-40 NMSA 1978 undertaken whenever the director suspects that a species may be threatened or endangered and which consists of a formal review of existing data and studies and may include additional field research to determine whether a species is threatened or endangered;

F. "land or aquatic habitat interests" means interests in real property or water rights consisting of fee simple title, easements in perpetuity, time certain easements, long-term leases and short-term leases;

G. "management" means the collection and application of biological information for the purposes of establishing and maintaining a congruous relationship between individuals within species and populations of wildlife and the carrying capacity of their habitat. The term includes the entire range of activities that constitutes a full scientific resource program of, including but not limited to, research, census, law enforcement, propagation, acquisition or maintenance of land or aquatic habitat interests appropriate for recovery of the species, improvement and maintenance, education and related activities or protection and regulated taking;

H. "recovery plan" means a designated program or methodology reasonably expected to lead to restoration and maintenance of a species and its habitat;

I. "peer review panel" means an advisory panel of scientists, each of whom possesses expertise relevant to the proposed investigation and at least one of whom is a wildlife biologist, convened to

review the scientific methodology for collection and analysis of data by a researcher based on commonly accepted scientific peer review;

J. "species" means any species or subspecies;

K. "substantial public interest" means a nonfrivolous claim indicated by a broad-based expression of public concern;

L. "take" or "taking" means to harass, hunt, capture or kill any wildlife or attempt to do so;

M. "threatened species" means any species that is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range in New Mexico; the term may also include any species of fish or wildlife appearing on the United States list of endangered native and foreign fish and wildlife as set forth in Section 4 of the Endangered Species Act of 1973 as threatened species, provided that the commission adopts the list in whole or in part; and

N. "wildlife" means any nondomestic mammal, bird, reptile, amphibian, fish, mollusk or crustacean or any part, egg or offspring, or the dead body or parts thereof.

**History:** 1953 Comp., § 53-2-51, enacted by Laws 1974, ch. 83, § 2; 1995, ch. 145, § 2.

The 1995 amendment, in Subsection D, deleted "or are likely within the foreseeable future to become so" following "jeopardy" in the introductory language, deleted "or subspecies" following "species" and "or threatened" following "endangered" in the next to last sentence and added the language beginning "and shall not include" at the end of the last sentence; added Subsections E and F; redesignated former Subsection E as Subsection G and substituted "acquisition or maintenance of land or aquatic habitat interests appropriate for recovery of the species" for "acquisition" therein; added Subsections H through K and M; redesignated former Subsections F and G as

Subsections L and N; inserted "or 'taking'" in Subsection L; and made minor stylistic changes.

**Compiler's notes.** — Section 4 of the federal Endangered Species Act of 1973 is compiled as 16 U.S.C. § 1533.

#### ANNOTATIONS

**Authority over wild horses.** — The definition of wildlife in this section does not encompass the wild horses on the White Sands Missile Range. Therefore, because the authority of the State Game Commission is limited by statute, and a state agency has no powers not delegated to it by statute, the Game Commission lacks jurisdiction over these wild horses. 1994 Op. Att'y Gen. No. 94-06.

## 17-2-39. Findings and declarations.

The legislature finds and declares that:

A. species of wildlife indigenous to the state that may be found to be threatened or endangered should be managed to maintain and, to the extent possible, enhance their numbers within the carrying capacity of the habitat;

B. the state should assist in the management of species of wildlife that are deemed to be endangered elsewhere by prohibiting the taking, possession, transportation, exportation, processing, sale or offering for sale or shipment within this state of species of wildlife listed on the United States lists of endangered fish and wildlife, unless such actions will assist in preserving or propagating the species;

C. adequate funding should be made available to the department of game and fish by annual appropriations from the general fund or from other sources separate and apart from the game protection fund for management of threatened or endangered species; and

D. because the management and recovery of threatened or endangered species are the responsibility of and a benefit to all of society, the costs of management and recovery should be the responsibility of all sectors of society, and those costs should be minimized and should be borne by federal, state and local governments with contributions from the private sector.

**History:** 1953 Comp., § 53-2-52, enacted by Laws 1974, ch. 83, § 3; 1995, ch. 145, § 3.

**Cross references.** — For the game protection fund, see 17-1-14 NMSA 1978.

The 1995 amendment, in Subsection A, deleted "and subspecies" following "species" and inserted "threatened or" preceding "endangered"; deleted "or subspecies" following "species" in three places in Subsection B; in Subsection C, inserted "should" following "funding", deleted "and

fish" preceding "protection fund" and inserted "threatened or"; and added Subsection D.

## **17-2-40. Biennial review; investigations; recommendations of the director; procedures.**

A. The director shall conduct a biennial review of all species of wildlife named on the list required by Section 17-2-41 NMSA 1978. The director may conduct investigations at any time of those other species of wildlife indigenous to the state that are suspected of being threatened or endangered in order to develop information relating to population, distribution, habitat needs, limiting factors and other biological and ecological data to determine his recommendations for listing or not listing a species and management measures and requirements necessary for their survival. The director shall also conduct, within a reasonable time, an investigation to support listing or delisting of a species based upon new evidence or, with the advice and consent of the commission, based upon substantial public interest. Upon completion of an investigation or investigations, he shall make written recommendations to the commission to list or not list any unlisted species or to delist any listed species investigated. In conducting any investigation for new listing or delisting required or undertaken pursuant to this subsection, the director shall comply with the procedures established in Subsections B through L of this section. Species listed as threatened or endangered on the state list through adoption of the United States list pursuant to Subsections D and M of Section 17-2-38 NMSA 1978 shall not be subject at the time of adoption to the listing procedures established in Subsections B through K of this section.

B. The director shall select a researcher to conduct an investigation pursuant to Subsection A of this section and request the appointment of a peer review panel composed of one qualified individual from each of the four-year state universities to be appointed by the presidents of the respective universities. The peer review panel shall be requested to submit comments according to a schedule determined by the director. The researcher shall submit his research design to the peer review panel.

C. When additional field research is undertaken as part of an investigation, the peer review panel shall examine the proposed research design for methodology for collection and analysis of data. Upon receipt of the peer review panel's submitted comments, the researcher shall initiate the field research regarding the designated species.

D. To the extent practicable, as part of his investigation the researcher shall meet and consult with private landowners, lessees and land and resource managers who are or may be affected by or have information pertinent to the investigation.

E. When the researcher initiates his investigation, the director shall:

(1) create a public repository file in which copies of all documents filed with the director pertaining to the investigation or a potential recovery plan, to be developed pursuant to Section 17-2-40.1 NMSA 1978, including all peer review comments, shall be maintained;

(2) mail a notice of the initiation of the investigation to federal and state agencies, local and tribal governments that are or may be affected by the results of the investigation and individuals and organizations that have requested notification of department actions regarding threatened or endangered species;

(3) notify the general public of the initiation of the investigation by information releases to the media in the area of the state affected;

(4) indicate, in all notices and information releases, where and until what date information may be submitted for inclusion in the public repository file;

(5) accept data, views or information about the biological or ecological status of the species for use in both the investigation and the development of the potential recovery plan; and

(6) accept data, views and information on the potential economic or social impacts or opportunities of a change in the legal status of the species for inclusion in the recovery plan.

F. The director shall file all written comments, data, views and information furnished pursuant to Subsection D of this section in the public repository file and shall preserve that file for use in connection with the listing process and development of any recovery plan developed pursuant to the provisions of Section 17-2-40.1 NMSA 1978. The director shall file in the public repository file all records indicating contact by the director, the researcher, employees or contractors with land owners or public or private resource managers affected by the potential action.

G. Information from the public repository file relating to social and economic impacts shall not be considered by the director in making his recommendation or the commission in making its decision to list, delist, not list, continue to list, upgrade or downgrade a species, but shall be considered only in the development of any recovery plan for the species.

H. The commission shall adopt, notwithstanding the provisions of Section 14-2-1 NMSA 1978, regulations by January 1, 1996 governing the confidentiality of data from an investigation.

I. The researcher shall prepare and submit draft reports to the peer review panel and to the public repository file. The peer review panel will be requested to examine and comment on the draft report in a timely manner.

J. After consideration of the peer review panel's submitted comments on the draft reports, the researcher shall prepare final reports and file them and all peer review panel comments with the director and in the public repository file. The peer review panel shall not be compelled to attend any hearing before the commission.

K. Upon receipt of the researcher's final reports, the director shall make recommendations to the commission to list, not list or delist the species based upon criteria listed in Subsection L of this section. The commission shall establish dates and locations for public hearings on the recommended actions and give notice of the public hearings in the same manner and to the same persons as notice was given of the initiation of the investigation and, in addition, publish legal notice in a newspaper of general circulation in the area affected at least ninety days before the date set for the hearing. Public hearings shall be held at a place within any quadrant of the state affected by the recommended actions when the director determines that there is substantial public interest indicated in holding a hearing in that quadrant. All hearings on the recommended actions shall be held within six months of the date the director makes his recommendations. The notice shall:

- (1) include the date, time and location of all hearings on the matter;
- (2) include a statement of the recommended action;
- (3) include an indication of the location and availability of the public repository file;
- (4) indicate where and by what date written comments and testimony to be included in the hearing record may be filed;
- (5) indicate that views, data and comments pertaining to the final report may be presented orally at or in writing to the hearing;
- (6) specify that notice of intent to present technical and scientific testimony and a written copy of the testimony to be presented shall be submitted to the commission not less than thirty days prior to the initial hearing; and
- (7) specify that the public record shall remain open for comments for thirty days after the date of the final hearing.

L. The commission shall make its decisions and take action based upon relevant and reliable evidence to list, not list or delist a species at its next regularly scheduled meeting within no more than thirty days after the close of the hearing record. The commission shall:

- (1) list or maintain a species as endangered and shall not delist a species if it finds that the species' prospects for survival or recruitment within the state are in jeopardy based upon the biological and ecological evidence in the public repository file and based upon biological and ecological evidence received in the public hearings; and
- (2) list or maintain a species as threatened and shall not delist a species if it finds that the species' prospects for survival or recruitment within the state are likely within the foreseeable future to be in jeopardy based upon the biological and ecological evidence in the public repository file and biological and ecological evidence received in public hearings.

M. Whenever the director finds that there is an emergency posing a significant risk to the well-being of any species and that risk is likely to jeopardize the continued survival or recruitment of the species within the state, the director shall recommend to the commission that the species should be listed as endangered. The commission shall act upon the director's recommendation immediately and shall either list or not list the species by regulation based upon the evidence supporting the recommendation if it finds that the continued survival of the species is in jeopardy. If the commission lists the species as endangered, it shall waive the requirements of Subsections A through L of this section. Whenever the commission adopts a regulation listing a species as endangered pursuant to this subsection, it shall give notice of the listing in the same manner and to

the same persons as notice is given in the initiation of investigations and in addition shall publish legal notice in a newspaper of general circulation in the area affected. The emergency listing shall cease to have force and effect at the close of a three-year period following the date of the finding unless, during the three year period, the procedures for listing pursuant to Subsections B through L of this section or continuing to list pursuant to commission regulations for the biennial review are completed.

**History:** 1953 Comp., § 53-2-53, enacted by Laws 1974, ch. 83, § 4; 1995, ch. 145, § 4.

The 1995 amendment rewrote the section heading which read "Investigation"; designated the existing

provisions as Subsection A and rewrote the subsection and added Subsections B through M.

### 17-2-40.1. Recovery plans; procedures.

A. To the extent practicable, a recovery plan shall be developed pursuant to Subsections B through G of this section for any species listed as threatened or endangered. If indicated, the director shall conduct a social and economic analysis and, if adverse impacts are found, develop a social or economic mitigation plan.

B. To the extent practicable, the director shall develop recovery plans that include several threatened or endangered species that utilize similar habitats or share a common threat or both. A multiple-species recovery plan shall be designed to accomplish recovery of the shared habitat or reduce a common threat or both.

C. As the initial action in the development of a recovery plan, the director shall, within one year of listing, schedule a public information meeting in each of the quadrants of the state determined by the director to be affected by the development of a recovery plan. These meetings shall be held in a manner calculated to provide a reasonable opportunity for individuals and private and public entities to participate and express their views about the development of a recovery plan for one or more species and the attendant adverse social or economic impacts, if any, that may result from implementation of a recovery plan. At these meetings the director shall present background information about the basis of the listing, an explanation of the process to develop a recovery plan and the probable content in general terms, if known, of the recovery plan and if needed, the process to develop a social and economic mitigation plan.

D. Upon completion of the public information meeting or meetings on a recovery plan, the director shall consult and cooperate with other states or countries when appropriate and shall solicit interest from representatives of affected local governments, tribal governments, landowners, state and federal agencies and other interested individuals and organizations to serve on an advisory committee. He shall appoint to the advisory committee all of those who are willing to participate in the development of the recovery plan. When necessary, he may appoint from the membership of the advisory committee a working group reflecting the diversity of the advisory committee.

E. With the assistance of the advisory committee, the director shall develop a draft recovery plan to achieve the following objectives:

- (1) restoration and maintenance of a viable population of the threatened or endangered species and its habitat reasonably expected to lead to the delisting of the species;
- (2) avoidance or mitigation of adverse social or economic impacts;
- (3) identification of social or economic benefits and opportunities; and
- (4) use of volunteer resources and existing economic recovery and assistance programs and funding available from public and private sources to implement the plan.

F. The director shall mail the draft recovery plan to federal and state agencies, local and tribal governments that are or may be affected by the recovery plan and individuals and organizations that have requested notification of department actions regarding threatened or endangered species.

G. The final recovery plan shall be presented to the commission for its consideration not later than two years from the date the species was listed. If the commission determines that the proposed plan has achieved the objectives set forth in Subsection E of this section, it shall approve the recovery plan or approve with conditions. After approval of the plan, the director shall seek

cooperation with other states and countries, when appropriate, and landowners, state and federal agencies and local and tribal governments for implementation of the recovery plan and when appropriate submit the recovery plan to the secretary of the interior for approval pursuant to the federal Endangered Species Act of 1973.

## 17-2-41. Endangered species.

A. On the basis of investigations concerning wildlife, other available scientific and commercial data and after consultation with wildlife agencies in other states, appropriate federal agencies, local and tribal governments and other interested persons and organizations, the commission shall by regulation develop a list of those species of wildlife indigenous to the state that are determined to be threatened or endangered within the state, giving their common and scientific names by species and subspecies.

B. The director shall conduct a review of the state list of threatened or endangered species and shall present biennially to the commission his recommendations for appropriate action. The commission shall act on the director's biennial recommendations at its next regularly scheduled meeting. The commission shall adopt, no later than January 1, 1996, regulations providing procedures for commission actions on the director's recommendations to continue to list or to upgrade or downgrade a species.

C. Except as otherwise provided in the Wildlife Conservation Act [17-2-37 NMSA 1978], it is unlawful for any person to take, possess, transport, export, process, sell or offer for sale or ship any species of wildlife appearing on any of the following lists:

(1) the list of wildlife indigenous to the state determined to be endangered within the state as set forth by regulations of the commission; and

(2) the United States lists of endangered native and foreign fish and wildlife as set forth in Section 4 of the Endangered Species Act of 1973 as endangered or threatened species, but only to the extent that those lists are adopted for this purpose by regulations of the commission; provided that any species of wildlife appearing on any of the lists set forth in this subsection, transported into the state from another state or from a point outside the territorial limits of the United States and which is destined for a point beyond the state, may be transported across the state without restriction in accordance with the terms of any federal permit or permit issued under the laws or regulations of another state or otherwise in accordance with the laws of another state.

D. The provisions of Subsection C of this section shall not apply to a taking of wildlife by a Native American for religious purposes, unless it materially and negatively affects an endangered species or threatened species.

**History:** 1953 Comp., § 53-2-54, enacted by Laws 1974, ch. 83, § 5; 1995, ch. 145, § 6.

**The 1995 amendment,** in Subsection A, inserted "local and tribal governments", deleted "not later than one year after the effective date of the Wildlife Conservation Act" preceding "the commission shall", deleted "and subspecies" following "species" and inserted "threatened or" preceding "endangered"; in Subsection B, inserted the language beginning "of threatened or" for "of endangered species biennially commencing within two years of the effective date

of the Wildlife Conservation Act and may present to the commission recommendations for appropriate additions to or deletions from the list" in the first sentence and added the second and third sentences; deleted "or subspecies" following "species" in two places in Subsection C; added Subsection D; and made minor stylistic changes.

17-2A-2. Statewide system for hunting activities.

Sec.

17-2A-3. Hunting guides and outfitters.

#### 17-2A-1. Definitions.

For the purposes of Chapter 17 NMSA 1978:

A. "hunt code" means a description used to identify and define the species, weapon type and time frame authorized for a specific hunt;

B. "outfitter" or "guide" means a person who advertises or holds himself out to the public for hire or is employed or accepts compensation for providing, within the unit where a hunt occurs, facilities, equipment or services for hunting activities; provided, however, that "outfitter" or "guide" does not include a person who only cooks, cuts wood or performs other comparable or incidental duties not directly related to hunting activities; and

C. "unit" means a geographically bound area in the state that is used to manage game species.

**History:** Laws 1996, ch. 89, § 3.

**Compiler's notes.** — Laws 1997, ch. 119, § 4B repealed Laws 1996, ch. 89, § 6, which provided for the repeal of this section on June 30, 1999.

#### 17-2A-2. Statewide system for hunting activities.

The state game commission shall develop a statewide system for hunting activities that increases participation by New Mexico residents and considers hunter safety, quality hunts, high demand areas, guides and outfitters, quotas and local and financial interests.

**History:** Laws 1996, ch. 89, § 4.

**Compiler's notes.** — Laws 1997, ch. 119, § 4B repealed Laws 1996, ch. 89, § 6, which provided for the repeal of this section on June 30, 1999.

#### 17-2A-3. Hunting guides and outfitters.

A. Effective April 1, 1997, it is unlawful to be a hunting guide or outfitter in New Mexico without being registered, except for a private landowner or his authorized agent who outfits or guides pursuant to a landowner permit issued by the department of game and fish for the landowner's property or for the landowner's shared private and public unit.

B. The state game commission shall adopt regulations by September 1, 1997 to govern the granting of non-interim registration, permits and certificates to hunting guides and outfitters and to regulate the operations and professional conduct of registered hunting guides and outfitters. Regulations shall be adopted in accordance with the following procedures and standards:

(1) the commission shall establish dates and locations for a public hearing and provide reasonable prior public notice of a hearing. A public hearing shall be held at a place within any quadrant of the state affected by the proposed regulation when the commission determines there is substantial public interest in holding a hearing in that quadrant;

(2) a hearing shall be held within six months of the date a proposed regulation is issued;

- (3) notice of a hearing shall:
- (a) include the date, time and location of the hearing;
  - (b) include a statement of the recommended action;
  - (c) include an indication of the location and availability of the public file on the regulation;
  - (d) indicate where and by what date written and oral comments and testimony may be received; and
  - (e) specify that the public record shall remain open for comments for thirty days after the date of the final hearing; and
- (4) the commission shall make its decision and take action based upon relevant and reliable evidence.

C. No person shall be allowed to work as a registered hunting guide or outfitter in New Mexico:

- (1) without being registered by the state game commission;
- (2) if the person has had a guide or outfitter license, registration, permit or certificate revoked in another state;
- (3) if the person has had a guide or outfitter license, registration, permit or certificate suspended in another state and it has not been reinstated; or
- (4) if the person has been convicted of a felony.

D. The state game commission shall develop a point system for the suspension or revocation of a guide or outfitter registration. The point system shall be similar to the point system that governs individual hunting and fishing license privileges.

E. To be granted a registration to be a guide, an applicant shall, in addition to any other reasonable criteria adopted by the state game commission, and except as provided for persons granted an interim registration:

- (1) be at least eighteen years of age; and
- (2) pass a written or oral examination approved by the department of game and fish at a date and time approved by the department.

F. A registered or interim registered guide shall work only under the supervision of a New Mexico registered or interim registered outfitter and in an area designated by the registered or interim registered outfitter.

G. The department of game and fish may provide a registration for a temporary emergency guide, provided the registration is limited to a maximum seven-day period and is granted only in emergency circumstances as determined by the department. The fee for a temporary emergency guide registration is ten dollars (\$10.00).

H. To be granted a registration to be an outfitter, an applicant shall, in addition to any other reasonable criteria adopted by the state game commission, and except as provided for persons granted an interim registration:

- (1) be at least twenty-one years of age;
- (2) have operated as a New Mexico registered guide for at least three years or have been granted an interim outfitter's registration;
- (3) not be a convicted felon or have a history of violation of federal or state game and fish laws or regulations or federal or state guide or outfitter licensing or registration laws or regulations; and
- (4) pass a written or oral examination approved by the department of game and fish at a date and time determined by the department.

I. A registered outfitter shall:

- (1) provide proof of commercial liability insurance of at least five hundred thousand dollars (\$500,000);
- (2) responsibly supervise each registered guide working under his direction;
- (3) provide a written contract for outfitting services, signed by the registered outfitter and identifying the outfitter's registration number, to each resident and nonresident who seeks to use the services of a registered outfitter;
- (4) register with the taxation and revenue department and provide proof of that registration to the department of game and fish; and

(5) provide at least one registered guide or outfitter for every four or fewer resident or nonresident hunters who have contracted for an outfitter's guided services.

J. The department of game and fish shall provide to the taxation and revenue department a copy of each outfitter registration that is granted.

K. Except as provided in this subsection, no person shall be allowed to charge a processing or other fee to obtain for a resident or nonresident a license that is granted from a special drawing for a hunt on public lands pursuant to the provisions of Section 17-3-16 NMSA 1978, except that nothing in this subsection shall prohibit the department of game and fish from collecting an application fee. Persons involved in licensing services, booking agencies or license brokering that do not provide direct guide and outfitter services shall not be required to register with the department of game and fish and may charge a fee, other than the application fee for a license, for their services.

L. A New Mexico resident registered outfitter shall be a registered outfitter who is a resident as defined in Section 17-3-4 NMSA 1978. The state game commission shall adopt regulations that set forth additional requirements and that shall include at a minimum that a resident registered outfitter shall maintain a business address in New Mexico and, except as provided in Subsection Q of this section, derive at least fifty percent of his guiding or outfitting income from guiding or outfitting in New Mexico, as determined by gross receipts or corporate or individual income tax returns for the immediately preceding three years.

M. The department of game and fish shall maintain for public distribution a list of New Mexico registered outfitters.

N. The annual registration fee for a registered guide in New Mexico is fifty dollars (\$50.00) for a resident and one hundred dollars (\$100) for a nonresident.

O. The annual registration fee to be a registered outfitter in New Mexico is five hundred dollars (\$500) for either a resident or a nonresident.

P. Annual registration fees for guides and outfitters shall be deposited in the game protection fund.

Q. A resident interim registered or registered outfitter may apply for inactive status of his registration for any period in which he does not operate as an outfitter. The state game commission shall reactivate an outfitter registration at the request of the outfitter and upon proof that the outfitter complies with the provisions of this section and upon payment of the annual registration fee for the year the registration is being reinstated and payment of a reinstatement fee of not to exceed fifty dollars (\$50.00).

R. The state game commission shall adopt by September 1, 1996 interim regulations, consistent to the greatest extent practicable with the provisions of this section, to provide for the granting of interim registrations to guides and outfitters. The commission shall issue interim registrations prior to mailing applications for 1997 licensed hunts to persons who qualify for interim registration and submit applications to the department of game and fish.

S. A person adversely affected by an action, other than a regulation, taken pursuant to the provisions of this section, including the denial, suspension or revocation of a registration, license, permit or certificate, may seek review of the action pursuant to the provisions of the Uniform Licensing Act [61-1-1 NMSA 1978].

T. A person adversely affected by a regulation adopted by the state game commission pursuant to this section may appeal to the court of appeals. All appeals shall be made upon the record at the hearing and shall be taken to the court of appeals within thirty days following the date of the action. The date of the action shall be the date of the filing of the regulation by the commission, pursuant to the provisions of the State Rules Act [14-4-1 NMSA 1978].

U. Upon appeal, the court of appeals shall set aside a regulation only if it is found to be:

- (1) arbitrary, capricious or an abuse of discretion;
- (2) not supported by substantial evidence in the record; or
- (3) otherwise not in accordance with law.

V. After a hearing and a showing of good cause by the appellant, a stay of a regulation being appealed may be granted:

- (1) by the state game commission; or
- (2) by the court of appeals if the state game commission denies a stay or fails to act upon an application for a stay within sixty days after receipt of the application.

W. The appellant shall pay all costs for any appeal found to be frivolous by the court of appeals.

**History:** Laws 1996, ch. 89, § 5; 1997, ch. 119, § 2; 2001, ch. 63, § 1.

**Compiler's notes.** — Laws 1997, ch. 119, § 4B repealed Laws 1996, ch. 89, § 6, which provided for the repeal of this section on June 30, 1999.

Laws 1997, ch. 119, § 6 provided that in the event the act was not enacted with the emergency clause, its provisions shall be made retroactive in operation to April 1, 1997. Although the act was enacted with the emergency clause, it was not signed by the governor until April 9, 1997.

**The 2001 amendment**, effective June 15, 2001, in Subsection K, inserted "Except as provided in this subsection" and inserted the last sentence, which begins "Persons involved in licensing services".

**The 1997 amendment**, effective April 9, 1997, deleted former Paragraphs E(3) and H(5) relating to being endorsed by a registered outfitter; rewrote Paragraphs I(3) and (5); inserted "resident or" preceding "nonresident" and added the clause beginning with "except" in Subsection K; deleted former Subsection L, relating to a point system to provide preferences to registered outfitters who are New Mexico residents; added Subsection Q; and redesignated Subsections M through Q as Subsections L through P.

## ANNOTATIONS

**"Revocation" and "suspension" construed.** — Where the New Mexico department of game and fish (department) denied respondent's application for a New Mexico outfitter's license pursuant to 17-2A-3(C)(2) NMSA 1978, which precludes an individual from working as a registered outfitter if the person has had a guide or outfitter license revoked in another state, and where the district court reversed the decision of the department, finding that the department applied an inapplicable section of 17-2A-3 NMSA 1978 and violated the Interstate Wildlife Violator Compact, 11-16-1 to -12 NMSA 1978, the district court did not err in reversing the department's decision, because the evidence in this case established that the actions of the Arizona commission on which the department relied to deny respondent a license are akin to a suspension, rather than a revocation, and therefore the department erroneously applied 17-2A-3(C)(2) NMSA 1978. An applicant whose license has been taken away for a specified period of time or until the applicant comes into compliance with the requirements established by game and fish is subject to the provision of 17-2A-3(C)(3) NMSA 1978. *N.M. # PART 1

## GENERAL PROVISIONS

### 17-3-1. Current license required.

Each license issued under Chapter 17 NMSA 1978, runs from April 1 through March 31 of the following calendar year. No person shall shoot, hunt, kill, injure or take, in any manner, any game animal, game bird or game fish without paying for, and having in his possession, the proper license required by law for the year in which the shooting, hunting, fishing or taking is done. No nonresident shall shoot, hunt, kill or take, in any manner, any nongame animal or nongame bird without paying for, and having in his possession, any one of the nonresident hunting licenses listed in Section 17-3-13 NMSA 1978 required by law for the year in which the shooting, hunting or taking is done.

**History:** 1953 Comp., § 53-3-1, enacted by Laws 1964 (1st S.S.), ch. 17, § 1; 1967, ch. 4, § 1.

**Repeals and reenactments.** — Laws 1964 (1st S.S.), ch. 17, § 1, repealed former 53-3-1, 1953 Comp., relating to hunting and fishing licenses and shipping permits, and enacted a new 17-3-1 NMSA 1978.

## ANNOTATIONS

**Bear as game animal.** — A statute denominating bear as a game animal could not validate a previous unauthorized regulation of the game commission classifying bear as a game animal, especially as the statute did not purport to be a validating statute; but where a previous statute had specified the closed season for bear, it sufficiently showed the statutory intent to define bear as a game animal. *State ex rel. B. For the purpose of effectuating better game management and control, the state game commission may by regulation authorize the sale of not more than one additional deer license each year to any person holding a license that entitled the person to hunt deer during that year. The fee for an additional deer license shall be the resident or nonresident deer license fee pursuant to Section 17-3-13 NMSA 1978.

C. It is a misdemeanor for any person to take or attempt to take a deer with an additional deer license unless the person has the additional deer license and the other license that entitled the person to hunt deer for that year in the person's possession. Possession of an additional deer license without the other license that entitled the person to hunt deer for that year is prima facie evidence of violation of this section.

**History:** 1953 Comp., § 53-3-6.3, enacted by Laws 1964 (1st S.S.), ch. 17, § 6; 1983, ch. 117, § 3; 2007, ch. 142, § 1.

### 17-3-16. Funds; special drawings for licenses.

A. The director of the department of game and fish may provide special envelopes and application blanks when a special drawing is to be held to determine the persons to receive licenses. Money required to be submitted with these applications, if enclosed in the special envelopes, need not be deposited with the state treasurer but may be held by the director until the successful applicants are determined. At that time, the fees of the successful applicants shall be deposited with the state treasurer and the fees submitted by the unsuccessful applicants shall be returned to them.

B. Beginning with the licenses issued from a special drawing for a hunt code that commences on or after April 1, 2012:

(1) licenses shall be issued as follows:

(a) ten percent of the licenses to be drawn by nonresidents and residents who will be contracted with a New Mexico outfitter prior to application; and

(b) six percent of the licenses to be drawn by nonresidents who are not required to be contracted with an outfitter; and

(2) a minimum of eighty-four percent of the licenses shall be issued to residents of New Mexico.

C. If the number of applicants who apply for licenses pursuant to the provisions of Paragraphs (1) and (2) of Subsection B of this section does not constitute the allocated licenses for either category, then the additional licenses available may be granted to another category of applicants. The director shall offer first choice of undersubscribed hunts to residents, whenever practicable.

D. If the determination of the percentages in Subsection B of this section yields a fraction of:

- (1) five-tenths or greater, the number of licenses to be issued shall be rounded up to the next whole number; and
- (2) less than five-tenths, the number of licenses shall be rounded down to the next whole number.

E. The fee for a nonresident license for a special drawing in a high-demand hunt covered in Subsection B of this section shall be assessed at the same rate as a license for nonresident quality elk or quality deer. As used in this subsection, "high-demand hunt" means:

- (1) a hunt where the total number of nonresident applicants for a hunt code in each unit exceeds twenty-two percent of the total applicants and where the total applicants for a hunt exceeds the number of licenses available based on application data indicating that this criteria occurred in each of the two immediately preceding years; or
- (2) an additional hunt code designated by the department of game and fish as a quality hunt.

F. All antlerless elk hunts pursuant to this section shall be exclusively for New Mexico residents.

G. Hunts on all state wildlife management areas shall be allocated exclusively to New Mexico residents.

- (1) with a valid New Mexico state, county or municipal business registration and a valid outfitter license issued by the department of game and fish;
- (2) that is authorized to do and is doing outfitting business under the laws of this state;
- (3) that has paid property taxes or rent on real property in New Mexico, paid gross receipts taxes and paid at least one other tax administered by the taxation and revenue department in each of the three years immediately preceding the submission of an affidavit to the department of game and fish;
- (4) the majority of which is owned by the person who has resided in New Mexico during the three-year period immediately preceding the submission of an affidavit to the department of game and fish;
- (5) that employs at least eighty percent of the total personnel of the business who are New Mexico residents; and
- (6) that has either leased property for ten years or purchased property greater than fifty thousand dollars (\$50,000) in value in New Mexico;
- (7) that, if it has changed its name from that of a previously certified business, the business is identical in every way to the previously certified business that meets all criteria;
- (8) that possesses all required federal or state land use permits for the hunt; and
- (9) that operates as a hunting guide service during which at least two days are accompanied with the client in the area where the license is valid.

**History:** 1953 Comp., § 53-3-7, enacted by Laws 1964 (1st S.S.), ch. 17, § 7; 1996, ch. 89, § 1; 1997, ch. 119, § 3; 2011, ch. 186, § 5.

**Repeals and reenactments.** — Laws 1964 (1st S.S.), ch. 17, § 7, repealed former 53-3-7, 1953 Comp., relating to nonresident temporary fishing licenses, and enacted a new 17-3-16 NMSA 1978. The attorney general had ruled that Laws 1949, ch. 13, amending 17-3-13 NMSA 1978, had repealed by implication former 53-3-7, 1953 Comp. See 1949-50 Op. Att'y Gen. No. 5200.

Laws 1997, ch. 119, § 4 repealed 17-3-16 NMSA 1978, as enacted by Laws 1996, ch. 89, § 2, effective April 9, 1997. Laws 1996, ch. 89, § 2 provided for the repeal and reenactment of this section, and was to become effective on June 30, 1999.

**Compiler's notes.** — Laws 1997, ch. 119, § 6 provided that in the event the act is not enacted with the emergency clause, its provisions shall be made retroactive in operation to April 1, 1997. Although the act was enacted with the emergency clause, it was not signed by the governor until April 9, 1997.

**The 2011 amendment,** effective April 1, 2012, increased the percentage of licenses issued to residents from seventy-eight percent to eighty-four percent; lowered the number of licenses issued to nonresidents who use a New Mexico outfitter from twelve percent to ten percent and to nonresidents who do not use an outfitter from ten percent to six percent; required the director to offer unsubscribed licenses to residents; added Subsection F to restrict antlerless elk hunts to residents; added Subsection G to restrict hunts on state wildlife management areas to residents; and added Subsection H to define "New Mexico outfitter".

**The 1997 amendment,** effective April 9, 1997, rewrote Paragraph B(1); deleted former Paragraph B(2) providing for 3% of licenses issued to applications listing residents and nonresidents; redesignated Paragraph B(3) as B(2) and substituted "seventy-eight" for "eighty"; rewrote Subsection C; substituted "the percentages in" for "seventeen percent or three percent in Paragraphs (1) and (2)" in Subsection D; and substituted the phrase beginning with "and where" for "based on data for the two immediately preceding years; or" following "applicants" in Paragraph E(1);

and inserted "of game and fish" following "department" in Paragraph E(2).

The 1996 amendment, effective July 1, 1996, designated the existing language as Subsection A; and added Subsections B through E.

#### ANNOTATIONS

**Administrative regulations inconsistent with this section.** – As applied to the issuance of licenses for bull elk hunting in the Valles Caldera Preserve, the regulations found in 19.31.8.24 NMAC are inconsistent with this section, which specifies how licenses issued through a

special drawing must be allocated among state residents and non-residents. 2003 Op. Att'y Gen. No. 03-06.

**Valles Caldera Preserve Act does not supersede this section.** – The legislature did not intend that this section's requirements could be avoided by simply having the federal Valles Caldera Preserve Trust conduct a special drawing, given Congress' express intent that the Valles Caldera Preserve Act not supercede New Mexico's laws pertaining to the issuance of hunting licenses; thus, the trust cannot use its authority to regulate access to the preserve in a manner that interferes with the application of this section. 2003 Op. Att'y Gen. No. 03-06.

### 17-3-16.1. Bighorn sheep enhancement permits; issuance; use.

A. The state game commission shall direct the department of game and fish to authorize not more than four of the permits available for issuance in the license year for the taking of four bighorn rams for the purpose of raising funds for programs and projects to benefit bighorn sheep.

B. The state game commission shall prescribe by regulation the form, design and manner of issuance of the bighorn sheep enhancement permits. The issuance of two permits shall be subject to auction by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission, and shall be sold to the highest bidder. The issuance of the other two permits shall be subject to a lottery by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission.

C. All money collected from the issuance and sale of the bighorn sheep enhancement permits shall be credited to the game protection fund to be used exclusively for bighorn sheep preservation, restoration and management.

**History:** Laws 1989, ch. 364, § 1; 1999, ch. 81, § 1; 2012, ch. 34, § 1.

The 2012 amendment, effective May 16, 2012, authorized additional bighorn sheep enhancement permits; in Subsection A, after "not more than", deleted "two" and added "four" and after "for the taking of", deleted "two" and added "four"; and in Subsection B, in the second sentence, after "The issuance of" deleted "one permit" and

added "two permits" and in the third sentence, after "issuance of the other", deleted "permit" and added "two permits".

The 1999 amendment, effective June 18, 1999, substituted "two" for "one" in two places in Subsection A; and, in Subsection B, substituted "one" for "such" in the next-to-last sentence, added the last sentence, and made minor stylistic changes.

### 17-3-16.2. Elk enhancement permit; issuance; use.

A. The state game commission shall direct the department of game and fish to authorize two elk enhancement permits each license year for the taking of two elk bulls to raise funds for programs and projects to better manage elk.

B. The state game commission shall prescribe by rule the form, design and manner of issuance of the two elk enhancement permits. The issuance of one permit shall be subject to auction by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission, and shall be sold to the highest bidder. The issuance of the other permit shall be subject to a lottery by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission.

C. All money collected from the issuance and sale of the elk enhancement permits shall be credited to the game protection fund to be used exclusively for elk restoration and management.

**History:** Laws 1999, ch. 69, § 1.

### 17-3-16.3. Lieutenant governor's deer enhancement permits; issuance; use.

A. The state game commission shall direct the department of game and fish to authorize two deer enhancement permits each license year for the taking of two deer to raise funds for programs and projects to better manage deer.

B. The state game commission shall prescribe by rule the form, design and manner of issuance of the two deer enhancement permits. The issuance of one permit shall be subject to auction by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission, and shall be sold to the highest bidder. The issuance of the other permit shall be subject to a lottery by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission.

C. All money collected from the issuance and sale of the lieutenant governor's deer enhancement permits shall be credited to the game protection fund to be used exclusively for deer restoration and management.

**History:** Laws 2003, ch. 89, § 1.

**Cross references.** — For general powers and duties of the state game commission and the game protection fund, see 17-1-14 NMSA 1978.

B. The state game commission shall prescribe by rule the form, design and manner of issuance of the Gould's turkey enhancement permits. The issuance of the permits shall be subject to a lottery or auction. Such allotment of the permits may be conducted by an incorporated nonprofit organization dedicated to conservation of wildlife, in cooperation with and overseen by the commission and the department of game and fish.

C. The state game commission shall direct the department of game and fish to authorize Gould's turkey enhancement permits only after the department has documented that the issuance of each enhancement permit will not jeopardize the prospects for the survival and recruitment of the Gould's turkey within New Mexico.

D. Gould's turkey enhancement permits shall be authorized only when doing so does not conflict with the Wildlife Conservation Act [17-2-37 NMSA 1978] or any rules implementing that act.

E. Money collected from the issuance and sale of the Gould's turkey enhancement permits shall be credited to the game protection fund to be used exclusively for the restoration and management of Gould's turkeys and Gould's turkey habitats, which support a variety of other unique and rare wildlife of southwestern New Mexico.

#### 17-3-16.5. Hunting and fishing authorizations; governor's special events.

The director of the department of game and fish may annually make available to the governor no more than twelve big game special authorizations and twelve game bird or trophy fish special authorizations. The authorizations shall be allocated by auction in conjunction with special events called by the governor to raise money for fish and wildlife conservation. Any auction used to allocate an authorization shall comply with rules adopted by the state game commission. Each authorization shall allow the holder to purchase a license to hunt or fish for the species indicated on the authorization during dates and times at locations specified by the state game commission. The director may designate the species allowable for each authorization, but no more than three authorizations shall be issued for any one species each year. Money collected pursuant to the special authorizations of the governor shall be deposited in the game protection fund.

Each enhancement authorization package shall be auctioned by the department of game and fish or by an incorporated nonprofit organization dedicated to the conservation of wildlife and sold to the highest bidder. Money collected from the enhancement authorization packages shall be deposited in the game protection fund and shall be used exclusively for big game habitat enhancement, conservation and protection.

### 17-3-17. Fishing without license; exceptions.

A. It is a misdemeanor for any person, except children who have not reached their twelfth birthday, to take or attempt to take any game fish from any public stream or water in this state without carrying a proper fishing license as provided by law. The presence of any person, except children who have not reached their twelfth birthday, along any public stream or water in this state with fishing rod, hook or line, without carrying a proper fishing license, is prima facie evidence of the violation of this section. The director of the department of game and fish or any conservation officer may require any person along any public stream or water in this state with fishing rod, hook or line to exhibit the person's license.

B. The director, with the approval of the state game commission, may designate no more than two nonconsecutive Saturdays in each year as free fishing days. During the free fishing days, residents and nonresidents may exercise the privileges of holders of proper fishing licenses without having proper fishing licenses and without payment of any license fees, subject to all limitations, restrictions, conditions, laws, rules and regulations applicable to holders of proper fishing licenses.

C. The director may designate, by special permit, fishing events during which the requirement for a fishing license or permit pursuant to Chapter 17 NMSA 1978 is waived exclusively for designated event participants. During the special permitted events, residents and nonresidents may exercise only the privileges as allowed by the director. The director's special permit shall substitute for the requirement of any license or permit pursuant to Chapter 17 NMSA 1978, and no payment of any license fee is required. The director's special permit shall be for a period of no longer than three days, and all other laws and rules shall apply.

**Repeals and reenactments.** — Laws 1964 (1st S.S.), ch. 17, § 8, repealed former 53-3-9, 1953 Comp., relating to administration of provisions for nonresident temporary fishing licenses, and enacted a new 17-3-16 NMSA 1978.

**The 2013 amendment,** effective June 14, 2013, provided for special fishing event permits; and added Subsection C.

**The 1991 amendment,** effective July 1, 1991, substituted "Exceptions" for "Exception" in the catchline; redesignated the formerly undesignated provision as Subsection A and inserted "of the department of game and fish" following "director" in the final sentence thereof and added Subsection B.

The 2013 amendment, effective June 14, 2013, created a special temporary fishing license for nonresidents under the age of eighteen; in the first sentence, after

"state of New Mexico and", deleted "of the age of fourteen, fifteen, sixteen or seventeen" and added "under the age of eighteen".

### **17-3-26. Taking minnows and nongame fish to sell as bait; license required; exception.**

It is unlawful for any person, except children under the age of twelve years, to take from the streams or public waters of this state minnows and nongame fish for the purpose of sale to fishermen or others for bait without having first procured from the state game commission a license therefor as provided in Sections 17-3-26 through 17-3-28 NMSA 1978.

**History:** Laws 1939, ch. 27, § 1; 1941 Comp., § 43-313; 1953 Comp., § 53-3-19; Laws 1955, ch. 60, § 1; 1979, ch. 340, § 9.

#### **ANNOTATIONS**

**License and bond are required of sellers or takers of bait fish.** — This section would seem to point to the conclusion that only those who take minnows and nongame fish from public waters are required to be licensed. However, the first sentence of 17-3-27 NMSA 1978 is phrased in the disjunctive, and the application of that statute is to those engaged in the business of selling minnows and nongame fish or to those who take the minnows and nongame fish from the streams of the state. Thus, not

only those who take minnows from the streams are to be licensed and bonded, but also those who otherwise engage in the business of selling them irrespective of where they were originally secured. And if one taking minnows or other nongame fish from private waters sells them, it would appear that he is engaging in a business for which a license and bond are required. 1957-58 Op. Att'y Gen. No. 57-150.

**Including those employed on commission basis:** — Whereas this section and 17-3-27 NMSA 1978 do not apply to persons hired on salary basis for nongame fishing on behalf of a licensee, persons employed by a licensee on a "split the profit" or commission basis are required to be licensed. 1947-48 Op. Att'y Gen. No. 5119.

### **17-3-27. Bait license; bond; fee; issuance.**

Any person desiring to procure a license for the purpose of engaging in the business of selling minnows and nongame fish for bait or taking minnows and nongame fish from the streams of this state for the purpose of sale to others shall apply to the state game commission for a license. The application shall be upon forms provided by the commission and shall set forth the public streams or waters out of which the applicant intends to take the minnows and nongame fish and the place at which they are to be sold. The application shall be accompanied by a just

and reasonable fee as determined by regulation of the state game commission. Upon receipt of the application, it shall be the duty of the state game commission or, when it is not in session, the director of the department of game and fish to pass upon the application and to issue a license authorizing the taking and the manner of taking of the minnows and nongame fish by the applicant from those waters in the state as in the opinion of the state game commission or director will not be detrimental to the public or injurious to protected fish. The license when so issued shall specify the manner of taking and the waters from which the applicant is permitted to take minnows and nongame fish for sale for bait.

**History:** Laws 1939, ch. 27, § 2; 1941 Comp., § 43-314; 1953 Comp., § 53-3-20; Laws 1955, ch. 55, § 1; 1992, ch. 29, § 4.

The 1992 amendment, effective April 1, 1992, added the present section catchline; in the text, substituted the present third sentence for the former third and fourth sentences, relating to a fee of \$20 and a bond of \$1,000, in the present fourth sentence, deleted "and bond" following "the application" and inserted "of the department of game and fish"; and made stylistic changes.

#### ANNOTATIONS

This license fee is a regulatory measure rather than a revenue gathering device. 1965 Op. Att'y Gen. No. 65-18.

**County or municipal licenses are not precluded.**

— The licensing of bait sellers, under this section, is not a preemption of the field so as to preclude licensing by the county or a municipality of the same business enterprise. 1959-60 Op. Att'y Gen. No. 59-32.

### **17-3-28. [Exceptions from 17-3-26, 17-3-27; taking bait for own use; persons under 15; unlawful to place nongame fish in certain waters.]**

Nothing in this act [17-3-26 to 17-3-28 NMSA 1978] shall be construed to prevent licensed fishermen from taking minnows and other nongame fish for his [their] own use for bait; or to any minor under fifteen (15) years of age taking minnows not for resale; provided, however, that it shall be unlawful for licensed fishermen or any other person using nongame fish for bait to place any of such nongame fish which are not used for bait in any waters stocked or reserved for game fish by the state game commission of the state of New Mexico.

**History:** Laws 1939, ch. 27, § 3; 1941 Comp., § 43-315; 1953 Comp., § 53-3-21.

### **17-3-29. Permit to take game, birds or fish as specimens or for scientific or propagating purposes; eligibility; issuance; contents; nonassignable; sale for food purposes prohibited.**

The state director may issue permits to any person to take, capture, kill, transport within or out of the state any game, birds or fish mentioned in this chapter at any time when satisfied that such person desires the same exclusively as specimens or for scientific or propagating purposes. Such permit shall be in writing and shall state the kind and number to be taken and the manner of taking, the name of the person to whom issued, the name of the place to which the same is to be transported and the name of the persons shipping such game, birds or fish, and shall be signed by him. Such permit shall not be transferable nor shall it be lawful to sell or barter any of the animals, birds or fish taken or exported under such permit for food purposes, and the holder of such permit shall be liable to the penalties provided in this chapter if he violates any of its provisions.

**Compiler's notes.** — The words "this chapter" were substituted by the 1915 Code compilers for the words "this act" and may refer to Chapter 47, 1915 Code (composed of Laws 1912, ch. 85). For the disposition of Chapter 47, 1915 Code, in NMSA 1978, see the note to 17-2-11 NMSA 1978. However, the words "this chapter" were also used in Laws 1957, ch. 134, § 1, amending this section, and may therefore refer to Chapter 53, 1953 Comp., the

presently effective provisions of which are compiled in this chapter of NMSA 1978, together with subsequently enacted provisions.

### 17-3-32. Importing game animals; permits.

In order to protect game animals, birds and fish against importation of undesirable species and introduction of infectious or contagious diseases, it is a misdemeanor to import any live animals, birds or fish into this state, except domesticated animals or domesticated fowl or fish from government hatcheries, without first obtaining a permit from the department of game and fish.

**History:** Laws 1927, ch. 37, § 1; C.S. 1929, § 57-501; 1941 Comp., § 43-320; 1953 Comp., § 53-3-26; Laws 1963, ch. 213, § 4.

#### ANNOTATIONS

**Fertile eggs come within the classification of live birds.** 1955-56 Op. Att'y Gen. No. 6154.

**Burden is on importer to prove game birds were domesticated.** — This section requires the person

importing any live animals, birds or fish into this state to obtain a permit from the director. It exempts domesticated animals or domesticated fowl, and the burden of proving that any such birds, if within the birds declared to be game birds, were domesticated would fall upon the person desiring to import them without a permit. 1955-56 Op. Att'y Gen. No. 6154.

### 17-3-32.1. Exceptions from certain permits.

The provisions of Sections 17-2-14 and 17-3-32 NMSA 1978 shall not apply to any raptor belonging to and used by a nonresident under a valid falconer's license or permit from another state, providing that the importation into and possession within New Mexico is only for purposes of transit or to hunt mammals or birds during legal falconry or nongame seasons; except that any nonresident who uses a raptor to hunt any mammal or bird in New Mexico shall otherwise abide by regulations established with reference to hunting by nonresident falconers in the state.

**History:** Laws 1979, ch. 109, § 1.

### 17-3-33. Presumption from possession of game or fish without license; showing license to officer.

The possession of game or fish at any time unaccompanied by a proper and valid license, game tag, certificate or permit or invoice, as provided in Chapter 17 NMSA 1978, shall be prima facie evidence that such game or fish was unlawfully taken and is unlawfully held in possession, and it shall be the duty of every person having possession or control of game or fish to produce the proper license, game tag, certificate, permit or invoice when one is required by Chapter 17 NMSA 1978 on demand of any officer, and to permit the same to be copied by such officer. Violation of any provision of this section is a misdemeanor and is punishable as provided by Section 17-2-10 NMSA 1978.

**History:** Laws 1912, ch. 85, § 14; Code 1915, § 2437; C.S. 1929, § 57-222; 1941 Comp., § 43-321; 1953 Comp., § 53-3-27; 1979, ch. 340, § 10.

#### ANNOTATIONS

**Documentation required.** — Since a tag is not the only form of documentation recognized by game and fish

laws, and since a tag, even when required, need not be directly affixed to game animal parts stored or displayed within a home, a reasonable officer with a working knowledge of game and fish laws would not have assumed that the game animal parts visible within defendant's home were "unaccompanied" by proper documentation merely because they were untagged. *State v. Moran*, 2008-NMCA-160, 145 N.M. 297, 197 P.3d 1079.

### 17-3-34. Revocation of license, certificate or permit for violation of law; notice and hearing; judicial review.

B. At the hearing, the state game commission shall cause a record of the hearing to be made and shall allow the person charged to examine witnesses testifying at the hearing. Any person whose license, certificate or permit has been revoked by the commission may appeal to the district court pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

**The 1998 amendment**, effective September 1, 1998, in Subsection A, deleted "shall" following "permit", substituted "violates" for "violate" and "countenances" for "countenance", inserted "after the accused is afforded" and deleted "afforded" following "opportunity"; and rewrote Subsection B.

### 17-4-1. [Power of state game commission to acquire land.]

The state game commission of the state of New Mexico is hereby authorized and empowered to acquire by purchase, gift, bequest or lease; and to hold, develop and improve lands for fish hatcheries, game farms, game refuges, bird refuges, resting and nesting grounds, field stations, dams, lakes, ditches, flumes, waterways, pipelines, canals, rights-of-way, trails, roads and for all purposes incidental to the propagation, preservation, protection and management of the game, birds, fish and wildlife of the state of New Mexico.

**History:** Laws 1939, ch. 223, § 1; 1941 Comp., § 43-401; Laws 1947, ch. 48, § 1; 1953 Comp., § 53-4-1.

#### ANNOTATIONS

**Commission may pay rentals and charge fees to defray them.** — This section is a broad grant of power to the state game commission. First, it includes the express power to acquire lands (including lakes) by lease for fish and game purposes. Such necessarily includes the power to pay rentals (within fiscal limits) to continue the lease, and keeping in mind the nature of the statute, it may be fairly implied that the state game commission would have authority to impose fees or other charges to help defray

the expenses necessitated by the lease and operations thereunder, particularly where the fees charged and collected are directly related to the rentals paid the lessor. 1957-58 Op. Att'y Gen. No. 58-80.

**County ordinance cannot limit authority of state game commission.** — County land use ordinances attempting to restrict traditional federal and state regulatory authority are preempted by this section which allows the state game commission to acquire land for fish hatcheries, game farms, game refuges, and other relevant purposes and, thus, such county ordinances are of no consequence. 1994 Op. Att'y Gen. No. 94-01.

### 17-4-2. Eminent domain power; abandonment or relinquishment of property acquired.

Any property or rights-of-way required for use by the state game commission may be acquired as for a public purpose and as a matter of public necessity under the power of eminent domain, by and with the written approval of the board of county commissioners of the county in which the property or rights-of-way sought are located, in an action instituted and prosecuted in the name of the state, according to the procedure for condemnation provided by the Eminent Domain Code [42A-1-1 NMSA 1978]. Provided nevertheless, that any property right acquired under the provisions of this section, if and when the use for which it was acquired has been abandoned for three years or otherwise relinquished, shall revert to the grantor from whom it was derived.

**History:** Laws 1939, ch. 223, § 2; 1941 Comp., § 43-402; Laws 1947, ch. 48, § 2; 1953 Comp., § 53-4-2; Laws 1981, ch. 125, § 47.

### 17-4-3. [Exchange, sale, lease, sublease and assignment of lands by commission; proceeds.]

The state game commission, except as herein limited, is authorized to exchange, sell, lease, sublease or assign any interest in any lands and leases heretofore or hereafter acquired including but not limited to the sale or lease of timber, oil, gas, minerals or any other severable product of or interest in real estate, when, in the judgment of said commission, such transaction will be in the interest of the state game commission and said lands, leases, products or severable parts thereof, are, in the opinion of such commission, no longer necessary for the purposes for which such lands were acquired or where such lease or sublease will not materially interfere with or conflict with the use of such lands for the purpose for which they were acquired. The proceeds of any such sale, exchange, lease or assignment shall be converted into the game protection fund and disbursed as the other moneys in said fund are disbursed.

**History:** Laws 1939, ch. 223, § 3; 1941 Comp., § 43-403; 1953 Comp., § 53-4-3; Laws 1955, ch. 86, § 1.

#### ANNOTATIONS

**Whether to lease is left to commission's sole discretion.** — Whether or not a lease should be executed is a

question to be determined by the judgment and discretion of the game commission. 1957-58 Op. Att'y Gen. No. 57-149.

**Commission may itself conduct sale of lands.** — Under this section the state game commission is itself authorized to sell its lands, or interests therein, unfettered by the provisions of the general statute governing the sale

of property by state agencies or local public bodies. 1957-58 Op. Att'y Gen. No. 58-76.

If the commission chooses to itself sell the lands, it could, if it wanted, advertise the proposed sale, or

otherwise notify prospective purchasers. But such is a matter to be determined by the commission in its sound discretion. 1957-58 Op. Att'y Gen. No. 58-76.

#### **17-4-4. [Sale of former state bird farm; mineral rights reserved.]**

The sale of the surface and water rights, but not the mineral rights, notwithstanding any other provision of the law, to the highest bidder after advertised for public bid of approximately eighty-seven acres of land and improvements, known as the former state bird farm, located at the northern boundary of the city of Carlsbad in Eddy county, New Mexico is approved. The advertisement for public bid shall be made after the effective date of this act.

**History:** 1953 Comp., § 53-4-3.1, enacted by Laws 1973, ch. 260, § 1.

#### **17-4-5. [Fish hatcheries established by United States; exemption from state laws.]**

In case the United States shall establish one or more fish hatching and fish cultural stations in the state of New Mexico, the United States commissioner of fisheries and his duly authorized agents are hereby accorded the right to conduct fish hatching and fish culture and all operations connected therewith, in any manner and at any time that may be by them considered necessary and proper, any fisheries laws of this state to the contrary notwithstanding.

**History:** Laws 1927, ch. 59, § 1; C.S. 1929, § 57-601; 1941 Comp., § 43-404; 1953 Comp., § 53-4-4.

#### **17-4-6. Hunting and fishing on private property; posting; penalty.**

A. Whenever the owner or lessee desires to protect or propagate game birds, animals or fish within the owner's or lessee's enclosure or pasture, the owner or lessee shall publish notices in English and Spanish warning all persons not to hunt or fish within the enclosure or pasture. The notices shall be posted in at least six conspicuous places on the premises and published for three consecutive weeks in a newspaper of general circulation in the county where the premises are situated. In the event a public road enters or crosses the enclosure or pasture, an additional notice shall be posted conspicuously within three hundred yards of the point where each public road enters the posted property.

B. After the publication and posting, it is a misdemeanor for any person to enter the premises for the purpose of hunting or fishing or to kill or injure any bird, animal or fish within the enclosure or pasture without permission of the owner or lessee.

C. No person engaged in hunting, fishing, trapping, camping, hiking, sightseeing, the operation of watercraft or any other recreational use shall walk or wade onto private property through non-navigable public water or access public water via private property unless the private property owner or lessee or person in control of private lands has expressly consented in writing.

D. Nothing in this act shall be interpreted to affect or influence whether a water is a navigable water or a water of the United States for purposes of the federal Clean Water Act of 1977, 33 U.S.C. 1251 et seq.

**History:** Laws 1912, ch. 85, § 10; Code 1915, § 2433; C.S. 1929, § 57-215; 1941 Comp., § 43-405; 1953 Comp., § 53-4-5; Laws 1963, ch. 213, § 5; 1965, ch. 172, § 1; 2015, ch. 34, § 1.

For publication of notices generally, see 14-11-1 to 14-11-13 NMSA 1978.

**The 2015 amendment**, effective July 1, 2015, prohibited persons engaged in hunting and fishing from entering private property without the consent of the land owner or lessee; in Subsection A, after "within", deleted "his" and added "the owner's or lessee's", and after "pasture," deleted "he" and added "the owner or lessee"; and added Subsections C and D.

### ANNOTATIONS

**Both publication and posting are required.** — Only by publishing a notice in English and Spanish, and by the posting of handbills in English and Spanish in six conspicuous places on the premises does the owner put into effect on his property a penal statute which protects him against trespassers. *State v. Barnett*, 1952-NMSC-065, 56 N.M. 495, 245 P.2d 833.

**An appeal does not lie to supreme court from an order** overruling a motion to quash an information brought against defendants for violation of this section in the absence of express statutory authority therefor. *State v. Barnett*, 1951-NMSC-084, 56 N.M. 1, 238 P.2d 694.

**English notice only is insufficient.** — Where the publication and posting were in English only, this section imposing criminal sanctions, did not become operative. *State v. Barnett*, 1952-NMSC-065, 56 N.M. 495, 245 P.2d 833.

**A tract of land which is not enclosed by fences may not be posted** under the terms of this section so as to subject persons who enter for the purpose of hunting and fishing to the penalties therein provided. 1957-58 Op. Att'y Gen. No. 57-237.

**The lessee of state lands for grazing purposes may post it** against hunting, but cannot charge for hunting privileges. 1933-34 Op. Att'y Gen. No. 160.

**Posting by lessee permitted provided lessee does not conflict with action by commissioner of public lands.** — Assuming full and strict compliance with this section, as interpreted, a lessee of state land could not in

all cases post under the statute. This section, insofar as this problem is concerned, must be read in light of the peculiar nature of the land involved. It must be borne in mind that under the Enabling Act, the constitution and statutes based thereon, the complete dominion and control over state lands is vested in the commissioner of public lands. In short, the lessee of state lands, even if he acts strictly in accordance with this section, could not do so in a manner in conflict with a duly taken action of the commissioner. 1957-58 Op. Att'y Gen. No. 58-194.

**Posting does not prevent hunting or fishing by owner or permittees.** — If posting is duly accomplished, the landowner does not thereby deprive himself of hunting and fishing privileges on these lands. The owner, or those permitted by him to do so, could still hunt or fish so long as done in accordance with the game and fish laws and lawful game fish regulations. 1957-58 Op. Att'y Gen. No. 58-194.

## 17-4-7. Liability of landowner permitting persons to hunt, fish or use lands for recreation; duty of care; exceptions.

A. Any owner, lessee or person in control of lands who, without charge or other consideration, other than a consideration paid to the landowner by the state, the federal government or any other governmental agency, grants permission to any person or group to use the owner's, lessee's or land controller's lands for the purpose of hunting, fishing, trapping, camping, hiking, sightseeing, the operation of aircraft, cave exploring or any other recreational use does not thereby:

- (1) extend any assurance that the premises are safe for such purpose;
- (2) assume any duty of care to keep such lands safe for entry or use;
- (3) assume responsibility or liability for any injury or damage to or caused by such person or group; or
- (4) assume any greater responsibility, duty of care or liability to such person or group than if permission had not been granted and the person or group were trespassers.

B. This section shall not limit the liability of any landowner, lessee or person in control of lands that may otherwise exist by law for injuries to any person granted permission to hunt, fish, trap, camp, hike, sightsee, operate aircraft, explore caves or use the land for recreation in exchange for a consideration, other than a consideration paid to the landowner by the state, the federal government or any other governmental agency.

C. For the purposes of this section, "cave" means a natural, geologically formed void or cavity beneath the surface of the earth, but does not mean a mine, tunnel, aqueduct or other manmade excavation.

**History:** 1953 Comp., § 53-4-5.1, enacted by Laws 1967, ch. 6, § 1; 2011, ch. 63, § 1; 2019, ch. 24, § 1.

**The 2019 amendment**, effective June 14, 2019, limited the liability of landowners permitting persons to explore caves on private property, and defined "cave"; in Subsection A, after "operation of aircraft", added "cave exploring"; in Subsection B, after "operate aircraft", added "explore caves"; and added Subsection C.

**The 2011 amendment**, effective June 17, 2011, limited the liability of owners, lessees and persons in control

of land who, without consideration, permit the use of the land by others for the operation of aircraft.

### ANNOTATIONS

**Organized team sports not a protected activity.** — Protections of the statute apply only when landowners allow free public access for a limited range of outdoor activities, and organized team sports do not fall within that range of activities. *Lucero v. Richardson & Richardson*,

*Inc.*, 2002-NMCA-013, 131 N.M. 522, 39 P.3d 739, cert. denied, 131 N.M. 737, 42 P.3d 842.

**Comparison with off-highway recreational vehicle use statute.** — Since the general recreational land use statute contained in Section 17-4-7 NMSA 1978 broadly immunizes landowners who permit entry upon their lands for "any . . . recreational use", the legislature in adopting Section 66-3-101 NMSA 1978, obviously intended to extend the immunity of landowners as to claims resulting from injuries to operators or passengers of off-highway recreational vehicles beyond that provided by Section 17-4-7 NMSA 1978.

*Matthews v. State*, 1991-NMCA-116, 113 N.M. 291, 825 P.2d 224.

**United States liability.** — The United States was not liable under the New Mexico recreational use statute, Section 17-4-7 NMSA 1978, for the plaintiff's injuries resulting from a diving accident in a national forest since the United States was exempt from liability under the New Mexico statute. *Maldonado v. United States*, 893 F.2d 267 (10th Cir. N.M. 1990).

## 17-4-8. [Parks or waters for propagation of game or fish; license required.]

No person shall have or maintain any park, enclosure, lake or body of water for the purpose of keeping or propagating therein any game or game fish for sale, nor shall any living game or game fish from such park, enclosure, lake or body of water be sold or offered for sale, unless the owner, proprietor or lessee thereof shall first procure a license as hereinafter provided.

### ANNOTATIONS

**Section applies to breeding game for sale.** — Any person breeding game for sale is required to have a permit

under this section. A person desiring to propagate birds only for his own use without barter, sale or exchange may secure a permit under the provisions of 17-3-29 NMSA 1978. 1955-56 Op. Att'y Gen. No. 6176.

**Fishing license and season requirements held applicable.** — Anyone authorized to fish on the Story irrigation project must first have a valid and subsisting license, and under no circumstances would such person be permitted to fish during the closed season. 1923-24 Op. Att'y Gen. No. 52.

## 17-4-9. [Unlicensed parks or lakes deemed public nuisance; abatement; liberation of game or fish; each day separate offense.]

Any park, enclosure, lake or body of water maintained in violation of this chapter shall be deemed a continuing public nuisance and may be abated as provided by law for the abatement of public nuisances and the game or game fish therein liberated, or any obstruction to the free ingress or egress of fish removed, and each day the same is maintained in violation hereof, shall be a separate offense.

### ANNOTATIONS

**United States held not liable for injuries from dredging canals.** — Where the United States, acting through the bureau of reclamation, dredged and removed from the canals and ditches the silt and deposits which had accumulated therein over the years, and as a natural consequence of these dredging operations, the water in appellee's ponds seeped back into the irrigation canals and the ponds were emptied, the trial court, citing this section,

concluded that the act of the defendant in draining the plaintiff's property of all water, destroying plaintiff's fish and frogs, and leaving the plaintiff's land an arid desert land, constituted negligence per se. However, the court of appeals held that liability under the federal Tort Claims Act is not carte blanche, that the United States is liable as an individual only in the manner and to the extent to which it has consented, and that the facts fell clearly within the area of the exempted "discretionary function." *United States v. Gregory*, 300 F.2d 11 (10th Cir. 1962).

If by reason of controlling necessity or for the purpose of stocking or replenishing some other park or lake, any proprietor of a licensed preserve, park or lake may desire to lessen the aggregate number above provided for, the state game and fish warden [director of the department of game and fish] may, on being satisfied of the property [propriety] thereof, grant a permit therefor.

#### **17-4-35. Aquatic invasive species control.**

A. Based on a determination of credible scientific evidence, the director, after consulting with the secretary of energy, minerals and natural resources and with the concurrence of the director of the New Mexico department of agriculture, is authorized to designate:

- (1) species of exotic or nonnative animals or plants as aquatic invasive species;
- (2) water bodies within the state as infested waters; and
- (3) specific requirements to decontaminate conveyances and equipment.

B. Prior to entering a conveyance or equipment into any water body in the state, the owner or person in control of a warning-tagged conveyance or warning-tagged equipment or a conveyance or equipment that has been in an infested water body in New Mexico or elsewhere shall:

(1) have the conveyance or equipment decontaminated by a person or entity approved by the director to effect decontamination, and only the person legally effecting the decontamination is authorized to remove a warning tag and provide certification that the conveyance or equipment is free from infestation; or

(2) have the conveyance or equipment inspected and certified as free from infestation by trained personnel prior to entering a water body or if certification or other documentation of

decontamination is not available, otherwise demonstrate compliance with the decontamination requirements established by the director.

C. A law enforcement officer may impound a conveyance or equipment if the person transporting the conveyance or equipment refuses to submit to an inspection authorized by this section and the officer has reason to believe that an aquatic invasive species may be present, or if the conveyance or equipment has a warning tag affixed and the operator of the conveyance is attempting to enter a state water body and cannot provide evidence that the conveyance or equipment has been decontaminated. A law enforcement officer shall take action to prevent equipment or conveyances believed or known to contain an aquatic invasive species and warning-tagged equipment or conveyances from entering a state water body.

D. The impoundment of a conveyance or equipment may continue for a reasonable period necessary to inspect and decontaminate the conveyance or equipment.

E. Notwithstanding any provision to the contrary, no motor vehicle that is drawing a conveyance shall be impounded pursuant to this section.

F. Trained personnel may:

- (1) establish, operate and maintain aquatic invasive species check stations and conduct inspections at or adjacent to the entrance to any state-controlled water body or, pursuant to a cooperative agreement, at or adjacent to any county, municipal or federally or privately controlled water body or at or adjacent to the exit point of an infested water body or at a location agreed to by the owner of the conveyance or equipment in order to inspect conveyances and equipment prior to a conveyance or equipment entering, being launched onto or being directly exposed to water bodies of the state or upon the conveyance's or equipment's departure from infested waters;

- (2) affix a warning tag to equipment or a conveyance where the presence of an aquatic invasive species has been found;

- (3) affix a warning tag to a conveyance or equipment upon the conveyance or equipment leaving an infested water; or

- (4) affix a warning tag to a conveyance or equipment that the trained personnel have reason to believe is infested with an aquatic invasive species based on its point of origin or use.

G. Except for state, local, tribal or federal agencies and their respective agents, employees and contractors while performing their duties or contractual obligations specific to management or control of an aquatic invasive species, it is unlawful for a person to:

- (1) knowingly possess, import, export, ship or transport an aquatic invasive species into, within or from the state;

- (2) knowingly release, place, plant or cause to be released, placed or planted an aquatic invasive species into a water body or adjacent to a water body where it reasonably might be anticipated to be introduced into a water body that is not infested;

- (3) remove a warning tag other than as provided pursuant to this section;

- (4) introduce any tagged conveyance or equipment or any equipment or conveyance from which a warning tag has been unlawfully removed into a water body without first having that conveyance or equipment decontaminated and certified pursuant to the provisions of this section; or

- (5) knowingly introduce into any water body a conveyance or equipment that has been exposed to an infested water body or a water body in any other state known to contain aquatic invasive species without first being decontaminated and certified pursuant to the provisions of this section.

H. Knowingly or willfully violating any provision of this section as a first offense is a petty misdemeanor. A second or subsequent violation of any provision of this section is a misdemeanor. Any violation is punishable pursuant to Section 31-19-1 NMSA 1978.

I. The director or the director's designee shall coordinate the monitoring of the water bodies of the state for the presence of aquatic invasive species, including privately controlled waters if the director has authorized access to them or has received permission to monitor them from the persons controlling access to such waters.

J. Upon determination of an infested water body in New Mexico, the director shall immediately recommend to the person in control of the infested water body actions to limit access or take other actions to prevent the potential spread of an aquatic invasive species to other water bodies.

K. The commission is authorized to adopt rules pursuant to Section 17-1-26 NMSA 1978, and the secretary of energy, minerals and natural resources is authorized to adopt rules pursuant to Section 16-2-32 NMSA 1978 as necessary to implement and enforce the provisions of this section.

L. The director may enter into cooperative agreements with any federal, state, county or municipal authority or private entity that may be in control of a water body potentially affected by aquatic invasive species.

In making such rules and regulations and providing when and by what means fur-bearing animals may be hunted, taken, captured, possessed or killed, the state game commission shall give due regard to the zones of temperatures and to the distribution, abundance, economic value and

breeding habits of such animals. Provided, nothing in Sections 17-5-1 through 17-5-9 NMSA 1978 shall interfere with the authority granted to the president of New Mexico state university under Sections 77-15-1 through 77-15-5 NMSA 1978, or shall prevent livestock producers without a permit from the taking of bobcats that are doing damage to livestock.

B. No nonresident shall capture, trap or possess any fur-bearing animal or skunk or coyote or attempt to do so without first procuring a nonresident trapper's license.

C. No nonresident who resides in a state that does not permit New Mexico residents to procure nonresident trapper's licenses may purchase a New Mexico nonresident trapper's license.

D. Trappers shall release all fur-bearing animals trapped during closed seasons, and resident trappers who release all fur-bearing animals during open seasons need not procure a trapper's license.

E. Trappers on official business, paid from state and federal funds and under supervision of the department of game and fish, the New Mexico department of agriculture or the United States fish and wildlife service need not purchase a trapper's license.

F. Trapping of animals, both fur-bearing and nongame, by a resident in order to protect his livestock or domesticated animals or fowl shall not be subject to rules and regulations on trapping made pursuant to Section 17-5-4 NMSA 1978 or to licensing requirements provided in this section.

G. The state game commission may by regulation require holders of trapper's licenses to use bobcat pelt tags and may specify the conditions for use of the tags.

### 17-5-6. Fur dealer licenses.

A. Except for trappers selling their own catches, any person, firm or corporation engaged in the business of buying or selling unprocessed skins or pelts of any fur-bearing animal is a "fur dealer." It is a misdemeanor to engage in business as a fur dealer or solicit such business without first procuring a fur dealer license, except that resident fur dealers who buy and sell less than fifty skins or pelts of fur-bearing animals each year need not purchase a fur dealer license.

B. Every fur dealer shall file with the department of game and fish, not later than the tenth of each month, a sworn statement showing the number and kind of skins and pelts of fur-bearing animals purchased and sold during the preceding month.

C. The provisions of this section apply to fur dealers who buy and sell the skins or pelts of predatory animals as well as to those who buy and sell the skins or pelts of protected nonpredatory fur-bearing animals.

#### ANNOTATIONS

**Effective date provision is invalid.** — Laws 1964 (1st S.S.), ch. 17, § 12, making the act effective on April 1, 1964, was a nullity under N.M. Const., art. IV, § 23. Since the act did not pass as an emergency measure, the

**Permit required whether animals bred or trapped.** — All persons, whether dealing in pelts resulting from the commercial enterprise of fur-bearing animal

breeding or whether dealing in pelts resulting from the trapping of wild fur-bearing animals, are required by law to secure the permit provided for before engaging in such business. 1953-54 Op. Att'y Gen. No. 6043.

### 17-5-8. [Officers authorized to enforce act.]

All peace officers, port of entry employees [employees of the motor transportation divisions of the taxation and revenue department] and deputy game wardens [conservation officers] are hereby authorized and required to cooperate fully with the state game commission in the enforcement of this act [17-5-1 to 17-5-9 NMSA 1978]. It shall be the duty of all such persons to make searches, seizures and arrests as in the case of other misdemeanors.

**History:** Laws 1939, ch. 178, § 9; 1941 Comp., § 43-509; 1953 Comp., § 53-5-9.

**Compiler's notes.** — The law establishing ports of entry was repealed by Laws 1939, ch. 73, § 24, and the equipment and funds of ports of entry were transferred to the board of supervisors of the New Mexico state police by § 8 of said act. Laws 1939, ch. 73, also created a new division of the New Mexico state police named "the division of field administration," the duties of such division being similar to those formerly performed by the ports of entry. The division of field administration of the state police was changed to the division of courtesy and information of the state of New Mexico by Laws 1941, ch. 147, § 24, which act was then superseded by Laws 1943, ch. 125, which created a department of courtesy and information and transferred property used at ports of entry to the new department.

However, by Laws 1967, ch. 97, § 41, such property was transferred to the motor transportation department, which has now been abolished by Laws 1977, ch. 250, § 4, and the motor transportation division of the taxation and revenue department has been established and operates the former ports of entry. See 9-11-4, 65-5-1 to 65-5-3 NMSA 1978.

**INTERSTATE LIBRARY COMPACT**

The contracting states agree that:

**ARTICLE I - PURPOSE**

Because the desire for the services provided by public libraries transcends governmental boundaries and can be provided most effectively by giving such services to communities of people regardless of jurisdictional lines, it is the policy of the states who are parties to this compact to cooperate and share their responsibilities in providing joint and cooperative library services in areas where the distribution of population makes the provision of library service on an interstate basis the most effective way to provide adequate and efficient services.

## ARTICLE II - PROCEDURE

The appropriate officials and agencies of the party states or any of their political subdivisions may, on behalf of said states or political subdivisions, enter into agreements for the cooperative or joint conduct of library services when they shall find that the executions of agreements to that end as provided herein will facilitate library services.

## ARTICLE III - CONTENT

Any such agreement for the cooperative or joint establishment, operation or use of library services, facilities, personnel, equipment, materials or other items not excluded because of failure to enumerate shall, as among the parties of the agreement: (1) detail the specific nature of the services, facilities, properties or personnel to which it is applicable; (2) provide for the allocation of costs and other financial responsibilities; (3) specify the respective rights, duties, obligations and liabilities; (4) stipulate the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of said agreement.

Nothing in this compact or in any agreement entered into hereunder shall be construed to supersede, alter or otherwise impair any obligation imposed on any public library by otherwise applicable laws.

## ARTICLE V - ADMINISTRATOR

Each state shall designate a compact administrator with whom copies of all agreements to which his state or any subdivision thereof is party shall be filed. The administrator shall have such powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact.

## ARTICLE VI - EFFECTIVE DATE

This compact shall become operative immediately upon its enactment by any state or between it and any other contiguous state or states so enacting.

## ARTICLE VII - RENUNCIATION

This compact shall continue in force and remain binding upon each party state until six months after any such state has given notice of repeal by the legislature. Such withdrawal shall not be construed to relieve any party to an agreement authorized by Articles II and III of the compact from the obligation of that agreement prior to the end of its stipulated period of duration.

## ARTICLE VIII - SEVERABILITY

The provisions of this compact shall be severable. It is intended that the provisions of this compact be reasonably and liberally construed.

**The 1993 amendment**, effective June 18, 1993, added Subsection E and made several minor stylistic changes throughout the section.

#### **18-6-4. Committee created; membership; compensation; voting; term; chairman; meetings.**

A. The "cultural properties review committee" is created, which consists of nine members as follows:

- (1) the state historian at the state archives and record center;
- (2) one person professionally recognized in the discipline of architectural history;
- (3) one person professionally recognized in the discipline of history;
- (4) one person professionally recognized in the discipline of architecture;
- (5) one person professionally recognized in the discipline of prehistoric archaeology;
- (6) one person professionally recognized in the discipline of historic archaeology;
- (7) one additional person who is professionally recognized in:
  - (a) history;
  - (b) architectural history or architecture; or
  - (c) archaeology;
- (8) one person who is a member of a New Mexico Indian nation, tribe or pueblo; and
- (9) one person who is a resident of New Mexico and represents the general public.

Other than the state historian, all members shall be appointed by the governor. Each appointed professional member shall have achieved recognition for accomplishment in that member's field in the American southwest, and each shall have specialized knowledge of New Mexico.

B. Any member of the committee shall be reimbursed for necessary expenses in the discharge of the member's official duties in accordance with the rates set by the Per Diem and Mileage Act [10-8-1 through 10-8-8 NMSA 1978]. Any committee member who receives a salary from state funds shall not be entitled to per diem and mileage for service on the committee unless the service is away from the town in which the member's duty station is located, and, in that case, the member shall receive per diem and mileage allowance at the rate set for salaried state employees. Committee members shall receive no other compensation, perquisite or allowance for committee service, but this does not mean that committee members who receive a salary from state funds shall not continue to draw such salary while discharging committee duties.

C. A simple majority shall constitute a quorum. A member of the committee shall abstain from voting or the member's vote shall be disqualified on any matter in which the member has a pecuniary interest.

D. Appointed members shall serve terms of four years. Members shall be appointed without regard to partisan political affiliation, and any member may be reappointed to the committee.

E. A chairman, vice chairman and secretary shall be elected from the membership to serve for one year, subject to reelection.

F. The committee shall meet at least once each quarter.

**History:** 1953 Comp., § 4-27-7, enacted by Laws 1969, ch. 223, § 4; 1986, ch. 10, § 1; 2005, ch. 50, § 1.

The 2005 amendment, effective July 1, 2005, expanded the membership of the cultural properties review

committee to include one person who is a member of a New Mexico Indian nation, tribe or pueblo and one person who is a resident of New Mexico and represents the general public.

#### **18-6-5. Committee; powers and duties.**

The primary function of the committee is to review proposals for the preservation of cultural properties. The committee is authorized to take such actions as are reasonable and consistent with law to identify cultural properties and to advise on the protection and preservation of those properties. Among such actions as may be necessary and proper to the fulfillment of these responsibilities, and without being limited hereby, the committee:

A. shall determine what constitutes historical, archaeological, scientific, architectural and other cultural significance for the purpose of identifying cultural properties as used in the Cultural Properties Act [18-6-1 through 18-6-17 NMSA 1978];

B. shall prepare and keep up to date the official register. This official register shall be composed of properties identified by the committee as having historical or other cultural significance and integrity, being suitable for preservation and having educational significance;

C. shall prepare and maintain proper documentation of the historic or other significance of cultural properties. The committee is granted access to all state and local public documents that may be necessary for the documentation, and such state and local agencies as have custody of such documents are authorized to allow the committee to examine and reproduce those documents useful for the documentation;

D. shall inspect all registered cultural properties periodically to assure proper cultural or historical integrity and proper maintenance. The inspection may be made by an authorized representative of the committee or historic preservation division of the office of cultural affairs. Such inspection shall be made only with the written consent of the owner or his authorized representative.

E. shall, based upon the inspection of a registered cultural property, recommend such repairs, maintenance and other measures as should be taken to maintain registered status;

F. shall issue regulations pertaining to the identification, preservation and maintenance of registered cultural properties in order to maintain the integrity of those properties;

G. may delete from the official register any registered cultural property whose owner does not comply with the committee's regulations or follow its recommendations for repair and maintenance, or which upon presentation of further evidence does not merit continued official registry;

H. may recommend to the museum division of the office of cultural affairs and other public administrators of registered cultural properties measures for the investigation, restoration and protection of such properties;

I. may encourage and render technical advice to private owners of registered cultural properties in order that such properties may be preserved;

J. may encourage and provide technical assistance to municipalities and counties in acquiring, preserving and developing cultural properties within their jurisdictions;

K. shall cooperate with federal, state, local and private agencies and persons engaged in the administration, development or other work relating to cultural properties within the state;

L. shall pursue all activities in a manner consistent with state and federal laws and regulations;

M. may encourage and promote public appreciation of New Mexico's historical and cultural heritage by:

- (1) reviewing for accuracy the proposed publication of information on cultural properties; and
- (2) reviewing the accuracy and adequacy of proposed marking of cultural properties;

N. may utilize the assistance of individuals, local organizations, state agencies and others interested in the identification and preservation of cultural properties;

O. may issue, with the concurrence of the state archaeologist and the state historic preservation officer, permits for the examination or excavation of sites and the collection or removal of objects of antiquity or general scientific interest, where such sites or objects are located on state lands, to institutions which the committee may deem to be properly qualified to conduct such examination, excavation or collection, subject to such rules and regulations as the committee may prescribe; provided that the examinations, excavations and collections are undertaken by reputable museums, universities, colleges or other historical, scientific or educational institutions or societies approved by the committee, with a view toward disseminating knowledge about cultural properties; and provided that a summary report of such investigations, containing relevant maps, documents, drawings and photographs be submitted to the committee which shall in turn submit the report to the appropriate agency or make other appropriate disposition of the report; and provided further, that all specimens so collected shall be the property of New Mexico, and that prior arrangements be made for the disposition of specimens derived from such investigations in an appropriate institution of the state or for loan of such specimens to qualified institutions in or out of the state;

P. shall provide advice to the state historic preservation officer in the historic preservation division and to the director of the museum division of the office of cultural affairs on cultural properties; and

Q. shall make, in conjunction with the historic preservation division, an annual report on its activities to the governor and the legislature. The report may contain recommendations for the more effective preservation of New Mexico's historic and cultural heritage.

#### ANNOTATIONS

**No limit on size of listed property.** — The Cultural Properties Act (18-6-1 NMSA 1978 et seq.) does not set a limit as to how large a listed property can be. *Rayellen Res., Inc. v. N.M. Cultural Props. Review Comm.*, 2014-NMSC-006.

**Personal notice of the comment period is not required.** — Personal notice of the public comment period for the cultural properties review committee's review of the listing of a property as a registered cultural property under the Cultural Properties Act (18-6-1 NMSA 1978 et seq.) is not required because the action of the committee in listing the property is not an adjudication of individual property rights, but a regulatory rule-making action, to effectuate the committee's statutory powers to identify and preserve the state's cultural and historic heritage. *Rayellen Res., Inc. v. N.M. Cultural Props. Review Comm.*, 2014-NMSC-006.

**Designation of Mount Taylor as a registered cultural property was lawful.** — Where Indian tribes filed a petition with the cultural properties review committee requesting that approximately 400,000 acres of public land on Mount Taylor be listed as a registered cultural property under the Cultural Properties Act (18-6-1 NMSA 1978 et seq.); the land consisted of federal land, state land, and Indian trust and pueblo land; private land was excluded from the listing; the committee published a general notice of the public comment period in two local newspapers, sent press releases to various print and broadcast media, published the nomination on the historic preservation division website, and sent personal notices to persons who expressed an interest in Mount Taylor's nomination and to property owners identified by petitioners' research of tax records in three counties; the committee did not send personal notices to owners of mineral estates; eighty percent of the property was owned by federal agencies and the state, both of which had inspection programs; the property made a significant contribution to the broad patterns of New Mexico history in association with persons significant in New Mexico's past and was integral to tribal community practices; the property's physical features that historically attracted various cultures had not changed; and after a public hearing, the committee permanently

listed the property as a registered cultural property, the listing was lawful because the committee provided sufficient notice of the public comment period to satisfy due process guarantees and the listing conformed to statutory requirements regarding inspection, maintenance and integrity of place. *Rayellen Res., Inc. v. N.M. Cultural Props. Review Comm.*, 2014-NMSC-006.

**Land grant was not state land subject listing as a registered cultural property.** — The cultural properties review committee erred when it included the Cebolleta land grant common lands in the listing of approximately 400,000 acres of land on Mount Taylor as a registered cultural property under the Cultural Properties Act (18-6-1 NMSA 1978 et seq.), because the Cebolleta land grant common lands were jointly held property by the heirs of the land grant and were not state lands for purposes of the act. *Rayellen Res., Inc. v. N.M. Cultural Props. Review Comm.*, 2014-NMSC-006.

**Listing did not violate protections against establishment of religion.** — Where the cultural properties review committee approved the listing of property on Mount Taylor as a registered cultural property; petitioners claimed that the listing violated the constitutional protections against the establishment of religion, because the integrity criterion for the listing was satisfied by tribal communities' use of the property for performing pilgrimages and ceremonies; and the evidence established that the property was listed as a historical site to promote historical preservation, not to advance religion, the listing did not foster excessive governmental entanglement in religion, and the listing merely required interagency consultation on acts that might have an adverse effect on the historic site, the listing of the property did not violate the Establishment Clause. *Rayellen Res., Inc. v. N.M. Cultural Props. Review Comm.*, 2014-NMSC-006.

**Fort Selden state park.** — Where federal money (or other appropriations dependent on such money) is not involved, the legislature intended that the park and recreation commission (now the state park and recreation division of the natural resources department) exercise primary control over the development and operation of Fort Selden state park, with the cultural properties review committee and state planning office (now, with the administrative division of the educational finance and cultural affairs department) offering advisory and consulting assistance. However, where the funds to be utilized are part of a national park service grant or state funds tied to such a grant, the plan is subject to approval by the committee. 1971 Op. Att'y Gen. No. 71-105.

The words "this chapter" evidently refers to chapter 102 of the 1915 Code, §§ 5178 to 5290, compiled herein as 19-1-1 to 19-1-6, 19-1-9 to 19-1-16, 19-1-21, 19-2-1, 19-5-3 to 19-5-10, 19-6-1 to 19-6-7, 19-7-1, 19-7-7, 19-7-8, 19-7-11, 19-7-13, 19-7-19 to 19-7-22, 19-7-25, 19-7-27 to 19-7-30, 19-7-34, 19-7-36, 19-7-50, 19-7-51, 19-7-52, 19-7-53, 19-7-57, 19-7-58, 19-7-64 to 19-7-67, 19-8-1 to 19-8-3, 19-8-10, 19-8-12, 19-8-13, 19-9-1 to 19-9-8 and 19-11-10 NMSA 1978.

### ANNOTATIONS

#### Rulemaking authority of commissioner limited.

— The commissioner has no authority to promulgate rules or regulations inconsistent with legislative enactments governing mineral leases on public lands. *Harvey E. Yates Co. v. Powell*, 98 F.3d 1222 (10th Cir. 1996).

The commissioner exceeded his authority and usurped a legislative function in promulgating the definition of "proceeds" in a rule so that it would require state lessees to pay royalties even when gas was not extracted from the leased premises. *Harvey E. Yates Co. v. Powell*, 98 F.3d 1222 (10th Cir. 1996).

**Extent of commissioner's jurisdiction.** — The New Mexico legislature intended the jurisdiction of the commissioner of public lands to extend only so far as those lands acquired by the state pursuant to acts of congress. 1980 Op. Att'y Gen. No. 80-10.

**Law reviews.** — For article, "The West and Its Public Lands; Aid or Obstacle to Progress?" see 4 Nat. Resources J. 1 (1964).

#### ANNOTATIONS

**Reservation of minerals.** — The commissioner of public lands had power to reserve the minerals in the land to the fund or institution to which the land belongs, when making sale thereof. *State ex rel. Otto v. Field*, 1925-NMSC-019, 31 N.M. 120, 241 P. 1027.

**Mandamus will not lie to compel commissioner to issue deed** conveying public lands free from reservation

of the minerals therein, which reservation was contained in the contract of sale, because it is, in effect, an action against the state. *State ex rel. Evans v. Field*, 1921-NMSC-082, 27 N.M. 384, 201 P. 1059, explained in *Gamble v. Velarde*, 1932-NMSC-048, 36 N.M. 262, 13 P.2d 559, distinguished in *Swayze v. Bartlett*, 1954-NMSC-019, 58 N.M. 504, 273 P.2d 367.

**Effect of reservation.** — The right to remove sand and gravel did not pass under a grant issued by the commissioner of public lands authorizing the highway commission to use certain lands as a source of surfacing materials which contained a general clause reserving minerals. 1961-62 Op. Att'y Gen. No. 61-12.

**No power to sell highway commission lands.** — Neither by the constitution nor by statute has the commissioner of public lands been given power to sell lands held by the highway commission and acquired for its purposes. 1953-54 Op. Att'y Gen. No. 53-5831.

**Effect of timberlands lease.** — A lease of timberlands made by the territorial commissioner, with the right to cut certain timber, passed title to the timber subject to defeasance as to timber remaining at the end of the term, and a renewal of such lease was properly made before its expiration, but after the territory had become a state, without advertisement for bids. The timber remaining uncut at the expiration of the lease reverts to the grantor, but where the land itself was sold to the lessee, no title remained in the grantor. 1923-24 Op. Att'y Gen. 23-3728.

**No authority over departments' buildings.** — There is no statute specifically giving the commissioner of lands authority to lease surface rights and buildings owned by state departments. 1953-54 Op. Att'y Gen. No. 53-5831.

**Without commissioner's consent, use of school section for cemetery is unauthorized.** 1919-20 Op. Att'y Gen. No. 20-2603.

**Transfer to United States.** — Statute authorizes state land commissioner to make conveyance to United States of lands within the exterior boundaries of Alamo National Forest. 1915-16 Op. Att'y Gen. No. 15-1641.

**Administration of funds.** — The commissioner of public lands is the sole person entrusted with the administration of the funds of which he is trustee, as provided in the Enabling Act, the New Mexico constitution and the laws of the state of New Mexico, subject to the expenditure being a reasonable one, and the legislature is not empowered, nor is the governor authorized, to restrict the commissioner in the expenditure of these funds. 1953-54 Op. Att'y Gen. No. 5781, overruled by Op. Att'y Gen. Nos. 59-195 and 59-151.

**Commissioner of public lands may employ forest guards** in order to protect and care for public lands. 1915-16 Op. Att'y Gen. No. 15-1414.

#### ANNOTATIONS

**Funds permanent.** — Proceeds of sale of lands granted to the state of New Mexico by the Enabling Act, for certain specified purposes, and the natural products of such lands, with certain named exceptions, were intended by congress to constitute permanent funds, the interest only being available for current use. *State v. Llewellyn*, 1917-NMSC-031, 23 N.M. 43, 167 P. 414, cert. denied, 245 U.S. 666, 38 S. Ct. 63, 62 L. Ed. 538 (1917), distinguished in *Regents of Univ. of N.M. v. Graham*, 1928-NMSC-004, 33 N.M. 214, 264 P. 953.

**Grant for reservoirs for irrigation.** — The Ferguson Act of June 21, 1898, 30 Stat. 484, which granted to the territory of New Mexico 500,000 acres of land "for the establishment of permanent water reservoirs for irrigating purposes," provides that the moneys derived from the trust lands are to be placed to the credit of separate funds created for the respective purposes named in the act and used only as the legislative assembly of the territory may direct, and only for the use of the institutions or purposes for which the respective grants of land are made. *State ex rel. Interstate Stream Comm'n v. Reynolds*, 1963-NMSC-023, 71 N.M. 389, 378 P.2d 622.

**Establishment of irrigation funds.** — This section and Section 19-1-18 NMSA 1978 established the permanent reservoirs for irrigation purposes, permanent fund, and permanent reservoirs for irrigation purposes, income fund; subsequently, by Section 72-14-23 NMSA 1978, there was established the New Mexico irrigation works construction fund, to consist of the income creditable to the income fund above noted and such other moneys as may be appropriated thereto by the state legislature. *State ex rel. Interstate Stream Comm'n v. Reynolds*, 1963-NMSC-023, 71 N.M. 389, 378 P.2d 622.

**And use thereof.** — Appropriations for constructing, improving, repairing and protecting from floods the dams, reservoirs, ditches, flumes and appurtenances of certain irrigation systems made to the New Mexico state engineer from the New Mexico irrigation works construction fund, which fund consisted solely of moneys from the permanent reservoirs for irrigation purposes income fund accruing from the trust lands set aside by congress under the Ferguson Act of June 21, 1898, 30 Stat. 484, are within the fundamental purpose and reasonable meaning of the trust grant "for the establishment of permanent water reservoirs for irrigation purposes." *State ex rel. Interstate Stream Comm'n v. Reynolds*, 1963-NMSC-023, 71 N.M. 389, 378 P.2d 622.

Att'y Gen. No. 36-1474.

**Bonds of the state.** — Under former 7-1-18 and 7-1-19, 1953 Comp., requiring investment of certain permanent funds in safe, interest-bearing securities (to be bonds of New Mexico or its localities) revenue bonds of educational institutions were not bonds of the state under court decisions and the state treasurer could not for that reason legally invest permanent funds derived from public lands in such securities. 1945-46 Op. Att'y Gen. No. 46-4949.

**Legislature may appropriate revenues from miners' hospital trust.** — The state legislature may appropriate revenues from the trust established for the miners' hospital. 1989 Op. Att'y Gen. No. 89-30.

Att'y Gen. No. 89-30.

**Restrictions on trust appropriations were limited to bill's fiscal period.** — Restrictions on the appropriation of the miner's hospital trust fund revenues contained in the 1988 appropriations bill were consistent with the rule that legislative conditions on appropriations be limited to the fiscal period covered by the bill. 1989 Op. ## 19-2-2. Jurisdiction; transfer procedure.

A. In order to acquire all, or any measure of, legislative jurisdiction of the kind involved in Article I, Section 8, Clause 17 of the constitution of the United States over any land or other area, or in order to relinquish such legislative jurisdiction, or any measure thereof, which may be vested in the United States, the United States, acting through a duly authorized department, agency or officer, shall file a notice of intention to acquire or relinquish such legislative jurisdiction, together with a sufficient number of duly authenticated copies thereof to meet the recording requirements of Subsection C of this section, with the governor. The notice shall contain a description adequate to permit accurate identification of the boundaries of the land or other area for which the change in jurisdictional status is sought and a precise statement of the measure of legislative jurisdiction sought to be transferred. Immediately upon receipt of the notice, the governor shall furnish the attorney general with a copy of it and shall request his comments and recommendations.

B. The governor shall transmit the notice together with his comments and recommendations, if any, and the comments and recommendations of the attorney general, if any, to the next session of the legislature. Unless prior to the expiration of the legislative session to which the notice is transmitted the legislature has adopted a resolution approving the transfer of legislative jurisdiction as proposed in the notice, the transfer shall not be effective.

C. The governor shall cause a duly authenticated copy of the notice and resolution to be recorded in the office of the county clerk of the county where the land or other area affected by the transfer of jurisdiction is situated, and upon such recordation the transfer of jurisdiction shall take effect. If the land or other area is situated in more than one county, a duly authenticated copy of the notice and resolution shall be recorded in the county clerk's office of each such county.

D. The governor shall cause copies of all documents recorded pursuant to this act [19-2-2 to 19-2-4 NMSA 1978] to be filed with the state law library.

**History:** 1953 Comp., § 7-2-1.1, enacted by Laws 1963, ch. 262, § 1.

**Compiler's notes.** — Section 14-4-9 NMSA 1978 provides that whenever any law requires any agency to file a document with the law library, such shall be accomplished by filing as provided in the State Rules Act (Chapter 14, Article 4 NMSA 1978). Section 14-4-2 NMSA 1978 defines "agency" to include officers of state government, except those in the legislative or judicial branches.

Pursuant to Senate Joint Resolution 16 of the First Session of the 35th Legislature (1981), the state of New Mexico and the United States department of the interior have signed a concurrent resolution establishing concurrent legislative jurisdiction, between the United States and the state of New Mexico, over the following: Aztec ruins national monument, Bandelier national monument, Capulin mountain national monument, Carlsbad caverns national park, Chaco culture national historical park, El Morro national monument, Fort Union national monument, Gila cliff dwellings national monument, Salinas national monument, Pecos national monument, White Sands national monument, and the regional headquarters, southwest region.

of El Malpais national monument and Pecos national historic park. Upon modifications to the boundary of El Malpais national monument due to land exchanges with the pueblo of Acoma as authorized in public law 100-255, a letter to that effect with adequate legal descriptions will be provided to the governor to assure that concurrent jurisdiction is acquired by the United States.

## ANNOTATIONS

**Application of Children's Code to residents of federal enclave.** — The state can exercise its jurisdiction and apply the provisions of the Children's Code (Chapter 32A NMSA 1978) to those who reside on a federal military enclave because, in those areas where the federal government has no laws or regulations, there is no interference by the state when it asserts jurisdiction; in such cases, there would be no need for the federal government to relinquish its jurisdiction as provided in this section. *State ex rel. Children, Youth & Families Dep't v. Debbie F.*, 1995-NMCA-113, 120 N.M. 665, 905 P.2d 205, cert. denied, 120 N.M. 533, 903 P.2d 844.

**Definitions under former law.** — "Sites" and "lands" as used in Laws 1912, ch. 47, § 1 (former 7-2-2, 1953 Comp.), providing for acquisition of land for federal purposes, had a synonymous meaning and embraced all lands acquired for the purposes enumerated. *Arledge v. Mabry*, 1948-NMSC-047, 52 N.M. 303, 197 P.2d 884, distinguished in *Smith v. State*, 1968-NMSC-144, 79 N.M. 450, 444 P.2d 961.

**Consent statute.** — Lands acquired by the United States with knowledge that they were being used for experimentation with fissionable materials constituted an arsenal within meaning of consent statute giving state's consent to federal acquisition of land for various purposes, including that of arsenal. *Arledge v. Mabry*, 1968-NMSC-144, 52 N.M. 303, 197 P.2d 884, distinguished in *Smith v. State*, 1968-NMSC-144, 79 N.M. 450, 444 P.2d 961.

**And extent of consent thereunder.** — In giving its consent to usage of lands for "custom-houses, court-houses, post offices, arsenals or other public buildings whatever, or for any other purposes of the government," the consent was not, under doctrine of ejusdem generis, limited to buildings of a nature similar to those specifically enumerated. *Arledge v. Mabry*, 1968-NMSC-144, 52 N.M. 303, 197 P.2d 884, distinguished in *Smith v. State*, 1968-NMSC-144, 79 N.M. 450, 444 P.2d 961.

**Federal government failed to comply with cession statute.** — Where, on February 14, 2018, the New Mexico state legislature ceded to the United States government exclusive legislative jurisdiction over three parcels of land on Kirtland air force base in Albuquerque that were under state criminal jurisdiction, including the Maxwell housing area which is a military-civilian family housing neighborhood on the air force base, and where defendant was charged by federal prosecutors under New Mexico's driving while intoxicated statutes after being arrested while attempting to enter the Maxwell housing area on February 19, 2018, and where defendant moved to dismiss asserting that the court lacked subject matter jurisdiction because the state of New Mexico did not properly cede criminal jurisdiction, the motion to dismiss was granted because it is conclusively presumed that jurisdiction has not been accepted until the United States government accepts jurisdiction over the land, and in this case, the federal government failed to carry its burden of proof by

presenting evidence that it accepted jurisdiction either by formal acceptance or that the recording requirements of this section were complied with. This section requires that the federal government's notice of intention to acquire legislative jurisdiction and the state's resolution approving the transfer of legislative jurisdiction be recorded in the county clerk's office, and in this case, there was no evidence that the notice of intention was ever filed with the county clerk. *U.S. v. Davenport*, 340 F.Supp.3d 1105 (D. N.M. 2018).

**Land not affected.** — Former 7-2-3, 1953 Comp. (ceding exclusive jurisdiction over land acquired by the United States to the United States, except for service of process) did not affect the property ceded to the United States for Elephant Butte Dam. 1914 Op. Att'y Gen. Nos. 14-1309, 14-1325, 14-1330.

**Apportioning funds to school district.** — Under former 7-2-3, 1953 Comp., it was not illegal to apportion funds to the school district in which the Elephant Butte Dam is located, since the statute had no relation to such land. 1914 Op. Att'y Gen. No. 14-1306.

**Residency.** — Those residing on former public domain land may exercise the elective franchise in both state and federal elections, since the state retained jurisdiction over the area not inconsistent with federal use (opinion rendered under former election laws). 1964 Op. Att'y Gen. No. 64-123.

Those people residing on land obtained by the United States through the constitutional method may not establish their residency so as to become electors; those residing on lands obtained by purchase without obtaining the consent of the state are in a similar position (opinion rendered under former election laws). 1964 Op. Att'y Gen. No. 64-123.

B. any civil or criminal process lawfully issued by competent authority of this state or any of its subdivisions, may be served and executed within such land or other area to the same extent and with the same effect as such process may be served and executed generally within this state; provided only that the service and execution of such process within land or other areas over which the federal government exercises jurisdiction shall be subject to such rules and regulations issued by authorized officers of the federal government, or of any department, independent establishment or agency thereof, as may be reasonably necessary to prevent interference with the carrying out of federal functions; and

C. this state shall exercise over such land or other area the same legislative jurisdiction which it exercises over land or other areas generally within this state, except that the United States shall not be required to forego such measure of exclusive legislative jurisdiction as may be vested in or retained by it over such land or other area pursuant to this act [19-2-2 to 19-2-4 NMSA 1978], and without prejudice to the right of the United States to assert and exercise such concurrent legislative jurisdiction as may be vested in or retained by it over such land or other area.

**Tax on contractors.** — The state may tax contractors who have entered into a cost-plus contract, which tax is eventually assumed by the United States government, so long as no federal area in which the United States government has exclusive jurisdiction is involved. 1951-52 Op. ### ANNOTATIONS

**Effect of water rights.** — New Mexico does not recognize a limited livestock forage right implicit in a vested water right or a limited livestock forage right implicit in a right-of-way for the maintenance and enjoyment of a vested water right. *Walker v. United States*, 2007-NMSC-038, 142 N.M. 45, 162 P.3d 882.

**Implied license to graze.** — There is an implied license on the part of the government to all of the people to graze their animals upon the public domain without compensation. *Yates v. White*, 1925-NMSC-012, 30 N.M. 420, 235 P. 437; *Hill v. Winkler*, 1915-NMSC-077, 21 N.M. 5, 151 P. 1014, explained in *Vanderford v. Wagner*, 1918-NMSC-099, 24 N.M. 467, 174 P. 426, distinguished in *Johnson v. Hickel*, 1923-NMSC-002, 28 N.M. 349, 212 P. 338.

**Grazing on unenclosed land not enjoined.** — Since attempt on the part of the legislature to grant the exclusive right or occupancy upon part of a public domain would be clearly within the prohibition of the act of congress of February 25, 1885, and invalid, defendant cannot be restrained by injunction from permitting his animals to graze on unenclosed lands of plaintiff. *Yates v. White*, 1925-NMSC-012, 30 N.M. 420, 235 P. 437; *Hill v. Winkler*, 1915-NMSC-077, 21 N.M. 5, 151 P. 1014, explained in *Vanderford v. **Removal contract void.** — Contract to remove one's animals from an illegal enclosure upon the public domain, and

to keep them out, is void. *Yates v. White*, 1925-NMSC-012, 30 N.M. 420, 235 P. 437.

**Grazing cattle on federal public lands.** — While 19-3-1 NMSA 1978 and this section purport to grant "possessory" interests in public domain lands that may be enforceable against non-federal claimants, no New Mexico statute grants (nor could it grant) a property interest in federal lands that may be enforced against the United States. *Diamond Bar Cattle Co. v. United States*, 168 F.3d 1209 (10th Cir. 1999).

**Possessory rights.** — One having appropriated and stocked range with cattle, and being the owner of permanent water for use upon said range for maintenance of cattle thereon, has possessory rights in said public lands, which he has the right to protect. *First State Bank v. Mc-New*, 1928-NMSC-040, 33 N.M. 414, 269 P. 56, overruled by *Walker v. U.S.*, 2007-NMSC-038, 142 N.M. 45, 162 P.3d 882.

**Effect of water rights.** — One who owns all of the waters on his range has the right to the exclusive enjoyment of the license to graze these lands as against all others who did not develop other waters upon the same. *Yates v. White*, 1925-NMSC-012, 30 N.M. 420, 235 P. 437; *Hill v. Winkler*, 1915-NMSC-077, 21 N.M. 5, 151 P. 1014, explained in *Vanderford v. ### 19-3-14. [Second or subsequent use of range; conditions.]

Whenever any person, company or corporation turns loose on any range in this state, already occupied or in the possession of another or others by virtue of their having complied with the provisions of the preceding section [19-3-13 NMSA 1978], he or they must be the owner or owners of, or must be lawfully entitled to the possession of some other living, permanent water upon such range, sufficient for the proper maintenance of all such additional cattle so turned loose, other than that owned by or lawfully possessed, or lawfully in the possession of any other person, company or corporation that may have previously appropriated, stocked or taken possession of such range in accordance with the provisions of this and the preceding section; and such person, company or corporation so turning loose cattle upon such range must at all times, furnish, supply and maintain upon such range such other permanent living water free and unfenced and upon the surface of the ground.

Any person, company or corporation violating the provisions of the preceding section [19-3-14 NMSA 1978] shall be guilty of a misdemeanor and punishable by imprisonment in the county jail of the county wherein the offense was committed, for a period not to exceed six months, or by a fine of not less than one hundred dollars [(\$100)] nor more than one thousand dollars [(\$1,000)], and such person, company or corporation violating such provisions as aforesaid shall further be liable to any party or parties injured for all damages which such party or parties may sustain; the same to be recoverable by a civil suit. All fines and costs so assessed and all damages which may at any time be awarded shall be and constitute a lien upon such herd of cattle.

#### ANNOTATIONS

**Grant of exclusive right invalid.** — Any attempt on the part of the legislature to grant the exclusive right or

**Entry pursuant to law essential.** — Probate judge takes no title to townsite land until entry is made pursuant to law. *Dugan v. Montoya*, 1918-NMSC-035, 24 N.M. 102, 173 P. 118.

**Requisites of complaint.** — In action under this section and Section 19-4-10 NMSA 1978, the complaint must show that plaintiff complied with the law as to filing and notice; and when the complaint shows legal title in one of the defendants, the plaintiff is barred from maintaining the suit. *Kemp Lumber Co. v. Whitlatch*, 1915-NMSC-075, 21 N.M. 88, 153 P. 1050, criticized in *Alvarez v. Board of Trustees*, 1957-NMSC-022, 62 N.M. 319, 309 P.2d 989.

**Remedy not foreclosed.** — Action of Catholic bishop on behalf of church, occupant of land granted to probate

judge in 1925 to be held in trust for the occupant, in seeking to have the land conveyed to him by townsite's board of trustees, operated neither as an election of remedies nor an estoppel in pais, nor did his act in defending the action brought to have the deed set aside have such an effect; the only remedy available to him was that provided in this section, which he pursued in his first affirmative judicial act of seeking a conveyance from the probate judge. *Alvarez v. Board of Trustees*, 1957-NMSC-022, 62 N.M. 319, 309 P.2d 989.

**Repeal of conflicting provisions.** — Two provisions of Section 19-4-10 NMSA 1978 are repugnant to and irreconcilable with this section and were therefore repealed thereby, namely, the absolute bar in Section 19-4-10 NMSA 1978 to an occupant who failed to file a claim within the specified time limit and the provision of Section 19-4-10 NMSA 1978 that upon failure to file a claim the property reverted to the town, since if failure to file resulted in property reverting to the town, title would no longer be in the probate judge and this section could never be utilized. *Alvarez v. ## 19-5-1. [Data on nature, character, quality and value of public lands; classification; duties of land commissioner.]

The commissioner of public lands is hereby authorized to expend, out of the state lands maintenance fund not to exceed \$10,000 per annum, for the purpose of obtaining full and complete data as to the nature, character, quality and value of the lands of the state of New Mexico, and their adaptability for grazing, stock farming and agriculture. **Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law.

**Compiler's notes.** — Laws 1919, ch. 78, § 1, set out the need for detailed information on the nearly 10,000,000 acres of land owned by the state in order to secure the just and proper administration thereof.

For constitutional duties of commissioner of public lands, see N.M. Const., art. XIII, § 2.

### ANNOTATIONS

**Declaration on land classification.** — This section and Section 19-5-2 NMSA 1978 constitute a legislative declaration that no classification of public lands has been

made and that the commissioner had not then had sufficient data from which to make such classification. *State ex rel. Otto v. Field*, 1925-NMSC-019, 31 N.M. 120, 241 P.1027.

**Constitutionality.** — Although N.M. Const., art. XIII, § 2 provides that the commissioner shall select, locate, classify and have the direction, control, care and disposition of all public lands under the provisions of the acts of congress relating thereto "and such regulations as may be provided by law," the fact that this section limits the commissioner to the expenditure of \$10,000 per year, which would prevent him from properly classifying and intelligently administering the trust of public lands imposed by the Enabling Act, does not make this act unconstitutional, particularly in view of the fact that the legislature may not have intended by it to restrict expenditures of the land commissioner in all things relating to appraisal, examination and classification of lands, but only had in mind additional detailed data than that then being gathered not immediately necessary at the time in administering

the trust, and restricted the expenditures to be used for obtaining that data. 1939-40 Op. Att'y Gen. No. 39-3202.

**Expenditures.** — Both this section and Sections 19-1-10, 19-1-11 NMSA 1978 may be considered as being in effect; under this section, in the procurement of detailed information and data, \$10,000 may be expended; and under the others whatever is necessary "for the purpose of inspecting, appraising and investigating state lands" in

dealing therewith shall also be paid out of the 20 percent maintenance fund over and above the \$10,000 provided hereby. 1939-40 Op. Att'y Gen. No. 39-3202.

He may allow such assistants while in actual discharge of their duties, per diem, in lieu of subsistence, at a rate not exceeding two and one-half dollars [(\$2.50)] and actual necessary transportation expenses, which shall be paid out of the state lands maintenance fund.

### 19-7-2. Formal requirements for applications; state officers and employees prohibited from acting as, or procuring, agents or attorneys.

All applications for the purchase of state lands and all applications for leases, whether for grazing, oil and gas, mining or other purposes, shall be made with ink or with typewriter using a record

ribbon, upon forms to be prescribed by the commissioner of public lands. All applications shall be signed by original applicant or his agent or attorneys authorized by written power of attorney, shall be acknowledged before an officer authorized to administer oaths and shall be accompanied by application fees for oil and gas, mining, business leases, grazing leases and other purposes, as appropriate, in amounts set by the commissioner of public lands by regulation. The fees shall be deposited in the state lands maintenance fund. No state officer or employee of the state land office shall act as agent or attorney or procure another to act as agent or attorney for any application, but this act [19-1-23, 19-7-2 to 19-7-6 NMSA 1978] shall not be construed so as to prevent the commissioner of public lands or any employee of the state land office from assisting applicants to make out their applications without pay.

#### ANNOTATIONS

**Leaseholds compensable in condemnation proceedings.** — In a condemnation suit brought by the United States against state grazing lease, for a five-year term as provided in the New Mexico Enabling Act, and issued under the statutory authority of this section with a preference right for renewal under Section 19-7-49 NMSA 1978, which

for all practical purposes was an absolute right as against other applicants, the trial court stated that compensation is to be based on a valuation formula which includes both the state-owned lands leased by the defendants as well as the fee lands of the defendants as one ownership unit, that defendants who have grazing leases of state-owned tracts have compensable interests therein and are to receive, upon distribution of the proceedings, the condemnation award for the state lands they have leased and finally, that the leases of the state-owned tracts executed or renewed by the state after July 1, 1970, created in the lessee a property compensable in these proceedings. *United States v. 41,098.98 Acres of Land*, 548 F.2d 911 (10th Cir. 1977).

### 19-7-3. [Numbering and dating applications upon receipt.]

All applications not accompanied by the proper deposit shall be immediately stamped "rejected, no deposit," and shall not be deemed proper applications. Minor defects in the wording of said applications shall not be deemed fatal to their validity, but the same may be corrected; provided, however, that the descriptions of land therein set forth shall be substantially correct so that said lands can be identified. All applications rejected for any reason shall have written thereon in ink or with typewriter using a record ribbon the reason for such rejection and the date thereof, and shall be preserved in the files of the office open to public inspection.

### ANNOTATIONS

**Contract not cancelable.** — Under the constitution and statutes, the state land commissioner has the power to alienate certain public lands which are held in trust for public schools within the limits and under the terms so prescribed. However, after having sold public lands on which a railroad as a trespasser had built a diversion dam and water pipe, such commissioner could not cancel the contract of sale of those lands covered by such improvements, despite the fact that the contract resulted from

mutual mistake by him and the purchasers, who were not aware of such improvements, that the improvements were of no value to purchaser, who was repaid no part of the consideration, and the contract was not divisible. *Application of Dasburg*, 1941-NMSC-024, 45 N.M. 184, 113 P.2d 569.

**Standing to sue.** — In a contest proceeding involving the right to lease certain state lands, lessee's heirs had no right to put in issue defendant's fraud in acquiring lease, where land was leased to defendant on refusal of administrator of lessee to renew lease. *Hart v. Walker*, 1935-NMSC-089, 40 N.M. 1, 52 P.2d 123.

**Standing in contest proceeding.** — A railroad, which was not a party to a case of the state before its state land commissioner, which was initiated by an order to show cause why a contract to purchase realty on which such railroad as a trespasser had made improvements should not be canceled, was not in position to urge a judgment in the supreme court directing cancellation of the contract under this section or Section 19-7-67 NMSA 1978. *Application of Dasburg*, 1941-NMSC-024, 45 N.M. 184, 113 P.2d 569, explained in *Ellison v. Ellison*, 1944-NMSC-012, 48 N.M. 80, 146 P.2d 173.

## 19-7-9. Sale and lease of state lands; conveyance for term of years; terms and conditions.

Any state lands offered for sale by the commissioner may be sold at the commissioner's discretion for cash or upon payment of not less than one-tenth of the purchase price in cash and payment of the balance in amortized installments for any period up to thirty years with interest on the principal balance at a rate to be set by the commissioner in the notice of auction pertaining to the particular sale in advance. Additional payments on the principal may be made at any time, but such payments shall not be effective for credit until the date the next installment is due. The purchase contract shall be upon a form prescribed by the commissioner prior to publication of the notice of auction and shall contain the terms and conditions the commissioner may deem to be in the best interest of the state and consistent with law. Should a purchaser die before completing the contract, the due date of the next installment payment shall, upon written application, be deferred by the commissioner for one year. In addition, the commissioner is authorized to convey for any period of time state lands under the commissioner's jurisdiction having value for commercial development or public use purposes, provided that:

A. all of the requirements for the disposition of lands set forth in the constitution of New Mexico and the New Mexico Enabling Act are complied with, including but not limited to those pertaining to appraisal at true value, advertising and public auction;

B. the term and nature of the estate to be conveyed is set forth in the public notice of auction pertaining to the particular conveyance; and

C. if the conveyance is a business lease for real estate planning or development purposes, then, notwithstanding the term of the lease, it shall only be issued after notice and competitive bid.

## ANNOTATIONS

**Rock was a reserved mineral.** — Where in 1919, the state land office classified all land owned by the state as mineral land and required the state to reserve all minerals when selling state lands; in 1930, the original purchaser, plaintiff's predecessors in title, applied to purchase state land for grazing purposes; and the purchaser and the appraiser stated that the land was non-mineral grazing land; in the sales contract, the purchaser agreed that the land was being purchased for purposes of grazing and agriculture, and that if minerals were discovered on the land, minerals would be reserved to the state; the patent for the land reserved to the state "all minerals of whatsoever kind"; and rock on the land had commercial value for use as railroad ballast and other construction aggregates, substantial evidence supported the finding that the intent of the parties to the original sale of the state land was that rock on the land constituted a mineral reserved to the state under the reservation of "all minerals of whatsoever kind". *Prather v. Lyons*, 2011-NMCA-108, 267 P.3d 78, cert. granted, 2011-NMCERT-010.

**Taxation.** — Under former 72-1-3, 1953 Comp., deferred payment purchasers' legal and equitable interests in state lands were taxable at full cash value, and the state could enforce collection of the tax against said interests. *Board of Equalization v. Heights Real Estate Co.*, 1964-NMSC-059, 74 N.M. 101, 391 P.2d 328.

**Issuance of patent prior to completion of payment.** — No specific authority is given the commissioner to issue a patent to a portion of a tract of land sold under contract when only that part covered by the patent has been paid for and the balance due under said contract has not been paid at the time the patent is issued. *Zinn v. Hampson*, 1956-NMSC-088, 61 N.M. 407, 301 P.2d 518.

**Sale of school lands.** — Under N.M. Const., art. XIII, § 2, and former C.S. 1929, § 132-162, the state land commissioner could alienate public lands held in trust for the public schools within the limits and under the terms of the Enabling Act. *Application of Dasburg*, 1941-NMSC-024, 45 N.M. 184, 113 P.2d 569.

**Exchange of state trust lands.** — The commissioner of public lands may exchange state trust lands for other public or private lands of equal or greater value provided that the exchange transaction is in substantial conformity with the requirements of the Enabling Act. 1991 Op. Att'y Gen. No. 91-15.

The commissioner may not exchange state trust lands for lands of equal value whether held in private ownership or by other state agencies, local governing bodies, trust land beneficiary institutions and federal agencies, other than the Department of the Interior. 1988 Op. Att'y Gen. No. 88-35, overruled by Op. Att'y Gen. No. 91-10.

**Partial assignment.** — Under this section a partial assignment of land under contract can be made, but any assignment, whether it be to the whole or to a portion of the land, is subject to final payment of the whole; if an assignment is made to a part, the commissioner, before issuing a patent to that portion, must await full and final

payment of all of the contract. 1955-56 Op. Att'y Gen. No. 55-6130.

**Extensions under former law.** — Under former 7-8-13, 1953 Comp., which provided for extensions of purchase contracts, the commissioner could extend present form of purchase contracts up to 30 years or the term of the original contract when doing so appeared in the interest of the state and of the purchaser. 1943-44 Op. Att'y Gen. No. 43-4282.

**Lease by purchaser.** — Purchaser of state lands under this plan is not authorized to lease the lands. 1919-20 Op. Att'y Gen. No. 19-2191.

**Terms of sale.** — The terms of sale of state lands must conform to this section, and no further sales can be made under the terms formerly in force. The holder of a contract under the old statute may surrender the same and take advantage of the new terms. 1917-18 Op. Att'y Gen. No. 17-1972.

discovered in rock, in place, are "lands known to contain valuable minerals" within the meaning of this section. *State ex rel. Otto v. Field*, 1925-NMSC-019, 31 N.M. 120, 241 P. 1027.

**Construction of section.** — The prohibition against sale of mineral lands is a prohibition against sale of the mineral content, not the surface, and in this construction § 10 of the Enabling Act is not offended. *State ex rel. Otto v. Field*, 1925-NMSC-019, 31 N.M. 120, 241 P. 1027.

**Mineral rights to be leased.** — Mineral content of state lands is to be disposed of only on lease, from which state is to derive royalties. *State ex rel. Otto v. Field*, 1925-NMSC-019, 31 N.M. 120, 241 P. 1027.

**Severance of surface rights.** — Commissioner of public lands may sever surface rights from mineral rights and reserve the one and sell the other. *Terry v. Midwest Ref. Co.*, 64 F.2d 428 (10th Cir.), cert. denied, 290 U.S. 660, 54 S.Ct. 74, 78 L.Ed. 571 (1933); *State ex rel. Otto v. Field*, 1925-NMSC-019, 31 N.M. 120, 241 P. 1027.

After the withdrawal of lands by the United States for any irrigation project, no application for the purchase of state lands within the limits of such withdrawal shall be accepted, except upon the conditions prescribed in this section. ## 19-7-29. [Grazing leases; rental rates; annual rental; appraisal of land.]

The commissioner of public lands of the state of New Mexico shall determine the annual rental to be charged for grazing lands belonging to the state, and such rentals shall be based

upon the classification and valuation herein provided for and upon the appraisal required by the act of congress granting the lands to the state. The commissioner shall, as soon as practicable, classify and determine the value of all grazing lands belonging to the state, and in such determination, shall take into consideration the carrying capacity of such lands; that is, the number of livestock such lands will reasonably carry per annum without injury to such lands. In determining such carrying capacity, the commissioner may take into consideration the determination by the grazing service of the bureau of land management, by the soil conservation service, by the forest service or by any other federal agency, of the carrying capacity of similar lands, and may also take into consideration the carrying capacity of similar patented lands as determined by the New Mexico state tax commission [property tax division of the taxation and revenue department] or other taxing authorities. In determining such capacity, five sheep shall be considered the equivalent of one cow, and the commissioner may determine such carrying capacity by counties or some natural division instead of by individual sections or leases. All appraisals of state grazing land hereafter made shall set out the opinion of the appraiser as to the average carrying capacity of the land appraised. The commissioner shall at all times take into consideration economic conditions in arriving at the value of grazing lands for leasing purposes, and shall have the power, in renewing any lease, to reduce the minimum rentals hereinafter set out by not more than thirty-three and one-third percent, if severe drouth or economic conditions, in his judgment, require such reduction. All leases for grazing purposes entered into for any period beginning after the effective date of this act [section] shall carry a minimum annual rental per acre as follows:

#### Number of cows the land will

carry per section

Annual rental

5 head and less	3 cents per acre
6 head	4 cents per acre
7 head	5 cents per acre
8 head	6 cents per acre

Any state grazing leases which, at the time of the passage and approval of this act [section], are subject to any civil action by the government of the United States or are subject to any supplemental agreement with the United States government in any land acquisition program by the United States in the establishment of military reservations within this state, shall not be subject to the

minimum rates established by this act [section], but shall be at the rate established and ordered by the commissioner of public lands.

Section 72-6-1, 1953 Comp., providing for a state tax commission, was repealed by Laws 1970, ch. 31, § 22. Laws 1970, ch. 31, §§ 21 and 22, compiled as 72-25-20, 72-25-21, 1953 Comp., establishing the property appraisal department, were repealed by Laws 1974, ch. 92, § 34 (amending Laws 1973, ch. 258, § 156), effective January 1, 1975. Laws 1973, ch. 258 and Laws 1974, ch. 92, dealt with the property tax department, which department was given authority for valuation of property for tax purposes. Laws 1977, ch. 249, § 45, compiled as 7-2-2 NMSA 1978, abolished the property tax department. The taxation and revenue department, consisting of several divisions, including a property tax division, was established by Laws 1977, ch. 249, § 4, compiled as 9-11-4 NMSA 1978.

#### ANNOTATIONS

### 19-7-30. Grazing or agricultural leases; maximum term; method of payment.

All leases for grazing or agricultural purposes shall be for a term of not exceeding five years except as provided in this chapter. All rents are payable cash in advance or, if the lessee so elects, may be divided into five equal annual payments as follows: one-fifth in advance, the remainder to be evidenced by four equal joint and several promissory notes of even date with the lease, signed by the lessee and by two other persons satisfactory to the commissioner, due in one, two, three and four years respectively, but the commissioner may by regulation provide for waiving the promissory note requirement and may also by regulation provide for acceptance of a surety bond in lieu of promissory notes. All leases shall terminate on the thirtieth of September.

**Lease relinquishment and consolidation.** — Allowing relinquishment of a lessee's several existing leases on grazing or agricultural lands subject to the Enabling Act and permitting application for a new consolidated lease, with the net result being a lease of more than five years' duration without the opportunity for competitive bidding or adverse applications as provided by law is beyond the discretion of the commissioner of public lands. 1969 Op. grazing allotment of another where the land is not being used by prior lessee; provided, however, the holder of such grazing allotment has made timely and proper application to lease such land.

The commissioner of public lands in his discretion and after investigation of the facts may withhold approval of application to lease any land which at any time is open and unleased for grazing purposes, whether now owned, or hereafter acquired, by the state of New Mexico, which land is located within the duly permitted individual Taylor grazing allotment of another; provided, however, that the holder of such allotment permit, after reasonable notice, shall make application therefor.

Rentals shall constitute a first lien on any and all improvements and crops upon the land leased, prior and superior to any other lien or encumbrance whatsoever whether created with or without notice of the lien for rental due or to become due. When any rental is due and unpaid the commissioner may forthwith attach, without attachment bond, all improvements and crops upon the land leased, or so much thereof as may be sufficient to pay such rental together with all costs necessarily incurred in the enforcement of such lien, and the enforcement of such lien shall work a forfeiture of such lease. The failure of any lessee of state land to pay the rental therefor when due or to furnish additional security for any deferred payment, when required by the commissioner, shall be sufficient cause for declaring any such lease forfeited.

#### ANNOTATIONS

**Options on default.** — Where the lessee of a grazing lease of public lands had defaulted on payments of notes, the commissioner had the option to look to lessee and

All sales of state lands embraced within such lease shall be made subject to all the terms and provisions thereof, except the right of the lessee to a renewal at the end of the term. Provided that nothing in this act [section] shall prevent the commissioner from granting right-of-way [rights-of-way] and easements over, across or upon the land embraced in the lease for public highways, railroads, tramways, telegraph, telephone and power lines, irrigation works, mining, logging and business leases.

## 19-7-36. [Assignment or relinquishment of lease; consent of commissioner required.]

### ANNOTATIONS

**Assignment of lease without approval of commissioner is void.** *Scharbauer v. Graham*, 1933-NMSC-043, 37 N.M. 449, 24 P.2d 288.

**Within discretion of commissioner.** — One who challenges discretion of commissioner in disapproving of assignment of lease must show a clear right. Such discretion may not be disturbed or controlled by the courts except in a plain case of abuse. *Raynolds v. Hinkle*, 1933-NMSC-060, 37 N.M. 493, 24 P.2d 738.

**Lease as collateral security.** — The owner and holder of a state grazing lease may assign his interest therein as collateral security. *American Mortgage Co. v. White*,

**Same not an encumbrance.** — An assignment of a state grazing lease as collateral security is not in violation of the provision of the Enabling Act prohibiting the mortgage or encumbrance of state lands granted therein. *American Mortgage Co. v. White*, 1930-NMSC-030, 34 N.M. 602, 287 P. 702.

**Commissioner necessary party to suit.** — To invoke the equitable jurisdiction of the court in a suit affecting rights of the state in school lands, the commissioner of public lands is a necessary and indispensable party. *Burguete v. Del Curto*, 1945-NMSC-025, 49 N.M. 292, 163 P.2d 257, distinguished in *Shelley v. Norris*, 1963-NMSC-193, 73 N.M. 148, 386 P.2d 243.

Suit to determine rights to the use of state school lands by one not a party to the lease and a stranger to the commissioner, under an agreement to which the state was not a party, where commissioner was not a party to the suit and suit did not grow out of a contest before the commissioner, cannot be maintained since such an adjudication would affect

rights of the state. *Burguete v. Del Curto*, 1945-NMSC-025, 49 N.M. 292, 163 P.2d 257, distinguished in *Shelley v. Norris*, 1963-NMSC-193, 73 N.M. 148, 386 P.2d 243.

In absence of commissioner of public lands as a party to the suit, supreme court will not approve a decree to modify a state land lease to show that a total stranger to the original lease has a half interest therein. *Burguete v. ## 19-7-37. Assignment of grazing or agricultural lease or purchase contract as collateral; approval of commissioner; effect.

Any lease of state lands for grazing or agricultural purposes and any contract for the purchase of state lands may be assigned as collateral security, with the approval of the commissioner of public lands; and after such approval such assignment shall have the effect of giving the assignee a lien on any lease or purchase contract so assigned, or any renewal or renewals thereof by assignor and all rights of renewal of any such lease, together with the improvements thereon, to secure the indebtedness specified in such assignment and any further advances or expenditures authorized to be made by the assignee by the terms of such assignment; and after any such assignment shall be approved by the commissioner of public lands, and while same is in force and effect as hereinafter provided, no relinquishment or assignment of a lease or transfer of a state purchase contract, or portions thereof, embraced in such assignment shall be accepted or approved for filing respectively by the commissioner of public lands, unless the holder of such collateral assignment shall release in writing any collateral assignment held by him covering such lease or contract being transferred, assigned or relinquished or, in case of assignment only, unless the assignee agrees in writing to assume or take the lease or contract subject to the rights of any collateral assignee. The preference right of renewal of any lease held under collateral assignment shall be vested in the holder of such assignment, subject only to the right of renewal of the lessee at the date of expiration of said lease, and to all the provisions of law now in effect or hereinafter enacted; provided, however, that any renewal lease issued to subsequent collateral assignees, under the preference right of renewal provided for herein, shall be subject to the rights of the holders of the prior assignments of record in the state land office.

### ANNOTATIONS

**Assignment as collateral security.** — The owner and holder of a state grazing lease may assign his interest

therein as collateral security. *American Mortgage Co. v. White*, 1930-NMSC-030, 34 N.M. 602, 287 P. 702, distinguished in *Arrow Gas Co. v. Lewis*, 1962-NMSC-145, 71 N.M. 232, 377 P.2d 655.

**Assignment as collateral security.** — It is not a violation of law to assign a grazing lease obtained from the state land commissioner, as collateral security, so as to render the lease subject to cancellation. *Lusk v. First Nat'l Bank*, 1942-NMSC-056, 46 N.M. 445, 130 P.2d 1032.

**Foreclosure on contract assigned as collateral.** — An assignment of a contract for the purchase of state lands creates a lien on the contract itself rather than on the land covered by the contract; thus, a creditor who forecloses on a state land contract assigned as collateral for

a debt obtains only the right to a new purchase contract. *U.S. v. Agri Servs., Inc.*, 81 F.3d 1002 (10th Cir. 1996).

**Irregular assignment.** — Though this act prescribes the proper method and manner of making assignments of

grazing and agricultural leases, it does not follow that an assignment which is not made in strict compliance with its terms is subject to cancellation. *Lusk v. First Nat'l Bank*, 1942-NMSC-056, 46 N.M. 445, 130 P.2d 1032.

### 19-7-38. [Presenting assignment to commissioner; indexing; filing; public inspection.]

All such assignments shall be presented to the commissioner of public lands for his approval, and, after approval by the commissioner, shall be indexed in a book kept for that purpose and filed in a suitable place provided by the commissioner. The commissioner is authorized and directed to provide and install, as soon as possible after the passage of this act [19-7-37 to 19-7-45 NMSA 1978], a full and complete system for the indexing and filing in his office of such assignments, as is necessary for carrying out the provisions of this act, and such indexes and files shall be open for inspection by the public during business hours of the office of the commissioner of public lands, under such reasonable rules and regulations as may be prescribed by the commissioner.

**History:** Laws 1933, ch. 126, § 2; 1939, ch. 48, § 2; 1941 Comp., § 8-837; 1953 Comp., § 7-8-40.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law.

### 19-7-39. [Form of assignment; contents; acknowledgment; constructive notice; recording waived.]

Such assignments shall be executed on forms to be prescribed by the commissioner of public lands, which forms shall specify the number of the lease or purchase contract assigned, the description of the land embraced in such lease or purchase contract, the date of the expiration of the lease assigned, the name of the assignee and the amount of the indebtedness which the assignment is given to secure, and may provide for further advances by the assignee up to a specific amount. Such assignments shall be acknowledged by the assignor in the manner provided by law for the acknowledgment of conveyances affecting real estate, and, when filed in the office of the commissioner of public lands and approved by him, shall be constructive notice to all persons of the contents of such assignments from the date of such approval, and it shall not be necessary to record such instruments in the county where the lands affected thereby are located. Provided, that when more than one lease or purchase contract is assigned to secure the same indebtedness, any and all such leases or purchase contracts shall be assigned by separate instrument.

**History:** Laws 1933, ch. 126, § 3; 1935, ch. 47, § 1; 1937, ch. 51, § 2; 1941 Comp., § 8-838; 1953 Comp., § 7-8-41.

### 19-7-40. [Assignments not filed and approved; effect.]

Any such assignment not filed in the office of the commissioner of public lands and approved by him shall be void as to subsequent assignees, whether for collateral security or otherwise, and as to holders of subsequent relinquishments, without notice, as to judgment or attaching creditors, from the date of the entry of such judgment or levy of such attachment, as to trustees in bankruptcy, from the date of the adjudication in bankruptcy, as to receivers, from the date of filing of the order of appointment and as to assignees for the benefit of creditors, from the date of the recording of the assignment.

#### ANNOTATIONS

**Intent of legislature.** — This section shows the clear intent of the legislature that the property interest in a lease of state lands be subject to the ordinary processes

and remedies of which a judgment creditor may avail himself. 1955-56 Op. Att'y Gen. No. 55-6337.

**Priorities.** — This section establishes the respective priorities of ordinary assignees and holders of relinquishments, on the one hand, and judgment creditors, attaching creditors, trustees in bankruptcy, receivers and assignees for the benefit of creditors on the other. 1955-56 Op. Att'y Gen. No. 55-6337.

### 19-7-41. [Foreclosure of assignments; rights of purchaser.]

The collateral assignments of record in the state land office upon grazing leases may be foreclosed in the manner provided by law for the foreclosure of chattel mortgages, and the collateral assignments of record in the state land office upon state purchase contracts may be foreclosed in the manner provided by law for the foreclosure of mortgages on real estate, and the purchaser at any sale under such foreclosure, if otherwise qualified to lease or purchase state land, as the case may be, on the filing with the commissioner of public lands of the transfer to him of any such lease or purchase contract, pursuant to any such foreclosure sale, and the payment of all delinquent payments on the lease or purchase contract so transferred, shall be entitled to a new lease or purchase contract on his compliance with all the conditions governing the lease or purchase of state lands, now or hereafter provided by law, or by regulation of the commissioner of public lands; provided, however, that in the event the collateral assignment foreclosed was subject to or inferior to a prior assignment, a purchaser at such foreclosure sale shall take such new lease or purchase contract subject to all prior assignments filed and approved in accordance with this act [19-7-37 to 19-7-45 NMSA 1978]. Any purchaser at such foreclosure sale shall also be entitled to the improvements on the lands covered by the lease or purchase contract purchased by him and to all rights of renewal of any such lease held by the original lessee; subject, however, to the rights of the holders of any prior assignments of record in the state land office.

**History:** Laws 1933, ch. 126, § 6; 1937, ch. 51, § 3; 1939, ch. 48, § 4; 1941 Comp., § 8-841; 1953 Comp., § 7-8-43.

#### ANNOTATIONS

**Foreclosure on contract assigned as collateral.** — An assignment of a contract for the purchase of state lands creates a lien on the contract itself rather than on the land covered by the contract; thus, a creditor who

forecloses on a state land contract assigned as collateral for a debt obtains only the right to a new purchase contract. *United States v. Agri Servs., Inc.*, 81 F.3d 1002 (10th Cir. 1996).

**Sale of lease.** — Execution sale of the interest of a lessee in state lands may be had, subject to approval by the land commissioner of the purchaser as lessee. 1955-56 Op. Att'y Gen. No. 55-6337.

**Transfer to purchaser.** — The transfer to purchaser of the lease pursuant to an execution sale should be filed with the land commissioner and upon approval of purchaser as a lessee, the commissioner should issue a new lease to the purchaser at sale in the same manner as provided for a purchaser under foreclosure of assignments of state-leased lands under this section. 1955-56 Op. Att'y Gen. No. 55-6337.

### 19-7-42. [Release of assignments; recording.]

Such assignments may be released by the execution by the assignee of a release in form to be prescribed by the commissioner, and any such release shall likewise be recorded in the books hereinabove prescribed.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law.

### 19-7-43. [Conditions for approval; right of cancellation reserved; preference of state liens.]

No such assignment shall be approved by the commissioner of public lands until all delinquent payments on the lease or purchase contract so assigned have been paid; and nothing herein contained shall prevent the commissioner of public lands from canceling any lease or purchase contract so assigned because of the failure to make any payments due thereon, or for any noncompliance with the provisions of said lease or purchase contract. None of the provisions of this act [19-7-37 to 19-7-45 NMSA 1978] shall be held to give any assignee or purchaser any preference or priority over the lien or claim of the state on any lease or purchase contract so assigned, or the improvements thereon, as now or hereafter provided by law; and any such assignment and any rights acquired on any foreclosure thereof shall be subject to the lien and claim of the state on such lease or purchase contract and the improvements thereon.

The commissioner of public lands is authorized to make, publish and enforce all necessary and reasonable rules and regulations for carrying out the purposes and provisions of this act [19-7-37 to 19-7-45 NMSA 1978], and shall collect a uniform fee of one dollar [(\$1.00)] for the filing and recording of any instrument under the provisions hereof, which fees shall be covered into the maintenance fund of his office.

#### ANNOTATIONS

**Discretion of commissioner limited.** — While the commissioner of public lands has a great deal of discretionary authority in managing the public lands of the state, his discretion is limited by express provisions in the law. 1969 Op. Att'y Gen. No. 69-67.

No rights in public lands may be given or acquired contrary to law by circumvention, indirection or otherwise,

no matter how valid or well-intentioned the underlying reason may be. 1969 Op. Att'y Gen. No. 69-67.

**Practice not authorized.** — Practice of allowing relinquishment of a lessee's existing leases on grazing or agricultural lands subject to the Enabling Act and application for a new consolidated lease, the net result being a lease of more than five years' duration without the opportunity for competitive bidding or adverse applications as provided by law, is beyond the discretion of the commissioner of public lands. 1969 Op. **Rules have effect of law.** — Rules promulgated by the commissioner under this section when authorized by law and not contrary to it have the effect of law. 1969 Op. Att'y Gen. No. 69-67.

### 19-7-45. [Construction of act; prior assignments and mortgages.]

This act [19-7-37 to 19-7-45 NMSA 1978] shall not be construed to affect any assignment, mortgage or other instrument covering any purchase contract or lease of state lands for grazing or agricultural purposes or improvements thereon heretofore given for the purpose of securing any indebtedness and any such instrument or a certified copy thereof may be filed in the office of the commissioner of public lands and when so filed shall be constructive notice to all persons of the contents thereof and the lien created thereby may be foreclosed in accordance with the provisions of this act. Provided, however, the provisions of this act prescribing forms or requiring the approval of assignments by the commissioner of public lands shall not apply to such instruments.

**History:** Laws 1933, ch. 126, § 10; 1937, ch. 51, § 5; 1941 Comp., § 8-845; 1953 Comp., § 7-8-47.

### 19-7-49. [New grazing lease; time for filing application; prior lessee preferred.]

Every grazing lessee who desires a new lease on the same lands for a term not exceeding five years shall make and file with the commissioner his application for such new lease on or before August 1st next preceding the expiration of his existing lease; and any and all other applicants for a like lease on such land shall make and file with the commissioner their applications on or before September 1st next preceding the expiration date of such existing lease. If more than one such application to lease be filed as herein provided, one of which shall be that of the holder of the existing lease, the commissioner shall lease such land to the bona fide applicant offering the highest annual rental therefor, if to anyone; except that the commissioner, before so doing, if another bona fide applicant shall offer a higher rental than that offered by the holder of the existing lease, shall give written notice to the holder of the existing lease, immediately after September 1st next preceding the expiration of such lease, of the name and address of the applicant offering the highest annual rental and the amount of such offer, and if the holder of the existing lease, on or before September 30th next ensuing, shall meet such offer and has, in good faith, complied with all the requirements of his existing lease, the lease shall be awarded to him, if to anyone.

## ANNOTATIONS

**Condemnation of leased lands.** — Defendant lessees, in a condemnation suit by the federal government, holding grazing leases of state-owned tracts, have compensable interests therein, for which they should receive, upon distribution of the proceedings, the condemnation award for the lands they have leased from the state; furthermore, the leases of the state-owned tracts executed or renewed by the state after July 1, 1970, created in the lessee a property compensable in these proceedings. *United States v. 41,098.98 Acres of Land*, 548 F.2d 911 (10th Cir. 1977).

In a condemnation suit brought by the United States against state grazing lease held by appellees for a five-year term as provided in the New Mexico Enabling Act, and issued under statutory authority, with a preference right for renewal under this section, which for all practical purposes was an absolute right as against other applicants, the court approved a compensation formula including both the state-owned lands leased by the defendants as well as the fee lands of the defendants as one ownership unit. *United States v. 41,098.98 Acres of Land*, 548 F.2d 911 (10th Cir. 1977).

**Effect of renewal on mortgage.** — As between mortgagor and mortgagee, a renewal of a grazing lease was to be regarded as merely a continuation of the original lease, and the operation of this principle was not defeated by the fact that the lease assigned contained no covenant of renewal. *Scharbauer v. Graham*, 1933-NMSC-043, 37 N.M. 449, 24 P.2d 288 (case decided under former law).

**Effect of expiration during cancellation suit.** — Mere fact that lease expired prior to decision in the district court did not render moot the question presented by a contest seeking cancellation of the lease by reason of a sublease in violation of its terms, because of the preference right of the holder of the old lease to a new lease. *Lusk v. First Nat'l Bank*, 1942-NMSC-056, 46 N.M. 445, 130 P.2d 1032.

**Right of renewal.** — Preference right of renewal under former law referred to all leases issued by the public lands commissioner, including leases of five years and less which the commissioner could make without advertisement and sale at public auction; in case of conflicting rights, the preference was to the one holding the superior right in the judgment of the commissioner. *State ex rel. McElroy v. Vesely*, 1935-NMSC-096, 40 N.M. 19, 52 P.2d 1090 (decided under prior law).

**Part of lease.** — Former C.S. 1929, § 132-120, giving preference right of renewal, was a part of a state land lease. *State ex rel. McElroy v. Vesely*, 1935-NMSC-096, 40 N.M. 19, 52 P.2d 1090 (decided under prior law).

**But not absolute.** — Although former C.S. 1929, § 132-120 gave to good-faith lessee of state lands preferred right to renew lease, it was not the intent of the legislature to give an absolute right of renewal, which would run counter to the Enabling Act. *State ex rel. McElroy v. Vesely*, 1935-NMSC-096, 40 N.M. 19, 52 P.2d 1090, explained in *Ellison v. Ellison*, 1944-NMSC-012, 48 N.M. 80, 146 P.2d 173 (decided under prior law).

**Waiver of preference.** — Decedent's right to renewal of lease of state lands passed to administrator, who waived such right when he refused to accept renewal, knowing that lease assignment had been fraudulently obtained from decedent's heir; also, such refusal cut off the right of decedent's heirs to claim lease, either through preference or as beneficiaries under lease. *Hart v. Walker*, 1935-NMSC-089, 40 N.M. 1, 52 P.2d 123.

**Mandamus not available.** — Under former law, the lessee's right of renewal did not justify mandamus against the public lands commissioner, which right had to originate in the constitution or statutes; the Enabling Act, § 10, did not give the lessee absolute right. *State ex rel. McElroy v. Vesely*, 1935-NMSC-096, 40 N.M. 19, 52 P.2d 1090.

**Notice.** — Those who may wish to apply and bid for a lease on lands covered by an expiring lease are deprived of "notice" in the case of a consolidation of leases by relinquishment and reissuance. 1969 Op. Att'y Gen. No. 69-67.

The "notice" which is given is simply contained in the records of the land office showing that a five-year lease has been granted and, in the normal course, will expire under its terms at the end of that time. 1969 Op. Att'y Gen. No. 69-67.

## 19-7-50. [Violation of lease or instrument covering state lands; notice; forfeiture for noncompliance with demand.]

The violation of any of the terms, covenants or conditions of any lease or instrument in writing executed by the commissioner covering state lands, or the nonpayment by any lessee of such lands of rental when due, shall, at the option of the commissioner, work a forfeiture of any such lease or instrument in writing after thirty days' notice thereof to the lessee and the holders of any collateral assignments by registered mail, addressed to his or their last known post-office address of record in the state land office; provided, if within said thirty days the lessee or the holders of any collateral assignments shall comply with the demand made in any such notice, cancellation shall not be made.

### ANNOTATIONS

**Constitutionality.** — This section does not violate N.M. Const., art. IV, § 32, or art. XIII, § 2, as there is no obligation or liability of the purchaser owed to the state. Although the state agrees to sell the land, the purchaser does not expressly agree to buy it, but rather, he agrees to make the payments promptly and to pay the taxes; the only remedy expressly reserved by the state for default is cancellation at option of commissioner, with retention of all payments of principal and interest, as liquidated damages. *Vesely v. Ranch Realty Co.*, 1934-NMSC-067, 38 N.M. 480, 35 P.2d 297.

**Notice for benefit of lessee.** — Inasmuch as the 30 days' notice of cancellation of contract is for the benefit of the party whose rights the commissioner proposes to terminate, the succeeding commissioner cannot object to the lack of notice. *Vesely v. Ranch Realty Co.*, 1934-NMSC-067, 38 N.M. 480, 35 P.2d 297.

**Show cause notice inadequate.** — Notice to show cause why a lease should not be canceled was a notice of contest and not notice of forfeiture required by this section. *Commissioner of Pub. Lands v. Van Bruggen*, 1947-NMSC-009, 51 N.M. 108, 179 P.2d 528.

An offending lessee is entitled to a notice of a claimed violation of the terms of the lease, so he may meet the demand to cease within 30 days in which case no cause exists for cancellation, and where his only warning was an order to show cause why his lease should not be canceled, the notice was inadequate to permit cancellation. *Commissioner of Pub. Lands v. Van Bruggen*, 1947-NMSC-009, 51 N.M. 108, 179 P.2d 528.

**Options of commissioner upon default.** — Where lessee had defaulted on payment of notes, commissioner had option to look to lessee and endorsers for payment, and to the security of the lien on improvements, or cancel the lease. Commissioner may insert acceleration clause in lease. *Raynolds v. Hinkle*, 1933-NMSC-060, 37 N.M. 493, 24 P.2d 738.

**Grounds for transfer to creditor.** — A creditor of a lessee of state lands demanding transfer to him of the rights of such lessee in default of payment of rentals must show that lessee's default has become fixed as provided in this section. *American Mortg. Co. v. White*, 1930-NMSC-030, 34 N.M. 602, 287 P. 702, distinguished in *Arrow Gas Co. v. Lewis*, 1962-NMSC-145, 71 N.M. 232, 377 P.2d 655.

**Collateral security.** — It is not a violation of law to assign a grazing lease obtained from the state land commissioner, as collateral security, so as to render the lease subject to cancellation. *Lusk v. First Nat'l Bank*, 1942-NMSC-056, 46 N.M. 445, 130 P.2d 1032.

**Grounds for cancellation.** — Where grazing lease does not have clause providing for cancellation upon notice, except for violation of the conditions, covenants and terms of the lease or nonpayment of rental when due, the commissioner is without authority to cancel. 1943-44 Op. Att'y Gen. No. 44-4539.

## 19-7-51. [Improvement on grazing or agricultural lease; restrictions.]

Except by the express written consent of the commissioner, improvements upon leased state lands held under one lease shall be limited as follows: upon those leased for grazing purposes, fences only, at a cost not exceeding one hundred and fifty dollars (\$150) per mile, and necessary corrals, at a cost not exceeding two hundred dollars (\$200); upon those leased for agricultural purposes, fences at a cost not exceeding one hundred and fifty dollars (\$150) per mile for exterior boundaries and seventy-five dollars (\$75) per mile for inside cross-fences; barns, dwellings and all other buildings, at a total cost not exceeding six hundred dollars (\$600); wells and irrigation systems at a total cost not exceeding one thousand dollars (\$1,000); and for improvements to the land, such as orchards, plowed land, crops, etc., the amount allowed shall be only the amount added to the natural value of the land by such improvement, but in no case to exceed a total of ten dollars (\$10.00) per acre for lands actually so improved. For the purposes of this chapter fences and growing crops shall be considered as movable improvements, and all other improvements as permanent improvements.

Any person, association of persons or corporation authorized to transact business in the state, occupying any lands the title to which is acquired by the state by operation of law, shall have a preference right to lease same in accordance with the provisions of this chapter; provided application so to do is made within thirty days from and after the acquisition of such title. ## 19-7-54. Municipalities leasing lands within five miles of limits; uses; term.

Wherever any lands belonging to the state or under the supervision of the commissioner are situate within five miles of any municipality and the municipality may have use for the state lands for airports, parks, swimming pools, fairgrounds, playgrounds, economic development or other municipal purposes, the municipality is authorized and empowered to lease the lands or so much

thereof as may be reasonably necessary for such purpose from the commissioner, and upon receipt of a request for such a lease, the commissioner is authorized and empowered to enter into such a lease for a term not exceeding forty years upon such reasonable terms and conditions as may be prescribed by the commissioner.

**History:** Laws 1929, ch. 53, § 1; C.S. 1929, § 132-601; 1941 Comp., § 8-853; 1953 Comp., § 7-8-58; 2020, ch. 21, § 1.

The 2020 amendment, effective July 1, 2020, provided that a municipality may lease certain state lands for purposes of economic development, and increased the term

for certain leases of state land entered into between a municipality and the state; and added the new section heading, after "playgrounds", added "economic development", and after "not exceeding", deleted "twenty-five" and added "forty".

## 19-7-55. Counties and school districts leasing state lands; uses; term.

A. Any county or school district within the state that may have use for any state lands for any purpose incidental to the powers of the county or school district shall have the right and power to lease the lands or so much thereof as may be reasonably necessary for such purpose from the commissioner, and upon receipt of a request for such a lease, the commissioner is authorized and empowered to enter into such a lease for a term not exceeding forty years upon such reasonable terms and conditions as may be prescribed by the commissioner.

B. In setting the terms and conditions of any lease to a school district, the commissioner shall, upon the request of the governing body of the school district, provide that the rental costs for the lease be paid from the school district's share of the current school fund established in Article 12, Section 4 of the constitution of New Mexico, or the common school current fund created in Section 19-1-17 NMSA 1978.

C. The necessary documentation to achieve this appropriation shall be submitted to the state treasurer by the commissioner. The appropriation made hereby is a continuing appropriation.

The 2020 amendment, effective July 1, 2020, increased the term for certain leases of state land entered into between a county or school district and the state; added new subsection designations A through C, and in Subsection A, after "not exceeding", deleted "twenty-five" and added "forty".

The 1985 amendment, effective August 16, 1985, added the second and third paragraphs and, in the first paragraph, deleted "of New Mexico" following "state" and substituted "the county" for "said county" and "the lands" for "such lands" near the beginning, deleted "or purposes" following "purpose" and substituted "the commissioner, and the commissioner is authorized" for "the commissioner of public lands of the state of New Mexico, and said commissioner of public lands is hereby authorized" near the middle and deleted "of public lands" at the end.

## 19-7-56. [Preference right of municipality, county or school district; payment for prior improvements.]

Any such municipality, county or school district, shall at all times have a preference right to lease said state lands, and the commissioner of public lands shall prefer the application of said municipality, county or school district over any other application for lease upon the same land. Provided, nevertheless, that before any such lease is granted the lessee shall be required to pay the reasonable value of any improvements placed upon said state lands by a former lessee for the use of the owner of said improvements.

The commissioner may grant rights of way and easements over, upon or across state lands for public highways, railroads, tramways, telegraph, telephone and power lines, irrigation works,

mining, logging and other purposes upon payment by the grantee of the price fixed by the commissioner, which shall not be less than the minimum price for the lands, used, as fixed by law. The commissioner may grant a right of way or easement over, upon or across state lands for oil, hazardous liquid and gas pipelines if the right-of-way grant or easement requires compliance with the Pipeline Safety Act, Section 70-3-11, et seq., NMSA 1978, and rules adopted pursuant to that act and provides for regulatory and agencies' access to records of compliance.

**Damage liability.** — Persons performing seismicographic work upon state land with consent of mineral

lease holders and commissioner of public land are liable for damages caused to holders of grazing leases on the land, since, under § 11 of the form lease found at 19-10-4.1 NMSA 1978, mineral lease holder would be liable for such damages. *Tidewater Associated Oil Co. v. **Easement taken without compensation.** — Rights-of-way across state lands for highway purposes for such lands were impressed with that easement when granted to the state in 1910, confirmed by act of congress (U.S. Rev. Stat., § 2477; U.S. Comp. Stat. 1916, § 4419). Such easement may be taken without compensation. 1921-22 Op. Att'y Gen. No. 22-3454.

**Railroad rights-of-way.** — The legislation on the subject of railroad rights-of-way over public lands having been uniform in provisions, the commissioner of public lands is authorized to grant a railroad right-of-way over public lands, under this section, although the railroad was incorporated under the 1905 act. 1914 Op. The location of any right-of-way through any canyon, pass or defile shall not cause the disuse of any wagon [road] or other public highway now located therein, nor prevent the location through the same of any such wagon road or highway, where such road or highway may be necessary for the public accommodation; and where any change in the location of such wagon road is necessary to permit the use of such right-of-way or easement, the user of such right-of-way or

## 19-7-59. Repayment of money erroneously paid on lease or purchase contract after distribution.

A. The duties, responsibilities and activities of the commissioner of public lands and lessees of state trust land and minerals set out in this section shall be performed in a timely manner.

B. Money erroneously paid on account of a lease or sale of state lands, which money is not carried in a suspense fund but has been distributed to the proper income or permanent fund, shall be repaid in the manner prescribed in this section.

C. If the money erroneously paid was for royalty due under a lease, then, subject to a subsequent audit by the commissioner of public lands or the commissioner's agent, the lessee may either request a refund or may recoup the money by deducting an equivalent amount from subsequent royalty payments due for the same lease and any other lease with the same trust beneficiary; provided that if the amount erroneously paid pursuant to this subsection is greater than fifty thousand dollars (\$50,000) for a lease, no deduction from subsequent payments shall be made without the prior approval of the commissioner of public lands; and, provided further that, no initial claim for recoupment shall be made after six years from the date on which the initial royalty obligation became due.

D. If the amount of money erroneously paid is less than ten thousand dollars (\$10,000), then, after a claim for a refund has been filed pursuant to Section 19-7-60 NMSA 1978 and approved by the commissioner of public lands, no court action shall be necessary and a refund shall be made under Section 19-7-62 or 19-7-63 NMSA 1978.

E. All other money erroneously paid shall be refunded pursuant to the provisions of Sections 19-7-60 through 19-7-63 NMSA 1978.

**History:** Laws 1931, ch. 99, § 1; 1941 Comp., § 8-858; 1953 Comp., § 7-8-63; Laws 1979, ch. 234, § 1; 1989, ch. 11, § 1; 1994, ch. 102, § 1; 2007, ch. 61, § 1.

The 2007 amendment, effective July 1, 2007, added a new Subsection A to require the commissioner and lessees to perform acts in a timely manner; in Subsection C, required commissioner approval of deductions if an erroneous royalty payment under a lease is greater than \$50,000; limited actions for recoupment of erroneous royalty payments to six years; and Subsection D, eliminated the necessity of court action to recover erroneous royalty payments of less than \$10,000.

The 1994 amendment, effective May 18, 1994, inserted "and any other lease with the same trust beneficiary" and substituted "erroneously paid pursuant to this subsection" for "to be recouped under this paragraph" in Subsection B.

The 1989 amendment, effective June 16, 1989, deleted "to income fund" at the end of the catchline, designated the formerly undesignated provisions as Subsection A and made minor stylistic changes therein, and added Subsections B through D.

### ANNOTATIONS

**Error of fact essential.** — To authorize a refund under this section, there must be an error of fact. *Staplin v. Vesely*, 1937-NMSC-073, 41 N.M. 543, 72 P.2d 7.

**Allegation and proof.** — "Erroneous" payment must be alleged and proved to authorize a recovery under this section. *Staplin v. Vesely*, 1937-NMSC-073, 41 N.M. 543, 72 P.2d 7.

**Actual payment to commissioner required.** — Since the claimant had not actually paid money to the commissioner, it did not have a valid claim for refund because a payment attributed to the commissioner's benefit does not meet the requirements of this act. The act is clear in requiring that an overpayment must be erroneously made to the commissioner or to funds administered by the commissioner. In addition, the plain meaning of "refunds" from a governmental entity is "money received by the government or its officers which, for any cause, are to be refunded or restored to the parties paying them." *Anadarko Petroleum Corp. v. Baca*, 1994-NMSC-019, 117 N.M. 167, 870 P.2d 129.

**Advance payments.** — Laws 1945, ch. 111 (19-10-3, former 19-10-10 NMSA 1978) does not provide for refund of moneys paid in advance and land commissioner could not make such a refund in any event without a court order. 1947-48 Op. Atty Gen. No. 47-5056.

### **19-7-60. Claim for refund; contents; time limit; notice of erroneous payment; limitation of action.**

A person claiming a refund under the provisions of Sections 19-7-59 through 19-7-63 NMSA 1978 shall file with the commissioner of public lands a written claim for refund, stating the amount claimed to have been erroneously paid and the reasons why such payment was erroneously made. All claims for refund of money shall be filed within ninety days after notice. If an erroneous payment of any money is discovered by the commissioner of public lands, notice of the discovery shall be given by the commissioner of public lands, as soon after the discovery as possible, by registered mail to the last recorded address of the person making the erroneous payment. A claim for a refund that is not filed with the commissioner of public lands within six years from the date the erroneous payment was made shall be forever barred; provided that if notice of an erroneous payment is given less than ninety days before the end of the six-year limitation, the period of time to file a claim shall be extended beyond the six-year limitation for the number of days necessary to provide ninety days to file the claim.

**History:** Laws 1931, ch. 99, § 2; 1941 Comp., § 8-859; 1953 Comp., § 7-8-64; Laws 1979, ch. 234, § 2; 2007, ch. 61, § 2.

The 2007 amendment, effective July 1, 2007, barred claims for refund of erroneous payments after six years from the date of payment, but extends the time to file a claim after the six-year limitation period up to 90 days if a notice of erroneous payment is given less than 90 days before the end of the six-year limitation.

#### **ANNOTATIONS**

**Limitations inapplicable.** — The statute on limitation of actions has no application to proceedings under Laws 1931, ch. 99 (Sections 19-7-59 to 19-7-63 NMSA 1978), and the commissioner of public lands should consider claims filed for refund of payments erroneously made regardless of time. 1931-32 Op. Att'y Gen. No. 32-506.

### **19-7-61. [Endorsement of claims; filing in district court of Santa Fe county; notice to claimant; procedure; judgment; appeal; costs.]**

Within sixty days after the filing of any application for refund, the commissioner of public lands shall investigate the facts and shall endorse thereon his approval or disapproval of said claim, in whole or in part, together with such other statement of facts as to him may seem advisable. The commissioner of public lands shall file each such claim, together with his endorsement as herein provided, in the district court of Santa Fe county, New Mexico. Such claim, when so filed, shall be considered as the institution of a proceeding for the determination of the validity of the claim for refund by each such claimant against the commissioner of public lands of the state of New Mexico. Upon the filing of any such claim in said district court, the commissioner of public lands shall notify the claimant, by ordinary mail, at his post-office address shown in the claim for refund, of the fact of the filing of said claim in the district court, and shall at the same time transmit to such claimant a copy of the endorsement of the commissioner on such claim. Within thirty days from the date of said notice, the claimant may file in the district court such additional statement of facts, under oath, relative to the validity of the claim for refund, as he may deem advisable, and shall serve a copy of any such statement so filed, on the commissioner of public lands. It shall be the duty of the district court of Santa Fe county to set a date for the hearing of all claims so filed and such hearing shall be governed by the Rules of Civil Procedure. The district court of Santa Fe county is hereby given jurisdiction to hear and determine all such claims for refund, and it shall make such determination as speedily as possible and without the intervention of jury. Said court shall make findings of fact and conclusions of law and shall set out in its judgment the amount, or amounts, which the claimant is entitled to have refunded to him, and the fund or funds to which the money ordered refunded was credited.

Appeal from any final determination in such cases may be taken to the supreme court of the state, as in ordinary civil action, by either the claimant or the commissioner of public lands, within twenty days from the date of the entry of the judgment from which such appeal is taken. No costs or fees shall be required for the filing of such claims in the district court, the entry of judgment thereon, or for the filing of any appeal in the supreme court of the state. In no event shall any costs of any nature

be taxed against the commissioner of public lands. When any judgment entered hereunder shall become final, a certified copy thereof shall be filed with the commissioner of public lands.

## 19-7-62. Annual appropriation for refunds; payment from state lands maintenance fund.

There is appropriated annually out of the state lands maintenance fund created by Section 19-1-11 NMSA 1978 the sum of five hundred thousand dollars (\$500,000) or such part thereof as may be necessary for the purpose of making refunds of payments determined in the manner provided by Sections 19-7-59 through 19-7-63 NMSA 1978 to have been erroneously collected; provided, however, that any refund of money paid into any fund other than the state lands maintenance fund shall be made only out of that part of the state lands maintenance fund distributable to the fund into which such payment was erroneously made, under the provisions of Section 19-1-13 NMSA 1978.

**History:** Laws 1931, ch. 99, § 4; 1941 Comp., § 8-861; 1953 Comp., § 7-8-66; Laws 1979, ch. 234, § 3; 2007, ch. 61, § 3.

**The 2007 amendment,** effective July 1, 2007, increased the annual appropriation for refunds from \$200,000 to \$500,000.

## 19-7-63. Erroneous distribution to permanent fund.

Refunds shall be made hereunder, of any money erroneously distributed to any permanent fund, only out of that part of the state lands maintenance fund distributable to that beneficiary into whose permanent fund the erroneous distribution was made. Provided, however, in the event the fund distributable to a beneficiary for the current fiscal year is insufficient to pay an approved refund, a temporary loan may be made to that beneficiary from that part of the maintenance fund as represents receipts for fees and copies. Such loans are repayable from distributable funds allocated to the beneficiary for the following fiscal year.

**History:** 1978 Comp., § 19-7-63, enacted by Laws 1979, ch. 234, § 4.

**Repeals and reenactments.** — Laws 1979, ch. 234, § 4, repealed former 19-7-63 NMSA 1978, relating to the prohibition of refunds of money distributed to permanent

funds and the bar of claims for refund not filed within a certain time, and enacted a new section.

## 19-7-64. [Contesting rights to state lands; rules and regulations.]

Any person, association of persons or corporation claiming any right, title, interest or priority of claim, in or to any state lands, covered by any lease, contract, grant or any other instrument executed by the commissioner, shall have the right to initiate a contest before the commissioner who shall have the power to hear and determine same. The commissioner shall prescribe appropriate rules and regulations to govern the practice and procedure of such contests.

**History:** Laws 1912, ch. 82, § 69; Code 1915, § 5247; C.S. 1929, § 132-181; 1941 Comp., § 8-863; 1953 Comp., § 7-8-68.

### ANNOTATIONS

**Application of section.** — Where a controversy does not involve the legality of a state lease, the eligibility of the lessee thereunder, the matter of performance of the lease, reservations, if any, in the lease, or a matter of public policy requiring passage thereon by the commissioner of public lands, then a district court should have

jurisdiction to adjudicate the issues as between private litigants, liberally allowing intervention by the commissioner if any public land question is or could be involved in the case. *Swayze v. Bartlett*, 1954-NMSC-019, 58 N.M. 504, 273 P.2d 367.

**Right of contest.** — The legislature's provision of a right of contest provides not only an appropriate forum, but on these facts the last opportunity for review. The legislature's provision of a right of contest recognizes the commissioner's plenary authority over state lands and provides an administrative remedy for disputes. *Heimann v. Adeo*, 1996-NMSC-053, 122 N.M. 340, 924 P.2d 1352.

**Commissioner as indispensable party.** — Questions of renewals or of a new lease of state lands are peculiarly within the province of the commissioner, and in a case involving such question, the commissioner is an indispensable party. *Swayze v. Bartlett*, 1954-NMSC-019, 58 N.M. 504, 273 P.2d 367.

Suit to determine rights to the use of state school lands by one not a party to the lease and a stranger to the commissioner, under an agreement to which the state was not a party, where the commissioner was not a party to the suit and the suit did not grow out of a contest before the commissioner, cannot be maintained since such an adjudication would affect rights of the state. *Burguete v. Del Curto*, 1945-NMSC-025, 49 N.M. 292, 163 P.2d 257, distinguished in *Shelley v. Norris*, 1963-NMSC-193, 73 N.M. 148, 386 P.2d 243.

In absence of commissioner of public lands as a party to the suit, supreme court will not approve a decree to modify a state land lease to show that a total stranger to the original lease has a half interest therein. *Burguete v. Del Curto*, 1945-NMSC-025, 49 N.M. 292, 163 P.2d 257, distinguished in *Shelley v. Norris*, 1963-NMSC-193, 73 N.M. 148, 386 P.2d 243.

**Sovereign immunity.** — Commissioner of public lands is not amenable to suit involving claims by private litigants, and may plead a sovereign's immunity from litigation if he so desires. *Swayze v. Bartlett*, 1954-NMSC-019, 58 N.M. 504, 273 P.2d 367.

**Contest of lode location claim.** — The accepting of lode mining location notices for the purpose of filing same in the land office, sought by relator, will not interfere with the right of the applicant for placer prospecting permits to bring such action as he may think proper to have all questions as to any right, title, interest or priority of claim, in the lode location claims made by relator; and the refusal by respondent to accept for filing purposes the location notices tendered him by relator, as provided by law, precludes the relator of his right to institute a contest proceeding as is provided by this section. *State ex rel. Four Corners Exploration Co. v. Walker*, 1956-NMSC-010, 60 N.M. 459, 292 P.2d 329.

**Withdrawal of lease assignment.** — Where assignment of oil and gas lease is transmitted to commissioner of public lands for approval, and later withdrawn by assignor, assignees may contest their claim before the commissioner, under this section. *Davidson v. Enfield*, 1931-NMSC-045, 35 N.M. 580, 3 P.2d 979.

**Appeal of lease cancellation.** — Lessee whose lease was canceled for subleasing without consent of commissioner of public lands was entitled to appeal to district court. *Commissioner of Pub. Lands v. Van Bruggen*, 1947-NMSC-009, 51 N.M. 108, 179 P.2d 528.

**Judicial review.** — The commissioner of public lands has complete dominion or control of state lands, but the manner in which he exercises this control is subject to judicial review. *Burguete v. Del Curto*, 1945-NMSC-025, 49 N.M. 292, 163 P.2d 257.

## 19-7-65. [Commissioner's power relative to oaths, witnesses and documents.]

In such contests, the commissioner shall have the same power as conferred by law upon referees relative to the administration of oaths, examination of witnesses and production of books, documents and other papers.

**History:** Laws 1912, ch. 82, § 70; Code 1915, § 5248; C.S. 1929, § 132-182; 1941 Comp., § 8-864; 1953 Comp., § 7-8-69.

## 19-7-66. [Perjury in contest proceedings; penalty.]

Every person who shall knowingly and willfully swear falsely, concerning any material matter or thing, respecting which he shall be required to depose in any such contest, shall be deemed guilty of perjury, and upon conviction thereof shall be punished by imprisonment for not more than five years, nor less than two years.

**History:** Laws 1912, ch. 82, § 71; Code 1915, § 5249; C.S. 1929, § 132-183; 1941 Comp., § 8-865; 1953 Comp., § 7-8-70.

## 19-7-67. Contest; commissioner; appeal to district court.

A person aggrieved by a decision of the commissioner may appeal to the district court pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

**History:** Laws 1912, ch. 82, § 72; Code 1915, § 5250; C.S. 1929, § 132-184; 1941 Comp., § 8-866; 1953 Comp., § 7-8-71; Laws 1998, ch. 55, § 28; 1999, ch. 265, § 29.

**The 1998 amendment,** effective September 1, 1998, rewrote this section to the extent that a detailed comparison is impracticable.

### ANNOTATIONS

**Section does not violate any constitutional provision.** *Application of Dasburg*, 1941-NMSC-024, 45 N.M. 184, 113 P.2d 569.

**Approval of sureties on bond.** — The commissioner's duty to approve sureties on bond does not extend to the power of rejecting individual sureties and requiring one single, paid, corporate surety; such ruling is an abuse of his discretion. *State ex rel. Walker v. Hinkle*, 1933-NMSC-032, 37 N.M. 444, 24 P.2d 286.

**Lease cancellation appealable.** — Lessee whose lease was canceled for subleasing without consent of

commissioner of public lands was entitled to appeal to district court. *Commissioner of Pub. Lands v. Van Bruggen*, 1947-NMSC-009, 51 N.M. 108, 179 P.2d 528.

**Appeal of contract cancellation by trespasser.** — A railroad, which was not a party to a case before state land commissioner initiated by an order to show cause why a contract to purchase realty on which such railroad as a trespasser had made improvements should not be canceled, was not in position to urge a judgment in the supreme court directing cancellation of the contract, but could appeal to district court. *Application of Dasburg*, 1941-NMSC-024, 45 N.M. 184, 113 P.2d 569.

**Mandamus unavailable.** — This section provides an adequate remedy at law for anyone who is aggrieved by the action of the commissioner of public lands and, therefore, mandamus does not lie to compel the duties alleged to be due. *Andrews v. Walker*, 1955-NMSC-072, 60 N.M. 69, 287 P.2d 423.

**Unless right of appeal denied.** — The commissioner cannot deny the right of appeal granted herein without being amendable to mandamus. *State ex rel. Walker v. Hinkle*, 1933-NMSC-032, 37 N.M. 444, 24 P.2d 286.

## 19-8-4. Leases for certain minerals; rentals; royalty.

The commissioner is authorized to issue leases for the development, exploration and production of potassium, sodium, phosphorus and other minerals of similar occurrence and their salts and compounds, including chlorides, sulphates, carbonates, borates, silicates, nitrates and any and all other salts and compounds of the minerals on any lands of the state upon such terms and conditions as he may deem to be for the best interests of the state and conformable to Sections 19-8-4 through 19-8-7 NMSA 1978. The minimum first year's rental for such leases shall be one hundred dollars (\$100), and in all cases there shall be reserved to the state a royalty to be established by regulation issued under the provisions of Section 19-8-7 NMSA 1978. ### 19-8-8. [Suspension of production; authorization by commissioner of public lands; causes; duration.]

In all cases where production of potassium, sodium, phosphorus and other minerals of similar occurrence, and their salts and compounds has been obtained by the lessee in paying quantities upon lands covered by any valid lease heretofore or hereafter issued by the commissioner of public lands under the provisions of Sections 19-8-4 to 19-8-7 NMSA 1978, the commissioner of public lands may authorize a suspension of production on such lease during either the primary, or fixed term, or during the secondary, or indeterminable term, of such lease for such period as may be fixed by him, from time to time, where:

A. temporary conditions exist, with regard to the leased land then being mined, which would operate to prevent the mining of the maximum minable ore in keeping with safe mining practices;

B. separate parts of the lands covered by the lease are so situated with respect to other lands owned or leased by the lessee that lessee should be allowed a reasonable time to reach and mine the various parts of the lands covered by the lease in keeping with an orderly mining program and with a view to the proper development and mining of the entire area of which the various parts of the lands covered by the lease and other lands are an integral part; or

C. marketing conditions are such that the lease cannot be mined and operated except at a loss.

No suspension authorized by the terms of this act [19-8-8, 19-8-9 NMSA 1978] shall be for a period of more than five years and in no event shall any suspension of production under any lease be for a period longer than ten years from the date on which the term of the lease would have expired in the absence of suspension of production.

### 19-8-9. [Suspension of production; authorization by commissioner of public lands; extension of primary term of lease; secondary term of lease not determined by.]

Provided the lessee complies with all other terms and conditions of the lease, a suspension of production authorized by the commissioner of public lands shall:

A. if it occurs during the fixed or primary term of such lease, extend the term of such lease for a period of time equal to the period of such suspension; or

B. if it occurs during the indeterminable or secondary term of such lease, prevent the lease from determining in accordance with the limitation of such lease.

### 19-8-10. [Saline leases; royalties; record of sales; conditions.]

The commissioner may execute leases for the extraction of salt from the saline lands and lakes belonging to the state. Such leases shall provide for a royalty on all salt extracted therefrom of not less than ten percent of the actual sale price at the place of extraction. Said royalties shall be paid quarterly and accurate record shall be kept of all sales made. All leases made hereunder shall contain such conditions and shall provide for the cancellation of the lease by the commissioners for the breach thereof.

## 19-8-16. Validation of existing leases and permits; renewals of permits prohibited.

All prospecting permits and leases issued prior to the effective date of this act which have not expired, or which have not been canceled legally for nonperformance, are hereby declared to be valid and existing contracts with the state of New Mexico according to their terms and provisions, and the commissioner is hereby directed to accept and recognize all such permits and leases according to their terms and provisions. **History:** 1953 Comp., § 7-9-20, enacted by Laws 1955, ch. 53, § 4.

## 19-8-18. Term of leases.

All leases issued under the provisions of Sections 19-8-14 through 19-8-33 NMSA 1978 shall be for a primary term of three years and as long thereafter as any mineral or minerals in paying quantities be produced or mined from the lands, subject to the continued payment of annual rentals.

If lessee shall fail to discover and produce minerals in paying quantities during the primary term of the lease, the lessee may continue the lease in full force and effect for an additional or secondary term of two years and as long thereafter as any mineral or minerals in paying quantities be produced or mined from the leased land, by paying each year in advance ten times the rental provided in the primary term.

Provided, however, if the lessee shall fail to discover and produce minerals in paying quantities during the secondary term of the lease, the lessee of record or the record owner of an approved assignment may continue the lease, as to the portion held by him, in full force and effect for an additional or tertiary term of five years and so long thereafter as any mineral or minerals in paying quantities by [be] produced or mined from the leased land, by paying each year in advance three dollars (\$3.00) per acre per year as rental.

If the lessee shall fail to discover and produce minerals in paying quantities during the tertiary term of the lease, the lessee of record or the record owner of an approved assignment may continue the lease, as to the portion held by him, in full force and effect for an additional or quarternary [quaternary] term of five years and so long thereafter as any mineral or minerals in paying quantities be produced or mined from the leased land, by paying each year in advance of the lease anniversary date ten dollars (\$10.00) per acre per year as rental, plus a sum as advance royalty computed as follows:

- for the 11th year, ten dollars (\$10.00) per acre per year;
- for the 12th year, twenty dollars (\$20.00) per acre per year;
- for the 13th year, thirty dollars (\$30.00) per acre per year;
- for the 14th year, forty dollars (\$40.00) per acre per year; and
- for the 15th year, fifty dollars (\$50.00) per acre per year. Provided, however, upon the commencing of the production of minerals in paying quantities, the principal sum so paid as advance royalty for the lease year in which the mineral is produced and the advance royalty paid for the two previous years shall be credited against the royalty payable hereunder to the lessor.

## **19-8-19. [Terms of leases; stipulation of conditions under statute; filing and recording.]**

The record owners or owner of any mineral lease or approved assignment thereof heretofore issued by the commissioner and maintained in good standing may enter into a stipulation with the commissioner of public lands making the terms and conditions of this act [19-8-18, 19-8-19 NMSA 1978] a part of any such existing lease, the same as if said provisions had been a part of said lease when issued. The commissioner may charge a fee not to exceed ten dollars (\$10.00) for the filing and recording of such stipulation.

Provided, further, that if for any reason beyond the control of the lessee production of minerals in paying quantities shall cease after the secondary term has expired, the producing lessee may, with the written permission of the commissioner, continue said lease in operation and effect from year to year for an additional period not to exceed three (3) years by continued payment in advance of annual rentals at the rate provided in the secondary term of the lease.

### **19-8-19.1. Suspension of lease requirement; authorization by commissioner; causes; duration.**

A. In all cases where the lessee of a valid lease issued under the provisions of Sections 19-8-14 through 19-8-33 NMSA 1978, or the record owner of an approved assignment of such lease, provides to the commissioner of public lands proof of discovery on such lease of an ore body containing valuable mineral deposits deemed to be of merchantable quality and quantity, the commissioner of public lands upon proper application by the lessee or the record owner and after notice and hearing shall authorize a suspension of the lease during either the primary, secondary, tertiary, quaternary or indeterminable terms of such lease for such period as may be fixed by him if the commissioner is satisfied that:

(1) marketing conditions beyond the control of the lessee are such that the lease cannot be mined and the ore marketed except at a loss; or

(2) temporary conditions exist beyond the control of the lessee, with regard to the leased land then being mined, which would operate to prevent the mining of the maximum minable ore in keeping with safe mining practices.

B. A suspension authorized by the commissioner pursuant to the provisions of Subsection A of this section shall take effect as of the date of the commissioner's decision and shall suspend the lease for the period of such suspension, but in no event shall any single suspension be for a period longer than five years.

C. All obligations of the lessee under a lease suspended pursuant to the provisions of this section shall be suspended, including the payment of rentals and advance royalties; provided, however, that the lessee shall pay an annual rental of sixty dollars (\$60.00) per acre per year for each year of suspension.

D. A suspension authorized by the commissioner pursuant to this section shall not subject the suspended lease to the provisions of Section 19-8-20 NMSA 1978.

**History:** 1978 Comp., § 19-8-19.1, enacted by Laws 1983, ch. 3, § 1.

### **19-8-20. Leases; stipulation; rental.**

The record owners or owner of any mineral lease or approved assignment thereof heretofore issued by the commissioner, which lease has not expired by its own terms, which has not been canceled by the commissioner and which has otherwise been maintained in good standing, may

enter into a stipulation with the commissioner of public lands making the terms and conditions of Sections 19-8-14 through 19-8-33 NMSA 1978 a part of any such existing lease, the same as if said provisions had been a part of said lease when issued. In such case, the basic royalty payable to the lessor on production thereafter obtained from the stipulated lease or portion thereof shall be at the rate set in new leases then being issued by the lessor. The commissioner may charge a fee not to exceed ten dollars (\$10.00) for the filing and recording of such stipulation. If production in paying quantities be had during any of the aforesaid set terms and thereafter ceases before all of the set terms would have expired, the lease shall be deemed to be a nonproducing lease from that date and lessee shall have the unexpired portion of said set term and any subsequent terms within which to resume production in paying quantities. When such production is resumed, the term of the lease shall continue for so long thereafter as minerals in paying quantities be produced or mined from the leased land. In such cases, the rental rate for the lease or the portion thereof, shall be the rental provided in the term in which such production is resumed; the new rental shall be payable on the anniversary date next following the date production is resumed.

Provided, further, that if for any reason beyond the control of the lessee production of minerals in paying quantities shall cease after all of the set terms have expired, the producing lessee may, with the written permission of the commissioner, continue said lease in operation and effect from year to year for an additional period not to exceed three years by continued payment in advance of annual rentals at the rate provided in the final term of the lease.

## 19-8-21. Rentals.

All leases issued by the commissioner shall provide for an annual rental to be paid by the lessee in advance, the amount thereof to be fixed by the commissioner, but in no case shall the same be less than five cents (5¢) per acre for the primary term nor less than fifty cents (50¢) per acre for the secondary term; provided that the annual rental for any one lease shall not be less than ten dollars (\$10.00).

## 19-8-22. Royalty.

In addition to the annual rental, lessee shall be required to pay to the commissioner a royalty of not less than two percent (2%) of the gross returns from the smelter, mill, reduction process or other sale, less reasonable transportation and smelting or reduction charges, if any, of all ores or materials mined and extracted from the land. In addition, lessee shall pay to the commissioner as royalty not less than two percent (2%) of any and all premiums and bonuses received in connection with the discovery, production or marketing. Provided that on deposits of rare earths, precious stones or semi-precious stones, and on uranium, thorium, plutonium or any other materials which have been or may hereafter be determined by the atomic energy commission to be peculiarly essential to the production of fissionable materials, lessee shall pay a royalty to be agreed upon by the lessee and the commissioner, but not less than five percent (5%) of the gross returns from the smelter, mill, reduction process or other sale, less reasonable transportation and smelting or reduction charges, if any, of all ores or materials mined and extracted from the land. In addition, lessee shall pay to the commissioner as royalty not less than five percent (5%) of any and all premiums and bonuses received in connection with the discovery, production or marketing of such ores or materials.

Accounting for all royalties shall be made on the twentieth (20th) day of the month following the month of sale or receipt of premium or bonus.

**Compiler's notes.** — Under former 72-6-7, 1953 Comp., relating to valuation of mineral interests for tax purposes, where a sub-lessee was the producing operator and paid royalties to the state, he and not the original lessee should be allowed royalty-payment deductions.

### 19-8-23. Covenants to market and develop.

All leases issued under the provisions of this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] shall contain provisions requiring the lessees to market the mineral or minerals within a reasonable time after production is had. In addition, said leases shall contain provisions requiring the lessees to use reasonable diligence, after production is had, in prospecting for and developing all commercial deposits of mineral or minerals.

The commissioner may cancel leases for violation of such marketing and developing provisions only after notice and in the manner as provided in Section 12 [19-8-27 NMSA 1978] of this act, and in all cases of controversy arising out of such cancellation the lessee shall have the burden of proof by a preponderance of the evidence that further development is not warranted, or is unreasonable, or that a market is not available, as the case may be.

### 19-8-24. Bonds.

Before any lessee of minerals shall commence development or operations upon the lands, such lessee shall execute and file with the commissioner a good and sufficient bond or undertaking in an amount to be fixed by the said commissioner, but not less than five thousand dollars (\$5,000), in favor of the state of New Mexico, for the benefit of any surface lessee, patentee or contract purchaser, to secure the payment for such damage to the livestock, water, crops or other tangible improvements on such lands as may be suffered by reason of development, use and occupation of such lands by the said mining lessee. Provided in lieu thereof any lessee owning one or more mining leases may file a blanket bond in an amount to be fixed by the commissioner, but not less than ten thousand dollars (\$10,000), covering all leases then owned or thereafter acquired by him.

Provided, further, that if any such surface lessee, patentee or contract purchaser shall file with the commissioner a waiver duly executed and acknowledged by him of his right to require such bond, such development, occupation and use of the lands by a mineral lessee may be permitted without the bond herein required.

In addition, lessee may be required to furnish a bond in a reasonable amount to be set by the commissioner to guarantee payment of royalties to become due under the lease.

## 19-8-25. Inspection of records; reports.

The commissioner or his representative shall have the right to inspect all records, books or accounts pertaining to the mining, extraction, transportation and returns of ores taken from such leased lands, and at the request of the commissioner the lessee shall furnish such reports, samples, logs, assays or cores within reasonable bounds as he may deem to be necessary to the proper administration of the lands under lease.

With the consent of the commissioner, any lease issued under the provisions of this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] may be relinquished in whole or in part to the state of New Mexico; provided, however, the commissioner shall not approve any relinquishment of an undivided interest therein nor less than a legal subdivision.

## 19-8-27. Violation of lease; notice; forfeiture for noncompliance with demand.

The commissioner is authorized to cancel any lease issued under the provisions of this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] for nonpayment of rentals, for nonpayment of royalties or for violation of any of the terms, covenants or conditions thereof, but before any such cancellation shall be made, the commissioner must mail to the lessee or assignee, by registered or certified mail, addressed to the post-office address of the lessee or assignee as shown by the records of the office of the commissioner, a notice of intention to cancel the lease, specifying the default for which the lease is subject to cancellation. No proof of receipt of notice shall be necessary, and thirty days after the mailing the commissioner may enter cancellation unless the lessee shall have sooner remedied the default.

## 19-8-28. Assignment of leases; form; approval; effect; lands in production.

All leases issued under the provisions of this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] shall be assignable in whole or in part; provided, however, that no assignment of an undivided

interest in the lease or any part thereof, or any assignment of less than a legal subdivision, shall be recognized or approved by the commissioner. The assignments provided for herein shall be executed and acknowledged in the manner prescribed for conveyance of real estate in this state and shall be filed in triplicate in the office of the commissioner, who shall retain two (2) copies of the said assignment in his office as a public record and shall record one (1) of same in permanent form in his office as a public record and shall return one (1) of the duplicate copies to the person entitled thereto. The approval of the commissioner shall be noted upon all copies of the said assignment. The commissioner shall prescribe the form to be used for such assignments and shall fix a reasonable fee for the filing, recording and approval of same. The commissioner shall have the right to refuse approval of any assignment not executed in proper form or by the proper person or persons, or when the lease is not in good standing as to the assigned tracts, or when litigation is pending affecting the lease or the interest of any person therein. Upon approval by the commissioner of an assignment the assignor shall stand relieved from all obligations to the state with respect to the lands embraced in the assignment and the state shall likewise be relieved from all obligations to the assignor as to such tract or tracts, and thereupon the assignee shall succeed to all of the rights and privileges of the assignor with respect to such tracts and shall be held to have assumed all of the duties and obligations of the assignor to the state as to such tracts. Provided, however, the record owner of any mineral lease may enter into any contract for the development of the leasehold premises or any portion thereof, or may create overriding royalties or obligations payable out of production, or enter into any other agreements with respect to the development of the leasehold premises or disposition of the production therefrom, and it shall not be necessary for any such contracts, agreements or other instruments to be approved by the commissioner of public lands; but nothing herein contained shall relieve the record title owner of such lease from complying with any of the terms or provisions thereof, and the commissioner shall look solely and only to such record owner for compliance therewith, and in any controversy respecting any such contracts, agreements or other instruments entered into by such lessee with other persons the state of New Mexico or the commissioner of public lands shall not be a necessary party. All such contracts and other instruments may be filed either in the office of the commissioner of public lands or recorded in the office of the county clerk of the county where the lands are situated, and the filing or recording thereof shall constitute notice to all the world of the existence and contents of the instruments so filed or recorded. The commissioner may prescribe a reasonable fee for the filing of such instruments in the office of the commissioner of public lands. The production of minerals upon any lands embraced in any mineral lease shall continue such lease as to all of the lands embraced therein for as long thereafter as any mineral or minerals in paying quantities are being produced in accordance with the provisions thereof, regardless of any assignment of all or a portion of the lease which may have been made prior or subsequent to the production.

Upon termination of any lease issued under the provisions of this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] by reason of forfeiture, surrender, expiration of term or for any other reason, lessee may remove all improvements and equipment as can be removed without material injury to the premises; provided, however, that all rents and royalties have been paid and that such removal is accomplished within two years from the termination date or before such earlier date as the commissioner may set upon thirty (30) days' written notice to the lessee. All improvements and equipment remaining upon the premises after the removal date as set in accordance with this section shall be forfeited to the state of New Mexico without compensation.

### 19-8-31. Posting of open acreage; simultaneous applications.

When newly acquired acreage is posted to the tract books, or when other acreage is designated upon the tract books to be open acreage after having been previously leased or after having been withdrawn from leasing by the commissioner, all applications for mineral lease filed thereon within three (3) land office work days after such posting or designation shall be considered as simultaneous applications.

**History:** 1953 Comp., § 7-9-32, enacted by Laws 1955, ch. 53, § 16.

### 19-8-32. Rules and regulations authorized.

The commissioner shall be, and he is hereby, authorized and empowered to adopt such uniform and reasonable rules and regulations as he may deem necessary to carry out the provisions of this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] and not inconsistent therewith, said rules to be posted in a conspicuous place in the state land office for a period of at least ten consecutive days.

### 19-8-33. Withholding of lands from lease authorized; lease by competitive bidding authorized.

Nothing contained in this act [19-8-14 to 19-8-18, 19-8-21 to 19-8-33 NMSA 1978] shall be construed as requiring the commissioner to offer any tract or tracts of land for lease, but the commissioner shall have power to withhold any tract or tracts from leasing for said mineral purposes, if, in his opinion, the best interests of the state would be served by so doing, and nothing contained in this act shall be construed as prohibiting the commissioner from rejecting any application at any time prior to approval and offering acreage embraced therein for lease upon competitive bidding by sealed bids or at public auction to the bidder offering the highest bonus in addition to the annual rentals as set by the commissioner. Provided, however, that notice of such public sale shall be

given by posting in a conspicuous place in the state land office, not less than ten (10) days before the date of sale, a notice of same, specifying the day and hour when, and the place where, the sale will be held, giving a description of the lands in each tract to be offered for lease. The notice shall also state whether the sale shall be conducted through sealed bids or at public auction and any other such information as the commissioner may deem necessary.

Where two or more sealed bids are received making the same offer on the same tract, the commissioner shall award the lease thereon in accordance with such regulations as he may prescribe.

For comparable provisions, see 19-9-9 to 19-9-16 NMSA 1978.

#### 19-9-9. Coal leases; authorization; competitive bids.

The commissioner of public lands may execute and issue leases for the exploration, development and production of coal from state trust lands. Leases shall be issued only to the highest bidder either by sealed bid or at public auction; provided, however, the commissioner may in his discretion withhold any tract from leasing and may reject all bids offered for any tract if he determines that withholding or rejection is in the best interest of the trust beneficiaries.

For reservation of mineral deposits in agricultural and grazing leases, see 19-7-28 NMSA 1978.

#### 19-9-10. Coal leases; provisions.

Any coal lease issued by the commissioner of public lands shall:

A. provide for a primary term of five years;

B. provide that, if, at the end of the primary term, the lessee has submitted a mine plan to the commissioner of public lands for approval delineating how and when the leased land will be developed and has either incorporated the leased land with adjacent land into a logical mining unit which can be developed and operated as a single operation or has shown to the satisfaction of the commissioner that the adjacent land is federal land which has not been available for coal leasing but that the lessee has incurred substantial costs in developing the leased land, then the coal lease shall not expire at the end of the primary term but shall continue for a secondary term of an additional five years;

C. provide that, if, at the end of the secondary term, the lessee is producing coal at an average annual rate of either one percent of the estimated recoverable reserves from the leased lands or

one percent of the estimated recoverable reserves from the logical mining unit, then the lease shall not expire but shall continue as long as the one percent average production is maintained over any consecutive three year period;

D. provide that, in lieu of any actual production requirement, expiration of the lease may be prevented by payment of an advance royalty equal to an estimated royalty obligation as contemplated by the approved mine plan and commercial production criteria. Any credit later taken for advance royalties against actual production royalties due shall not exceed fifty percent of the total royalty due and the lease shall not be extended for more than ten years by payment of advance royalties;

E. provide for a royalty of twelve and one-half percent of the proceeds received from the sale of all surface-mined coal or, at the option of the commissioner, the market value of the surface-mined coal and eight percent of the proceeds received from the sale of all underground-mined coal or, at the option of the commissioner, the market value of the underground-mined coal. The royalty rate may be reduced by the commissioner upon a showing that the leases for the nonstate lands in the same logical mining unit provide for a lower rate or that the leased lands will be bypassed and not mined without a rate reduction;

F. provide for an annual rental rate of five dollars (\$5.00) per acre of the leased lands, to be paid throughout the effective period of the lease;

G. provide that, except for small incidental quantities which may be vented or flared to achieve access to the coal, any coalbed methane gas is excluded and reserved from the coal lease. A coal lessee may engage in in situ coal gasification provided that such gasification does not disturb or diminish commercial quantities of coalbed methane gas; and

H. contain other provisions prescribed by regulation of the commissioner.

**History:** Laws 1989, ch. 200, § 2.

### **19-9-11. Authority to enter; inspect books; prior lien.**

The commissioner of public lands or his authorized representative shall have the right to enter any leased lands for the purpose of measuring the cubical contents of every opening from which coal has been extracted and to otherwise inspect the leased lands to ensure that proper royalties have been paid. The commissioner or his representative shall have the right to inspect all records, books or accounts pertaining to the mining, extraction, transportation and returns of coal produced from the leased lands and, at the request of the commissioner, the lessee shall furnish reports, samples, logs, assays or cores within reasonable bounds as the commissioner may determine to be necessary to the proper administration of the lands under lease. The value of any unpaid royalty shall become a prior lien upon the production from the leased lands and the improvements situated thereon.

**History:** Laws 1989, ch. 200, § 3.

### **19-9-12. Performance bond.**

Before commencing operations or development upon leased lands, a lessee shall execute and file with the commissioner of public lands a good and sufficient bond or other appropriate surety in an amount to be fixed by the commissioner to:

A. guarantee the performance of all covenants and obligations under the coal lease, including the obligation to pay royalties;

B. ensure that all aspects of mining operations and reclamation operations are conducted in conformity with the approved mining plan; and

C. ensure compensation for damage to the surface or surface improvements in the absence of an agreement between the coal lessee and any surface owner.

The commissioner, in his discretion, may allow a bond filed with the mining and minerals division of the energy, minerals and natural resources department pursuant to the Surface Mining Act [Chapter 69, Article 25A NMSA 1978] to satisfy the requirements of this section.

**History:** Laws 1989, ch. 200, § 4.

### **19-9-13. Forfeiture for noncompliance.**

The commissioner of public lands may cancel any coal lease for nonpayment of rentals, for nonpayment of royalties or for noncompliance with any of the terms or covenants of the lease, but before the cancellation is made, the commissioner shall mail to the lessee by registered or certified mail a notice of intention to cancel the lease, specifying the default for which the lease is subject to cancellation. If the lessee does not pay the rentals or royalties or begin to substantially remedy the other default within thirty days after mailing the notice of intention to cancel the commissioner may cancel the lease.

**History:** Laws 1989, ch. 200, § 5.

### **19-9-14. Relinquishment.**

With the consent of the commissioner of public lands any coal lease may be relinquished in whole or in part provided that the commissioner shall not approve any relinquishment of an undivided interest in any coal lease nor less than a legal subdivision.

**History:** Laws 1989, ch. 200, § 6.

### **19-9-15. Rules and regulations authorized.**

After notice to all existing coal lessees and other interested parties the commissioner may adopt rules and regulations as he deems necessary to carry out the provisions of this act [19-9-9 to 19-9-16 NMSA 1978]. The inadvertent failure to notify any coal lessee or other interested party shall not invalidate a rule or regulation.

**History:** Laws 1989, ch. 200, § 7.

### **19-9-16. Existing lessees; right to a new lease.**

Notwithstanding any provision of this act [19-9-9 to 19-9-16 NMSA 1978] requiring competitive bidding, the owner of any coal lease that is issued by the commissioner of public lands before the effective date of this section and maintained in good standing according to the terms and conditions of the coal lease and all applicable statutes and regulations shall, upon the expiration of the coal lease and in accordance with regulations prescribed by the commissioner, be entitled to a new lease for the leased lands. The terms and provisions of the new lease shall be consistent with the requirements of this act and any regulations of the commissioner.

**History:** Laws 1989, ch. 200, § 8.

The commissioner of public lands hereinafter referred to as the "commissioner" is hereby authorized to execute and issue in the name of the state of New Mexico, as lessor, leases for the exploration, development and production of oil and natural gas, from any lands belonging to the state of New Mexico, or held in trust by the state under grants from the United States of America, and including lands which have been or may hereafter be sold by the state with reservations of minerals in the land, such leases to be issued upon such terms and conditions as the commissioner may deem to be for the best interests of the state, and not inconsistent with the provisions of Chapter 125, of the Session Laws of 1929 [19-10-1, 19-10-12 to 19-10-25 NMSA 1978], and amendments thereto, provided that this act [19-10-1, 19-10-2 NMSA 1978] shall be effective only as to such leases issued subsequent to the effective date of this act; and, provided further, that nothing in this act shall affect or disturb valid existing rights as to any carbon dioxide lease heretofore issued under the provisions of Chapter 177, of the New Mexico Session Laws of 1937.

**Public policy to promote production.** — It is the public policy as shown by the oil and gas leasing laws to promote development and production of oil and gas and it was not contemplated by the legislature that a lessee be deprived of his right to develop fully a well begun in good faith merely because he was attempting to determine the extent of the production possible at a depth less than he contemplated drilling in order to test the productivity of the area. 1953-54 Op. ## 19-10-3. Classification of state lands for oil and gas leasing.

A. For the purpose of issuing oil and gas leases thereon, all state lands under the jurisdiction of the commissioner shall be classified as either nonrestricted or restricted. Those lands placed within a restricted district pursuant to Section 19-10-16 NMSA 1978 shall be classified as restricted lands. All other lands owned by the state under the jurisdiction of the commissioner shall be classified as nonrestricted lands. Before leasing any tract of restricted land, it shall be further categorized as either regular or premium based upon the following factors relating to the tract:

- (1) oil and gas trends;
- (2) oil and gas traps;
- (3) reservoir volume and recovery rating;
- (4) lease bonus rating; and
- (5) exploration and activity.

A percentage of zero percent to twenty percent shall be allocated to each factor. If the total percentages of all factors for a tract of land to be leased is less than seventy-five percent, the tract shall be categorized as regular. If the total percentage of all factors for a tract of land to be leased is seventy-five percent or more, the tract shall be categorized as premium.

B. After notice and hearing, the commissioner shall promulgate regulations specifying criteria to be used in categorizing tracts pursuant to Subsection A of this section.

**History:** 1978 Comp., § 19-10-3, enacted by Laws 1985, ch. 195, § 1.

**Repeals and reenactments.** — Laws 1985, ch. 195, § 1, repealed former 19-10-3 NMSA 1978, as amended by

## 19-10-4. Authorization to lease; lease provisions.

In issuing oil and gas leases, the commissioner shall:

A. use the exploratory lease form as set forth in Section 19-10-4.1 NMSA 1978 for oil and gas leases of tracts classified as nonrestricted lands under Section 19-10-3 NMSA 1978;

B. use the discovery lease form as set forth in Section 19-10-4.2 NMSA 1978 or the exploratory lease form for oil and gas leases of tracts classified as restricted lands and categorized as regular under Section 19-10-3 NMSA 1978; and

C. use the development lease form as set forth in Section 19-10-4.3 NMSA 1978, the discovery lease form or the exploratory lease form for oil and gas leases of tracts classified as restricted lands and categorized as premium under Section 19-10-3 NMSA 1978; provided that in using the development lease form for a tract receiving less than ninety total percentage points under Section 19-10-3 NMSA 1978, the royalty rate shall not exceed three-sixteenths.

**History:** 1978 Comp., § 19-10-4, enacted by Laws 1985, ch. 195, § 2.

**Repeals and reenactments.** — Laws 1985, ch. 195, § 2, repealed former 19-10-4 NMSA 1978, as enacted by Laws 1977, ch. 298, § 1, relating to the term and form of

an oil and gas lease notwithstanding the provisions of 19-10-3 NMSA 1978, and enacted a new section. For present comparable provisions, see 19-10-4.1, 19-10-4.2, and 19-10-4.3 NMSA 1978.

### 19-10-4.1. Exploratory form of lease; nonrestricted; regular restricted or premium restricted lands.

The following form is designated as the "Exploratory Form". It shall be used for all oil and gas leases on lands classified as nonrestricted lands. At the discretion of the commissioner, it may be used for lands classified as restricted, whether categorized as regular or premium:

"Lease No. \_\_\_\_\_ Application No. \_\_\_\_\_"

#### OIL AND GAS LEASE

##### (Exploratory Form)

This agreement, dated \_\_\_\_\_, 19\_\_\_\_, between the state of New Mexico, acting by and through its commissioner of public lands, hereinafter called the "lessor", and \_\_\_\_\_, whose address is \_\_\_\_\_, hereinafter called the "lessee",

Witnesseth:

Whereas, the lessee has filed in the office of the commissioner of public lands an application for an oil and gas lease covering the lands hereinafter described and has tendered therewith the required first payment; and

Whereas, all of the requirements of law relative to the application and tender have been duly complied with;

Therefore, in consideration of the premises as well as the sum of \_\_\_\_\_ dollars (\$ \_\_\_\_\_), the same being the amount of the tender above mentioned, and the further sum of \$ \_\_\_\_\_ filing fee, and of the covenants and agreements hereinafter contained, the lessor does hereby grant, demise, lease and let unto the said lessee, exclusively, for the sole and only purpose of exploration, development and production of oil or gas (including carbon dioxide and helium), or both thereon and therefrom with the right to own all oil and gas so produced and saved therefrom and not reserved as royalty by the lessor under the terms of this lease, together with rights-of-way, easements and servitudes for pipelines, telephone lines, tanks, power houses, stations, gasoline plants and fixtures for producing, treating and caring for such products, and housing and boarding employees, and any and all rights and privileges necessary, incident to or convenient for the economical operation of said land, for oil and gas, with right for such purposes to the free use of oil, gas, casing-head gas or water from said lands, but not from lessor's water wells, and with the rights of removing either during or after the term hereof, all and any improvements placed or erected on the premises by the lessee, including the right to pull all casing, subject, however, to the covenants and conditions hereinafter set out, the following described land situated in the county of \_\_\_\_\_, state of New Mexico, and more particularly described as follows:

Said lands having been awarded to lessee and designated as Tract No. \_\_\_\_\_ at a public sale held by the commissioner of public lands on \_\_\_\_\_, 19\_\_\_\_. (To be filled in only where lands are offered at public sale.)

To have and to hold said land, and all the rights and privileges granted hereunder, to and unto the lessee for a primary term of five years from the date hereof, and as long thereafter as oil and gas, or either of them, is produced in paying quantities from said land by lessee, subject to all of the terms and conditions as hereinafter set forth.

In consideration of the premises the parties covenant and agree as follows:

1. Subject to the free use without royalty, as hereinbefore provided, the lessee shall pay the lessor as royalty one-eighth part of the oil produced and saved from the leased premises or the cash value thereof, at the option of the lessor, such value to be the price prevailing the day oil is run into a pipeline, if the oil be run into a pipeline, or into storage tanks, if the oil is stored.

2. Subject to the free use without royalty, as hereinbefore provided, at the option of the lessor at any time and from time to time, the lessee shall pay the lessor as royalty one-eighth part of the gas produced and saved from the leased premises, including casing-head gas. Unless said option is exercised by lessor, the lessee shall pay the lessor as royalty one-eighth of the cash value of the gas, including casing-head gas, produced and saved from the leased premises and marketed or utilized, such value to be equal to the net proceeds derived from the sale of such gas in the field; provided, however, the cash value for royalty purposes of carbon dioxide gas and of hydrocarbon gas delivered to a gasoline plant for extraction of liquid hydrocarbons shall be equal to the net proceeds derived from the sale of such gas, including any liquid hydrocarbons recovered therefrom.

Notwithstanding the foregoing provisions, the lessor may require the payment of royalty for all or any part of the gas produced and saved under this lease and marketed or utilized at a price per m.c.f. equal to the maximum price being paid for gas of like kind and quality and under like conditions in the same field or area or may reduce the royalty value of any such gas (to any amount not less than the net proceeds of sale thereof, in the field) if the commissioner of public lands shall determine such action to be necessary to the successful operation of the lands for oil or gas purposes or to encouragement of the greatest ultimate recovery of oil or gas or to the promotion of conservation of oil or gas or in the public interest.

This lease shall not expire at the end of either the primary or secondary term hereof if there is a well capable of producing gas in paying quantities located upon some part of the lands embraced herein, or upon lands pooled or communitized herewith, where such well is shut-in due to the inability of the lessee to obtain a pipeline connection or to market the gas therefrom and if the lessee timely pays an annual royalty on or before the annual rental paying date next ensuing after the expiration of ninety days from the date said well was shut-in and on or before said rental date thereafter. The payment of said annual royalty shall be considered for all purposes the same as if gas were being produced in paying quantities and upon the commencement of marketing of gas from said well or wells the royalty paid for the lease year in which the gas is first marketed shall be credited upon the royalty payable hereunder to the lessor for such year. The provisions of this section shall also apply where gas is being marketed from said leasehold premises and through no fault of the lessee, the pipeline connection or market is lost or ceases, in which case this lease shall not expire so long as said annual royalty is paid as herein provided. The amount of any annual royalty payable under this section shall equal twice the annual rental due by the lessee under the terms of this lease but not less than three hundred twenty dollars (\$320) per well per year; provided, however, that any such annual royalty for any year beginning on or after fifteen years from the date hereof shall equal four times the annual rental due by the lessee under the terms of this lease but not less than two thousand dollars (\$2,000) per well per year; and provided further that no annual royalty shall be payable under this section if equivalent amounts are timely paid pursuant to another lease issued by lessor and if such other lease includes lands communitized with lands granted hereunder for the purpose of prorationally sharing in the shut-in well. Notwithstanding the provisions of this section to the contrary, this lease shall not be continued after ten years from the date hereof for any period of more than ten years by the payment of said annual royalty unless, for good cause shown, the commissioner of public lands, in his discretion, grants such a continuance.

3. Lessee agrees to make full settlement on the twentieth day of each month for all royalties due the lessor for the preceding month, under this lease, and to permit the lessor or its agents, at

all reasonable hours, to examine lessee's books relating to the production and disposition of oil and gas produced. Lessee further agrees to submit to lessor annually upon forms furnished by lessor, verified reports showing lessee's operations for the preceding year.

4. An annual rental at the rate of \$ \_\_\_\_\_ per acre shall become due and payable to the lessor by the lessee upon each acre of the land above described and then claimed by such lessee, and the same shall be due and payable in advance to the lessor on the successive anniversary dates of this lease, but the annual rental on any assignment shall in no event be less than forty dollars (\$40.00).

In the event the lessee shall elect to surrender any or all of said acreage, he shall deliver to the lessor a duly executed release thereof and in event said lease has been recorded then he shall upon request furnish and deliver to the lessor a certified copy of a duly recorded release.

5. The lessee may at any time by paying to the lessor all amounts then due as provided herein and the further sum of forty dollars (\$40.00), surrender and cancel this lease insofar as the same covers all or any portion of the lands herein leased and be relieved from further obligations or liability hereunder, in the manner as hereinbefore provided. Provided, this surrender clause and the option herein reserved to the lessee shall cease and become absolutely inoperative immediately and concurrently with the institution of any suit in any court of law or equity by the lessee, lessor or any assignee, to enforce this lease, or any of its terms expressed or implied.

6. All payments due hereunder shall be made on or before the day such payment is due, at the office of the commissioner of public lands in Santa Fe, New Mexico.

7. The lessee with the consent of the lessor shall have the rights to assign this lease in whole or in part. Provided, however, that no assignment of an undivided interest in the lease or in any part thereof nor any assignment of less than a legal subdivision shall be recognized or approved by the lessor. Upon approval in writing by the lessor of an assignment, the assignor shall stand relieved from all obligations to the lessor with respect to the lands embraced in the assignment and the lessor shall likewise be relieved from all obligations to the assignor as to such tracts, and the assignee shall succeed to all of the rights and privileges of the assignor with respect to such tracts and shall be held to have assumed all of the duties and obligations of the assignor to the lessor as to such tracts.

8. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land which is draining the leased premises, lessee shall drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances, provided that no such offset well shall be required if compensatory royalties are paid pursuant to an agreement between the lessor and the lessee.

9. The lessee agrees to notify the lessor of the location of each well before commencing drilling thereon, to keep a complete and accurate log of each well drilled and to furnish a copy thereof, verified by some person having actual knowledge of the facts, to the lessor upon the completion of any well, and to furnish the log of any unfinished well at any time when requested to do so by the lessor.

If any lands embraced in this lease shall be included in any deed or contract of purchase outstanding and subsisting issued pursuant to any sale made of the surface of such lands prior to the date of this lease, it is agreed and understood that no drilling operation shall be commenced on any such lands so sold unless and until the lessee shall have filed a good and sufficient bond with the lessor as required by law, to secure the payment for such damage to the livestock, range, water, crops or tangible improvements on such lands as may be suffered by the purchaser holding such deed or contract of purchase, or his successors, by reason of the developments, use and occupation of such lands by such lessee. Provided, however, that no such bond shall be required if such purchaser shall waive the right to require such bond to be given in the manner provided by law.

10. In drilling wells all water-bearing strata shall be noted in the log, and the lessor reserves the right to require that all or any part of the casing shall be left in any nonproductive well when lessor deems it to the interest of the beneficiaries of the lands granted hereunder to maintain said well or wells for water. For such casing so left in wells the lessor shall pay to the lessee the reasonable value thereof.

11. Lessee shall be liable and agree to pay for all damages to the range, livestock, growing crops or improvements caused by lessee's operations on said lands. When requested by the lessor the lessee shall bury pipelines below plow depth.

12. The lessee shall not remove any machinery or fixtures placed on said premises, nor draw the casing from any well unless and until all payments and obligations due the lessor under the

terms of this agreement shall have been paid or satisfied. The lessee's right to remove the casing is subject to the provision of Paragraph 10 above.

13. Upon failure or default of the lessee to comply with any of the provisions or covenants hereof, the lessor is hereby authorized to cancel this lease and such cancellation shall extend to and include all rights hereunder as to the whole of the tract so claimed, or possessed by the lessee, but shall not extend to, nor affect the rights of any other lessee or assignee claiming any portion of the lands upon which no default has been made; provided, however, that before any such cancellation shall be made, the lessor shall mail to the lessee so defaulting, by registered or certified mail, addressed to the post-office address of such lessee as shown by the records of the state land office, a notice of intention of cancellation specifying the default for which cancellation is to be made, and if within thirty days from the date of mailing said notice the said lessee shall remedy the default specified in said notice, cancellation shall not be made.

14. If the lessee shall have failed to make discovery of oil or gas in paying quantities during the primary term hereof or if such discovery shall have been made and production shall have ceased for any reason, the lessee may continue this lease in full force and effect for an additional term of five years and as long thereafter as oil and gas in paying quantities or either of them is produced from the leased premises by paying each year in advance, as herein provided, double the rental provided herein for the primary term, or the highest rental prevailing at the commencement of the secondary term in any rental district, or districts in which the lands, or any part thereof, may be situated, if it be greater than double the rental provided for the primary term; provided, however, such rental shall be paid within the time provided by Section 13 hereof. If oil or gas in paying quantities should be discovered during the secondary term hereof but production should cease during said secondary term, this lease shall continue for the remainder of said secondary term of five years so long as said rental is paid and if oil or gas in paying quantities is being produced at the end of the secondary term of five years so long thereafter as oil and gas in paying quantities or either of them is produced from the leased premises.

15. If this lease shall have been maintained in accordance with the provisions hereof and if at the expiration of the secondary term provided for herein oil or gas is not being produced on said land but lessee is then engaged in bona fide drilling or reworking operations thereon, this lease shall remain in full force and effect so long as such operations are diligently prosecuted and, if they result in the production of oil or gas, so long thereafter as oil and gas in paying quantities, or either of them, is produced from said land; provided, however, such operations extending beyond the secondary term shall be approved by the lessor upon written application filed with the lessor on or before the expiration of said secondary term, and a report of the status of all of such operations shall be made by the lessee to the lessor every thirty days and a cessation of such operations for more than twenty consecutive days shall be considered as an abandonment of such operations and this lease shall thereupon terminate.

If during the drilling or reworking of any well under this section, lessee loses or junks the hole or well and after diligent efforts in good faith is unable to complete said operations, then within twenty days after the abandonment of said operations, lessee may commence another well within three hundred thirty feet of the lost or junked hole or well and drill the same with due diligence.

Operations commenced and continued as herein provided shall extend this lease as to all lands as to which the same is in full force and effect as of the time said drilling operations are commenced; provided, however, this lease shall be subject to cancellation in accordance with Paragraph 13 hereof for failure to pay rentals or file reports which may become due while operations are being conducted hereunder.

16. Should production of oil and gas or either of them in paying quantities be obtained while this lease is in force and effect and should thereafter cease from any cause after the expiration of ten years from the date hereof this lease shall not terminate if lessee commences additional drilling or reworking operations within sixty days after the cessation of such production and shall remain in full force and effect so long as such operations are prosecuted in good faith with no cessation of more than twenty consecutive days, and if such operations result in the production of oil or gas in paying quantities, so long thereafter as oil or gas in paying quantities is produced from said land; provided, however, written notice of intention to commence such operations shall be filed with the lessor within thirty days after the cessation of such production, and a report of the status

of such operations shall be made by the lessee to the lessor every thirty days, and the cessation of such operations for more than twenty consecutive days shall be considered as an abandonment of such operations and this lease shall thereupon terminate.

17. Lessees, including their heirs, assigns, agents and contractors shall at their own expense fully comply with all laws, regulations, rules, ordinances and requirements of the city, county, state, federal authorities and agencies, in all matters and things affecting the premises and operations thereon which may be enacted or promulgated under the governmental police powers pertaining to public health and welfare, including but not limited to conservation, sanitation, aesthetics, pollution, cultural properties, fire and ecology. Such agencies are not to be deemed third party beneficiaries hereunder, however, this clause is enforceable by the lessor in any manner provided in this lease or by law.

18. Should lessor desire to exercise its rights to take in-kind its royalty share of oil, gas or associated substances or purchase all or any part of the oil, gas or associated substances produced from the lands covered by this lease, the lessee hereby irrevocably consents to the lessor exercising its right. Such consent is a consent to the termination of any supplier/purchaser relationship between the lessor and the lessee deemed to exist under federal regulations. Lessee further agrees that it will require any purchaser of oil, gas or associated substances to likewise waive any such rights.

19. Lessor reserves a continuing option to purchase at any time and from time to time, at the market price prevailing in the area on the date of purchase, all or any part of the minerals (oil and gas) that will be produced from the lands covered by this lease.

20. Lessor reserves the right to execute leases for geothermal resource development and operation thereon; the right to sell or dispose of the geothermal resources of such lands; and the right to grant rights of way and easements for these purposes.

21. All terms of this agreement shall extend to and bind the heirs, executors, administrators, successors and assigns of the parties hereto.

In witness whereof, the party of the first part has hereunto signed and caused its name to be signed by its commissioner of public lands thereunto duly authorized, with the seal of his office affixed, and the lessee has signed this agreement the day and year first above written.

#### ANNOTATIONS

**Net proceeds royalty obligation.** — The net proceeds royalty obligations contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms are unambiguous as a matter of law and lessees under such leases are entitled to recover some post-production costs associated with making gas marketable. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Free use clause.** — Under the free use clauses contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms, lessees are entitled to the free use of field and plant fuel so long as the fuel is used in the operation of the lease. Field and plant fuels are not subject to royalty payments because they are post-production costs that lessees remit to post-production service providers for the development and production of the leased premises and are neither sold nor saved by lessees. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Drip condensate.** — The royalty obligations contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947,

ch. 200, § 1) lease forms are limited by their respective free use clauses and do not require royalties to be paid on lessees' use of drip condensate to the extent that lessees do not derive proceeds from such use. Lessees are only obligated to pay royalties on the use of drip condensate to the extent that lessees receive proceeds from such use. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Deduction of costs of post-production services provided by lessees' affiliates.** — Under the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms, in calculating lessee's royalty obligations, the deduction of costs of post-production services that are provided by lessees' affiliates must be reasonable. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Maximum price provision.** — The maximum price provision contained in the 1947 (Laws 1947, ch. 200, § 1) lease form does not affect lessees' ability to deduct post-production costs. It provides the commissioner with the authority to require that lessees deduct their post-production expenses from the maximum price being paid for gas of like kind and quality in the same field or area. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Rulemaking authority of commissioner limited.** — The commissioner has no authority to promulgate rules

or regulations inconsistent with legislative enactments governing mineral leases on public lands. *Harvey E. Yates Co. v. Powell*, 98 F.3d 1222 (10th Cir. 1996).

The commissioner exceeded his authority and usurped a legislative function in promulgating the definition of "proceeds" in a rule so that it would require state lessees to pay royalties even when gas was not extracted from the leased premises. *Harvey E. Yates Co. v. Powell*, 98 F.3d 1222 (10th Cir. 1996).

**Effect of production in portion of premises on rights of partial assignee.** — Where oil and gas lease from commissioner of public lands provided that if oil and gas were produced in paying quantities within 10-year period, which time had been allowed lessee to produce oil and gas, lease might be continued in force as long as oil or gas should be produced, and portion of lease was assigned, assignee succeeded to all rights of original lessee, and on producing oil in portion of lease not covered by assignment, assignee had right to continue lease in force, subject to implied covenant to perform the development work. *State ex rel. Shell Petroleum Corp. v. Worden*, 1940-NMSC-038, 44 N.M. 400, 103 P.2d 124.

**Liability for damages.** — Persons performing seismicographic work upon state land with consent of mineral lease holders and commissioner of public lands are liable for damages caused to holders of grazing leases on the land, since, under Subdivision 11 of form lease found in this section, mineral lease holder would be liable for such damages. *Tidewater Associated Oil Co. v. Shipp*, 1954-NMSC-129, 59 N.M. 37, 278 P.2d 571.

Under the terms of the lease in this section the mineral lessee may be liable for damages without regard to negligence. *Dean v. Paladin Exploration Co.*, 2003-NMCA-049, 133 N.M. 491, 64 P.3d 518.

**Notice of intent to cancel lease by certified mail.** — The commissioner of public lands fulfills the statutory requirement for notice to terminate a lessee's interest in an oil and gas lease when he sends a notice of intent to cancel by certified mail. *Abbott v. Armijo*, 1983-NMSC-065, 100 N.M. 190, 668 P.2d 306.

**Limitation on royalties on cash settlements of contract disputes between lessees and purchasers.** —

Under a statutory lease, the state was not entitled to royalties on cash payments made in settlement of take-or-pay disputes between lessees and gas purchasers, except for the proceeds obtained by the lessees from the sale of gas at the bought-down price and a commensurate portion of the proceeds attributable to price reductions applicable to future production under the renegotiated sales agreement as production occurs. *Harvey E. Yates Co. v. Powell*, 98 F.3d 1222 (10th Cir. 1996).

**Public policy.** — It is the public policy as shown by the oil and gas leasing laws to promote development and production of oil and gas and it was not contemplated by the legislature that a lessee be deprived of his right to develop fully a well begun in good faith merely because he was attempting to determine the extent of the production possible at a depth less than he contemplated drilling in order to test the productivity of the area. 1953-54 Op. Att'y Gen. No. 53-5650.

**Use of form not required of other state agencies.** — The form for leasing oil and gas lands belonging to agencies other than the office of the commissioner of public lands need not comply with the terms and conditions of this section, even where such leases are offered through the facilities of the commissioner as an accommodation to another state agency. 1980 Op. Att'y Gen. No. 80-10.

**Production on part benefits whole.** — If production has been obtained in a unit area the production inures to the benefit of all tracts contained in the unit area; under the form oil and gas lease all of the tracts contained in a lease are perpetuated for as long after the term of the lease as oil or gas in paying quantities is produced from said land by the lessee. 1953-54 Op. Att'y Gen. No. 53-5708.

**Drilling on part benefits whole.** — The commencement of drilling on any part of a unit area prior to the expiration of the secondary term would extend the secondary term on all tracts included in the unit area and would be considered the same as though a well had been commenced on each tract in such unit area. 1953-54 Op. Att'y Gen. No. 53-5708.

**Expiration of lease prior to drilling.** — Drilling operations may not be made upon a second well in the event the approved operation is completed without production where the drilling operations have not been begun on the second well prior to the expiration date of the second term. 1953-54 Op. Att'y Gen. No. 53-5650.

**Purpose of extension.** — Extension of lease beyond its secondary term is for such period of time as required to conclude bona fide drilling in which lessee was engaged at expiration of the secondary term at which time lease terminates if oil or gas are not found, but if this drilling operation results in production, then the lease is continued for as long as oil and gas, or either of them, is produced from said land in paying quantities. 1949-50 Op. Att'y Gen. No. 49-5230.

**Application for continuation.** — Under Subdivision 16 (now 15) a lessee may make application in writing before expiration of the secondary term for a continuation of the term if engaged in bona fide drilling or reworking operations. 1949-50 Op. Att'y Gen. No. 49-5230.

**Surrender of lease and reapplication.** — Once a lessee has surrendered his lease as provided for under Subdivision 5, the commissioner may refuse to accept an application for a new lease made by the same party. 1945-46 Op. Att'y Gen. No. 45-4659.

**Rental on assignment of lease.** — Annual rental to be charged assignee of oil and gas lease is same as that of original lessee, and for secondary term the rental is double that of primary term. 1937-38 Op. Att'y Gen. No. 37-1597.

**Commissioner may insert covenant compelling reasonable development** of the leased premises for oil and gas. 1941-42 Op. Att'y Gen. No. 41-3835.

The following form is designated as the "Discovery Form". It may be used by the commissioner for oil and gas leases on lands classified as restricted lands, whether categorized as regular or premium:

### OIL AND GAS LEASE (Discovery Form)

This agreement, dated \_\_\_\_\_, 19\_\_\_\_, between the state of New Mexico, acting by and through its commissioner of public lands, hereinafter called the "lessor", and \_\_\_\_\_, whose address is \_\_\_\_\_, hereinafter called the "lessee",

Witnesseth:

Whereas, the lessee has filed in the office of the commissioner of public lands an application for an oil and gas lease covering the lands hereinafter described and has tendered therewith the required first payment; and

Whereas, all of the requirements of law relative to the application and tender have been duly complied with;

Therefore, in consideration of the premises as well as the sum of \_\_\_\_\_ dollars (\$ \_\_\_\_\_), the same being the amount of the tender above mentioned, and the further sum of \$ \_\_\_\_\_ filing fee, and of the covenants and agreements hereinafter contained, the lessor does hereby grant, demise, lease and let unto the said lessee, exclusively, for the sole and only purpose of exploration, development and production of oil or gas (including carbon dioxide and helium), or both thereon and therefrom with the right to own all oil and gas so produced and saved therefrom and not reserved as royalty by the lessor under the terms of this lease, together with rights-of-way, easements and servitudes for pipelines, telephone lines, tanks, power houses, stations, gasoline plants and fixtures for producing, treating and caring for such products, and housing and boarding employees, and any and all rights and privileges necessary, incident to or convenient for the economical operation of said land, for oil and gas, with right for such purposes to the free use of oil, gas, casing-head gas or water from said lands, but not from lessor's water wells, and with the rights of removing either during or after the term hereof, all and any improvements placed or erected on the premises by the lessee, including the right to pull all casing, subject, however, to the covenants and conditions hereinafter set out, the following described land situated in the county of \_\_\_\_\_, state of New Mexico, and more particularly described as follows:

Said lands having been awarded to lessee and designated as Tract No. \_\_\_\_\_ at a public sale held by the commissioner of public lands on \_\_\_\_\_, 19\_\_.

To have and to hold said land, and all the rights and privileges granted hereunder, to and unto the lessee for a primary term of five years from the date hereof, and as long thereafter as oil and gas, or either of them, is produced in paying quantities from said land by lessee, subject to all of the terms and conditions as hereinafter set forth.

In consideration of the premises the parties covenant and agree as follows:

1. Subject to the free use without royalty, as hereinbefore provided, the lessee shall pay the lessor as royalty one-sixth part of the oil produced and saved from the leased premises or the cash value thereof, at the option of the lessor, such value to be the price prevailing the day oil is run into the pipeline, if the oil be run into a pipeline, or into storage tanks, if the oil is stored.

2. Subject to the free use without royalty, as hereinbefore provided, at the option of the lessor at any time and from time to time, the lessee shall pay the lessor as royalty one-sixth, part of the gas produced and saved from the leased premises, including casing-head gas. Unless said option is exercised by lessor, the lessee shall pay the lessor as royalty one-sixth of the cash value of the gas, including casing-head gas, produced and saved from the leased premises and marketed or utilized, such value to be equal to the net proceeds derived from the sale of such gas in the field; provided, however, the cash value for royalty purposes of carbon dioxide gas and of hydrocarbon gas delivered to a gasoline plant for extraction of liquid hydrocarbons shall be equal to the net proceeds derived from the sale of such gas, including any liquid hydrocarbons recovered therefrom.

Notwithstanding the foregoing provisions, the lessor may require the payment of royalty for all or any part of the gas produced and saved under this lease and marketed or utilized at a price per m.c.f. equal to the maximum price being paid for gas of like kind and quality and under like conditions in the same field or area or may reduce the royalty value of any such gas (to any amount not less than the net proceeds of sale thereof, in the field) if the commissioner of public lands shall determine such action to be necessary to the successful operation of the lands for oil or gas purposes or to encouragement of the greatest ultimate recovery of oil or gas or to the promotion or conservation of oil or gas or in the public interest.

This lease shall not expire at the end of the primary term hereof if there is a well capable of producing gas in paying quantities located upon some part of the lands embraced herein, or upon lands pooled or communitized herewith, where such well is shut-in due to the inability of the lessee to obtain a pipeline connection or to market the gas therefrom, and if the lessee timely pays an annual royalty on or before the annual rental paying date next ensuing after the expiration of ninety days from the date said well was shut-in and on or before said rental date thereafter. The payment of said annual royalty shall be considered for all purposes the same as if gas were being produced in paying quantities and upon the commencement of marketing of gas from said well or wells the royalty paid for the lease year in which the gas is first marketed shall be credited upon the royalty payable hereunder to the lessor for such year. The provisions of this section shall also apply where gas is being marketed from said leasehold premises and through no fault of the lessee, the pipeline connection or market is lost or ceases, in which case this lease shall not expire so long as said annual royalty is paid as herein provided. The amount of any annual royalty payable under this section shall equal twice the annual rental due by the lessee under the terms of this lease but not less than three hundred twenty dollars (\$320) per well per year; provided, however, that any such annual royalty for any year beginning on or after ten years from the date hereof shall equal four times the annual rental due by the lessee under the terms of this lease but not less than two thousand dollars (\$2,000) per well per year; provided further, that no annual royalty shall be payable under this section if equivalent amounts are timely paid pursuant to another lease issued by lessor and if such other lease includes lands communitized with lands granted hereunder for the purpose of prorationally sharing in the shut-in well. Notwithstanding the provisions of this section to the contrary, this lease shall not be continued after five years from the date hereof for any period of more than ten years by the payment of said annual royalty unless, for good cause shown, the commissioner of public lands, in his discretion, grants such a continuance.

3. Lessee agrees to make full settlement on the twentieth day of each month for all royalties due the lessor for the preceding month, under this lease, and to permit the lessor or its agents, at

all reasonable hours, to examine lessee's books relating to the production and disposition of oil and gas produced. Lessee further agrees to submit to lessor annually upon forms furnished by lessor, verified reports showing lessee's operations for the preceding year.

4. An annual rental at the rate of \$ \_\_\_\_\_ per acre shall become due and payable to the lessor by the lessee upon each acre of the land above described and then claimed by such lessee and the same shall be due and payable in advance to the lessor on the successive anniversary dates of this lease, but the annual rental on any assignment shall in no event be less than forty dollars (\$40.00).

In the event the lessee shall elect to surrender any or all of said acreage, he shall deliver to the lessor a duly executed release thereof and in event said lease has been recorded then he shall upon request furnish and deliver to the lessor a certified copy of a duly recorded release.

5. The lessee may at any time by paying to the lessor all amounts then due as provided herein and the further sum of forty dollars (\$40.00), surrender and cancel this lease insofar as the same covers all or any portion of the lands herein leased and be relieved from further obligations or liability hereunder, in the manner as hereinbefore provided. Provided, this surrender clause and the option herein reserved to the lessee shall cease and become absolutely inoperative immediately and concurrently with the institution of any suit in any court of law or equity by the lessee, lessor or any assignee, to enforce this lease, or any of its terms expressed or implied.

6. All payments due hereunder shall be made on or before the day such payment is due, at the office of the commissioner of public lands in Santa Fe, New Mexico.

7. The lessee with the consent of the lessor shall have the rights to assign this lease in whole or in part. Provided, however, that no assignment of an undivided interest in the lease or in any part thereof nor any assignment of less than a legal subdivision shall be recognized or approved by the lessor. Upon approval in writing by the lessor of an assignment, the assignor shall stand relieved from all obligations to the lessor with respect to the lands embraced in the assignment and the lessor shall likewise be relieved from all obligations to the assignor as to such tracts, and the assignee shall succeed to all of the rights and privileges of the assignor with respect to such tracts and shall be held to have assumed all of the duties and obligations of the assignor to the lessor as to such tracts.

8. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land which is draining the leased premises, lessee shall drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances, provided that no such offset well shall be required if compensatory royalties are paid pursuant to an agreement between the lessor and the lessee.

9. The lessee agrees to notify the lessor of the location of each well before commencing drilling thereon, to keep a complete and accurate log of each well drilled and to furnish a copy thereof, verified by some person having actual knowledge of the facts, to the lessor upon the completion of any well, and to furnish the log of any unfinished well at any time when requested to do so by the lessor.

If any lands embraced in this lease shall be included in any deed or contract of purchase outstanding and subsisting issued pursuant to any sale made of the surface of such lands prior to the date of this lease, it is agreed and understood that no drilling operation shall be commenced on any such lands so sold unless and until the lessee shall have filed a good and sufficient bond with the lessor as required by law, to secure the payment for such damage to the livestock, range, water, crops or tangible improvements on such lands as may be suffered by the purchaser holding such deed or contract of purchase, or his successors, by reason of the developments, use and occupation of such lands by such lessee. Provided, however, that no such bond shall be required if such purchaser shall waive the right to require such bond to be given in the manner provided by law.

10. In drilling wells all water-bearing strata shall be noted in the log, and the lessor reserves the right to require that all or any part of the casing shall be left in any nonproductive well when lessor deems it to the interest of the beneficiaries of the lands granted hereunder to maintain said well or wells for water. For such casing so left in wells the lessor shall pay to the lessee the reasonable value thereof.

11. Lessee shall be liable and agree to pay for all damages to the range, livestock, growing crops or improvements caused by lessee's operations on said lands. When requested by the lessor the lessee shall bury pipelines below plow depth.

12. The lessee shall not remove any machinery or fixtures placed on said premises, nor draw the casing from any well unless and until all payments and obligations due the lessor under the

terms of this agreement shall have been paid or satisfied. The lessee's right to remove the casing is subject to the provision of Paragraph 10 above.

13. Upon failure or default of the lessee to comply with any of the provisions or covenants hereof, the lessor is hereby authorized to cancel this lease and such cancellation shall extend to and include all rights hereunder as to the whole of the tract so claimed, or possessed by the lessee, but shall not extend to, nor affect the rights of any other lessee or assignee claiming any portion of the lands upon which no default has been made; provided, however, that before any such cancellation shall be made, the lessor shall mail to the lessee so defaulting, by registered or certified mail, addressed to the post office address of such lessee as shown by the records of the state land office, a notice of intention of cancellation specifying the default for which cancellation is to be made, and if within thirty days from the date of mailing said notice the said lessee shall remedy the default specified in said notice, cancellation shall not be made.

14. If this lease shall have been maintained in accordance with the provisions hereof and if at the expiration of the primary term provided for herein oil or gas is not being produced on said land but lessee is then engaged in bona fide drilling or reworking operations thereon, this lease shall remain in full force and effect so long as such operations are diligently prosecuted and, if they result in the production of oil or gas, so long thereafter as oil and gas in paying quantities, or either of them, is produced from said land; provided, however, such operations extending beyond the primary term shall be approved by the lessor upon written application filed with the lessor on or before the expiration of said term, and a report of the status of all of such operations shall be made by the lessee to the lessor every thirty days and a cessation of such operations for more than twenty consecutive days shall be considered as an abandonment of such operations and this lease shall thereupon terminate.

If during the drilling or reworking of any well under this section, lessee loses or junks the hole or well and after diligent efforts in good faith is unable to complete said operations, then within twenty days after the abandonment of said operations, lessee may commence another well within three hundred thirty feet of the lost or junked hole or well and drill the same with due diligence.

Operations commenced and continued as herein provided shall extend this lease as to all lands as to which the same is in full force and effect as of the time said drilling operations are commenced; provided, however, this lease shall be subject to cancellation in accordance with Paragraph 13 hereof for failure to pay rentals or file reports which may become due while operations are being conducted hereunder.

15. Should production of oil and gas or either of them in paying quantities be obtained while this lease is in force and effect and should thereafter cease from any cause after the expiration of five years from the date hereof this lease shall not terminate if lessee commences additional drilling or reworking operations within sixty days after the cessation of such production and shall remain in full force and effect so long as such operations are prosecuted in good faith with no cessation of more than twenty consecutive days, and if such operations result in the production of oil or gas in paying quantities, so long thereafter as oil or gas in paying quantities is produced from said land; provided, however, written notice of intention to commence such operations shall be filed with the lessor within thirty days after the cessation of such production, and a report of the status of such operations shall be made by the lessee to the lessor every thirty days, and the cessation of such operations for more than twenty consecutive days shall be considered as an abandonment of such operations and this lease shall thereupon terminate.

16. Lessees, including their heirs, assigns, agents and contractors shall at their own expense fully comply with all laws, regulations, rules, ordinances and requirements of the city, county, state, federal authorities and agencies, in all matters and things affecting the premises and operations thereon which may be enacted or promulgated under the governmental police powers pertaining to public health and welfare, including but not limited to conservation, sanitation, aesthetics, pollution, cultural properties, fire and ecology. Such agencies are not to be deemed third party beneficiaries hereunder, however, this clause is enforceable by the lessor in any manner provided in this lease or by law.

17. Should lessor desire to exercise its rights to take in-kind its royalty share of oil, gas or associated substances or purchase all or any part of the oil, gas or associated substances produced from the lands covered by this lease, the lessee hereby irrevocably consents to the lessor exercising its right. Such consent is a consent to the termination of any supplier/purchaser relationship between

the lessor and the lessee deemed to exist under federal regulations. Lessee further agrees that it will require any purchaser of oil, gas or associated substances to likewise waive any such rights.

18. Lessor reserves a continuing option to purchase at any time and from time to time, at the market price prevailing in the area on the date of purchase, all or any part of the minerals (oil and gas) that will be produced from the lands covered by this lease.

19. Lessor reserves the right to execute leases for geothermal resource development and operation thereon; the right to sell or dispose of the geothermal resources of such lands; and the right to grant rights of way and easements for these purposes.

20. All terms of this agreement shall extend to and bind the heirs, executors, administrators, successors and assigns of the parties hereto.

In witness whereof, the party of the first part has hereunto signed and caused its name to be signed by its commissioner of public lands thereunto duly authorized, with the seal of his office affixed, and the lessee has signed this agreement the day and year first above written.

**History:** 1978 Comp., § 19-10-4.2, enacted by Laws 1985, ch. 195, § 4.

**Cross references.** — For commissioner of public lands, see 19-1-1 NMSA 1978.

#### ANNOTATIONS

**Net proceeds royalty obligation.** — The net proceeds royalty obligations contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms are unambiguous as a matter of law and lessees under such leases are entitled to recover some post-production costs associated with making gas marketable. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Free use clause.** — Under the free use clauses contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms, lessees are entitled to the free use of field and plant fuel so long as the fuel is used in the operation of the lease. Field and plant fuels are not subject to royalty payments because they are post-production costs that lessees remit to post-production service providers for the development and production of the leased premises and are neither sold nor saved by lessees. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Drip condensate.** — The royalty obligations contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms are limited by their respective free use clauses and do not require royalties to be paid on lessees' use of drip condensate to the extent that lessees do not derive proceeds from such use. Lessees are only obligated to pay royalties on the use of drip condensate to the extent that lessees receive proceeds from such use. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Deduction of costs of post-production services provided by lessees' affiliates.** — Under the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms, in calculating lessee's royalty obligations, the deduction of costs of post-production services that are provided by lessees' affiliates must be reasonable. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Maximum price provision.** — The maximum price provision contained in the 1947 (Laws 1947, ch. 200, § 1) lease form does not affect lessees' ability to deduct post-production costs. It provides the commissioner with the authority to require that lessees deduct their post-production expenses from the maximum price being paid for gas of like kind and quality in the same field or area. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

#### Notice of intent to cancel lease by certified mail.

— The commissioner of public lands fulfills the statutory requirement for notice to terminate a lessee's interest in an oil and gas lease when he sends a notice of intent to cancel by certified mail. *Abbott v. Armijo*, 1983-NMSC-065, 100 N.M. 190, 668 P.2d 306.

**Effect of production in portion of premises on rights of partial assignee.** — Where oil and gas lease from commissioner of public lands provided that if oil and gas were produced in paying quantities within 10-year period, which time had been allowed lessee to produce oil and gas, lease might be continued in force as long as oil or gas should be produced, and portion of lease was assigned, assignee succeeded to all rights of original lessee, and on producing oil in portion of lease not covered by assignment, assignee had right to continue lease in force, subject to implied covenant to perform the development work. *State ex rel. Shell Petroleum Corp. v. Worden*, 1940-NMSC-038, 44 N.M. 400, 103 P.2d 124.

**Liability for damages.** — Persons performing seismicographic work upon state land with consent of mineral lease holders and commissioner of public lands are liable for damages caused to holders of grazing leases on the land, since, under Subdivision 11 of form lease found in this section, mineral lease holder would be liable for such damages. *Tidewater Associated Oil Co. v. Shipp*, 1954-NMSC-129, 59 N.M. 37, 278 P.2d 571.

**Use of form not required of other state agencies.** — The form for leasing oil and gas lands belonging to agencies other than the office of the commissioner of public lands need not comply with the terms and conditions of this section, even where such leases are offered through the facilities of the commissioner as an accommodation to another state agency. 1980 Op. Att'y Gen. No. 80-10.

**Public policy.** — It is the public policy as shown by the oil and gas leasing laws to promote development and production of oil and gas and it was not contemplated by the legislature that a lessee be deprived of his right to develop fully a well begun in good faith merely because he was attempting to determine the extent of the production possible at a depth less than he contemplated drilling in order to test the productivity of the area. 1953-54 Op. Att'y Gen. No. 53-5650.

**Production on part benefits whole.** — If production has been obtained in a unit area the production inures to the benefit of all tracts contained in the unit area; under the form oil and gas lease all of the tracts contained in a lease are perpetuated for as long after the term of the lease

as oil or gas in paying quantities is produced from said land by the lessee. 1953-54 Op. Att'y Gen. No. 53-5708.

**Drilling on part benefits whole.** — The commencement of drilling on any part of a unit area prior to the expiration of the secondary term would extend the secondary term on all tracts included in the unit area and would be considered the same as though a well had been commenced on each tract in such unit area. 1953-54 Op. Att'y Gen. No. 53-5708.

**Expiration of lease prior to drilling.** — Drilling operations may not be made upon a second well in the event the approved operation is completed without production where the drilling operations have not been begun on the second well prior to the expiration date of the second term. 1953-54 Op. Att'y Gen. No. 53-5650.

**Purpose of extension.** — Extension of lease beyond its secondary term is for such period of time as required to conclude bona fide drilling in which lessee was engaged at expiration of the secondary term at which time lease terminates if oil or gas are not found, but if this drilling operation results in production, then the lease is continued for as long as oil and gas, or either of them, is produced from said land in paying quantities. 1949-50 Op. Att'y Gen. No. 49-5230.

**Application for continuation.** — Under Subdivision 16 (now 14) a lessee may make application in writing before expiration of the secondary term for a continuation of the term if engaged in bona fide drilling or reworking operations. 1949-50 Op. Att'y Gen. No. 49-5230.

**Surrender of lease and reapplication.** — Once a lessee has surrendered his lease as provided for under Subdivision 5, the commissioner may refuse to accept an application for a new lease made by the same party. 1945-46 Op. Att'y Gen. No. 45-4659.

**Commissioner may insert covenant compelling reasonable development** of the leased premises for oil and gas. 1941-42 Op. Att'y Gen. No. 41-3835.

**Rental on assignment of lease.** — Annual rental to be charged assignee of oil and gas lease is same as that of original lessee, and for secondary term the rental is double that of primary term. 1937-38 Op. Att'y Gen. No. 37-1597.

Said lands having been awarded to lessee and designated as Tract No. .... at a public sale held by the commissioner of public lands on ....., 19...

To have and to hold said land, and all the rights and privileges granted hereunder, to and unto the lessee for a primary term of five years from the date hereof, and as long thereafter as oil and gas, or either of them, is produced in paying quantities from said land by lessee, subject to all of the terms and conditions as hereinafter set forth.

In consideration of the premises, the parties covenant and agree as follows:

1. Subject to the free use without royalty, as hereinbefore provided, the lessee shall pay the lessor as royalty ..... (not less than three-sixteenths nor more than one-fifth) part of the oil produced and saved from the leased premises or the cash value thereof, at the option of the lessor, such value to be the price prevailing the day oil is run into a pipeline, if the oil be run into a pipeline, or into storage tanks, if the oil is stored.

2. Subject to the free use without royalty, as hereinbefore provided, at the option of the lessor at any time and from time to time, the lessee shall pay the lessor as royalty ..... (not less than three-sixteenths nor more than one-fifth) part of the gas produced and saved from the leased premises, including casing-head gas. Unless said option is exercised by lessor, the lessee shall pay the lessor as royalty ..... (not less than three-sixteenths nor more than one-fifth) of the cash value of the gas, including casing-head gas, produced and saved from the leased premises and marketed or utilized, such value to be equal to the net proceeds derived from the sale of such gas in the field; provided, however, the cash value for royalty purposes of carbon dioxide gas and of hydrocarbon gas delivered to a gasoline plant for extraction of liquid hydrocarbons shall be equal to the net proceeds derived from the sale of such gas, including any liquid hydrocarbons recovered therefrom.

Notwithstanding the foregoing provisions, the lessor may require the payment of royalty for all or any part of the gas produced and saved under this lease and marketed or utilized at a price per m.c.f. equal to the maximum price being paid for gas of like kind and quality and under like conditions in the same field or area or may reduce the royalty value of any such gas (to any amount not less than the net proceeds of sale thereof, in the field) if the commissioner of public lands shall determine such action to be necessary to the successful operation of the lands for oil or gas purposes or to encouragement or [of] the greatest ultimate recovery of oil or gas or to the promotion or conservation of oil or gas or in the public interest.

This lease shall not expire at the end of the primary term hereof if there is a well capable of producing gas in paying quantities located upon some part of the lands embraced herein, or upon

lands pooled or communitized herewith, where such well is shut-in due to the inability of the lessee to obtain a pipeline connection or to market the gas therefrom, and if the lessee timely pays an annual royalty on or before the annual rental paying date next ensuing after the expiration of ninety days from the date said well was shut-in and on or before said rental date thereafter. The payment of said annual royalty shall be considered for all purposes the same as if gas were being produced in paying quantities and upon the commencement of marketing of gas from said well or wells the royalty paid for the lease year in which the gas is first marketed shall be credited upon the royalty payable hereunder to the lessor for such year. The provisions of this section shall also apply where gas is being marketed from said leasehold premises and through no fault of the lessee, the pipeline connection or market is lost or ceases, in which case this lease shall not expire so long as said annual royalty is paid as herein provided. The amount of any annual royalty payable under this section shall equal twice the annual rental due by the lessee under the terms of this lease but not less than three hundred twenty dollars (\$320) per well per year; provided, however, that any such annual royalty for any month beginning on or after ten years from the date hereof shall equal four times the annual rental due by the lessee under the terms of this lease but not less than two thousand dollars (\$2,000) per well per year; provided further, that no annual royalty shall be payable under this section if equivalent amounts are timely paid pursuant to another lease issued by lessor and if such other lease includes lands communitized with lands granted hereunder for the purpose of prorationally sharing in the shut-in well. Notwithstanding the provisions of this section to the contrary, this lease shall not be continued after five years from the date hereof for any period of more than ten years by the payment of said annual royalty unless, for good cause shown, the commissioner of public lands, in his discretion, grants such a continuance.

3. Lessee agrees to make full settlement on the twentieth day of each month for all royalties due the lessor for the preceding month, under this lease, and to permit the lessor or its agents, at all reasonable hours, to examine lessee's books relating to the production and disposition of oil and gas produced. Lessee further agrees to submit to lessor annually upon forms furnished by lessor, verified reports showing lessee's operations for the preceding year.

4. An annual rental at the rate of \$ ..... per acre shall become due and payable to the lessor by the lessee, upon each acre of the land above described and then claimed by such lessee and the same shall be due and payable in advance to the lessor on the successive anniversary dates of this lease, but the annual rental on any assignment shall in no event be less than forty dollars (\$40.00).

In the event the lessee shall elect to surrender any or all of said acreage, he shall deliver to the lessor a duly executed release thereof and in event said lease has been recorded then he shall upon request furnish and deliver to the lessor a certified copy of a duly recorded release.

5. The lessee may at any time by paying to the lessor all amounts then due as provided herein and the further sum of forty dollars (\$40.00), surrender and cancel this lease insofar as the same covers all or any portion of the lands herein leased and be relieved from further obligations or liability hereunder, in the manner as hereinbefore provided. Provided, this surrender clause and the option herein reserved to the lessee shall cease and become absolutely inoperative immediately and concurrently with the institution of any suit in any court of law or equity by the lessee, lessor or any assignee, to enforce this lease, or any of its terms expressed or implied.

6. All payments due hereunder shall be made on or before the day such payment is due, at the office of the commissioner of public lands in Santa Fe, New Mexico.

7. The lessee with the consent of the lessor shall have the rights to assign this lease in whole or in part. Provided, however, that no assignment of an undivided interest in the lease or in any part thereof nor any assignment of less than a legal subdivision shall be recognized or approved by the lessor. Upon approval in writing by the lessor of an assignment, the assignor shall stand relieved from all obligations to the lessor with respect to the lands embraced in the assignment and the lessor shall likewise be relieved from all obligations to the assignor as to such tracts, and the assignee shall succeed to all of the rights and privileges of the assignor with respect to such tracts and shall be held to have assumed all of the duties and obligations of the assignor to the lessor as to such tracts.

8. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land which is draining the leased premises, lessee shall drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances, provided that

no such offset well shall be required if compensatory royalties are paid pursuant to an agreement between the lessor and the lessee.

9. The lessee agrees to notify the lessor of the location of each well before commencing drilling thereon, to keep a complete and accurate log of each well drilled and to furnish a copy thereof, verified by some person having actual knowledge of the facts, to the lessor upon the completion of any well, and to furnish the log of any unfinished well at any time when requested to do so by the lessor.

If any lands embraced in this lease shall be included in any deed or contract of purchase outstanding and subsisting issued pursuant to any sale made of the surface of such lands prior to the date of this lease, it is agreed and understood that no drilling operation shall be commenced on any such lands so sold unless and until the lessee shall have filed a good and sufficient bond with the lessor as required by law, to secure the payment for such damage to the livestock, range, water, crops or tangible improvements on such lands as may be suffered by the purchaser holding such deed or contract of purchase, or his successors, by reason of the developments, use and occupation of such lands by such lessee. Provided, however, that no such bond shall be required if such purchaser shall waive the right to require such bond to be given in the manner provided by law.

10. In drilling wells, all water-bearing strata shall be noted in the log, and the lessor reserves the right to require that all or any part of the casing shall be left in any nonproductive well when lessor deems it to the interest of the beneficiaries of the lands granted hereunder to maintain said well or wells for water. For such casing so left in wells the lessor shall pay to the lessee the reasonable value thereof.

11. Lessee shall be liable and agree to pay for all damages to the range, livestock, growing crops or improvements caused by lessee's operations on said lands. When requested by the lessor the lessee shall bury pipelines below plow depth.

12. The lessee shall not remove any machinery or fixtures placed on said premises, nor draw the casing from any well unless and until all payments and obligations due the lessor under the terms of this agreement shall have been paid or satisfied. The lessee's right to remove the casing is subject to the provision of Paragraph 10 above.

13. Upon failure or default of the lessee to comply with any of the provisions or covenants hereof, the lessor is hereby authorized to cancel this lease and such cancellation shall extend to and include all rights hereunder as to the whole of the tract so claimed, or possessed by the lessee, but shall not extend to, nor affect the rights of any other lessee or assignee claiming any portion of the lands upon which no default has been made; provided, however, that before any such cancellation shall be made, the lessor shall mail to the lessee, so defaulting, by registered or certified mail, addressed to the post office address of such lessee as shown by the records of the state land office, a notice of intention of cancellation specifying the default for which cancellation is to be made, and if within thirty days from the date of mailing said notice the said lessee shall remedy the default specified in said notice, cancellation shall not be made.

14. If this lease shall have been maintained in accordance with the provisions hereof and if at the expiration of the primary term provided for herein oil or gas is not being produced on said land but lessee is then engaged in bona fide drilling or reworking operations thereon, this lease shall remain in full force and effect so long as such operations are diligently prosecuted and, if they result in the production of oil or gas, so long thereafter as oil and gas in paying quantities, or either of them, is produced from said land; provided, however, such operations extending beyond the primary term shall be approved by the lessor upon written application filed with the lessor on or before the expiration of said term, and a report of the status of all of such operations shall be made by the lessee to the lessor every thirty days and a cessation of such operations for more than twenty consecutive days shall be considered as an abandonment of such operations and this lease shall thereupon terminate.

If during the drilling or reworking of any well under this section, lessee loses or junks the hole or well and after diligent efforts in good faith is unable to complete said operations, then within twenty days after the abandonment of said operations, lessee may commence another well within three hundred thirty feet of the lost or junked hole or well and drill the same with due diligence.

Operations commenced and continued as herein provided shall extend this lease as to all lands as to which the same is in full force and effect as of the time said drilling operations are commenced; provided, however, this lease shall be subject to cancellation in accordance with Paragraph

13 hereof for failure to pay rentals or file reports which may become due while operations are being conducted hereunder.

15. Should production of oil and gas or either of them in paying quantities be obtained while this lease is in force and effect and should thereafter cease from any cause after the expiration of five years from the date hereof, this lease shall not terminate if lessee commences additional drilling or reworking operations within sixty days after the cessation of such production and shall remain in full force and effect so long as such operations are prosecuted in good faith with no cessation of more than twenty consecutive days, and if such operations result in the production of oil or gas in paying quantities, so long thereafter as oil or gas in paying quantities is produced from said land; provided, however, written notice of intention to commence such operations shall be filed with the lessor within thirty days after the cessation of such production, and a report of the status of such operations shall be made by the lessee to the lessor every thirty days, and the cessation of such operations for more than twenty consecutive days shall be considered as an abandonment of such operations and this lease shall thereupon terminate.

16. Lessees, including their heirs, assigns, agents and contractors shall at their own expense fully comply with all laws, regulations, rules, ordinances and requirements of the city, county, state, federal authorities and agencies, in all matters and things affecting the premises and operations thereon which may be enacted or promulgated under the governmental police powers pertaining to public health and welfare, including but not limited to conservation, sanitation, aesthetics, pollution, cultural properties, fire and ecology. Such agencies are not to be deemed third party beneficiaries hereunder, however this clause is enforceable by the lessor in any manner provided in this lease or by law.

17. Should lessor desire to exercise its rights to take in-kind its royalty share of oil, gas or associated substances or purchase all or any part of the oil, gas or associated substances produced from the lands covered by this lease, the lessee hereby irrevocably consents to the lessor exercising its right. Such consent is a consent to the termination of any supplier/purchaser relationship between the lessor and the lessee deemed to exist under federal regulations. Lessee further agrees that it will require any purchaser of oil, gas or associated substances to likewise waive any such rights.

18. Lessor reserves a continuing option to purchase at any time and from time to time, at the market price prevailing in the area on the date of purchase, all or any part of the minerals (oil and gas) that will be produced from the lands covered by this lease.

19. Lessor reserves the right to execute leases for geothermal resource development and operation thereon; the right to sell or dispose of the geothermal resources of such lands; and the right to grant rights-of-way and easements for these purposes.

20. All terms of this agreement shall extend to and bind the heirs, executors, administrators, successors and assigns of the parties hereto.

In witness whereof, the party of the first part has hereunto signed and caused its name to be signed by its commissioner of public lands thereunto duly authorized, with the seal of his office affixed, and the lessee has signed this agreement the day and year first above written.

#### ANNOTATIONS

**Net proceeds royalty obligation.** — The net proceeds royalty obligations contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms are unambiguous as a matter of law and lessees under such leases are entitled to recover some post-production costs

associated with making gas marketable. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Free use clause.** — Under the free use clauses contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms, lessees are entitled to the free use of field and plant fuel so long as the fuel is used in the operation of the lease. Field and plant fuels are not subject to royalty payments because they are post-production costs that lessees remit to post-production service providers for the development and production of the leased premises and are neither sold nor saved by lessees. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Drip condensate.** — The royalty obligations contained in the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms are limited by their respective free use clauses and do not require royalties to be paid on lessees' use of drip condensate to the extent that lessees do not derive proceeds from such use. Lessees are only obligated to pay royalties on the use of drip condensate to the extent that lessees receive proceeds from such use. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Deduction of costs of post-production services provided by lessees' affiliates.** — Under the 1931 (Laws 1930, ch. 18, § 2) and 1947 (Laws 1947, ch. 200, § 1) lease forms, in calculating lessee's royalty obligations, the deduction of costs of post-production services that are provided by lessees' affiliates must be reasonable. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Maximum price provision.** — The maximum price provision contained in the 1947 (Laws 1947, ch. 200, § 1) lease form does not affect lessees' ability to deduct post-production costs. It provides the commissioner with the authority to require that lessees deduct their post-production expenses from the maximum price being paid for gas of like kind and quality in the same field or area. *ConocoPhillips Co. v. Lyons*, 2013-NMSC-009, 299 P.3d 844.

**Effect of production in portion of premises on rights of partial assignee.** — Where oil and gas lease from commissioner of public lands provided that if oil and gas were produced in paying quantities within 10-year period, which time had been allowed lessee to produce oil and gas, lease might be continued in force as long as oil or gas should be produced, and portion of lease was assigned, assignee succeeded to all rights of original lessee, and on producing oil in portion of lease not covered by assignment, assignee had right to continue lease in force, subject to implied covenant to perform the development work. *State ex rel. Shell Petroleum Corp. v. Worden*, 1940-NMSC-038, 44 N.M. 400, 103 P.2d 124.

**Liability for damages.** — Persons performing seismicographic work upon state land with consent of mineral lease holders and commissioner of public lands are liable for damages caused to holders of grazing leases on the land, since, under Subdivision 11 of form lease found in this section, mineral lease holder would be liable for such damages. *Tidewater Associated Oil Co. v. Shipp*, 1954-NMSC-129, 59 N.M. 37, 278 P.2d 571.

**Notice of intent to cancel lease by certified mail.** — The commissioner of public lands fulfills the statutory requirement for notice to terminate a lessee's interest in an oil and gas lease when he sends a notice of intent to cancel by certified mail. *Abbott v. Armijo*, 1983-NMSC-065, 100 N.M. 190, 668 P.2d 306.

**Public policy.** — It is the public policy as shown by the oil and gas leasing laws to promote development and production of oil and gas and it was not contemplated by the legislature that a lessee be deprived of his right to develop fully a well begun in good faith merely because he was attempting to determine the extent of the production possible at a depth less than he contemplated drilling in order to test the productivity of the area. 1953-54 Op. Att'y Gen. No. 53-5650.

**Use of form not required of other state agencies.** — The form for leasing oil and gas lands belonging to agencies other than the office of the commissioner of public lands need not comply with the terms and conditions of this section, even where such leases are offered through

the facilities of the commissioner as an accommodation to another state agency. 1980 Op. Att'y Gen. No. 80-10.

**Surrender of lease and reapplication.** — Once a lessee has surrendered his lease as provided for under Subdivision 5, the commissioner may refuse to accept an application for a new lease made by the same party. 1945-46 Op. Att'y Gen. No. 45-4659.

**Rental on assignment of lease.** — Annual rental to be charged assignee of oil and gas lease is same as that of original lessee, and for secondary term the rental is double that of primary term. 1937-38 Op. Att'y Gen. No. 37-1597.

**Production on part benefits whole.** — If production has been obtained in a unit area the production inures to the benefit of all tracts contained in the unit area; under the form oil and gas lease all of the tracts contained in a lease are perpetuated for as long after the term of the lease as oil or gas in paying quantities is produced from said land by the lessee. 1953-54 Op. Att'y Gen. No. 53-5708.

**As does drilling on part.** — The commencement of drilling on any part of a unit area prior to the expiration of the secondary term would extend the secondary term on all tracts included in the unit area and would be considered the same as though a well had been commenced on each tract in such unit area. 1953-54 Op. Att'y Gen. No. 53-5708.

**Expiration of lease prior to drilling.** — Drilling operations may not be made upon a second well in the event the approved operation is completed without production where the drilling operations have not been begun on the second well prior to the expiration date of the second term. 1953-54 Op. Att'y Gen. No. 53-5650.

**Purpose of extension.** — Extension of lease beyond its secondary term is for such period of time as required to conclude bona fide drilling in which lessee was engaged at expiration of the secondary term at which time lease terminates if oil or gas are not found, but if this drilling operation results in production, then the lease is continued for as long as oil and gas, or either of them, is produced from said land in paying quantities. 1949-50 Op. Att'y Gen. No. 49-5230.

**Application for continuation.** — Under Subdivision 16 (now 14) a lessee may make application in writing before expiration of the secondary term for a continuation of the term if engaged in bona fide drilling or reworking operations. 1949-50 Op. Att'y Gen. No. 49-5230.

**Commissioner may insert covenant compelling reasonable development** of the leased premises for oil and gas. 1941-42 Op. Att'y Gen. No. 41-3835.

## 19-10-5. Existing leases; stipulation.

A. The owners of any oil and gas lease issued by the commissioner of public lands before the effective date of this section, other than a five year lease, and maintained in good standing according to the terms and conditions thereof and all applicable statutes and regulations, may, in accordance

with regulations prescribed by the commissioner, enter into a stipulation making the terms and conditions of the lease form prescribed by Section 19-10-4.1 NMSA 1978, a part of any such existing lease, the same as if the lease form had been the original; provided, however, that no such stipulation shall be effective or binding on any of the parties until each and every working interest owner and record owner of the original lease or approved assignment thereof has signed the stipulation.

B. The owners of any five year oil and gas lease issued by the commissioner of public lands before the effective date of this section and maintained in good standing according to the terms and conditions thereof and all applicable statutes and regulations, may, in accordance with regulations prescribed by the commissioner, enter into a stipulation making the terms and conditions of the lease form prescribed by Section 19-10-4.2 NMSA 1978 a part of any such existing lease, the same as if the lease form had been the original; provided, however, that no such stipulation shall be effective or binding on any of the parties until each and every working interest owner and record owner of the original lease or approved assignment has signed the stipulation.

**History:** 1978 Comp., § 19-10-5, enacted by Laws 1985, ch. 195, § 6.

**Effective dates.** — The effective date of Laws 1985, ch. 195, § 6 was June 14, 1985.

**Repeals and reenactments.** — Laws 1985, ch. 195, § 6, repealed former 19-10-5 NMSA 1978, as enacted by Laws 1967, ch. 189, § 2, and enacted a new section.

### **19-10-5.1. Amendment of lease to lower royalty rate for oil wells under certain conditions.**

A. The record owner of an oil and gas lease issued by the commissioner of public lands whose lease is maintained in good standing according to the terms and conditions of the lease and all applicable statutes and regulations may apply to the commissioner for an amendment to the lease for the purpose of changing the royalty rate on oil produced from a specified oil well.

B. An application for a change in royalty rate shall be on a form prescribed by the commissioner of public lands and shall be accompanied by an application fee. The application shall:

(1) show that an oil well has produced oil attributable to the lease premises and:

(a) if the production is from formations shallower than five thousand feet, has produced less than an average of three barrels of oil per day during the preceding twelve months and has not averaged over five barrels of oil per day for any month during the preceding twelve months; or

(b) if the production is from formations five thousand feet deep or deeper, has produced less than an average of six barrels of oil per day during the preceding twelve months and has not averaged over ten barrels of oil per day for any month during the preceding twelve months; and

(2) include a statement that to the best of the applicant's knowledge and experience the well is not capable of sustained production over the production limits specified in Paragraph (1) of this subsection.

C. Upon receipt of an application, the commissioner of public lands shall review the information submitted as well as other independent information obtainable by the commissioner and shall agree to amend the lease to a lower royalty rate for oil produced from the oil well if, in his sole discretion, he finds that:

(1) the operator has taken reasonable steps to minimize his costs of operating the oil well;

(2) the oil well will likely be plugged and abandoned in the near future, with a resulting loss of reserves, if operating costs are not reduced further;

(3) the oil well will produce for a longer period, and the amount of oil produced will ultimately be larger, if the royalty rate is lowered; and

(4) a lower royalty rate will actually maximize revenue to the trust beneficiaries.

D. Any lower royalty rate agreed to under this section shall be equal to five percent and shall be valid for a period of three years, after which time the record owner of the oil and gas lease issued by the commissioner of public lands may submit a request for extension.

E. The commissioner of public lands may promulgate regulations necessary to implement the provisions of this section.

F. The commissioner of public lands shall provide a cost-benefit analysis of the provisions of this section by December 1 of each year to the legislature and the governor.

**History:** Laws 1994, ch. 105, § 1; 1999, ch. 65, § 1.

The 1999 amendment, effective June 18, 1999, in Subsection B substituted "has produced oil" for "the production from which is" in Paragraph (1), added the Subparagraph (1)(a) designation, and added "if the production is from formations shallower than five thousand feet" at

the beginning, deleted former Paragraph (2), which read "reserve data and production decline curves for the oil well", and added Subparagraph (1)(b) and Paragraph (2); in Subsection D, substituted "three years" for "two years" and "a request for extension" for "another application pursuant to this section"; and made minor stylistic changes.

### 19-10-6. Shut-in oil wells; conditions.

A. If, after notice and public hearing, the commissioner finds that because of a severe reduction in the price of oil the beneficiaries of state trust lands are ultimately better served if oil wells are allowed to be temporarily shut in rather than produced at a low price, he may promulgate a regulation which allows such wells to be shut in.

B. Any regulation promulgated under Subsection A of this section shall automatically expire two years from its effective date unless it is either extended by the commissioner after a subsequent notice and public hearing or terminated sooner by a subsequent regulation of the commissioner after finding that the price of oil is no longer severely reduced; provided, that any such termination shall not be effective until thirty days after the commissioner has by certified mail sent notice of the prospective termination to each lessee whose lease is being extended by the operation of this section.

C. Any oil and gas lease issued by the commissioner of public lands and maintained in good standing according to the terms and conditions thereof and all applicable statutes and regulations shall not expire if:

- (1) there is, currently in effect, a regulation promulgated under Subsection A of this section;
- (2) there is a well capable of producing oil located upon some part of the lands included in the lease and such well is shut in because of the severe reduction in the price of oil;
- (3) the lessee timely notifies the commissioner in writing within thirty days of the date the well is first shut in; and

(4) the lessee timely pays an annual shut-in royalty within ninety days from the date the well was first shut in and thereafter before each anniversary of the date the well was first shut in. The amount of the shut-in royalty shall be twice the annual rental due by the lessee under the terms of the lease but not less than three hundred twenty dollars (\$320) per well per year. If the other requirements of this subsection are satisfied, the timely payment of the shut-in royalty shall be considered for all purposes the same as if oil were being produced in paying quantities until the next anniversary of the date the well was first shut in.

**History:** 1978 Comp., § 19-10-6, enacted by Laws 1987, ch. 173, § 1.

**Compiler's notes.** — Laws 1985, ch. 195, § 9 repealed former 19-10-6 NMSA 1978, as enacted by Laws 1972, ch.

### 19-10-7. Exploratory form of lease; different term of years.

A. When issuing an oil and gas lease on the exploratory lease form, if the conditions of the tract subject to the lease are such that a different term of years for the lease is warranted, the commissioner in his discretion may issue the lease for a primary term of five years with no secondary term.

B. Any deviations from the lease form set forth in Section 19-10-4.1 NMSA 1978 pursuant to Subsection A of this section shall be specified in the notice of the lease sale as required under Section 19-10-17 NMSA 1978.

relating to the applicability of the lease form in 19-10-4 NMSA 1978, effective June 14, 1985.

### 19-10-8. [Extension of terms of leases.]

In all cases where public lands under the jurisdiction of the commissioner of public lands are under lease for oil and gas and are concurrently leased for other minerals, and exploration or development operations under the oil and gas lease are incompatible with the exploration or mining operations under the mining lease and will result in waste of either oil and gas or minerals unless operations under the oil and gas lease are temporarily suspended, the commissioner of public lands may, from time to time, as to all or part of the lands, by legal subdivisions, waive compliance with the express or implied exploratory, drilling, development or production requirements, or may extend the term of the oil and gas lease for a period of time sufficient to permit the removal of the minerals and for subsidence of the ground if necessary.

Provided, however, no waiver or extension of term of the lease shall be for more than five years at any one time and shall be effective only upon written order of the commissioner of public lands. Provided, further, the order shall specify the oil and gas and mineral lease numbers and the legal subdivision affected and shall not be effective until posted on the official land office bulletin board for a period of at least fifteen days.

### 19-10-9. [Existing leases; stipulation to bring helium gas within terms.]

Any owner of an oil and gas lease heretofore issued by the commissioner of public lands and maintained in good standing according to the terms and conditions thereof and all applicable statutes and regulations may, in accordance with regulations prescribed by the commissioner of public lands, enter into a stipulation bringing helium gas within the terms of any such existing lease, the same as if helium gas had been covered by the lease agreement from the date it was first entered into.

### 19-10-11. [Statement with royalty payment; inspection of books; state's lien for unpaid royalty; log; specimen of drill cuttings.]

The lessee shall be required to submit to the commissioner of public lands with each and every royalty payment, a correct statement showing the amount of oil or gas produced and saved since the last report and the market value thereof, except oil and gas used in developing and operating said lease. All books and accounts of the lessee pertaining to the production, transportation and marketing of the output from the leased lands shall be open to the examination and inspection at all reasonable hours by the commissioner of public lands or his representative. The value of any unpaid royalty, and any sum due the state upon any lease, shall become a prior lien upon the production from the leased premises and the improvements situated thereon. The lessee shall furnish to the commissioner of public lands, as and when called for by him, a full, accurate and complete log, and also a complete specimen of drill cuttings of any and all wells drilled by lessee on the leased lands.

## 19-10-12. [New lease or extension where no discovery made; preference right; conditions.]

The legal owners of all leases issued by the commissioner of public lands prior to the effective date of this amendment, containing provision, or provisions, for preference right to a new lease, or extension of the term thereof upon the expiration of the initial five-year term, and where valuable discoveries of the oil and gas have not been made, shall have an absolute preference right to such new lease or extension, upon the terms and conditions provided in such leases without paying a bonus therefor, and in the exercise of such preference right the provisions of Chapter 125 of the 1929 Session Laws [19-10-1, 19-10-12 to 19-10-25 NMSA 1978], and of this act [19-10-1, 19-10-12, 19-10-15 to 19-10-18, 19-10-22 NMSA 1978] relating to sales made upon competitive bidding by sealed bids, or at public auction, shall not apply in any case, but all such renewals, extensions or new leases made pursuant to such preference rights shall be only for a term of five years and as long thereafter as oil and gas in paying quantities, or either of them, is produced from the leased premises, and without further preference right to renewal or extension for successive terms.

## 19-10-13. [Assignment of leases; procedure; effect.]

All leases issued under the provisions of this act [19-10-1, 19-10-12 to 19-10-25 NMSA 1978] shall be assignable in whole or in part; provided, however, that no assignment of an undivided interest in the lease or any part thereof, or any assignment of less than a legal subdivision shall be recognized or approved by the commissioner. The term "legal subdivision" as used in this act shall be construed in its ordinary sense as used and recognized in the general land office of the United States and in the state land office of New Mexico. The assignments provided for herein shall be executed and acknowledged in the manner prescribed for conveyance of real estate in this state and shall be filed in triplicate in the office of the commissioner who shall retain two copies of the said assignment in his office as a public record and shall record one of same in permanent form in his office as a public record and shall return one of the duplicate copies to the person entitled thereto. The approval of the commissioner shall be noted upon all copies of the said assignment. The commissioner shall prescribe the form to be used for such assignments and shall fix a reasonable fee for the filing, recording and approval of same. The commissioner shall have the right to refuse approval of any assignment not executed in proper form or by the proper person or persons, or when the lease is not in good standing as to the assigned tracts, or when litigation is pending affecting the lease or the interest of any person therein. Upon approval by the commissioner of an assignment the assignor shall stand relieved from all obligations to the state with respect to the lands embraced in the assignment and the state shall likewise be relieved from all obligations to the assignor as to such tract or tracts, and thereupon the assignee shall succeed to all of the rights and privileges of the assignor with respect to such tracts and shall be held to have assumed all of the duties and obligations of the assignor to the state as to such tracts. Provided, however, the record owner of any oil and gas lease may enter into any contract for the development of the leasehold premises or any portion thereof, or may create overriding royalties or obligations payable out of production, or enter into any other agreements with respect to the development of the leasehold premises or disposition of the production therefrom, and it shall not be necessary for any such contracts, agreements or other instruments to be approved by the commissioner of public lands; but nothing herein contained shall relieve the record title owner of such lease from complying

with any of the terms or provisions thereof, and the commissioner shall look solely and only to such record owner for compliance therewith, and in any controversy respecting any such contracts, agreements or other instruments entered into by such lessee with other persons the state of New Mexico or the commissioner of public lands shall not be a necessary party. All such contracts and other instruments may be filed either in the office of the commissioner of public lands or recorded in the office of the county clerk of the county where the lands are situated, and the filing or recording thereof shall constitute notice to all the world of the existence and contents of the instruments so filed or recorded. The commissioner may prescribe a reasonable fee for the filing of such instruments in the office of the commissioner of public lands.

The discovery of oil or gas upon lands embraced in any state lease shall continue such lease as to all of the lands embraced therein for as long thereafter as oil and gas in paying quantities or either of them is being produced in accordance with the provisions thereof regardless of any assignment of all or any portion of the lease which may have been made prior or subsequent to the discovery of such production.

#### ANNOTATIONS

**Approval of assignment of leases.** — The requirement in a purchase and sale agreement that the bureau of Indian affairs approve the assignment of seller's interests in oil and gas leases located on the Navajo Nation was not a condition precedent to making the agreement effective. *Wood v. Cunningham*, 2006-NMCA-139, 140 N.M. 699, 147 P.3d 1132, cert. denied, 2006-NMCERT-011, 140 N.M. 845, 149 P.3d 942.

**Effect of production in portion of premises on rights of partial assignee.** — Where oil and gas lease from commissioner of public lands provided that if oil and gas were produced in paying quantities within 10-year period, which time had been allowed lessee to produce oil and gas, lease might be continued in force as long as oil or gas should be produced, and portion of lease was assigned, assignee succeeded to all rights of original lessee, and on producing oil in portion of lease not covered by assignment, assignee had right to continue lease in

force, subject to implied covenant to perform the development work. *State ex rel. Shell Petroleum Corp. v. Worden*, 1940-NMSC-038, 44 N.M. 400, 103 P.2d 124.

**Instrument an assignment.** — Instrument designed an assignment of oil and gas lease, being Form 33-A2, when properly executed on a portion of land originally leased by the lessor, constitutes in law and in fact an assignment and not a sublease. 1937-38 Op. Att'y Gen. No. 37-1642.

**Certain assignments prohibited.** — This section expressly prohibits the commissioner of public lands from recognizing or approving any assignment of any portion of the lease of an undivided interest. This prohibits a retention by the assignor of a reversionary interest in the portion assigned such as an overriding royalty. 1937-38 Op. Att'y Gen. No. 37-1642.

**Except by operation of law.** — The prohibition against assignment of an undivided interest in an oil and gas lease is not applicable where such interest passes necessarily by operation of law, as upon the death of a lessee, but the heirs in whom such interest vests may not assign their undivided interest to any third party, except in conformity with this section. 1941-42 Op. ### 19-10-14. [Application for lease; form; deposit; appraisement.]

Applications for the issuance of any lease authorized by this act [19-10-1, 19-10-12 to 19-10-25 NMSA 1978] shall be executed under oath by the applicant or by his agent or attorney duly authorized in writing, or by any officer or attorney in fact of the corporation if the application be made by a corporation. The application shall be accompanied by the amount offered by the applicant as the bonus, if any, and rental for the first year. The form of the application shall be prescribed by the commissioner and all applications shall contain a description of the lands by legal subdivisions upon which the lease is desired, together with such data and information concerning development on and in the vicinity of the lands as may reasonably be required by the commissioner. The commissioner may also require any applicant for a lease to file in the office of the commissioner an appraisement in such form as the commissioner may require, showing the value of the lands for oil and gas purposes, such appraisement to be made under oath by one or more disinterested persons having personal knowledge of the facts set forth in the appraisement. The commissioner shall not be bound by the statements contained in any such application or appraisement. No lease shall be

issued without the filing of an application therefor as prescribed herein, and no lease shall be issued for less than the amount offered by the applicant as a bonus, if any, and rental for the first year, and if an appraisalment of the land for oil and gas purposes be required as provided herein, then no lease shall issue for less than the value of same as shown by such appraisalment.

**History:** Laws 1929, ch. 125, § 5; C.S. 1929, § 132-405; 1941 Comp., § 8-1107; 1953 Comp., § 7-11-8.

### **19-10-15. [Rental; limits; first year; rental districts; alteration; maximum size of lease; rent where lease crosses district line.]**

All leases issued by the commissioner of public lands shall provide for an annual rental to be paid by the lessee, the amount thereof to be fixed by the commissioner, but in no case shall the same be less than five cents [(\$.05)] nor more than one dollar [(\$1.00)] per acre, except during the secondary term of the leases provided for herein; provided the first year's rental for any lease, except leases issued pursuant to relinquishment under Section 8 [19-10-22 NMSA 1978] of this act, shall not be less than one hundred dollars (\$100).

It shall be the duty of the commissioner to classify and divide all state lands subject to lease hereunder, into districts to be known as "rental" districts, and thereupon prescribe the rental per acre to be paid under leases to be made upon lands in the respective rental districts, and upon such division shall post in a conspicuous place in the state land office a description of such districts and the rental prevailing in each; provided, however, the commissioner may, from time to time, alter or change the boundaries of such districts, or redistrict all of said lands, and increase or diminish the rental prevailing in each, but any change in the boundaries of the districts, or amount of rental, shall not become effective until ten days after giving notice thereof by posting a description, or list, of such changes, in a conspicuous place in the state land office.

Not more than six thousand, four hundred (6,400) acres of land may be embraced within any one lease, and where part of the lands in any lease are situated in one rental district and part thereof in another, or other districts, the lessee shall be required to pay the rental prevailing in the district wherein part of the lands affected are situated having the highest rental.

### **19-10-16. [Restricted districts; method of leasing; added area; notice; rental.]**

There is hereby created a restricted district comprising townships 3 to 15 south inclusive, ranges 34 to 39 east inclusive; townships 16 to 20 south inclusive, ranges 28 to 39 east inclusive; and townships 21 to 26 south inclusive, ranges 34 to 39 east inclusive, N.M.P.M. No oil and gas leases upon any state lands within said restricted district shall be made except upon competitive bidding by sealed bids or at public auction as hereinafter provided. No lands within the boundaries of said restricted district shall be eliminated therefrom by the commissioner, but the commissioner may, from time to time, when in his judgment the interest of the state requires such action, extend the

boundaries thereof and create other restricted districts, or areas, within which oil and gas leases may be made only upon competitive bidding by sealed bids or at public auction. Notice of the extension of the boundaries of said district, or of the creation of other districts, shall be given in the same manner as provided for giving notice of change in rental districts, as provided by Section 4 [19-10-15 NMSA 1978] of this act. Nothing contained in this act [19-10-1, 19-10-12, 19-10-15 to 19-10-18, 19-10-22 NMSA 1978] shall be construed as requiring a uniform annual rental to prevail over the entire area embraced in any restricted district. The commissioner may, when it is deemed for the best interests of the state, fix the annual rental to be paid under the terms of each lease covering lands in any restricted district at the time notice of sale thereof is given, as hereinafter provided, without regard to the rental prevailing in the district in which the lands offered for lease are situated, and in such cases the provisions of Section 4 [19-10-15 NMSA 1978] hereof, except those relating to the maximum and minimum rental, shall not apply.

**Effect of high bid on preference right holder.** — This section is a "rule of the state land office" within terms of oil and gas lease executed in 1924, and the holder

of a preference right under that form of lease must meet the bonus offered by the highest bidder at such auction to be entitled to exercise his right and take the lease. *State ex rel. Malone v. Crile*, 1929-NMSC-095, 34 N.M. 520, 284 P. 762.

**Withdrawal of lands from restricted districts.** — By necessary implication the land commissioner has authority to rescind orders promulgated by him adding lands to restricted districts for oil and gas leasing, and the procedure to be followed in withdrawing any lands from a restricted district is substantially the same as set out in Section 19-10-15 NMSA 1978. 1951-52 Op. Att'y Gen. No. 52-5604.

### 19-10-17. Public sale of restricted district leases; time; regulations; notice; minimum bonus; sealed bids or public auction authorized; site of sale; publication of notice; rejection of bids; completion of transaction.

A. The commissioner shall hold a public sale of oil and gas leases upon lands which may be open to lease and embraced within the restricted district or districts created and which may be created under Section 19-10-16 NMSA 1978 on the third Tuesday of each month or on the next business day following, where the third Tuesday falls on a legal holiday, and shall offer for lease such lands in designated tracts to the highest and best bidder. All sales of leases upon competitive bidding or a public auction shall be governed by regulations issued by the commissioner not in conflict with the provisions of Chapter 19, Article 10 NMSA 1978. Notice of such sales shall be given by posting in a conspicuous place in the state land office, not less than ten days before the date of sale, a notice of the sale specifying the day and hour when and the place where the sale will be held and specifying the following for each tract to be offered for lease:

- (1) a description of the lands;
- (2) the form of lease to be used;
- (3) the royalty rate; and
- (4) the annual rental per acre to be paid.

B. The commissioner may, when it is deemed to be for the best interests of the beneficiaries of such lands, also specify a minimum bonus to be paid for the leases upon the respective tracts, and, when so specified, the bonus shall be paid in addition to the first year's rental. The notice shall also contain such other information as the commissioner may deem advisable or necessary. Sales may be conducted through sealed bids or at public auction or by both methods combined, but the method of conducting each sale shall be stated in the notice of sale required pursuant to this section. Sales may be held at the option of the commissioner either in the office of the commissioner or at the county seat of the county in which the lands, or the greater part thereof, are situated or such other place within the state as the commissioner may designate in the notice of public auction provided for in this section. The commissioner is authorized to give such additional notice of the sales,

either by publication in newspapers or by mailing copies of the notice of sale to interested persons, firms or corporations, as he may deem necessary to give proper publicity thereto. The commissioner shall have the right to reject all bids received at any sale for the lease upon any tract but shall not reject any bids made in conformity with the regulations and provisions of Chapter 19, Article 10 NMSA 1978 without rejecting all bids applicable to the same tract of land. Leases sold at sales as provided in this section shall be awarded to the respective bidders offering the largest bonus, which shall be paid in addition to the first year's rental, or, where a minimum bonus is not specified and no offer of a bonus is received, to the bidder offering the rental specified in the notice of sale which, for the first year, shall not be less than one hundred dollars (\$100) for each lease as provided in Section 19-10-15 NMSA 1978. Where two or more sealed bids making the same offer for the same tract are received, the commissioner shall award the lease in accordance with such regulations as he may prescribe. The successful bidders shall file proper applications for the leases purchased and shall complete the payment of any balance due on their bids before the closing of the office of the commissioner on the day of the sale.

### 19-10-18. No bids made; subsequent lease.

A. If no bid is received for any lease offered by notice of sale as provided in Section 19-10-17 NMSA 1978 on a tract classified as restricted and categorized as regular, then the tract or tracts upon which no bids are received may be leased by the commissioner to the first applicant for the respective tracts any time within ten days after the sale at not less than the minimum amount of rental and bonus, if any, specified in the notice of sale.

B. ### 19-10-19. [Withholding lands from lease authorized.]

Nothing contained in this act [19-10-1, 19-10-12 to 19-10-25 NMSA 1978] shall be construed as requiring the commissioner to offer any tract or tracts of land for lease but the commissioner shall

have power to withhold any tract or tracts from leasing for oil and gas purposes if in his opinion the best interests of the state will be served by so doing.

## 19-10-20. [Cancellation of lease for nonpayment or nonperformance of requirements by lessee; notice.]

The commissioner is hereby authorized to cancel any lease issued as provided herein for nonpayment of rentals or nonperformance by the lessee of any provision or requirement of the lease; provided, however, that before any such cancellation shall be made the commissioner must mail to the lessee or assignee by registered letter, addressed to the post-office address of such lessee or assignee shown by the records of the office of the commissioner, a notice of intention to cancel said lease, specifying the default for which the lease is subject to cancellation, and if within thirty (30) days after the mailing of said notice to the lessee or assignee he shall remedy the default specified in such notice, then no cancellation of the said lease shall be entered by the commissioner but otherwise the said cancellation shall be made and all rights of the lessee or assignee under the lease shall thereupon terminate. The mailing of the notice as provided in this section shall constitute notice of the intention of the commissioner to cancel the lease and no proof of receipt of such notice shall be necessary or required. All notices required to be given hereunder on account of failure to pay rentals shall be mailed within ninety (90) days after said rentals shall have become delinquent, and as to all leases under the terms of which rentals are delinquent as of the effective date of this amendment said notices shall be mailed within ninety (90) days from the effective date hereof.

**Effect of production in portion on partial assignee's rights.** — Where oil and gas lease from commissioner of public lands provided that if oil and gas were produced in paying quantities within 10-year period, which time had been allowed lessee to produce oil and gas, lease might be continued in force as long as oil or gas should be produced, and portion of lease was assigned, assignee succeeded to all rights of original lessee, and on producing oil in portion of lease not covered by assignment, assignee had right to continue lease in force, subject to implied covenant to perform the development work. *State ex rel. (Section 19-10-23 NMSA 1978) against the commissioner of public lands to compel him to rescind his cancellation, effected under this section, of certain oil and gas leases, it was held that the state not only has waived its immunity but has consented to be sued in a court of equity in which equitable principles must control. *Durell v. The commissioner is hereby authorized and required to prescribe and publish for the information of the public, all rules and regulations necessary for carrying out the provisions of this act [19-10-1, 19-10-12 to 19-10-25 NMSA 1978], and he may amend or rescind any rule or regulation promulgated by him under the authority contained herein; provided, however, that no rule or regulation or amendment of same, or any order rescinding any rule or regulation shall become effective earlier than fifteen (15) days after the promulgation of same, and a copy of the proposed rule, regulation, amendment or order shall be posted in a conspicuous place in the office of the commissioner for a period of at least fifteen (15) days prior to the taking effect of same.

## 19-10-22. [Validation of existing leases; contest of claims; relinquishment for conversion; terms of new lease; fees.]

All oil and gas leases issued by the commissioner of public lands prior to the effective date of this amendment which have not expired, or which have not been legally canceled for nonperformance by the lessee or assignee, are hereby declared to be valid and existing contracts with the state of New Mexico according to their terms and provisions, and the obligation of the state and of the commissioner to observe and conform to the terms and provisions thereof is hereby recognized. In any case where two or more persons claim a valid lease on the same tract or tracts of land under the provisions of this section, then the rights of the conflicting claimants shall be determined by the commissioner subject to right of appeal from the decision of the commissioner as provided by law.

The legal owner and holder of any lease or leases issued by the commissioner prior to March 12, 1929, if not in default of any of the provisions thereof, may relinquish the same to the state and upon application filed at the time of filing such relinquishment, the commissioner shall issue the applicant a new lease upon the form prescribed by Section 2 of this act. The primary term of the new lease issued pursuant to such relinquishment shall be the unexpired term of the original lease and as long thereafter as oil and gas in paying quantities, or either of them, is produced from the leased premises by the lessee, and the new lease shall provide for the payment of the annual rental prevailing in the district wherein the lands affected are situated, but not less than the rental provided in the original lease. In converting such lease, as herein provided, the commissioner shall prescribe a reasonable filing fee for the filing of the relinquishment and application, and the lessee shall not be required to pay any rental in addition to the rental provided in the lease relinquished for the current year in which the lease is relinquished, except the difference, if any, between the amount of rental provided in the old lease and that to be provided in the new lease. The provisions of Chapter 125 of the 1929 Session Laws [19-10-1, 19-10-12 to 19-10-25 NMSA 1978], and of this act [19-10-1, 19-10-12, 19-10-15 to 19-10-18, 19-10-22 NMSA 1978] relating to sales of leases within a restricted district upon competitive bidding, or by sealed bids, or at public auction, shall not apply to this section.

**History:** Laws 1929, ch. 125, § 14; C.S. 1929, § 132-414; Laws 1931, ch. 18, § 8; 1941 Comp., § 8-1115; 1953 Comp., § 7-11-16.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law.

**Compiler's notes.** — Section 2 of this act, referred to in the first sentence of the second paragraph, had been compiled as 19-10-3 NMSA 1978. Section 19-10-3 NMSA 1978 was repealed and reenacted by Laws 1985, ch. 195, § 1.

### ANNOTATIONS

**Time to exercise surrender privilege.** — Under this statute, a lease became convertible which gave the lessee privilege to surrender at any time, although it was producing and although it would have been renewable in a few weeks at a rental higher than the statutory lease. *Harry Leonard, Inc. v. Vesely*, 1934-NMSC-090, 39 N.M. 33, 38 P.2d 1112.

**Construction of 1929 act.** — The provision in Laws 1929, ch. 125, § 14 (this section prior to its amendment in 1931), that the new lease was to be "issued in lieu of" the lease surrendered, was not sufficient to render the statute ambiguous or to support the contention that the term

of the new lease should be merely the unexpired portion of the original term. *Atlantic Oil Producing Co. v. Crile*, 1930-NMSC-040, 34 N.M. 650, 287 P. 696.

**And effect thereof on act of 1925.** — Where Laws 1925, ch. 137, § 9, providing for surrender of old leases and issue of new leases, was amended by Laws 1927, ch. 46, § 3, with same provisions, which latter act was repealed by Laws 1929, ch. 125, § 20, which act also provided for surrender of leases issued prior to March 23, 1927, and the issue of new leases, the repeal of the amendatory act, with a substitute, did not revive the original provision. *Atlantic Oil Producing Co. v. Crile*, 1930-NMSC-040, 34 N.M. 650, 287 P. 696.

## 19-10-23. Appeal of commissioner's decision.

A person or corporation aggrieved by a ruling or decision of the commissioner affecting his interest in any lease issued under or affected by the provisions relating to oil and gas leases of state lands may file an appeal pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

### ANNOTATIONS

**Consent to suit.** — In an action brought under this section against the commissioner of public lands to compel him to rescind his cancellation of certain oil and gas leases, it was held that the state not only has waived its immunity but has consented to be sued in a court of equity in which equitable principles must control. *Durell v. Miles*, 1949-NMSC-033, 53 N.M. 264, 206 P.2d 547.

Appeals to and writs of error from the supreme court shall be allowed in such cases, as provided in Section 16 [19-10-23 NMSA 1978] herein.

## **19-10-26. [Lands sold with reservation of minerals; lease; bond to protect purchaser; waiver.]**

State lands sold heretofore, or which may be sold hereafter on any deferred payment plan under contract containing a reservation to the state of the minerals therein contained, may be leased by the state for oil, gas or other mineral development or exploitation, as provided by law in the same manner as other state lands.

Provided, that before any lessee of minerals on state lands so sold shall commence development or operations thereon such lessee or the operator (being any third party conducting exploratory or development operations authorized by the lessee within the authority granted to the lessee under the provisions of Section 19-10-13 NMSA 1978) shall execute and file with the commissioner of public lands a good and sufficient bond or undertaking in an amount to be fixed by the commissioner, but not less than two thousand dollars (\$2,000), in favor of the state of New Mexico for the use and benefit of the purchaser holding purchase contract or deed to such lands on which such development is about to be commenced, his grantees or successors in interest to secure the payment for such damage to the livestock range, water, crops or tangible improvements on such lands as may be suffered by such purchaser or his successors in interest by reason of such development, use and occupation of such lands by such lessee.

And provided further, that if any such purchaser shall file with the commissioner of public lands a waiver duly executed and acknowledged by him of his right to require such bond, such development, occupation and use of the lands by a mineral lessee may be permitted without the bond herein required.

## **19-10-27. [Lands sold on deferred payments with reservation of minerals or classified as mineral lands prior to full payment or issuance of patent; limited patent.]**

Where state lands have been sold heretofore, or may be sold hereafter on any deferred payment plan under contract containing a reservation to the state of the minerals therein contained and before the payment of the total purchase price, such land shall have been leased for mineral purposes as in this act [19-10-11, 19-10-26 to 19-10-30 NMSA 1978] provided; or where before the payment of the full amount of the purchase price shall have been made or patent issued, the land shall be known, classified or reported as mineral lands, or where, by reason of proximity to known mineral lands or productive oil and gas wells, the commissioner of public lands shall deem such lands to be of probable mineral character and valuable as such, he shall make proper notation on the records of his office designating the said lands as mineral lands. The commissioner of public lands is hereby authorized to issue to the purchaser of any such mineral land or lands so classified

as mineral, upon full payment of the purchase price according to the terms of the contract, a limited patent only, which shall contain reservation to the state of New Mexico to all the minerals in the said lands, together with the right to the state or its grantees, to prospect for, mine and remove the same; and such lands shall, notwithstanding the issuance of such patent, be subject to lease under the provisions of this act;

Provided, that no lease for such lands shall be issued and no person shall be authorized to prospect for, mine or remove any minerals until an indemnity bond shall be given or waiver of the same filed, as set forth in Section 5 [19-10-26 NMSA 1978] of this act.

### 19-10-28. [Lessee to purchase prior improvements on lands; proof of payment.]

If mineral lands upon which improvements have been made shall be leased in conformity with law to other than the owner of such improvements thereon, then such purchaser or such new lessee shall pay to the owner thereof the value of such improvements at an agreed price with the owner thereof; and if such owner of improvements and such new lessee or purchaser are not able to agree upon a value, the value shall be determined by a board of three arbitrators, one to be selected by the owner of the improvements, one by the commissioner of public lands and the third by the two so selected. The word "improvements" shall be construed to mean surface improvements, machinery and other equipment not removed from said lands under the provisions of Section 9 used in the operation of the plant on such land, and work performed in the development of the property for operation and mining. No lease shall be issued to any applicant other than the owner of such improvements until such applicant files with the commissioner of public lands a receipt showing payment in full of the value of such improvements as agreed upon between such applicant and the owner of the improvements, or determined by the board of arbitrators; or until such applicant shall pay to the commissioner of public lands the value of such improvements so determined. If payment is made to the commissioner of public lands it shall be at once delivered to the owner of the improvements.

In the event of the cancellation or forfeiture of any lease issued under the provisions of this act [19-10-11, 19-10-26 to 19-10-30 NMSA 1978] from any cause whatever, the lessee or assignee shall be permitted to remove any and all improvements from the lands which lessee can remove without injury thereto, provided, however, that the commissioner of public lands may require that all or any part of the casing shall be left in any well which is productive of water when he shall deem it to the interest of the state to maintain said well, or wells, for water, and in such case the lessee shall be paid the reasonable value of the casing therein.

### 19-10-31. [Filing and recording of leases, other instruments and assignments with commissioner; constructive notice; recording in county waived.]

All leases and other instruments executed or issued by the commissioner of public lands, hereinafter referred to as the commissioner, pertaining to oil and gas rights in state lands, and including assignments of such rights when approved by the commissioner, shall be made in duplicate and one copy thereof retained in the files of the state land office and recorded in full by the commissioner in suitable books provided by him and kept for such purpose. Such filing and recording shall be constructive notice to all persons of the contents of such instruments from the date of such filing and it shall not be necessary to record such instruments in the county where the lands affected thereby are located, and the filing and recording in the office of the commissioner as provided herein shall have the same force and effect as the filing and recording of such instruments in the county where the lands affected thereby are located would now have under existing statutes.

### 19-10-66. Payment of royalties of the state in oil on demand.

All royalties accruing to the state under any oil or gas lease or permit under Sections 19-10-1 to 19-10-62 [repealed] NMSA 1978, shall be paid in royalty oil on demand of the commissioner of public lands.

**History:** 1953 Comp., § 7-11-59, enacted by Laws 1967, ch. 34, § 3.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law. Laws

1994, ch. 102, § 3 repealed 19-10-62 NMSA 1978, effective May 18, 1994.

### 19-10-67. Sale of state oil royalties; preference; authority of commissioner.

A. Upon granting any oil or gas lease upon public lands in the state, and during the term of any existing lease, the commissioner of public lands may offer for sale from time to time, for such period as he may determine, by competitive bidding, upon notice and advertisement on sealed bids, a portion or all of the royalty oil accruing or reserved to the state under such leases. Such advertisement and sale shall reserve to the commissioner of public lands the right to reject all bids whenever in his judgment the interest of the state demands. In cases where no satisfactory bid is received or where the accepted bidder fails to complete the purchase or where the commissioner of public lands shall determine that it is unwise in the public interest to accept the offer of the highest bidder, the commissioner of public lands, within his discretion, may readvertise such royalty oil for sale, sell it at a private sale at not less than the market price for such period or accept the cash value thereof from the lessee.

B. The sale of state royalty oil by the commissioner of public lands in accordance with Subsection A of this section shall be subject to the following provisions:

(1) the commissioner of public lands, when a determination has been made by the oil conservation commission that sufficient supplies of refinery charge stocks are not available on the open market to refineries within the state which do not have an adequate source of supply for refinery charge stocks, shall grant preferences to such petroleum refineries in the sale of royalty oil under the provisions of this section, for processing or use in such petroleum refineries but not for resale in kind; provided, however, that agreements providing for the exchange of refinery charge stocks purchased under this act [19-10-64 to 19-10-70 NMSA 1978] for other refinery charge stocks on a volume or equivalent value basis will not be construed as constituting a resale in kind prohibited by this act. Where an exchange agreement has been entered into or is contemplated with regard to royalty oil available for sale, full information relative thereto must be furnished either at the time of filing applications to purchase royalty oil or with the submission of a bid;

(2) the commissioner of public lands may sell to petroleum refineries located in the state and not having their own source of supply of refinery charge stocks, at private sale at not less than the market price, any royalty oil accruing or reserved to the state under oil and gas leases upon public lands, provided:

(a) that in selling such royalty oil the commissioner may, at his discretion, prorate such royalty oil among refineries;

(b) that pending the making of a permanent contract for the sale of any royalty oil, as herein provided, the commissioner of public lands may sell the current product at private sale, at not less than the market price;

(c) the commissioner shall assess a fee not to exceed the actual additional cost, if any, of administering the procedures under this act, which fee shall be assessed against the purchaser of the royalty oil; and

(d) in no instance shall the additional trucking charges caused by a change in purchaser and a subsequent change in the method of oil delivery or trucking distance be allowed to decrease the value of the royalty oil or the taxes assessed against such oil.

**History:** 1953 Comp., § 7-11-60, enacted by Laws 1967, ch. 34, § 4.

**Compiler's notes.** — Pursuant to Laws 1977, ch. 255, § 9, the oil conservation commission was absorbed by the energy and minerals department. *See also* Laws 1977, ch.

255, § 4, compiled as 9-5-4 NMSA 1978, for establishment of the oil conservation division of the energy and minerals department, and 70-2-4 NMSA 1978 et seq. for jurisdiction and authority of the commission and of the division.

## 19-10-68. Application for preference in sale of royalty oil; requirements.

A petroleum refinery within the state unable to purchase in the open market at prevailing prices an adequate supply of refinery charge stocks of a quality to meet the needs of its existing petroleum refinery capacity may file an application and supporting documents with the oil conservation commission. Such application shall be filed in triplicate and must be accompanied by a detailed statement containing the following information:

A. the full name and address of the applicant; the location of the petroleum refinery; a complete disclosure of applicant's affiliation or association with any other petroleum refiner of oil if such relationship exists; and reasons for believing that applicant is entitled to a preference under this act [19-10-64 to 19-10-70 NMSA 1978], including a full showing of efforts made to purchase refinery charge stocks in the open market;

B. the capacity of the refinery to be supplied and the amount, source and grade of all refinery charge stocks currently available to the applicant petroleum refiner by purchase; and

C. the minimum amount and grade of additional refinery charge stocks needed to meet existing refinery commitments or existing refinery capacity, the field or fields which the petroleum refiner believes offer a potential source of refinery charge stocks supply because of proximity to its refinery and the available transportation facilities which the refiner proposes to utilize.

**History:** 1953 Comp., § 7-11-61, enacted by Laws 1967, ch. 34, § 5.

**Compiler's notes.** — Pursuant to Laws 1977, ch. 255, § 9, the oil conservation commission was absorbed by the energy and minerals department. *See also* Laws 1977, ch.

255, § 4, compiled as 9-5-4 NMSA 1978, for establishment of the oil conservation division of the energy and minerals department, and 70-2-4 NMSA 1978 et seq. for jurisdiction and authority of the commission and of the division.

## 19-10-69. Grant of preference based upon application.

The oil conservation commission shall examine each application from petroleum refineries within the state requesting a preference and where it finds that the showing submitted is inadequate or unsatisfactory, it shall so notify the applicant and shall require such additional showing as it deems necessary. Upon being satisfied that the applicant is a bona fide small business enterprise operating an oil refinery in this state within the intent of this act [19-10-64 to 19-10-70 NMSA 1978], the oil conservation commission shall notify the commissioner of public lands in writing that the applicant is eligible to be granted a preference under this act, for the purchase of royalty oil.

**History:** 1953 Comp., § 7-11-62, enacted by Laws 1967, ch. 34, § 6.

**Compiler's notes.** — Pursuant to Laws 1977, ch. 255, § 9, the oil conservation commission was absorbed by the energy and minerals department. *See also* Laws 1977, ch.

255, § 4, compiled as 9-5-4 NMSA 1978, for establishment of the oil conservation division of the energy and minerals

department, and 70-2-4 NMSA 1978 et seq. for jurisdiction and authority of the commission and of the division.

## 19-10-70. Advertising for bids; priority of bidders; award of oil.

A. Where the commissioner of public lands elects to offer royalty oil for sale, the royalty oil will be advertised for sale in designated newspapers or periodicals of general circulation in the state in accordance with regulations to be promulgated by the commissioner. The notice will set the day and hour on which sealed bids will be received in the office of the commissioner of public lands, and will contain the terms and conditions of sale. The notice will be published at the expense of the state.

B. Bids may be submitted regardless of whether or not a preference is asserted pursuant to the preceding section [19-10-69 NMSA 1978] of this act. Where such preference is asserted, bids must be accompanied by the showing required in the application under this act [19-10-64 to 19-10-70 NMSA 1978]. Bidders asserting a preference and found properly entitled thereto will receive priority over bidders who have no preference where the bids are made for the same royalty oil.

C. The commissioner of public lands shall consider all bids submitted and shall award the oil as follows:

(1) where none of the bidders for the same royalty oil is properly entitled to a preference, the royalty oil will be awarded to the qualified bidder offering the highest price therefor in accordance with the specifications governing the sale;

(2) where two or more bidders for the same royalty oil are properly entitled to a preference, the oil will be awarded to the preferred bidder offering the highest price therefor in accordance with the specifications governing the sale; and

(3) where two or more identical bids are received for the same royalty oil from bidders properly entitled to a preference, the commissioner reserves the right to prorrate the royalty oil among the bidders in such amounts as he may deem equitable, or if it is not practicable to prorrate the royalty oil, to award it to one of such bidders by public drawing after notice to the bidders who submitted the identical bids.

D. In connection with the sale of royalty oil under this act, the commissioner of public lands reserves the right to reject all bids and sell the oil or any portion thereof at private sale to any petroleum refinery entitled to a preference at not less than the market price whenever in his judgment the spirit and intent of this act will be subserved thereby.

#### 19-10A-1. Short title.

This act [19-10A-1 to 19-10A-7 NMSA 1978] may be cited as the "State Carbon Dioxide Act."

**History:** Laws 1981, ch. 108, § 1.

## 19-10A-2. Carbon dioxide taken in kind.

The purpose of the State Carbon Dioxide Act [19-10A-1 to 19-10A-7 NMSA 1978] is to assist New Mexico industries, specifically including but not limited to producers of crude oil in obtaining carbon dioxide for enhanced recovery of oil and to assist New Mexico refineries in obtaining a supply of refinery charge stocks for the operation of their refineries.

**History:** Laws 1981, ch. 108, § 2.

## 19-10A-3. Definitions.

As used in the State Carbon Dioxide Act [19-10A-1 to 19-10A-7 NMSA 1978]:

- A. "gas or carbon dioxide" means carbon dioxide whether in a gaseous or liquid form;
- B. "producer" means a person producing crude oil in New Mexico who:
  - (1) is a participant in a carbon dioxide project for enhanced recovery of crude oil and related hydrocarbons from a reservoir in New Mexico; and
  - (2) does not own or control a source of carbon dioxide which is sufficient to supply the carbon dioxide for the enhanced recovery project;
- C. "refiner" means a person who owns a petroleum refinery located in New Mexico; and
- D. "state carbon dioxide" means carbon dioxide which the commissioner of public lands may take in kind as royalty under a lease issued by the state or carbon dioxide which the commissioner of public lands has the right to purchase under leases issued pursuant to Sections 19-10-3 and 19-10-4 NMSA 1978.

**History:** Laws 1981, ch. 108, § 3.

## 19-10A-4. Sale of state royalty carbon dioxide and carbon dioxide upon which commissioner has call.

The commissioner of public lands may offer from time to time, for such period as he may determine, by competitive bidding, upon notice and advertisement on sealed bids, a portion or all of the state carbon dioxide. The advertisement and sale shall reserve to the commissioner of public lands the right to reject all bids whenever in his judgment the interest of the state demands. In cases where no satisfactory bid is received or where the commissioner of public lands shall determine that it is not in the best interests of the state lands trust or of the public to accept the offer of the highest bidder, the commissioner of public lands, within his discretion, may readvertise the state carbon dioxide for sale, sell it at a private sale at not less than the market price for such period or accept the cash value thereof from the lessee. The interests of the state lands trust and its beneficiaries shall be accorded primacy in the sale or disposition of the carbon dioxide hereunder. Should any provision of the carbon dioxide royalty law conflict with this section, this section shall prevail.

**History:** Laws 1981, ch. 108, § 4.

**Cross references.** — For sale of state royalty oil, see 19-10-67 NMSA 1978.

## 19-10A-5. Application for preference producer or refiner.

- A. A producer who wants to qualify for a preference shall submit an application to the oil conservation division. This application shall contain:
  - (1) the name and address of the producer;
  - (2) the location of the project for which the producer seeks the state carbon dioxide;
  - (3) a description, including ownership, of all lands which are to be included within the project for which the carbon dioxide is sought;
  - (4) a description of the enhanced recovery project in sufficient detail to demonstrate the feasibility of the project and the need for the carbon dioxide; and

- (5) such other information as the commissioner of public lands may by regulation require.
- B. A refiner who wants to qualify for a preference shall submit an application to the oil conservation division. The application shall contain:
- (1) the name and address of the refiner;
  - (2) the location of the project for which the refiner seeks the carbon dioxide;
  - (3) proof that the purchase of the state carbon dioxide will enable the refiner to obtain crude oil from the enhanced recovery project for refinery charge stocks for a New Mexico refinery; and
  - (4) such other information as the commissioner of public lands may by regulation require.

**History:** Laws 1981, ch. 108, § 5.

### **19-10A-6. Grant of preference based upon application.**

The oil conservation division shall examine each application for certification as a preference producer or refiner. If the oil conservation division finds that the applicant is a bona fide refiner or producer and has satisfied the requirements of the preceding sections of the State Carbon Dioxide Act [19-10A-1 to 19-10A-7 NMSA 1978]; that the enhanced recovery project for which the carbon dioxide proposed to be used is feasible; and that the applicant qualifies for the purchase of state carbon dioxide, it shall notify the commissioner of public lands in writing that the applicant is eligible to be granted a preference for the purchase of state carbon dioxide.

**History:** Laws 1981, ch. 108, § 6. **Cross references.** — For grant of preference in sale of royalty oil, *see* 19-10-69 NMSA 1978.

### **19-10A-7. Advertising for bids; priority of bidders; award of carbon dioxide.**

A. Where the commissioner of public lands elects to offer state carbon dioxide for sale, the carbon dioxide will be advertised for sale in designated newspapers or periodicals of general circulation in the state in accordance with regulations to be promulgated by the commissioner. The notice will set the day and hour on which sealed bids will be received in the office of the commissioner of public lands and will contain the terms and conditions of the sale. The notice will be published at the expense of the state.

B. Bids may be submitted regardless of whether or not a preference is asserted. Where the preference is asserted, bids must be accompanied by the order of the oil conservation division which states that the person claiming the preference is a producer or a refiner.

C. The commissioner of public lands shall, in an open meeting, consider all bids submitted and shall award the carbon dioxide as follows:

- (1) where none of the bidders for the same state carbon dioxide is properly entitled to a preference, the carbon dioxide will be awarded to the qualified bidder offering the highest price therefor in accordance with the specifications governing the sale;
- (2) where one or more bidders for the same state carbon dioxide are properly entitled to a preference, and their bids are within a percentage of the high bid, such percentage to be set by the commissioner, the qualified preference bidders will be allowed to submit additional bids and the carbon dioxide will be awarded to the preferred bidder offering the highest price equal to or better than the highest price offered in the advertised bids therefor in accordance with the specifications governing the sale; and
- (3) where two or more identical additional bids are received for the same carbon dioxide from bidders properly entitled to a preference, the commissioner reserves the right to prorate the carbon dioxide among the bidders in such amounts as he may deem equitable. The commissioner shall in prorating the carbon dioxide take into consideration the state lands affected by the enhanced recovery project and the increase in the production of crude oil from the state lands which could be caused by the enhanced recovery project.

Sections 1 through 8 [19-10B-1 to 19-10B-8 NMSA 1978] of this act may be cited as the "ONGARD System Development Act".

**History:** Laws 1990, ch. 127, § 1.

#### 19-10B-2. Findings and purpose.

A. The legislature finds that a new oil and gas data base system will substantially increase revenues from state trust lands with resulting benefits to the trust beneficiaries and that funding the development of a new system with income from state trust lands constitutes a necessary and vital expense of the commissioner of public lands in the control and administration of the state trust lands and is a prudent and permitted use of trust income. The legislature further finds that a new oil and gas data base system will also increase severance tax revenues and that investment of the severance tax permanent fund in revenue bonds issued by the commissioner of public lands to finance the development of the new system is a prudent investment by the state.

B. The purpose of the ONGARD Systems [System] Development Act [19-10B-1 to 19-10B-8 NMSA 1978] is to provide for the development of an oil and gas data base system that will assure that the state is receiving the oil and gas tax and royalty revenue to which it is entitled, that the appropriate calculations are based on proper volumes and values and that correct amounts are remitted and accurately accounted for.

**History:** Laws 1990, ch. 127, § 2.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law.

#### 19-10B-3. Definitions.

As used in the ONGARD System Development Act [19-10B-1 to 19-10B-8 NMSA 1978]:

A. "ONGARD system" means the oil and natural gas administration and revenue data base, a computerized data base system which collects, processes, analyzes and reports all oil and gas data received by the state; and

B. "state trust lands" means those lands described in Article 13, Section 1 of the constitution of New Mexico.

**History:** Laws 1990, ch. 127, § 3.

#### 19-10B-4. ONGARD system development.

The commissioner of public lands shall design, develop, acquire and implement an ONGARD system that relies on the latest capabilities of relational data base technology and that provides automated support to the constitutionally and legislatively mandated responsibilities of the commissioner of public lands, the taxation and revenue department, the energy, minerals and natural

resources department and other agencies requiring such information, including but not limited to: the administration and management of the process of tax and royalty collection and distribution, allowable gas and oil production calculation and leasing activities.

**History:** Laws 1990, ch. 127, § 4.

### **19-10B-5. Commissioner of public lands; authorization to issue revenue bonds.**

A. In order to provide funds for the design, development, acquisition and implementation of the ONGARD system, the commissioner of public lands is authorized to issue revenue bonds, in a principal amount not to exceed eighteen million dollars (\$18,000,000), payable solely from that part of the income derived from state trust lands that is required by law to be deposited in the state lands maintenance fund and from certain revenues generated by the ONGARD system.

B. The bonds shall have a maturity of no more than twenty years from the date of issuance. The commissioner of public lands shall determine all other terms, covenants and conditions of the bonds subject to the approval of the state board of finance.

C. The bonds shall be executed with the manual or facsimile signature of the commissioner of public lands and countersigned by the state treasurer, with the seal of the commissioner of public lands imprinted or otherwise affixed to the bonds.

D. Proceeds from the sale of the bonds shall be placed in a special fund created within the state treasury. The fund and the earnings of the fund are appropriated to the commissioner of public lands for the design, development, acquisition and implementation of the ONGARD system and may also be used to pay expenses incurred in the preparation, issuance and sale of the bonds. Any balance remaining in the fund after the ONGARD system has been fully implemented shall be used to retire the bonds or, if the bonds have been fully retired, shall be deposited into the state lands maintenance fund.

E. The bonds may be sold only at a private sale and only to the state investment officer or to the state treasurer.

### 19-13-1. Short title.

This act [19-13-1 to 19-13-28 NMSA 1978] may be cited as the "Geothermal Resources Act."

**History:** 1953 Comp., § 7-15-1, enacted by Laws 1967, ch. 158, § 1.

### ANNOTATIONS

**Law reviews.** — For comment on geothermal energy and water law, see 19 Nat. Resources J. 445 (1979).

### 19-13-2. Definitions.

As used in the Geothermal Resources Act:

A. "geothermal resources" means the natural heat of the earth in excess of two hundred fifty degrees Fahrenheit, or the energy in whatever form below the surface of the earth present in, resulting from, created by or which may be extracted from this natural heat in excess of two hundred fifty degrees Fahrenheit, and all minerals in solution or other products obtained from naturally heated fluids, brines, associated gases and steam in whatever form found below the surface of the earth, but excluding oil, hydrocarbon gas and other hydrocarbon substances and excluding the heating and cooling capacity of the earth not resulting from the natural heat of the earth in excess of two hundred fifty degrees Fahrenheit, as may be used for the heating and cooling of buildings through an on-site geoechange heat pump or similar on-site system;

B. "commissioner" means the commissioner of public lands;

C. "state lands" includes all land owned by the state, all land owned by school districts, beds of navigable rivers and lakes, submerged lands and lands in which mineral rights have been reserved to the state;

D. "lease" means a lease for the extraction and removal of geothermal resources from state lands; and

E. "well" means any well for the discovery of geothermal resources or any well on lands producing geothermal resources or reasonably presumed to contain geothermal resources.

**History:** 1953 Comp., § 7-15-2, enacted by Laws 1967, ch. 158, § 2; 2013, ch. 125, § 1.

The 2013 amendment, effective June 14, 2013, changed the definition of "geothermal resources" to establish a minimum threshold of heat; and in Subsection A, after "natural heat of the earth" added "in excess of two hundred fifty degrees Fahrenheit", after "extracted from

this natural heat", added "in excess of two hundred fifty degrees Fahrenheit", and after "and other hydrocarbon substances", added the remainder of the sentence.

#### ANNOTATIONS

**Law reviews.** — For comment on geothermal energy and water law, see 19 Nat. Resources J. 445 (1979).

### 19-13-3. Administration of act.

Administration of the Geothermal Resources Act shall be based on the principle of multiple use of state land and resources and shall allow coexistence of other leases on the same lands for deposits of other minerals, and the existence of leases issued pursuant to the Geothermal Resources Act shall not preclude other uses of the land covered thereby. Geothermal resources may be administered as a renewable energy resource, in which case any leases for and regulations of a geothermal resource as a renewable energy resource shall require that the geothermal resource not be diminished beneath applicable natural seasonal fluctuations in the measurable quantity, quality or temperature of any area classified as a known geothermal resources field. However, operations under other leases or for other uses shall not unreasonably interfere with or endanger operations under any lease issued pursuant to the Geothermal Resources Act, nor shall operations under leases issued pursuant to the Geothermal Resources Act unreasonably interfere with or endanger operations under any lease issued pursuant to any other law. The Geothermal Resources Act shall not be construed to supersede the authority that any state department or agency has with respect to the management, protection and utilization of the state lands and resources under its jurisdiction.

**History:** 1953 Comp., § 7-15-3, enacted by Laws 1967, ch. 158, § 3; 2013, ch. 125, § 2.

The 2013 amendment, effective June 14, 2013, provided for conditions of leases of geothermal resources to sustain the resource; and added the second sentence.

### 19-13-4. Geothermal resources of commercial value.

Where it is determined by the commissioner that the production or use of geothermal energy is also susceptible of economically producing other of the geothermal resources in commercially

valuable quantities, and a market therefor exists, production of the other geothermal resources may be required by the commissioner.

**History:** 1953 Comp., § 7-15-4, enacted by Laws 1967, ch. 158, § 4.

### 19-13-5. Leases; applications; limitations.

A. Leases may be issued by the commissioner according to such terms and conditions not inconsistent with the provisions of the Geothermal Resources Act which the commissioner determines to be in the best interest of the state.

B. An application for a lease on state lands shall not be made for less than six hundred forty acres nor more than two thousand five hundred sixty acres and shall embrace a reasonably compact area. A lease on state lands may only be issued for a parcel less than six hundred forty acres if the parcel is isolated from or not contiguous with other parcels of land available for a lease. The commissioner may provide for compensatory agreements on those parcels of state lands which he determines should be subjected to such an agreement rather than a lease. No person, association or corporation, except as otherwise provided in the Geothermal Resources Act, shall take, hold, own or control at one time whether acquired directly from the commissioner or otherwise, any direct or indirect interests in state geothermal leases exceeding fifty-one thousand two hundred acres.

C. The commissioner shall issue a lease to the first qualified applicant under regulations adopted by the commissioner.

**History:** 1953 Comp., § 7-15-5, enacted by Laws 1967, ch. 158, § 5; 1979, ch. 386, § 1.

#### ANNOTATIONS

**Law reviews.** — For comment on geothermal energy and water law, see 19 Nat. Resources J. 445 (1979).

### 19-13-6. Known geothermal resources fields.

A. The commissioner shall, after consultation with the director of the bureau of geology and mineral resources, make a classification of geothermal areas that he has determined may be capable of producing geothermal resources in commercial quantities. These geothermal areas shall be classified as "known geothermal resources fields".

B. If any lands to be leased are within a known geothermal resources field, the lands shall be leased to the highest responsible qualified bidder under rules prescribed by the commissioner. The rules prescribed by the commissioner shall include notice to the public of the terms and conditions of the sale and procedures of conducting the sale, including the receipt of written bids on a competitive basis and the issuing of the lease.

**History:** 1953 Comp., § 7-15-6, enacted by Laws 1967, ch. 158, § 6; 2001, ch. 246, § 1.

For establishment of bureau of geology and mineral resources, a division of the New Mexico institute of mining and technology, and duties thereof, see 69-1-1 NMSA 1978 et seq.

**The 2001 amendment,** effective June 15, 2001, substituted "bureau of geology" for "bureau of mines" in Subsection A; and substituted "rules" for "regulations" in two places in Subsection B.

#### ANNOTATIONS

**Law reviews.** — For comment on geothermal energy and water law, see 19 Nat. Resources J. 445 (1979).

### 19-13-7. Leases; terms; rentals and royalties.

A. Each lease issued pursuant to the Geothermal Resources Act shall provide for the following base rentals, royalties and percentage rentals with respect to geothermal resources produced or sold from the lands included within the lease:

(1) a base lease rent to be charged under each lease based upon fair market value at the time of leasing as determined by the commissioner;

(2) a royalty or percentage rent to be charged as a percentage of gross revenue derived from the production, sale or use of geothermal resources, or the energy produced therefrom, under the lease as determined by the commissioner, who shall not determine a value below or above a range that could be determined by the federal bureau of land management, based on fair market value of the geothermal resource or use of the geothermal resource at the time of leasing. The commissioner may require an escalation of the royalty or percentage rent over time; and

(3) a royalty of the gross revenue received from the sale of mineral products or chemical compounds recovered from geothermal fluids, if any, based on fair market value of the mineral product as determined by the commissioner, except that as to any by-product or minerals covered by other mineral leasing statutes administered by the commissioner or rules or regulations of the commissioner, the rate of royalty for such mineral or by-product shall be the same as the then-existing rate of royalty under leases currently being issued by the commissioner.

B. The commissioner shall have the authority in leasing lands pursuant to the Geothermal Resources Act to prescribe a development program. In prescribing the program, the commissioner shall consider all applicable economic factors, including market conditions and the cost of drilling for, producing, processing and utilizing geothermal resources.

**History:** 1953 Comp., § 7-15-7, enacted by Laws 1967, ch. 158, § 7; 1979, ch. 386, § 2; 2013, ch. 125, § 3.

**The 2013 amendment**, effective June 14, 2013, provided for conditions of leases of geothermal resources to sustain the resource and for terms based on market value; in Subsection A, in the introductory sentence, after "following", added "base", after "royalties", added "and percentage rentals", and after "resources produced", deleted "saved and" and added "or"; in Paragraph (1) of Subsection A, at the beginning of the sentence, after "a", deleted language which provided for a ten percent royalty from the sale of steam, brine, or hot water and between ten and fifteen percent from leases of known geothermal resource fields, and added the remainder of the sentence; added Paragraph (2) of Subsection A; in Paragraph (3) of Subsection A, after "a royalty of", deleted "not less than two percent nor more than five percent of" and after "geothermal fluids", deleted "in the first marketable form as to each such mineral product or chemical compound for the primary term of the lease" and added "if any, based on fair

market value of the mineral product as determined by the commissioner", deleted former Paragraph (3) of Subsection A, which provided a royalty of eight percent of revenue from an energy-producing plant; deleted former Paragraph (4) of Subsection A, which provided for a royalty of not less than two percent nor more than ten percent on revenue from geothermal resources for recreational, space heating or health purposes; deleted former Paragraph (5) of Subsection A, which provided for an annual rental of one dollar per acre; deleted former Paragraph (6) of Subsection A, which provided for a minimum rental when the royalty did not exceed two dollars per acre; deleted Paragraph (7) of Subsection A, which required the renegotiation of royalties after twenty years; deleted former Paragraph (8) of Subsection A, which provided that except for royalties on minerals, royalties and rentals could be other than the rates specified in Subsection A; and deleted former Subsection B, which provided the method for calculating royalties on resources that were used and not sold.

## 19-13-8. Leases; relinquishment.

A. The holder of any lease may at any time relinquish all his rights under the lease by filing a written relinquishment of all rights under the lease with the commissioner. The relinquishment shall be effective as of the date of its filing, subject to the continued obligation of the person, in accordance with the terms of the lease and any regulations:

- (1) to make payment of all accrued rentals and royalties;
- (2) to place all wells on the lands to be relinquished in condition for suspension or abandonment; and
- (3) to protect or restore the surface and surface resources.

B. Upon compliance with this section, the person holding the lease shall be released of all obligations thereafter accruing under the lease with respect to the lands relinquished, but no such relinquishment shall release such person from any liability for breach of any obligation of the lease, other than an obligation to drill, accrued at the date of relinquishment.

**History:** 1953 Comp., § 7-15-8, enacted by Laws 1967, ch. 158, § 8.

**Cross references.** — For relinquishment of lease of state lands, see 19-7-36 NMSA 1978.

For relinquishment of mineral lands lease, see 19-8-26 NMSA 1978.

### 19-13-9. Rent or royalties; waiver; suspension; reduction.

The commissioner may, after a public hearing, waive, suspend or reduce the rental or minimum royalty for the lands included in a lease, or any portion thereof, and waive, suspend, alter or amend the operating requirements contained in a lease or regulation in the interest of conservation and to encourage the greatest ultimate recovery of geothermal resources if he determines that such action is necessary or beneficial to promote development or finds that the lease cannot be successfully operated under the terms of the lease or regulations.

**History:** 1953 Comp., § 7-15-9, enacted by Laws 1967, ch. 158, § 9.

**Cross references.** — For accrual of interest on delinquent rental payments for state lands, see 19-1-3 NMSA 1978.

### 19-13-10. Suspension of operation and production.

The commissioner may, upon application and after a public hearing, suspend operations and production on a producing lease. On his own motion and after a public hearing, the commissioner, in the interest of conservation, may suspend operations on any lease, but in any such case he shall extend the lease term for the period of any suspension.

**History:** 1953 Comp., § 7-15-10, enacted by Laws 1967, ch. 158, § 10.

### 19-13-11. Leases; duration.

A. Any lease entered into pursuant to the Geothermal Resources Act shall be for a primary term of five years and so long thereafter as geothermal resources are being produced or utilized or are capable of being produced or utilized in commercial quantities from such lands or from lands unitized therewith, subject to continued payment of rentals as provided in Section 19-13-7 NMSA 1978. If the lessee fails to produce or utilize geothermal resources or to discover geothermal resources capable of being produced or utilized in commercial quantities from the lands or from lands unitized therewith during the initial five-year term, the lessee may continue the lease in full force and effect as to the portion held by the lessee for a secondary term of five years and so long thereafter as geothermal resources are being produced or utilized or are capable of being produced or utilized in commercial quantities from such lands or from lands unitized therewith by continued payment each year, in advance, of rentals at the rate set by the lease. Provided that if for any reason beyond the control of the lessee production or utilization of geothermal resources in commercial quantities ceases or if the capability to so produce is temporarily lost after the secondary term has expired, the producing lessee may, with the written permission of the commissioner, continue such lease as to the acreage held by the lessee in effect from year to year for an additional period not to exceed three years by continued payment of rentals as provided in the lease at the rate provided in the secondary term of the lease.

B. If commercial production or capability of commercial production occurs during the primary term and thereafter ceases before the primary term would have expired, the lease shall be deemed to be a "nonproducing or incapable of producing lease" from that date, and the lessee shall have the unexpired portion of the primary term and any subsequent terms within which to resume such production or capability of production. If commercial production or capability of commercial production occurs during the primary term and ceases during the secondary term, the lease shall be deemed to be a "nonproducing or incapable of producing lease" from that date and, upon payment of rentals as provided in Subsection A of this section, the lessee shall have the unexpired portion of the secondary term within which to resume such production or capability of production. When such production or capability of production is resumed, the term of the lease shall continue so long thereafter as geothermal resources are being produced or utilized or are capable of being produced or utilized in commercial quantities from the leased land or from land unitized therewith. In such

cases, the rental rate for the lease or the portion thereof shall be the rental rate provided in the term or portion of the term in which such production or capability of production is resumed.

**History:** 1953 Comp., § 7-15-11, enacted by Laws 1967, ch. 158, § 11; 1979, ch. 386, § 3; 2013, ch. 125, § 4.

The 2013 amendment, effective June 14, 2013, provided for the rental rate of land for geothermal resources when no resources are produced or used; and in Subsection A, in the first sentence, after "subject to continued

payment of", deleted "annual"; in the second sentence, after "in advance, of", deleted "annual", and after "rentals at the rate", deleted "of five dollars (\$5.00) per acre annually", and added "set by the lease", and in the third sentence, after "continued payment of", deleted "annual".

### 19-13-11.1. Leases; stipulation; rental; royalty.

The owner or owners of any geothermal resources lease or approved assignment thereof, heretofore issued by the commissioner, which lease has not automatically expired by its own terms or which has not been canceled after proper notice by the commissioner and which has otherwise been maintained in good standing, may enter into a stipulation with the commissioner of public lands making the terms and conditions of Sections 19-13-7 and 19-13-11 NMSA 1978 a part of such existing lease, the same as if the provisions had been a part of the lease when issued. In such case, the rentals, royalties and fees shall be computed as follows:

A. rentals shall be computed for the remainder of the primary term of the lease at one dollar (\$1.00) per acre or fraction thereof per year, payable in advance, and for the secondary term of the lease at five dollars (\$5.00) per acre or fraction thereof per year, payable in advance;

B. royalties shall be payable as provided in the lease being stipulated; provided, however, if at the time of entering into the stipulation the acreage has been included in a known geothermal resource field and if the commissioner has established a higher rate for such area, then the royalties shall be payable at the higher rates so established; and

C. the commissioner may charge a fee of ten dollars (\$10.00) for the approval, filing and recording of such stipulation.

### 19-13-11.2. Validation of geothermal resource leases.

All geothermal resource leases issued by the commissioner of public lands prior to the effective date of this section are declared to be valid and existing contracts with the state according to their terms and provisions where:

A. such leases were made in substantial conformity with law;

B. the terms have not expired;

C. all rentals have been paid and accepted by the commissioner of public lands; and

D. the leases have not been canceled by the commissioner of public lands for nonperformance by the lessee or any assignee.

The obligations of the state and the commissioner to observe and conform to the terms and provisions of these leases are recognized.

### 19-13-12. Combining geothermal resources.

Any person engaged in the production of geothermal resources under a lease issued by the commissioner may commingle geothermal resources from any two or more wells without regard to whether such wells are located on the lands for which such lease was issued or elsewhere; provided,

however, that the person holding the lease shall install and maintain meters or other measuring devices satisfactory to the commissioner to measure the amount of geothermal resources produced from lands for which leases were issued by the commissioner.

**History:** 1953 Comp., § 7-15-12, enacted by Laws 1967, ch. 158, § 12.

### **19-13-13. Reinjecting geothermal resources.**

Any person holding a lease may, upon approval of the commissioner, drill special wells, convert producing wells or reactivate and convert abandoned wells for the sole purpose of reinjecting geothermal resources or the residue thereof.

**History:** 1953 Comp., § 7-15-13, enacted by Laws 1967, ch. 158, § 13.

### **19-13-14. Cooperative development or operation.**

For the purpose of more properly conserving the natural resources of any geothermal resources lands, or any part thereof, the holders of leases may unite with each other or with others in collectively adopting and operating under a cooperative or unit plan of development or operation of such geothermal resources lands whenever determined and certified by the commissioner to be necessary or advisable in the public interest. The commissioner may, with the consent of the holders of leases involved, establish, alter, change or revoke any drilling and production requirement of such leases, permit apportionment of production, and may make such regulations with reference to such leases, with like consent on the part of the persons holding the leases, in connection with the institution and operation of any such cooperative or unit plan, as the commissioner deems necessary or proper to secure the proper protection of the interests of the state.

**Cross references.** — For cooperative agreements for development or operation of oil and gas pools, see 19-10-45 to 19-10-48 NMSA 1978.

### **19-13-15. Posting of open acreage; simultaneous applications.**

When newly acquired acreage is posted to the tract books, or when other acreage is designated upon the tract books to be open acreage after having been previously leased or after having been withdrawn from leasing by the commissioner, all applications for leases filed thereon within three regular working days after such posting or designation shall be considered as simultaneous applications.

**History:** 1953 Comp., § 7-15-15, enacted by Laws 1967, ch. 158, § 15.

### **19-13-16. State land sales and leases; reservations.**

In addition to any other requirements of law, in all leases, deeds or sales contracts of state lands for any purpose, there shall be inserted a clause reserving the right to execute leases for geothermal resource development and operation thereon; the right to sell or dispose of the geothermal resources of such lands; and the right to grant rights-of-way and easements for the purpose of this section.

### 19-13-17. Use of the surface.

Subject to the provisions of the Geothermal Resources Act, any person holding a lease for geothermal resources shall be entitled to use so much of the surface as is reasonably necessary as determined by the commissioner for the production and conservation of geothermal resources.

**History:** 1953 Comp., § 7-15-17, enacted by Laws 1967, ch. 158, § 17.

### 19-13-18. Bonds; surface damage; performance.

A. Before any person commences development or operations of geothermal resources under a lease, including any prospecting activity on the leased land, the person holding the lease shall execute and file with the commissioner, a bond or undertaking in an amount fixed by the commissioner which shall not be less than five thousand dollars (\$5,000) in favor of the state of New Mexico for the benefit of the state's contract purchaser, patentee or surface lessee. The purpose of the bond or undertaking shall be to secure payment for damages to the tangible improvements on the leased land as may be suffered by reason of the development and operations on the land by the person holding the lease.

B. The commissioner may, at any time, require a person holding a lease to furnish a bond in a reasonable amount to guarantee payment of royalties to become due the state if, in his judgment, such is necessary to protect the interest of the state.

C. The commissioner shall, by regulations, establish the standards and the forms for any bonds or undertakings required pursuant to this section.

### 19-13-19. State lands; jurisdictions.

Where the surface of state lands sought for use or development of geothermal resources or the waters thereon are under the jurisdiction of a state department or agency other than the commissioner, the commissioner may issue leases under the Geothermal Resources Act only with the consent of and subject to such reasonable terms and conditions as may be prescribed by the other department or agency to insure [ensure] the adequate utilization of the surface of the lands or the waters thereon for the purposes for which they are then being administered or for which they were acquired; provided, however, that such other department or agency shall not prescribe any terms and provisions inconsistent with the Geothermal Resources Act nor any rental or royalty for the use of the lands.

**Bracketed material.** — The bracketed material was inserted by the compiler and is not part of the law.

### 19-13-20. General mining lease; lease preference.

Notwithstanding any other provision of the Geothermal Resources Act, at any time within ninety days following the effective date of the Geothermal Resources Act, any person who held

prior to January 1, 1967 and who holds on the effective date of the Geothermal Resources Act, a general mining lease issued by the commissioner, upon showing to the satisfaction of the commissioner that the application or general mining lease was made or issued to develop geothermal resources, may apply for and receive a lease pursuant to the Geothermal Resources Act covering the same land having priority dating from the date of filing or issuance of the original application or general mining lease. The lease preference pursuant to this section shall be accomplished in accordance with procedures prescribed by regulations of the commissioner.

**History:** 1953 Comp., § 7-15-20, enacted by Laws 1967, ch. 158, § 20.

### 19-13-21. Transferability.

Any lease pursuant to the Geothermal Resources Act may be assigned, transferred or sublet with the approval of the commissioner.

### 19-13-22. Inspection of records; reports.

The commissioner or his representative shall have the right to inspect all records, books or accounts pertaining to geothermal resources taken from leased state lands, and at the request of the commissioner, the holder of the lease shall furnish such reports, samples, logs, assays or cores within reasonable bounds as he may deem to be necessary for the proper administration of the state lands under lease.

**History:** 1953 Comp., § 7-15-22, enacted by Laws 1967, ch. 158, § 22.

### 19-13-23. Violation of lease; notice; forfeiture.

The commissioner may cancel any lease issued pursuant to the Geothermal Resources Act for nonpayment of rentals, nonpayment of royalties or for violation of any of the terms, covenants or conditions of the lease. Before any cancellation shall be made, the commissioner shall mail to the lessee or assignee, by registered or certified mail, addressed to the post-office address of the lessee or assignee shown by the lease or by specific written notice of change of address given by the lessee, a thirty-day notice of intention to cancel the lease, specifying the default for which the lease is subject to cancellation. No proof of receipt of notice shall be necessary and thirty days after such mailing, the commissioner may enter cancellation unless the lessee shall have remedied the default prior to this time; provided that if the violation could not be remedied within the thirty-day period and the lessee shall have commenced operations to remedy the violation within such period, the lease shall not be canceled for a period not to exceed one year as long as the lessee diligently pursues actions necessary to remedy the violation or after the violation is remedied.

The commissioner may withhold any tract or tracts from leasing for geothermal resources purposes, if, in his opinion, the best interests of the state would be served by so doing. Nothing in the Geothermal Resources Act shall be construed to prohibit the commissioner from rejecting any application at any time prior to approval, or offering the land embraced within the application for lease by competitive bidding by sealed bids or at public auction to the bidder offering the highest bonus in addition to the annual rentals or royalties as set by the commissioner. Notice of the public sale pursuant to this section shall be given by posting in a conspicuous place in the state land office not less than ten days before the date of sale, a written notice of the sale specifying the day and hour when the sale will be held, the place where the sale will be held and a description of the state land to be offered for lease. The notice shall also state that the sale will be conducted through sealed bids or at public auction and any other information the commissioner determines is necessary. public hearing has been mailed to each holder of a lease affected. The notice of the public hearing shall be mailed not less than fifteen days prior to the date set for the public hearing and shall be addressed to the address of the lessee shown on the lease or the address of the lessee on record in the state land office. ## **20-1-6. Payments by state treasurer; certificates of indebtedness.**

A. All compensation of personnel and all the necessary expenses incurred in quartering, housing, caring for, subsisting, protecting, equipping, warning for duty and transporting such officers and members and their equipment, including the purchase or lease of any articles of material, equipment or supplies reasonably required, designed or needed to accomplish the purpose or results desired by the governor or specified in the governor's call for such troops into service of the state, shall be paid by the state. The state treasurer, upon presentation to the state treasurer of vouchers and payrolls for such compensation, expenses, supplies and materials, certified by the officers commanding such forces and approved by the adjutant general, shall pay the vouchers and payrolls out of any money available in the state treasury not otherwise appropriated; provided that the vouchers and payrolls for such service, supplies and materials do not exceed one million dollars (\$1,000,000) in any one fiscal year.

B. If there is no money available in the state treasury that is not otherwise appropriated or if the vouchers and payrolls for such service, material and supplies approach the amount of one million dollars (\$1,000,000) in any one fiscal year, the state treasurer shall certify such facts to the governor who shall inquire into and make an estimate of the total probable cost necessary to be incurred for all purposes in connection with or to accomplish the purpose for which such troops were called into active service. If the governor deems it necessary and prudent in order to provide for the public defense that such expenses be incurred and that it is necessary to create an indebtedness for the purpose of paying the expenses, the governor shall by proclamation declare an emergency to exist requiring the creation of an indebtedness under Article 9, Section 7 of the constitution of New Mexico in order to suppress insurrection or to provide for the public defense. The governor shall order the issuance of certificates of indebtedness in such amount as the governor deems required or necessary to provide funds for the payment of expenses and costs incident to or connected with the emergency.

C. The certificates of indebtedness shall be approved as to form by the attorney general. They shall be dated the day of their issuance and the state board of finance shall by proper resolutions prescribe the denominations of the certificates, the maturity dates thereof, the rate of interest they shall bear payable semiannually, the time and place of payment of both principal and interest and the amount of the certificates that shall be issued from time to time. The certificates shall be signed by the secretary of the state board of finance and the state treasurer and the coupons attached thereto shall have the engraved lithographed facsimile of the signature of the state treasurer thereon; provided, however, that certificates purchased by the state treasurer may be issued without coupons. The certificates shall be sold by the state board of finance from time to time in such amounts as it deems advisable, at not less than par and accrued interest to date of delivery, after advertisement for a period of two weeks immediately prior to the sale in one daily newspaper in the state and in some financial journal in the city and state of New York; provided, however, that the state treasurer may purchase the certificates as an investment of any funds in the state treasurer's hands available for investment and in the event of any such purchase by the state treasurer, no advertisement shall be required. The proceeds of certificates so sold shall be by the state treasurer covered into a fund known as the "adjutant general emergency public defense fund" and shall be expended and disbursed only in the manner and for the purposes specified and provided for in Chapter 20, Article 1 NMSA 1978.

D. A fund to be known as the "adjutant general emergency public defense certificates fund" to provide for the payment of interest and principal on the foregoing certificates is established and, beginning with the tax levy for the year following the issuance of the certificates, a tax shall be levied annually in the same manner as other ad valorem taxes are levied on all taxable property in the state, not to exceed one-half mill on the dollar of valuation, sufficient to produce the amount required to pay interest on the certificates and the principal thereof at maturity, for each year prior to the maturity of the certificates, which taxes when collected shall be credited to the adjutant general emergency public defense certificates fund. The state auditor shall each year prior to August 1 certify to the property tax division of the taxation and revenue department the amount necessary to meet all payments of principal and interest due on the certificates during the year ending June 30 following the date of the certificates.

E. On or before the twentieth legislative day of the next legislative session following the expenditures of the sums provided for in this section, the governor shall file a written report with the presiding officer of each house of the legislature setting forth the purpose and the amounts of money expended as provided in this section.

F. The provisions of this section may be used for the operation of the national guard or the state defense force when on militia duty.

### ANNOTATIONS

**Where issuance of certificates mandated.** — State was liable for expense of converting cavalry unit into an anti-aircraft artillery, under order of governor to conform the militia and equipment to the organization and equipment of the regular army of the United States, and issuance of certificates of indebtedness therefor was mandated. *State ex rel. Charlton v. French*, 1940-NMSC-010, 44 N.M. 169, 99 P.2d 715.

**Legislative intent.** — The intent of the legislature in this section is that the governor has been given the discretion to decide what is an emergency, and if he deems it necessary and prudent in order to provide for the public

defense that such expenses be incurred in order to protect the lives or the property of the citizens, he may without issuing a certificate of indebtedness, if funds are available in the general fund, expend additional sums to pay for the maintaining of the militia. 1955-56 Op. Att'y Gen. No. 56-6479.

**Where section does not conflict.** — This section does not interfere with the governor's power to call out the militia and does not conflict with N.M. Const., art. V, § 4. 1951-52 Op. Att'y Gen. No. 51-5438.

**Scope of expenses for transportation.** — If the adjutant general does not have sufficient transportation for the national guard, he may rent trucks for such purpose, since expenses for transportation would include and permit the renting of trucks. It would also include the repair and maintenance of state trucks, provided such repairs were incident to maintenance and not permanent in nature. 1937-38 Op. Att'y Gen. No. 38-1968.

**Where indebtedness less than \$1,000,000.** — Where the indebtedness created is less than \$5000 (now \$1,000,000), it is to be paid out of moneys available in the state treasury not otherwise appropriated, and no certificate is to be issued in such instance unless there are no moneys available in the state treasury not otherwise appropriated. 1953-54 Op. Att'y Gen. No. 54-5986.

**Exceptions to limitation on borrowing.** — Limitation on the state's borrowing to meet casual deficits or failure in revenue, or for necessary expenses, does not apply to debts contracted to suppress insurrection or to provide for the public defense. 1951-52 Op. Att'y Gen. No. 51-5438.

## 20-1-7. Reference to gender.

In Chapter 20 NMSA 1978, the use of the male pronoun shall be construed to include the female equivalent unless specifically stated to the contrary.

### 20-2-3. Governor; power to call out militia.

A. The governor may, in case of insurrection, invasion, riot or breach of the peace or of imminent danger thereof or in case of other emergency, order into active service of the state the militia or any components or parts thereof that have not been called into federal service. As used in this section, "emergency" includes any man-made or natural disaster causing or threatening widespread physical or economic harm that is beyond local control and requiring the resources of the state.

B. The governor may also order any member of the national guard to active state service for a period not to exceed a cumulative total of four months within a calendar year for any individual member for the following reasons:

- (1) to protect critical infrastructure in the state from a cybersecurity threat or security vulnerability;
- (2) to protect an information system owned or operated by the state from a cybersecurity threat or security vulnerability;
- (3) to protect information that is stored on, processed by or transiting on an information system owned or operated by the state from a cybersecurity threat or security vulnerability; or
- (4) to identify the source of a cybersecurity threat.

C. A member of the national guard called to active service pursuant to the provisions of Subsection B of this section shall not have any police powers or arrest authority. "Subsection B of Section 20-2-3 NMSA 1978" shall be cited on all orders, vouchers and payroll documents submitted for reimbursement pursuant to Section 20-1-6 NMSA 1978 in support of all actions authorized by Subsection B of this section. In no case shall an activation ordered pursuant to Subsection B of this section be used to incur a debt under Article 9, Section 7 of the constitution of New Mexico.

D. In case of any breach of the peace, tumult, riot or resistance to process of this state or imminent danger thereof, the sheriff of a county may call for aid from the governor as commander-in-chief of the national guard. If it appears to the governor that the power of the county is insufficient to enable the sheriff to preserve the peace and protect the lives and property of the peaceful residents of the county or to overcome the resistance to process of this state, the governor shall, on application of the sheriff, order out such military force as is necessary.

E. When any portion of the militia is called out for the purpose of suppressing an unlawful or riotous assembly, the commander of the troops shall cooperate with the civil officers to the fullest extent consistent with the accomplishment of the object for which the troops were called. The civil officials may express to the commander of the troops the general or specific objective that the civil officials desire to accomplish, but the tactical direction of the troops, the kind and extent of force to be used and the particular means to be employed to accomplish the object specified by the civil officers shall be left solely to the commander of the troops present on duty.

F. When any portion of the militia is ordered into active service pursuant to this section in case of an emergency, the militia may provide those resources and services necessary to avoid or minimize economic or physical harm until a situation becomes stabilized and again under local self-support and control, including the provision, on a temporary, emergency basis, for lodging, sheltering, health care, food and any transportation or shipping necessary to protect lives or public property; or for any other action necessary to protect the public health, safety and welfare.

G. In the event of the exercise by the governor of the powers under this section, the governor shall first utilize the personnel and assets of the national guard and only in their absence or insufficiency utilize the personnel and assets of the state defense force.

cybersecurity threats, placed limits on the authority exercised pursuant to such activation, and prohibited the incurrence of debt for such activations; added new Subsections B and C, and redesignated the succeeding subsections accordingly; and in Subsection F, after "health care, food", added "and".

**The 1999 amendment,** effective June 18, 1999, added the last sentence in Subsection A, added Subsection D, redesignated former Subsection D as Subsection E and made minor stylistic changes.

### ANNOTATIONS

**Generally.** — When acting within the power vested in him by N.M. Const., art. V, § 4 and this section, the governor may order into active service the militia of the state and may direct locality of operations. He is made the sole judge of the facts that may seem to demand the assistance of the military forces of the state. The presumption of course is that he will not exercise this power unless it becomes necessary. To his good judgment and sound discretion, the law has left the final decision as to whether the military arm of the state shall be ordered into active service. There is no power in the courts to control or restrain his acts. *State ex rel. Charlton v. French*, 1940-NMSC-010, 44 N.M. 169, 99 P.2d 715.

**Effects of using militia.** — Where the governor of the state, seeking to quell insurrection, calls out the militia by executive process and puts them in charge, such military forces do not act as sheriffs or deputy sheriffs, but their power supersedes the civil authorities; the courts may not, under writs of habeas corpus, interfere with their arrests made during insurrection. *State ex rel. Roberts v. Swope*, 1933-NMSC-097, 38 N.M. 53, 28 P.2d 4.

## 20-2-4. Governor; proclamation of a state of insurrection.

Whenever any portion of the militia is in active service of the state in aid of civil authority, the governor, if in his judgment the maintenance of law and order will thereby be promoted, may by proclamation declare a specified area in which the troops are serving to be in a state of insurrection and may declare martial law therein.

In case the United States is at war or in case of any other emergency declared by the president or the congress of the United States or by the governor or the legislature of this state, any organization, unit or detachment of the military forces of this state by direction of the governor and upon order of the officer in immediate command thereof may continue in fresh pursuit of insurrectionists, saboteurs, perpetrators of felony, enemies or enemy forces beyond the borders of this state into another state of the United States until they are apprehended or captured by such organization, unit or detachment or until the military or police forces of such other state or the forces of the United States have had a reasonable opportunity to take up the pursuit or to apprehend or capture the persons pursued, provided such other state shall have given authority by law for such pursuit by such forces of this state. Except as otherwise provided by law, any person who shall be apprehended or captured in another state of the United States by any of the forces of this state shall without unnecessary delay be surrendered to the military or police forces of the state in which he is taken or to the United States, but such surrender shall not constitute a waiver by this state of its right to extradite or prosecute such person for any crime committed in this state.

B. Military forces of other states of the United States may enter this state. Any military forces of another state of the United States who are in fresh pursuit of insurrectionists, saboteurs,

perpetrators of felony, enemies or enemy forces may continue such pursuit into this state until the military or police forces of this state or the forces of the United States have had a reasonable opportunity to take up the pursuit or to apprehend or capture the persons pursued and the pursuing forces may arrest or capture such persons within this state while in fresh pursuit. Any such person who shall be captured or arrested by the military forces of such other state while in this state shall without unnecessary delay be surrendered to the military or police forces of this state to be dealt with according to law.

C. This section shall not be construed so as to make unlawful any arrest in this state which would otherwise be lawful or to repeal or prevent the application of any of the provisions of the Uniform Act on Fresh Pursuit [31-2-1 to 31-2-7 NMSA 1978].

by Laws 1925, ch. 113, § 4, relating to proclamation of insurrection, and enacted a new section, effective April 10, 1987.

## 20-2-6. Governor; call for federal or state service; powers.

A. When the national guard or a part thereof is called or ordered into active federal service under the constitution and laws of the United States and the numbers or composition of the national guard forces are insufficient to meet such call or order, the governor may order out and cause through the adjutant general to be enrolled into the organized militia such persons as may be required and expected to reasonably meet the federal call or order.

B. The governor may order out the organized militia when:

- (1) the national guard or any significant portion thereof is called or ordered into active federal service and the remaining national guard forces are insufficient for the needs of the state; or
  - (2) the governor deems it necessary to meet a major disaster, experienced or anticipated.
- The governor is authorized to call into active state service the state defense force or any portion thereof as may be necessary for the protection and well being of the state. If the numbers or composition of the state defense force is inadequate to meet the need, the governor may call out and cause through the adjutant general to be enrolled from the unorganized militia such persons as are required to bring the organized militia up to strength.

**The New Mexico legislature has waived sovereign immunity with respect to federal USERRA claims against the state.** — The legislature may waive New Mexico's immunity to federal causes of action that congress creates through the exercise of its Article I powers. By enacting 20-4-7.1 NMSA 1978, the legislature clearly and unambiguously indicated its intent to make state entities amenable to suits asserting claims under the federal Uniformed Services Employment and Reemployment Rights Act in state courts. *Ramirez v. Where plaintiff was terminated from a state agency after resuming employment with the state agency following a deployment to Iraq with the New Mexico national guard, plaintiff was not barred by state sovereign

immunity from bringing a suit against the state under the federal Uniformed Services Employment and Reemployment Rights Act, because in enacting 20-4-7.1(B) NMSA 1978, the legislature guaranteed both the substantive antidiscrimination right and the right of action against a state employer to members of the national guard ordered to federal or state active duty for a period of thirty or more consecutive days, and in so doing, waived New Mexico's immunity to suit. *Ramirez v. CYFD*, 2016-NMSC-016, *rev'd* 2014-NMCA-057, 326 P.3d 474.

**Sovereign immunity barred USERRA claim against the state.** — Article I, Section 8, Clause 11 of the United States Constitution, known as the War Powers Clause, does not authorize Congress to subject the state to private suits for damages in state courts pursuant to the Uniformed Services Employment and Reemployment Rights Act, 38 U.S.C. §§ 4301 to 4335, absent the state's consent and the legislature has not waived the state's constitutional immunity to private USERRA suits for damages. *Ramirez v. Where plaintiff, who was a member of the New Mexico national guard, was employed by the department; plaintiff was deployed to Iraq; upon plaintiff's return from active duty, plaintiff was reemployed by the department in plaintiff's previous position; plaintiff's working relations with plaintiff's supervisors deteriorated and plaintiff's employment was terminated; and filed a suit under Uniformed Services Employment and Reemployment Rights Act, 38 U.S.C. §§ 4301 to 4335, alleging that the department discriminated against plaintiff and terminated plaintiff because of plaintiff's military service, plaintiff's claim was barred by state sovereign immunity. *Ramirez v. State ex rel. CYFD*, 2014-NMCA-057, *rev'd* by 2016-NMSC-016.

## 20-4-7.2. Legislative findings and purpose.

A. The legislature finds that:

(1) the national guard has a proud tradition of military service with thousands of New Mexicans having answered the call of the nation and served in the national guard;

(2) there have been instances in which the dependents of members of the national guard have been left without adequate financial resources when a national guard member has been killed while on active duty;

(3) members of the national guard are now being asked to serve extended periods of active duty in combat areas;

(4) members of the national guard are eligible for life insurance policies up to the maximum amount allowable through the federal servicemembers' group life insurance program; and

(5) members of the national guard provide New Mexico and its citizens valuable benefits through their service inside this state and through their recently extended periods of active duty in combat areas outside of New Mexico, and in exchange for these extended periods of active duty they should receive assistance with their premiums for the federal servicemembers' group life insurance program.

B. The purpose of creating and funding the service members' life insurance reimbursement fund is to provide a benefit to members of the national guard in exchange for and in recognition of their assumption of extended periods of active duty in combat areas, in addition to their increased contributions to the safety and welfare of the citizens of the state of New Mexico.

Section 1965 et seq., as amended.

C. The department of military affairs shall adopt rules necessary to determine eligibility for reimbursement from the service members' life insurance reimbursement fund and to implement a reimbursement program.

### **20-4-8. Exemptions; jury duty and civil process; equipment.**

A. Members of the national guard shall not be subject to misdemeanor arrest, jury duty or to other civil process while going to, remaining at or returning from any place at which the member is required to perform military duty. This exemption shall not preclude the proper issuance of traffic citations, or temporary delays which do not materially impede the timely performance of military duty, or arrest for driving while intoxicated.

#### ANNOTATIONS

**Legislative intent.** — The legislature intends that the maintenance of buildings should be controlled by the state armory board, which, in turn, applies to the legislature for the necessary funds by appropriation. 1957-58 Op. Att'y Gen. No. 57-155.

**Generally.** — The state armory board may own (in the name of the state), rent or lease facilities necessary for the conduct of training and the storage of national guard property. Further, the board may acquire property in the name of the state "by purchase, grant, gift or condemnation, and is authorized to sell or exchange such property when said board determines it to be no longer necessary or suitable for military purchases." 1957-58 Op. Att'y Gen. No. 57-156.

**Authority to lease.** — The state armory board has statutory authority to lease property for its statutory purposes. The governing statute clearly contemplates control by the board of property "rented or leased by the state"; and the authority "to acquire property deemed necessary for

military purposes . . . by purchase, grant, gift or condemnation" is not to be read as excluding the exercise of the lesser power to lease. 1957-58 Op. Att'y Gen. No. 58-231.

**Extent of authority.** — In any case where authority is granted for the leasing or renting of property, it may be logically implied that such authority extends to the ordinary requirements for maintaining the premises in a condition not different from that appreciated at the time of taking possession. 1957-58 Op. Att'y Gen. No. 57-156.

**Federal and state construction and use of armory permissible.** — The state armory board may lawfully contract with the United States for the construction of an armory at the expense of the state and federal government jointly, the armory to be used jointly by the New Mexico national guard and other components of the armed forces reserves. 1957-58 Op. Att'y Gen. No. 58-235.

**Property not subject to paving assessment.** — Real property owned by the state armory board is not subject to a paving assessment by a municipality for a street paving project adjoining such property. 1959-60 Op. Att'y Gen. No. 59-161.

**Authorization as state contracting officer.** — The state armory board is authorized to act, or appoint someone to act, as a state contracting officer. 1955-56 Op. Att'y Gen. No. 56-6547.

**Control where joint utilization.** — An armory was built for joint utilization by the New Mexico national guard and reserve components of the armed forces pursuant to 10 U.S.C. § 2231 et seq., and the control over such armory would be vested in the state armory board. 1959-60 Op. Att'y Gen. No. 59-166.

## 20-8-4. Local armory boards; members.

There are created local armory boards for each local armory. The management and control of each local armory shall be the responsibility of its local armory board subject to the guidance, direction and supervision of the state armory board. The senior commander of the national guard units occupying the armory, as chairman; one enlisted member serving in the armory as secretary-treasurer; and one resident of the locality who is not a member of the national guard, shall constitute the board for that locality. Discretionary appointments to each board shall be made by the adjutant general and shall be for a term of two years. Members shall serve without compensation but shall be paid per diem and mileage as provided in the Per Diem and Mileage Act [10-8-1 through 10-8-8 NMSA 1978]. Each local armory board shall:

- F. report to the adjutant general annually, in September, on the physical condition of its local armory including recommendations for improvements, repair and maintenance; and
- G. participate in the semi-annual meeting of the armory board council.

**History:** 1978 Comp., § 20-8-4, enacted by Laws 1987, ch. 318, § 55.

**Repeals and reenactments.** — Laws 1987, Chapter 318 repealed former 20-8-4 NMSA 1978, as enacted

by Laws 1963, ch. 69, § 1, relating to medal of valor, and enacted a new section, effective April 10, 1987.

## 20-8-5. State armory board fund.

A. All net revenues derived from any armory rentals shall be deposited quarterly or more frequently by all local armory boards with the state armory board which shall keep such money on deposit with the state treasurer in a separate fund to be known as the "state armory board fund". Money deposited in this fund is appropriated for the use of the state armory board in carrying out the purposes of Chapter 20, Article 8 NMSA 1978. All expenditures by the state armory board shall be upon vouchers signed by the secretary-treasurer of the board and paid out of the fund upon warrants drawn by the secretary of finance and administration.

B. The state armory board fund shall also be the repository for all money and interest received by the state armory board in the exercise of its powers and responsibilities as stated in Chapter 20, Article 8 NMSA 1978.

**History:** 1978 Comp., § 20-8-5, enacted by Laws 1987, ch. 318, § 56; 1989, ch. 337, § 5.

**Repeals and reenactments.** — Laws 1987, Chapter 318 repealed former 20-8-5 NMSA 1978, as enacted by Laws 1963, ch. 69, § 2, relating to medal of merit, and enacted a new section, effective April 10, 1987.

**The 1989 amendment,** effective June 16, 1989, added the Subsection A designation, inserted "state armory" in the last sentence of Subsection A, and added Subsection B.

## 20-8-6. State armory board building and improvement bonds.

A. For the purpose of erecting, altering, improving, furnishing and equipping any necessary buildings or structures or acquiring any necessary lands, as provided by Chapter 20, Article 8 NMSA 1978, the state armory board is authorized to borrow money as provided in this section.

B. Whenever the state armory board, by the affirmative vote of the majority of its members duly entered in the minutes of the board, determines by resolution that it is necessary to acquire, construct, replace, repair, alter, improve, furnish or equip any armory and the resolution has been submitted to and approved by the state board of finance, the state armory board is empowered and authorized to issue and sell state armory board building and improvement bonds subject to the terms of Chapter 20, Article 8 NMSA 1978.

C. The bonds shall be in such form and denominations as the state armory board shall determine, due and payable not later than twenty years from date of issue. The bonds shall be payable in consecutive order commencing not later than two years from date of issue.

D. The bonds may be sold at public or private sale at the discretion of the state armory board; provided, however, that no sale shall be made for less than the par value of the bonds plus accrued interest from the last preceding interest date to the date of delivery of the bonds. Before delivery of the bonds to the purchaser, all matured interest coupons shall be detached and canceled. The state treasurer may, with the approval of the state board of finance and other officials whose approval may be required by law for the investment of public funds, purchase the bonds at par and accrued interest to date of delivery of the investment. The bonds may be accepted at their par value by all public officials in this state as security for the repayment of all deposits of public money of this state, or of any county, municipality or public institution thereof, and as security for the faithful performance of any obligations or duty, to guarantee the performance of which the officials are authorized by law to accept a deposit of the bonds of this state or of the United States.

E. Proceeds from the sale of the bonds shall be paid to the state treasurer and shall be placed by the state treasurer in a separate fund to be known as the "state armory board building and improvement fund". This fund shall be used and paid out only for the specific purposes in Chapter 20, Article 8 NMSA 1978 upon order of the state armory board or upon vouchers signed by the secretary-treasurer of the board and paid out upon warrants issued by the secretary of finance and administration, except such portion thereof as may have been received on account of accrued interest on the bonds to date of delivery, which amount shall be placed in the "state armory board interest and retirement fund" for the liquidation of the bonds as provided in Chapter 20, Article 8 NMSA 1978. The cost of preparing, advertising and selling bonds, including any necessary expense for legal opinions thereon, shall be paid out of the proceeds of the sale of the bonds.

F. Upon issuance of these bonds by the state armory board, the state treasurer shall establish, for the payment of the principal and interest thereof, a fund to be known as the "state armory board interest and retirement fund", into which fund the state armory board shall cause to be placed a sum not less than the amount necessary to pay the interest and maturing principal of the bonds for the ensuing twelve months and annually thereafter shall continue to place in the fund a sufficient amount to pay principal and interest maturing in the succeeding twelve months.

G. For the faithful and prompt payment of all interest and principal of these bonds as and when they shall mature according to the tenor thereof, the issue thereof shall constitute an irrevocable pledge by the state armory board of so much of each year's income from the buildings, lands and properties under the control of the board, in the hands of the state treasurer or from the state armory board fund, as shall be needed to provide the state armory board interest and retirement fund for the ensuing year and at all times fully and faithfully to keep the fund in not less than the amount necessary to pay the interest and principal maturing as provided in this section. In addition, the issue of the bonds shall constitute an irrevocable pledge by the state armory board of so much of each year's income from those buildings, lands and other facilities as may be necessary to fully protect the state armory board interest and retirement fund for the ensuing year and keep the fund at all times in proper amount as provided in this section.

H. It is the duty of the state treasurer, where bonds have been issued pursuant to Chapter 20, Article 8 NMSA 1978, to forward to the bank at which the bonds are payable, prior to the date on which any coupons or any principal amount of any bonds shall mature, out of the state armory board interest and retirement fund a sufficient sum of money to meet the coupons and maturing bonds as they become due, plus any service which the bank shall be entitled to receive for its services unless the state armory board shall have forwarded those funds from the state armory board fund.

I. In the event the state armory board should find it advisable to issue bonds under Chapter 20, Article 8 NMSA 1978 in more than one series or at different times for any of the purposes set forth in that article, in each series of bonds, the bonds shall be designated by the letters "A", "B" or in some other designation to the end that each series shall be kept separate, and all of the requirements of that article shall apply to and be faithfully followed, done and carried out as to each series. The state armory board has no power to issue bonds under Chapter 20, Article 8 NMSA 1978 when the aggregate interest and principal requirements for any year, together with the aggregate interest and principal requirements for all outstanding bonds of the state armory board for each year, exceeds the amount of the income from the buildings, lands and facilities under the board's control received by the board and deposited with the state treasurer for the fiscal year next preceding the fiscal year in which any bonds of the state armory board are authorized to be issued by resolution of the board adopted pursuant to Chapter 20, Article 8 NMSA 1978.

J. Bonds issued under the provisions of Chapter 20, Article 8 NMSA 1978 and the income thereupon, being for the sole purposes specified in that article, shall forever be and remain free and exempt from taxation by the state or any subdivision thereof.

K. None of the funds derived from the sale of bonds issued under the provisions of Chapter 20, Article 8 NMSA 1978, except so much thereof as shall be necessary to defray the costs of the issuance of the bonds and the accrued interest from the date thereof to the time of delivery, shall ever be used or expended for any purpose other than those for which the authority to issue the bonds is given by that article.

L. No bonds shall be finally issued and sold under the provisions of Chapter 20, Article 8 NMSA 1978 until approval of the issue has been given by the state board of finance in a regular or called meeting.

M. All bonds of the same issue under Chapter 20, Article 8 NMSA 1978 shall have a prior and paramount lien upon the income from the buildings, lands and facilities under the control of the state armory board, over and ahead of all bonds or any securities secured by a pledge of that income which may be subsequently authorized and over and ahead of any claims or other obligations of any nature against that income subsequently arising or subsequently incurred. All bonds of the same series issued under Chapter 20, Article 8 NMSA 1978 shall be equally and rateably secured without priority by reason of number, date of bonds, sale, execution or delivery by lien on that income and the state armory board interest and retirement fund in accordance with the terms of Chapter 20, Article 8 NMSA 1978.

**History:** 1978 Comp., § 20-8-6, enacted by Laws 1987, ch. 318, § 57; 1989, ch. 337, § 6.

**The 1989 amendment,** effective June 16, 1989, in Subsection A, deleted "hereby" preceding "authorized"

and substituted "as provided in this section" for "as hereinafter provided"; in Subsection G, inserted "or from the state armory board fund" in the first sentence; in Subsection H, added "unless the state armory board shall have forwarded those funds from the state armory board fund"; in Subsection M, inserted "state armory board" near the end of the second sentence; and made minor stylistic changes.

**History:** 1978 Comp., § 20-12-1, enacted by Laws 1987, ch. 318, § 86.

## 20-12-2. Adoption of Uniform Code of Military Justice; Manual for Courts-Martial, United States, 1984; United States military regulations and directives; decisions of United States court of military appeals and courts of military review; limitations and exceptions.

The Uniform Code of Military Justice, Title 10, Chapter 47, United States Code; the Manual for Courts-Martial, United States, 1984, (Executive Order No. 12437 (13 April 1984), as amended); the regulations and directives of the United States military forces made applicable to the national guard; and the decisions of the United States court of military appeals and of the armed services courts of military review are adopted as the Code of Military Justice, the Manual for Courts-Martial, the regulations and the precedential case law of this state on military justice matters, respectively, except as hereinafter limited or stated within Chapter 20, Article 12 NMSA 1978. These documents shall be reasonably construed and applied so as to achieve and effect the high level of order and discipline necessary for the military forces of the state. Time standards other than periods of limitations and pretrial confinement may be waived by convening authorities or military judges where such standards would be impracticable within the traditional operations of militia forces. Where regulations and procedures for the United States army differ from those of the United States air force, the army national guard and the state defense force shall observe the regulations and procedures of the United States army and the air national guard shall observe the regulations and procedures of the United States air force. References therein and in Sections 20-12-13 through 20-12-73 NMSA 1978 to "the United States" shall mean "the state" where such meaning has reasonable application. References to "the president" or to "the secretary" (meaning the secretary of the army or the secretary of the air force) shall mean "the governor". The adjutant general may by regulation prescribe practical changes or variances from the procedural provisions of the Uniform Code of Military Justice, from the Manual for Courts-Martial or from service regulations subservient thereto.

The Code of Military Justice applies to all members of the national guard when not in federal service under Title 10, United States Code and to all members of the state defense force when performing militia duty. The code has applicability at all times, provided that either the member is in a duty status or, if not in a duty status, that there is a connection between the act or omission constituting the offense and the efficient functioning of the military forces; however, this grant of military jurisdiction shall not preclude or limit civilian jurisdiction over an offense, which is limited only by the prohibition of double jeopardy.

**History:** 1978 Comp., § 20-12-3, enacted by Laws 1987, ch. 318, § 88; 1989, ch. 337, § 8.

#### ANNOTATIONS

**Employee must comply with internal grievance procedures.** — An employee must substantially comply with mandatory internal grievance procedures contained in an employee manual or handbook before filing suit for breach of contract claims based on an alleged failure of an employer to follow its employment policies. *Lucero v. UNM Board of Regents*, 2012-NMCA-055, 278 P.3d 1043, cert. denied, 2012-NMCERT-004.

Where a university manager was terminated by the university; the manager did not follow the grievance process contained in the university's employee handbook by filing a grievance; the handbook governed the manager's employment with the university; and the manager filed an action in district court for breach of contract and wrongful termination alleging that the employee handbook created a contract and that the university breached the contract by failing to abide by the handbook's policies and procedures governing workplace performance, disciplinary action, a harassment-free workplace, employer-employee relations, progressive discipline and by disciplining the manager without just cause, the manager's claims were barred because the manager failed to exhaust the handbook's internal grievance procedures before filing the breach of contract action based on an alleged failure of

the university to follow policies in the handbook. *Lucero v. UNM Board of Regents*, 2012-NMCA-055, 278 P.3d 1043, cert. denied, 2012-NMCERT-004.

**Summary dismissal void.** — An attempted summary dismissal of the president of a university, without formal charges having been made, without giving him an opportunity to be heard, and without any trial whatever, is an absolute nullity. *Eyring v. Board of Regents*, 1954-NMSC-123, 59 N.M. 3, 277 P.2d 550.

**Further action not barred.** — The fact that an attempted dismissal of president was a nullity does not bar the board from further action against the president if conducted according to law. *Eyring v. Board of Regents*, 1954-NMSC-123, 59 N.M. 3, 277 P.2d 550.

**Suit against state.** — A claim for damages because of an alleged malicious breach of contract and the resulting damage to reputation sounds in tort and is really against the state. Such an action may not be maintained against the state without its consent. *Eyring v. #### ANNOTATIONS

**Effect of section.** — Even though the amendment by Laws 1945, ch. 131, § 1, of this section is successful, Chapter 131 still cannot be given effect as it is not a complete

No person can be retired under Chapter 131. As Laws 1945, ch. 50, is a complete act, eligibility must be determined under that act. 1945-46 Op. Att'y Gen. No. 4883.

#### ANNOTATIONS

**Purpose of 22-21-1 NMSA 1978 and this section** is to prevent a conflict of interest between school board members and the districts with which they are connected. *State ex rel. Martinez v. Padilla*, 1980-NMSC-064, 94 N.M. 431, 612 P.2d 223.

**Practice restricting bus drivers in place of purchasing gas prohibited.** — The practice of requiring certain district bus drivers to buy their gas at a school board member's gas station is exactly the type of improper conflict this section was designed to prohibit, and the activity does not fall within the "regular course of business," exception of 22-21-1B NMSA 1978. *State ex rel. Martinez v. Padilla*, 1980-NMSC-064, 94 N.M. 431, 612 P.2d 223.

**When sales by school board members permissible.** — Members of school boards could sell to schools under the jurisdiction of their boards, so long as the provisions of the former Public Purchases Act were complied with, which included purchases made in the regular course of business or upon competitive bids of not to exceed the regularly established prices and when such members received no compensation other than from profits from their business. 1957-58 Op. Att'y Gen. No. 57-53 (issued prior to 1999 amendment of section).

**Termination of employment required.** — Under this section in order for an enumerated individual to properly perform work or supply services by contract and which involve tasks other than those covered under his official capacity or employment, such person must first terminate his official position or employment prior

to entering into any such contract. 1964 Op. Att'y Gen. No. 64-88 (issued prior to 1999 amendment of section).

**When bus driver is board member.** — Should any school bus driver qualify and serve as a member of the board of education with whom he holds a contract, without first terminating the contract, such person would be in violation of this section. 1953-54 Op. Att'y Gen. No. 53-5727 (issued prior to 1999 amendment of section).

**Board member wants to be bus driver.** — A member of a local school district board may not enter into a contract with the school district to drive a school bus on behalf of the district. 1964 Op. Att'y Gen. No. 64-88 (issued prior to 1999 amendment of section).

**When wife of board member is bus driver.** — No violation of this section would result where a school board transfers a school bus transportation contract to the wife of a member of the local board making such transfer, as

the board member is neither directly nor indirectly working under contract to his school district and the contract is truly between the school board and the wife only, with the husband having no personal interest, pecuniary or otherwise, in the contract. 1971 Op. Att'y Gen. No. 71-36 (issued prior to 1999 amendment of section).
